Tomato, Condon's Giant Everbearing The name tells the

story. A bright deep-scarlet fruited variety that has brought us thousands of letters praising it highly as being unsurpassed for slicing or canning. Fruit very uniform, somewhat flattened, very smooth, solid, coreless and of the best table quality. Vines are large, vigorous and very productive bearing until frost. Pkt. 15 cts.; ½ oz. 30 cts.; 1 oz. 50 cts.; ½ 1b. \$1.50; ½ 1b. \$2.75; 1b. \$5.00; 2 lbs. \$9.50.

537 Pepper, Condon's Victory The earliest, largest, thickest, meatiest, finest flavored Sweet Mango Pepper in cultivation. Our own origination. Cross between Chinese Giant and Neapolitan. Sturdy, vigorous grower. Victory Pepper is an abundant yielder producing on an average 22 to 25 perfect Peppers on a single plant. These find ready sale at 10c each when other sorts go begging. The color is a very deep green when young, turning to a beautiful bright red when ripe. Be sure to include this in your vegetable garden. It's a good one. Pkt. 15 cts.; ½ oz. 30 cts.; oz. 50 cts.; ¼ 1b. \$1.50; ½ 1b. \$2.75; 1b. \$5.00; 2 1bs. \$9.50.

371 Cucumber, Snow's Pickling You can start picking in 56 days from planting the seed. The small pickles are dark green, cylindrical and square ended, average 4 to 5 inches in length when large enough for slicing, and are of excellent quality; but it is chiefly for producing medium sized pickles that this variety is so highly esteemed. If the fruits are gathered as soon as large enough, the vines will continue bearing through a long season. Pkt. 10 cts.; oz. 20 cts.; ½ 1b. 42 cts.; ½ 1b. 70 cts.; 1b. \$1.25; 2 lbs. \$2.25.

255 Beans, Fordhook Bush Lima "The Earliest Giant Podded Bush Lima."

All over the nation Fordhook Bush Lima is recognized as the best large seeded dwarf bush Lima Bean either for market or home consumption. It is the earliest of the large seeded sorts. Strong, rugged plant, bush form 1½ feet in height. Upright grower requiring no poles. Continuous bearer from July until frost. Pods 5 to 6 in. long completely filled with fat luscious barrens. flavor. A most profitable market crop. Matures in 75 days. 2 oz. pkt. 10 cts.; ½ lb. 25 cts.; lb. 40 cts.; 2 lbs. 70 cts.

242 Beans, Condon's Rust Proof Golden Wax

"The Finest semi-flat podded wax bean in cultivation." Enormous yielder. Robust grower. Handsome yellow, stringless pods of unsurpassed quality. Universal favorite throughout the Nation. Excellent for home consumption, for canning and market. Matures in 48 days. 2 oz. pkt. 10 cts.; ½ lb. 22 cts.; lb. 35 cts.; 2 lbs. 60 cts.

487 Onion, Condon's Model Yellow Globe

We selected the parent stock from the Southport. By reselecting and breeding have developed a strain which produces a finer grained Onion, smaller neck, extra heavy skin, making it a long keeper and especially suited for storage purposes. The color is a dark yellow. In yielding qualities this variety has produced as much as 1200 bushels per acre. Average yield in good season from 600 to 700 bushels. We highly recommend it to large Growers and to the Home Planters. Pkt. 10 cts.; oz. 20 cts.; ½ lb. 50 cts.; ½ lb. 90 cts.; 1b. \$1.70; 2 lbs. \$3.25.

437 Muskmelon, Condon's Perfection "The Earliest, Sweetest,

Largest, Best Salmon Fleshed Melon." Ready for market in 87 days. Fruits average 6 to 8 lbs. Exceedingly thin skinned, deep flesh, small seed cavity. Ripens very close to rind. Firmly netted, distinctly ribbed. Flesh deep galment and solid, never known to crack open. Flesh deep salmon color, very thick meat, sweet, sugary and delicious. Excellent for home and market. Pkt. 10 cts.; oz. 22 cts.; ½ 1b. 60 cts.; ½ 1b. \$1.10; 1b. \$2.00; 2 lbs. \$3.75.

501 Parsnip, Condon's White Queen "The Finest flavored Parsnip grown." Sweet and sugary, crisp and firm, excellent keeper, enormous cropper. A pure bred strain producing handsome roots of stocky form, heavy at the shoulder, well rounded, gradually tapering to the base. Roots are smooth, free from wrinkles and side roots. Flesh is white, firm texture, free from core and stringiness, rich delicious flavor. A big money making crop for home or market consumption. Pkt. 10 cts.; oz. 20 cts.; 1/4 lb. 42 cts.; 1/2 lb. 70 cts.; lb. \$1.25; 2 lbs. \$2.25.

467 Watermelon, Dixie Queen A new sensational Watermelon maturing crop in 80 days. Fruits almost round or square shaped, light

green, vein with darker green, medium but tough thin rind, rich scarlet flesh. Average weight 35 lbs. although under favorable conditions many times will average 45 to 60 lbs. Convenient size and shape with its delicious flavor and attractive appearance destines this new Melon to be the leader in all markets. A splendid destines this new Melon to be the leader in all markets. A splendid shipper and unsurpassed for home consumption. Pkt. 10 cts.; oz. 20 cts.; $\frac{1}{4}$ lb. 50 cts.; $\frac{1}{2}$ lb. 85 cts.; lb. \$1.50; 2 lbs. \$2.75.

198 Sensational Offer For Only 69 cts.

We will send you 1 full size packet of the 9 outstanding vegetables featured on this page.

Regular value \$1.00 for only 69 cts.

By comparison you shall know them!

It's stamina that makes horses champions, either in draft or racing types. That stamina is the result of years of careful, particular breeding. Naturally, a "plug" has no chance against a champion. It's the same with seeds. Cheap, nondescript seeds cannot begin to compare with Condon's Pure Bred Seeds in the production of bounteous crops of delicious vegetables and beautiful flowers. Take no chances on your garden for 1937. Plant Condon's Pure Bred Seed. They cost but little, if any, more, and in the long run they actually cost less. You'll be amazed at the improved quality and in-

creased yield of your crop.

A THOROUGHBRED Gallant Fox

Sired by a champion, a champion himself, and sire of Omaha, the 1935 Champion

Good for nothing but the boneyard, yet eats just as much as the thoroughbred. Cheap seeds that don't grow "eat" your garden profits.

THREE GENERATIONS of SEED and PLANT GROWERS

Father, Sons and Grandson THE HISTORY OF OUR SEED BUSINESS

- We apologize to our old customers for this reprint.
- We want our new customers to know all about us.
- Maybe our old friends would also enjoy reading it again.

THOMAS CONDON (The Founder)

JOHN R. CONDON (President)

LEONARD R. CONDON (Secretary-Treasurer)

LEONARD CONDON, Jr. (Vice President)

1st Generation Beginning away back in the ages of the old Cradle by hand and back work, Dad started farming with Mr. Greenlee, a pioneer farmer of old reliable Scotch parents.

In those days land of course was cheap, but money was scarcer than hens' teeth and crops very poor on account of inferior seed and lack of proper cultivation; therefore you may know it was mighty hard sledding for a good many years; still, I guess it was a good thing, for during those lean seasons, when it was hard to produce enough to pay the interest of the mortgage set Dad to thinking and figuring how to make both ends meet, and he concluded the best way out was to use extra care in selecting his seed, breeding it up to the highest standard possible and to spare no labor in preparing and cultivating the seed beds after planting. This worked out well and really was the motive or incentive instilled in him in pioneer days, inherited by we boys that prompted us a few years later under Dad's supervision to engage in the Seed growing business in a large commercial way.

2nd Generation It was during those early days that John and Leonard were born and as we grew up under Dad's careful instructions we naturally followed his trend of thought, so at the age of 13 we both started working out on a small truck farm at the enormous wage of 40c a day. Well do I remember my first day: The boss started John picking peas and I weeding asparagus, and honestly the rows looked a mile long. We stuck to it though, even if it was hard work, and I'll never forget if I live to be a hundred how proud we were when we took our first pay home to Mother. She, too, was proud of us, for while we worked hard and were dirty, she knew it was honest toil and the folks needed the money, and we were glad to help even though it was only a little. was only a little.

"As You Sow So Shall You Reap" Well, this went on for a few years, Mother insisting we go to school winters and garden in summer. As time passed we realized more fully the necessity of planting good seeds to produce good crops, for we saw many failures from poor seed; consequently we went into the seed-growing business on our own account, and today we personally grow on our own farms and rented ones thousands of bushels annually grow on our own farms and rented ones thousands of bushels annually of beans, peas, corn, radishes and other seed crops, so we are still actual farmers and really more so than ever before, and we know full well the necessity and wisdom of planting only the best seeds that grow, for the old proverb, "As you sow so shall you reap," is more in evidence today than ever. Being actual producing farmers and gardeners, we know your needs in seeds and understand your wants, your trials and your troubles, so please do not hesitate to inquire for any information on gardening and farming not given in this book. We are here to serve you, and we want to help you this year to grow Bigger, Better and More Profitable Crops.

The Trial Grounds Tell the Truth On our Famous Rock River Valley Seed Farms at Rockford, Illinois, we conduct one of the most extensive Trials of Vegetables, Farm and Nursery Crops, Flowers, etc., in the country. You are cordially invited to visit us and inspect these growing crops. Our display of Tulips, Paeonies, Gladiolus and other flowers will be a gorgeous sight from early spring until late fall.

In closing we want to introduce to you, Leonard Condon, Jr., who, since his graduation from College 5 years ago has been in charge of the Garden and Flower Seed Departments. Looking forward with pleasure to serving you this year, we are,

CONDON BROS., SEEDSMEN

Living in the country farming our own farms, and with the most modern cleaning equipment in the world, we are in position to give you the very finest qualities on Garden, Farm and Field Seeds at the LOWEST POSSIBLE PRICES. Our Nursery stocks are all State Certified, and the growing of same, as well as the filling of your Nursery orders will be under the direct supervision of an expert Nurseryman, who has been in our employ for many, many years.

CONDON'S Greetings and Motto

EVERYTHING GUARANTEED to grow or replaced FREE OF CHARGE

YOUR MONEY BACK if not satisfied with goods upon arrival

Plan Now to Have a Big Garden This Spring of

Fresh Crisp Vegetables and Beautiful Flowers

Do the work yourself. In gardening you exercise every muscle in your body. Getting down on your knees, scratching old Mother Earth, planting a tiny seed and watching it grow to a luscious ripe Tomato, a crisp bunch of Radishes, a tender ear of Sweet Corn or a gorgeous bloom of Shaggy Asters,

a fine bed of Zinnias or Gladiolus is the greatest tonic in the world for the entire human body.

Furthermore, in addition to the exercise your body secures from gardening, you have the other benefits which after all are really the greatest; "namely" plenty of fresh vegetables to eat right out of your own garden, picked fresh every morning when they are at their best. In this age all of us eat too much meat and too many fancy dishes and very few of us eat enough of fresh vegetables which are absolutely essential to keep the body in perfect condition. Try gardening this year for health and profit.

If you need further information not covered in the book, feel free to write us.

Yours for Better Health and Bigger Gardens, CONDON BROS., SEEDSMEN.

HOW TO ORDER Use enclosed order sheet and envelope if possible; if not, any kind of paper will do, only Be Sure to Sign Your Full Name and Address, giving your Post Office, County and State, your rural Route, Box or Street Number. Be sure to state just how you wish order shipped, and remember if you order part from Postpaid Prices in body of Catalog and part from Not Prepaid Prices, or from pages 96 to 99, which are not postpaid prices, we will ship All Not Prepaid by Express or Freight unless instructed differently, as the charges would not be increased any. For this privilege we add extras to well satisfy our customers.

REMITTANCES.—

Remittances must accompany orders. They should be made by postal or express money order, bank draft, or check. If currency is used, the letter should be registered. For amounts less than a dollar stamps are acceptable. No C.O.D. shipment will be made unless 25% of purchase price accompanies the order.

If you send your personal check add 10 cents to cover cost of banking exchange.

NOTICE:

We cannot accept Canadian or other Foreign Postage stamps as they are of no value in the United States.

OUR GUARANTEE

We guarantee our seeds and plants to be just as represented. If they prove otherwise, we will refill the order free of charge, or return your money if complaint is made within nine months of date of purchase, but it must be understood we do not guarantee the crop, thereby, in common with all reliable seedsmen, we give no warranty, express or implied, as to description, purity, productiveness, or any other matter of any seeds, plants, bulbs, shrubs, trees or any goods we send out, and we will not be in any way responsible for the crop. Subject to these conditions, purchase is made at the moderate prices charged.

CONDON BROS., SEEDSMEN.

NOTICE = FREE SEEDS - With Every Order

With every order, regardless of size, for Seeds, Plants, Bulbs or Shrubs for 1937, we will include FREE a nice assortment of new novelties in Vegetable and Flower Seed for experimental purposes.

Tell your friends about us. We would do as much for you. Come and visit us next summer.

BOYS AND GIRLS OF

Do you know, children, that gardening dates back to the very beginning of Time? God created the very first Garden. It was known as the "Garden of Eden." Gardening teaches one to love all the wondrous works of God's creation. It teaches you to be patient. It enlarges your soul and gives you a deeper, fuller appreciation of

the Good Things in Life.

This is your complete section in our annual garden book. We want you to read it carefully. Remember, gardening is a lot of fun, and besides it will give you an opportunity to get started in business for yourself—

That's the Ambition of Every
American Girl and Boy

Doesn't Leonard, Jr., look happy here? And what boy wouldn't be happy with such splendid vegetables from his own garden? And Mary's picture shows she is just as proud of her flowers as Junior is of his vegetables. Hope you will get as much pleasure out of your garden as they always have.

It's Really
Great Fun to
Watch Things
Grow for You!

AMERICA · · · Greetings!

Here's something I believe you will like to know about. It seems like it was only yesterday that Mother and I started our own son, Leonard, Jr., growing vegetables and marketing them by the roadside. On the opposite page you may see the picture of him with his wheelbarrow just loaded down with Tasty, Fresh vegetables that he actually grew himself. This picture was taken a long time ago—to be exact, 16 years. Now he is grown up and is a great help to me. You'll find his picture as he looks now on page two. His Mother and I kept account for many years of the value of his vegetable garden—all through the lower grades and then during his four years in high school. You'll be surprised how much it totalled up and how much he got out of it. He actually earned \$121.76, but of far greater value were the joy and satisfaction he got from planting a tiny seed and watching it grow into a delicious, tasty, fresh vegetable.

Later, our Mary came to us. Like all sweet little Girls Like Gardening Too! girls she dearly loved flowers. When she was just 3 years old we took her picture with her little arms full of sweet peas, and here it is right on this page. Every year since then Mary has had her own flower garden and gets more pleasure out of it than from most anything else she does. This year she graduates from college. So, you see, Time Marches On.

Mary and Leonard Jr. Suggested This!

The children were talking with Mother and me only the other night about how much they got out of their gardens and it was they who suggested giving you girls and boys the same advantages they had. So here is your great Opportunity and we know you will thank us for it as long as you live. Your parents will see at a glance that we cannot have any profit in this special offer to you. What we really want is for you to have a Garden ALL YOUR OWN. Start this Spring, and

as you grow older and have a family of your own, you and yours will always have a grateful thought for Condon Brothers, who first gave you the inspiration. Remember what we said in the beginning, gardening is great fun—besides you can make enough money each year to buy lots of things you really

want. Mother and Dad will be delighted to help you, we are sure. Just ask them now. Now read our

great offers, and get ready to start your own garden this spring.

As Easy As "Falling Off a Loa"

You will find full instructions for planting and caring for your flowers and vegetables printed right on every seed packet. Think of the fun you'll have watching them grow from tiny seeds into glorious vegetables and flowers.

START YOUR **GARDEN THIS** SPRING

CONDON'S SENSATIONAL NEW FLO

All Annuals—Ease of Culture—Free Bloomers

Be Sure to Include In Your Garden This Spring

2352 Marigold—Burpee's New Collarette "Crown of Gold"

The One and Only Gold Mcdal Award for 1937. Be the first to grow this beautiful, distinctly new type Marigold—the first Marigold with entirely Odorless foliage. Bright clear golden orange. Crown resembles a Chrysanthemum, made up of long, interlaced disc petals. Collarette of big, broad petals. Delicately sweet-scented. Plants grow about 2 ft. tall. Early flowering, blooms all summer. Pkt., 25 ets.; 5 pkts., \$1.00.

summer. Pkt., 25 cts.; 5 pkts., \$1.00.

2339 Marigold New Double Guinea Gold

This is a very distinct type of Marigold, of graceful pyramidal habit, growing 2 to 2½ feet high and producing 30 to 40 flowers 2 to 2½ inches across, of a brilliant shade of orange, flushed with gold. No single flowers, but practically 100% semi-double. The Marigold odor, is much less pungent than in other sorts. Pkt., 10 cts.; ½ oz., 25 cts.; ¼ oz., 45 cts.; oz., \$1.25.

2351 Marigold—Yellow Supreme

One of the newest of the Marigolds. The fluffy flowers of light golden yellow are double and semi-double, petals broad and loose. The inner petals are shorter, curving in slightly so that the center is partly covered. Does not have the odor which is disagreeable to some people; it is even slightly fragrant. Height 26 inches. Pkt., 10 cts.; ½ oz., 40 cts.; ½ oz., 70 cts.; oz., \$2.00.

2084 Calendula Sunshine or Chrysantha

Chrysantha

A lovely newcomer. Distinctly different in flower formation. A clear butter-cup yellow in color with loosely arranged petals, incurved at center and reflexed at edges, somewhat like a chrysanthemum. Flowers are mounted on strong, wiry stems a foot in length; excellent for cutting. Packet, 10 ets.; 14 oz., 25 ets. 1/8 oz., 25 cts.

2091 Calendula Orange Shaggy

The petals are long and deeply fringed or laciniated. Row after row of these long fringed petals overlap each other in a rather pregular fashion and build up a bloom with the shaggy appearance of some Mums. Deep orange color shading to lighter orange in center of bloom, giving the flower a two-tone effect, stems about eighteen inches long. Packet, 15 cts.; ½ oz., 30 cts.

2178 Cosmos, Orange Flare

An early flowering strain, blooming in about four months from sowing seed; a Cosmos feature before unknown in the flower world. Blooms are of a deep, vivid orange color supported by light green foliage. Plants are 2 to 3 feet tall with long, wiry stems. Pkt., 10 cts.; ½ oz., 50 cts.

1987 Sensational Offer

1 Packet each of the 12 sensational flowers featured on this page. Regular value \$1.70 for Only \$1.00, postpaid.

2352 Marigold-Burpee's New Collarette

2385 Nasturtium—New Double Scarlet Gleam

A new development from the popular double, fragrant Golden Gldam. The flowers, borne on long, wiry stems, are a fiery orange scarlet in color, of immense size. almost three inches across, and have a pronounced sweet fragrance. Plants are semi-dwarf with short runners forming a well-rounded, free flowering bush. Packet, 10 cts.; oz., 25 cts.; ½ lb., 75 cts.; ½ lb., \$1.35; lb., \$2.50.

2383 Nasturtium—Double Golden Gleam

Few flowers ever offered have been praised as highly. Everyone is wild about them. The double and semi-double, bright, golden-yellow, sweet scented flowers average 2½ to 3 in. across. Plants semi-dwarf. Pkt., 10 cts.; oz., 20 cts.; ½ lb., 60 cts.; ½ lb., 85 cts.; lb., \$1.50.

2022 Antirrhinum Snap Dragon—"Rust Proof" California Giant Mixture

Introduced in 1935, the Rust Proof ratroduced in 1935, the Rust Proof varieties have proven successful in every section of the country. Seed germinates better, plants are more vigorous, foliage is clean, flowering season prolonged, and the flowers are larger and of finer color. Our Supreme Mixture is a rainbow of color. Pkt., 15 cts.; 2 for 25 cts.; ½ oz., \$1.25; ½ oz., \$2.25; oz., \$7.50.

2091 Calendula Orange Shaggy

All Flower Seed Postpaid

2416 Petunia Pink Gem Dwarf

A charming addition to the new miniature group of Petunias and a most pleasing and desirable color. Plants are neat and compact, and about 6 inches tall, loaded with rich dainty pink flowers. Blooms are about 2 inches in diameter. An individual plant carry as many as twenty-five to thirty blooms at one time. Pkt., 20 ets.; 3 pkts., 50 ets.

2402 Petunia Flaming Velvet

Petunia Flaming Velvet has caused a sensation because of the uniform excellence of its velvety, rich, blood-red flower. It has not yet been widely grown, but after this year will be classed among the popular Petunia varieties. The plants are semi-compact in habit, about 15 inches in height, absolutely uniform, and the flowers are large and borne in great profusion. While the type is quite definitely fixed there is a portion of the blooms that will be off color. Pkt., 20 cts.; 3 for 50 cts.

2412 Petunia Martha Washington

The heavy foliage plants form neat, well-rounded mounds about 9 inches tall, bearing large flowers of remarkable coloring. The frilled or ruffled flowers are about 3 inches across, the frilled portion is a beautiful blush-pink while the center is strongly veined a rich wine-red; throat is dark violet, surely a striking contrast of color. Pkt., 15 cts.; 2 for 25 cts.; 5 for 50 cts.

2412 Petunia Martha Washington

Condon's Seeds Satisfy, Common Sense Culture Directions Printed on every package.

5 Newest VEGETABLES for 1937

Disease Resistant — Recommended for Private and Commercial Planters

Grown on Our Own Farms from Stock Seed Furnished by the Originators

656 Tomato—Early Baltimore (Early)

An Illinois University selection. Selected originally for resistance to Fusarium Wilt out of a field of Indiana Baltimore, it will mature along with Pritchard. Vines are productive. Fruits red, smooth, deeply oblate, shallow basin at stem end, small core, solid and meaty with a thick rind. About same size as Marglobe. Particularly adapted to extreme heat and dry weather. Its quick, even ripening makes it an excellent variety for market, canning, home gardens and roadside stands. Pkt., 20 cts.; ½ oz., 50 cts.; oz., 90 cts.; ¼ lb., \$3.00, postpaid.

647 Tomato—Prairiana (Second Early)

An Illinois University selection out of a variety test of Marvana, the plants being larger and later. Resistant to Fusarium wilt from the start. Matures in the class of John Baer. Vine growth is restricted. Fruits deep red, deeply oblate, smooth and usually round. Flesh color is an unusually bright red, skin is thin, core small. We recommend Prairiana for canning, home gardens and market purposes. Pkt., 20 cts.; ½ oz., 50 cts.; oz., 90 cts.; ½ lb., \$3.00, postpaid.

648 Tomato—Illinois Pride (Late)

Selected by University of Illinois for resistant to Fusarium wilt and productiveness on prairie soil, and hot weather. Vines are large and of the Stone type with heavy foliage. Fruits Red, smooth, very deeply oblate, round or nearly so in cross-section. Skin thick, cores are small and there is a large meaty central region which makes the fruits very attractive when sliced. Fruits are larger, more solid and better shippers than Marglobe which under tests it has also out-yielded. We recommend it highly for market and canning. Pkt., 20 cts.; ½ oz., 50 cts.; oz., 90 cts.; ½ lb., \$3.00, postpaid.

653 Tomato, Rutger's

316 Cabbage— Just Right

Late Introduction from Holland. Received "Special Mention" in the 1935 All America Selections. Extra early, maturing a week earlier than Golden Acre. Plants are short stemmed, flattish round, unusually solid, few outside leaves, therefore can be planted closer together. Bred for quality and size. Fully matured heads weight he e pounds, therefore, just right for average family. Our seed supply for this year is limited, so order early please. Pkt.,

order early please. Pkt., 15 cts.; ½ oz., 30 cts.; oz., 50 cts.; ¼ lb., \$1.75; ½ lb., \$3.25; lb., \$6.00, postpaid.

656 Tomato, Early Baltimore

316 Cabbage, Just Right

653 Rutger's—Disease Resistant

Developed by Prof. Schermerhorn of Rutgers College. It is globe-shaped, scarlet-red, resembling Marglobe. It ripens first in the center of the fruit, so that when red on the outside you are sure it is ripe all through. The juice is of the most delicious flavor making it ideal for canning and juices. The perfectly smooth skin and unusually solid appearance make it one of the most attractive varieties on the market. Fruits are medium size, average weight 8 ounces. We recommend this variety for canners, market growers and home gardens. Pkt., 10 cts.; ½ oz., 25 cts.; oz., 45 cts.; ¼ lb., \$1.25; ½, lb., \$2.25; lb., \$4.00; 2 lbs., \$7.50, postpaid.

As youngsters you and I remember well whenever we were ready to go home after paying a visit to our Grandmother. It was with a smile that she would say, "Just a minute Dear, I have something for your Mother," and out into her Flower Garden we would go. Oh! What a garden. There were Asters, Ageratums, Alyssum, Gaillardia, Balsam, Nasturtiums, Poppies, Petunias, Pansies, Salvia, Zinnias, Verbenas, Snapdragons and many other Annuals. It sure was a gorgeous sight. We want all of our customers to have such a garden in their own backyard this summer so we have made a blend with proper proportions of all of the above annuals and many with proper proportions of all of the above annuals and many more that will give you a rainbow of color in your garden from early summer until frost; besides plenty of cut flowers. Complete easy culture directions included free. Large Pkt. 1/2 oz., 25 cts.; oz., 45 cts., postpaid.

Free: Condon's Handy Hand Weeder With Orders For \$1.50 Or More If Requested

Use Germaco Hotkaps

Amazing New Method of Plant Protection

This remarkable invention consists of a scientifically constructed wax paper cone that you place over each plant. Thus they are miniature hot-houses that protect plants from frost, wind, rain, insects and ground crusting.

HOTKAPS not only protect plants but make them grow hardier and faster. Thus you get a greater crop production to market earlier for higher prices.

The illustration shows what Germaco HOTKAPS mean to growers of all vine crops. The plants illustrated were sown in a seeder. HOTKAPS were placed over spots in the row. Note how quickly the plants under them have grown—the head-start they have in the race for high priced markets.

HOTKAPS cost you little to use and bring big profits. They save you worry, too, over frost, wind, hail, rain, insects and ground crusting. They put each of your plants under a hothouse to grow quicker and hardier—without danger of loss.

HOTKAPS ARE INEXPENSIVE

202 Mary Washington

Grow Asparagus and Make Money Free Cultural Information in Every Shipment

199 Artichoke Large Green Globe

The best strain of this favorite French delicacy. In the lati-tude of R o c k-ford the Globe Artichoke is grown as a biennial, namely, the seed is sown plant develops during the growing season and carried through the winter with a slight protection of leaves or straw. The fol-lowing season the large globes or flower heads are produced. Packet, 10 cts.; oz., 30 cts.; ¼ lb., \$1.00, postpaid.

Condon's Delicious ASPARAGUS

Most Profitable Vegetable for Market Gardeners and Home Use. Everybody receiving this catalog who owns or has a lease on any land should plant at least a hundred roots of this delicious vegetable. It yields the first returns in the spring when vegetables are expensive and so highly relished. \$500.00 per Acre Profit is a common yield. Perfectly hardy and when once established lasts for years. For immediate returns we recommend purchasing our twoyear-old thrifty roots setting in the spring and the following spring you can market a good crop and bigger ones each succeeding year. Asparagus seed is sown in the spring; cultivated two years, then the roots are transplanted and the second year following you have a good crop. By all means start your bed this year. Don't put it off any longer. Our free culture Leaflet furnished with every order gives you full instructions how to grow Asparagus profitably.

²⁰² Mary Washington

By far the best strain and the Most Vigorous of the Famous Washington Asparagus. We have discontinued offering the old common varieties and now offer only "The Best" Mary Washington—"Rust Proof."

There are several strains of Asparagus originated by Prof. Norton, of the U.S. Department of Agriculture. The original strain was called Washington, another selection Martha Washington, and another Mary Washington. The Mary is considered the best strain, as the shoots are larger and grow more rapidly than the other brinds. The stalks are very thick and grow unusually talk without kinds. The stalks are very thick and grow unusually tall without branching. The color is deep green with purple tips. This is decidedly the best variety for either the home garden or commercial planting. Pkt., 7 cts.; oz., 15 cts.; 1/4 lb., 30 cts.; 1/2 lb., 50 cts.;

Asparagus Roots 2 yr. Old Strong Plants.

Makes Profitable Crop 2nd Year. Start a Big Planting This Spring. Always Big Demand for This Most Wholesome Delicious Vegetable.

207 Broccoli-Italian Green Sprouting

Condon's Dwarf Green Podded Beans All Disease Free—Pure Bred Seed—At Low Prices

227 Condon's Sure Crop Stringless
The Earliest and Best Stringless Green Pod Bean

Long Podded Everbearing Variety—absolutely stringless. Very early, excellent quality, delicious flavor, big yielder. Ready to pick in 45 to 50 days. This extra early variety, although comparatively new, has been widely distributed, and we have yet to hear anything but praise about its fine quality and other merits; it is an ideal Snap Bean, producing a fine crop of round, straight, solid, fleshy pods averaging 6½ inches long, wonderfully tender and brittle, without a trace of tough interlining, and having no string when broken. The flavor is most delicious, while the delicate green color of the pods is retained after cooking, adding to its attractiveness when served. The plants are of robust, compact habit, unexcelled in bearing qualities, maturing the crop very regularly. It is extra early, the pods being fit to pick three to four days before other varieties of equal size. 2-oz. packet, 10 cts.; ½ lb., 22 cts.; lb., 35 cts.; 2 lbs., 60 cts.

235 Full Measure Very Early Round Podded Stringless

In great demand in the eastern states. Fine stringless medium green pod of high quality. The pods are straight, 6 inches long, very fleshy, almost round, crease-backed, and are tender. It is a prolific sort, the heavy pods producing throughout a long season. We consider this one of the very best stringless green pod bush Beans for early and main crop planting. On account of the superior quality, it is especially recommended for the home garden. 2-oz. packet, 10 cts.; ½ 1b., 22 cts.; 1b., 35 cts.; 2 lbs., 60 cts., postpaid.

237 Longfellow. Attractive long, green round pod of excellent quality, although stringy.

Measure

Stringless Round Pod ²²³Black Seeded Valentine. Great Southern Shipper, although stringy.

SPECIAL LOW PRICES ON 223 AND 237—2 oz. Packet, 5 ets.; ½ lb., 15 ets.; lb., 25 ets.; 2 lbs., 45 ets., postpaid.

Plant Beans Every 10 Days All Season
Wholesome and Delicious
Have Plenty to Can for Winter
1 lb. plants row 100 feet long 60 lbs. per acre

²⁴⁵ Tendergreen

An entirely new and distinct green podded bush bean, enormously prolific, entirely stringless, and bearing a profusion of finely flavored beans that are more tender than those of any other variety. The pods are long, slightly curved, round, lovely dark green in color, absolutely free from strings and fibre, and are of the finest eating qualities. Very hardy and productive, We urge a generous planting. Splendid for canning. Matures in 50 days. Packet, 10 cts.; ½ lb., 22 cts.; lb., 35 cts.; 2 lbs., 60 cts., postpaid.

248 Tennessee Green Pod

Very Early—Long Podded Southern Favorite.

32 days. The Earliest and Largest Podded Dwarf Sort
This early snap bean is very popular in some sections of the south and where known in other parts of the country is considered of exceptional merit. The plants are large, somewhat spreading and prolific. The pods are very long, often seven to eight inches, flat, irregular in shape, dark green and of exceptionally fine flavor. Not absolutely stringless. It is a hardy, vigorous mid-season sort, very productive.

2-oz. packet, 10 cts.; ½ lb., 22 cts.; lb., 35 cts.; 2 lbs., 60 cts., postpaid.

Jennessee Green Pod

245 Tendergreen

BEANS—Dwarf Yellow Podded or Wax Varieties

Our New Low Prices on Beans Are the Greatest Values Ever Offered We Challenge the World for Better Quality or Lower Prices

242 Condon's Rust-Proof Golden Wax

One of the Finest Wax Beans in Cultivation; Enormous Yielder; of Robust Growth; Handsome Yellow Stringless Flat Pods of Unsurpassed Quality; Universal Standard.

Although this is not the earliest Dwarf Wax Bean, yet it is so sure to produce heavy crops of large, attractive pods, no matter whether sown early or late, that it has found a very high place in the estimation of both home and market growers. The pods are exceedingly handsome, being of large size, very thick, and unusually fleshy. The quality is tender, brittle and entirely without strings or fibers at all stages until maturity, while the color is rich golden-yellow. There is no strain of Golden Wax that will excel the stock we offer. 2-oz. packet, 10 cts.; ½ lb., 22 cts.; lb., 35 cts.; 2 lbs., 60 cts., postpaid.

Pencil Pod Black Wax Earliest Round Podded Stringless Wax Bean

We consider this the best round pod wax bean. The pods are 6 to 7 inches long, straight, as round as a pencil. Clear yellow, very brittle, stringless and of the finest quality. Matures early and the plant is vigorous and productive. The seed is black.

2 oz. packet, 10 cts.; ½ lb., 22 cts.; lb., 35 cts.; 2 lbs., 60 cts., postpaid.

Condon Bros. Seedsmen

Gentlemen: The past 3 years I have used your Seeds exclusively. They have given wonderful satisfaction, and I have made money on them. Your Snowball Cauliflower was the prize of the market. I shall continue to use "Condon Seeds" exclusively. - Alfred Marinelli, Old Fork, Penna.

Gentlemen: Your Seed Beans have given perfect satisfaction and I have made money on every planting. Beans are an important crop with me a Shipper. You can depend upon my future business.—Andrew Zwalua, Mississippi.

241 Condon's Prolific Black Wax Round Podded Stringless

Standard early for home or market gardening. Produces marketable crop 50 days from planting. Hardy and productive; absolutely stringless and of delicious flavor. Pods 4½ inches long, slightly curved and very fleshy. Color of pods light golden yellow remaining a long time in condition for table use. 2-oz. packet, 10 cts.; ½ lb., 22 cts.; lb., 35 cts.; 2 lbs., 60 cts., postpaid.

Sure Crop Wax or Bountiful Wax

Known by Some as a Stringless Currie's Rust-Proof Wax Bean Very Prolific-Delicious Quality

The handsome rich mellow pods are slightly curved, averaging 6 to 7 inches in length. They are almost round, ½ inch wide, very meaty and sweet, and perfectly stringless at all stages. The habit of the plant is free branching, but sturdy and upright, every branch carrying a heavy crop of the magnificent pods. Valuable for its productiveness and disease-resisting qualities. It is classed as an early variety. 2-oz. packet, 10 cts.; ½ lb., 20 cts.; lb., 35 cts.; 2 lbs., 60 cts., postpaid.

238 Pencil Pod Black Wax

239 Condon's Earliest Market (52 Days) or Mammoth Yellow Podded Stringless Wax

The Earliest, Hardiest, Most Prolific Flat Podded Wax Bean We Have Ever Seen—ABSOLUTELY RUST-PROOF. Our Own Origination. A Hybrid Selection from the Famous Rust-Proof Black Wax. Very robust, bushy plant bearing enormous crops of handsome flat golden yellow pods 6 to 7 inches long. Without doubt this bean is the hardiest of all wax beans, consequently may be planted very early and will yield an abundant crop far ahead of any known sort. Quality is delicious, pods long, thick and meaty, and absolutely stringless. For FIRST CROP, either for home or market, we recommend this as the BEST and BIGGEST MONEY-MAKER. 2-oz. packet, 10 cts.; ½ lb., 22 cts.; lb., 35 cts.; 2 lbs., 60 cts., postpaid.

244 Round Pod Kidney Brittle Wax

A bean of superb quality, extreme earliness and surprising productiveness. The pods are nearly straight and often attain a length of 6 inches. Are very tender, entirely stringless and very fleshy. The plants are of vigorous growth, with large foliage, and are completely loaded with the handsome pods. 2-oz. packet, 10 cts.; ½ lb., 23 cts.; lb., 40 cts.; 2 lbs., 70 cts., postpaid.

246 Wardwell's Kidney Wax

Very early variety, ripening in 53 days. Pods, 6½ to 7 inches long, straight, flat, waxy-yellow, brittle and stringless. Money

maker for shippers. 2 oz. pkt., 7 cts.; $\frac{1}{2}$ lb., 19 cts.; lb., 30 cts.; 2 lbs., 50 cts.

Vines vigorous and very prolific, bearing handsome yellow waxy white pods 7 to 8 inches long; excellent shipping Bean, also desirable canning sort. When young the pods are crisp and tender although it has strings. 2 oz. pkt., 10 cts.; ½ lb., 22 cts.; lb., 35 cts.; 2 lbs., 60 cts., postpaid.

Commercial Planters

cannot afford to experiment with any seed but the best. Too much is at stake. There is a vast difference in seed of the same name. Breeding insures uniformity of type—quality of product—time of maturity—fitness for shipping—storage ability—and yield. Our Seed Beans and all other seeds offered are bred to meet the gardeners' exacting requirements. They may cost you a few pennies more at planting time but they are worth more than common stocks. THE HAR-VEST will verify this statement. Try them this year.

247 Unrivaled Wax

Late Introduction. Matures crop in 53 days. Very prolific. Resistant to disease. Handsome yellow pods 5½ in. long, ¾ in. wide—flat but fleshy—brittle and stringless. 2 oz. pkt., 10 cts.; ½ lb., 22 cts.; lb., 35 cts.; 2 lbs., 60 cts., postpaid.

210 Condon's New Stringless Kidney Wax

The most beautiful long podded Stringless Wax Bean we have ever seen. Excellent for home, for market gardening and canning. Vines 15 inches high—dark green—vigorous robust type. Pods 6 to 7 inches long, half or semi-round, straight, color deep golden yellow. 60 days from planting ready for table use. This we can recommend as one of the finest buttered flavored Stringless Wax Beans in cultivation. Supply is limited this year so please send your orders early and be sure to include this new bean in your list. 2-oz. packet, 10 cts.; ½ 1b., 23 cts.; 1b., 40 cts.; 2 lbs., 70 cts., postpaid.

210—Condon's New Stringless Kidney Wax

YELLOW PODDED WAX BEANS

Two Wonderful Beans That Everybody Should Plant

257 Condon's Extra Early "Leviathan" Pole Lima

This is the Earliest Large White Seeded Pole Lima in Cultivation. Especially suited to Northern States where growing season is short.

The plant is strong and takes to the poles more readily than any other sort. It is fully a week earlier than any other pole variety, therefore can be grown successfully where other sorts would be caught by frosts of early autumn. Moreover, it is a prodigious cropper, producing its pods in large clusters from base to top of pole, frequently from 5 to 10 together. These are well filled with large, fleshy Beans of excellent quality, delicate, pale green in color, and possessing in a superlative degree that rich, buttery flavor so highly esteemed by all, 2-oz. packet, 10 ets.; ½ lb., 22 ets.; lb., 35 ets.; 2 lbs., 60 ets., postpaid.

Condon's Delicious Lima or Butter Beans

249 King of the Garden Pole Lima

Giant Podded—Biggest Yielder of All and Finest Quality—Our Seed Rc-sclected. Decided Improvement on the Old Large White Lima

A strong grower and uniformly large podded. The pods frequently contain 5 to 6 very large beans. Beans of excellent quality, easily shelled; of large size and handsome appearance. 2-oz. packet, 10 cts.; ½ lb., 24 cts.; lb., 40 cts.; 2 lbs., 65 cts.,

²¹⁹ Carolina or Sieva

The Small White Seeded Pole Lima "Butter Bean" of the South. The vines quickly produce a fine crop of small attractive pods and continue bearing until frost. This variety is extremely popular throughout the South and a great favorite in the North. 2-oz. packet, 10 cts.; ½ lb., 20 cts.; lb., 35 cts.; 2 lbs., 60 cts., postpaid.

²⁵¹ Seibert's Early Pole Lima

Extremely early, making crop in 80 days. Vigorous and productive, bearing throughout a long season, large tender beans of a most delicious buttery flavor. 2-oz. packet, 10 cts.; ½ lb., 24 ets.; lb., 40 ets.; 2 lbs., 65 ets., postpaid.

252 Burpee's Improved Bush Lima

Very Earliest Large Seeded Bush Limas

The plants are vigorous and productive. The pods are medium green, very large, about five inches long, thick and usually contain four beans, which are unusually thick, of largest size and of excellent quality. Seed very large, thick and usually shows a greenish white tinge which is generally considered an indication of superior quality. One of the best and most extensively used bush limas for the market as well as home garden. 2-oz. packet, 10 ets.; ½ lb., 22 ets.; lb., 37 ets.; 2 lbs., 60 ets.,

²⁵³ Burpee's Bush Lima—Large Seeded

This is the original dwarf, large-seeded Bush Lima as first introduced in 1890. It is an immense yielder. The pods and beans, however, are not so large, nor are the bushes so prolific as those of the Burpee Improved Bush Lima. The bushes, 18 to 24 in. tall, are of stout, erect growth, yet branching so vigorously that each plant develops into a rounded plant about 2 ft. in diameter. 2-oz. packet, 10 cts.; ½ lb., 22 cts.; lb., 35 cts.; 2 lbs., 60 cts., postpaid.

²⁵⁰ Jackson Wonder Bush Lima

A prolific early variety, speckled seeded. Pods broad, flat and full, superior quality. Very popular in the South. 2-oz. packet, 10 cts.; ½ lb., 20 cts.; Ib., 35 cts.; 2 lbs., 60 cts., postpaid.

²⁵⁶ Henderson's Bush Lima

Early Small Seeded-Or Baby Lima

The heaviest yielding Bean. This variety is especially valuable because it suits all latitudes, North or South. It is known in the South as the "Dwarf Butter Bean." The green Beans of this sort are plump, very tender and of the true buttery Lima flavor. From July until frost, green Beans can be had in abundance by planting this sort. Is grown extensively for canning. 2-oz. packet. 10 ets.; ½ lb., 20 ets.; lb., 30 cts.; 2 lbs., 55 cts., postpaid.

1/2 lb. Pole Limas to 100 hills-30 lbs.

1 lb. Bush Limas to 100 ft. Row-60 lbs. per acre.

Please order by number as well as name. It will help us to serve you quicker.

Beans for Dry Shelling and Baking

1 lb. of seed will plant a row 100 ft. long. 1 bu. of seed will plant an acre.

White Marrow

Vines slender, spreading, with short runners and small leaves; very prolific; pods broad, green, changing to yellow; seed large, ovoid, clear white; cooking very dry and mealy. 2-oz. packet, 10 cts.; ½ lb., 23 cts.; lb., 35 cts.; 2 lbs., 60 cts., postpaid.

233 Red Kidney

The good, old-fashioned baking bean. Our stock is extra select Northern grown. 2-oz. packet, 10 ets.; ½ lb., 23 ets.: lb., 35 ets.; 2 lbs., 60 cts., postpaid.

Royal Dwarf Kidney

also called White Kidney, are upright, very large, branching, with large, broad leaves. The pods are coarse, dark green and about six inches long. Seed large, white, kidney shaped, slightly flattened and of excellent quality, for family use either green shelled or

236 Dwarf White Kidney

dry. 2-oz. packet, 10 cts.; ½ lb., 23 cts.; lb., 35 cts.; 2 lbs., 60 cts., post-

231 Dwarf Horticultural or Cranberry

Vines very productive, compact, upright, with large leaves. Pods medium in length, broad and thick, curved, with splashes of bright red on a yellowish ground. 2-oz. packet, 10 cts.; ½ lb., 23 cts.; lb., 38 cts.; 2 lbs., 66 cts., post-

White Navy or Michigan Robust

The Greatest Money Maker of All. \$100.00 per Acre Profit Not Uncommon

Our Improved Strain of White Navy Beans are second to none. All northern grown from re-selected true seed, carefully milled and hand picked; very uniform size seed that will plant evenly and reproduce a quality of Beans that will sell always at good prices. Plant at least enough for your own use next winter. 2-oz. packet, 7 cts.; ½ lb., 19 cts.; lb., 32 cts.; 2 lbs., 54 cts., postpaid.

232 Improved White Navy

²¹⁸ Great Northern or Montana

A little larger than the Navy Bean,

Pole or Climbing Beans 209 McCaslan Pole

Excellent, Either as a Snap or Shell Bean A wonderfully prolific bean, absolutely stringless, white seeded, green podded, buttery, rust-proof, and very early. Vines continue to bear throughout the season if kept closely picked. 2-oz. packet, 10 cts.; hardier and under ordinary conditions is a heavier yielder. 2-oz Packet 8 cts.; ½ lb., 23 cts.; lb., 35 cts.; 2 lbs., 60 cts., post-paid.

Adapted to Early and Late Planting The pods are deep green 6 inches long, perfectly round, fleshy and stringless. Seed white. Excellent corn field variety. 2-oz. packet, 10 cts.; ½ lb., 22 cts.; lb., 35 cts.; 2 lbs., 60 cts., postpaid.

221 Striped Creaseback, or Scotia

Especially Suitable for Growing on Corn for Snaps Identical with White Creaseback except color of bean, which is mottled putty color with dark striping. 2-oz. packet, 10 cts.; ½ lb., 22 cts.; lb., 35 cts.; 2 lbs., 60 cts., postpaid.

254 Asparagus or Yard Long

A Great Novelty This is a most unusual green-podded snap bean often called Yard Long, though the pods usually do not grow more than 2 ft. in length. It is a rampant grow more than 2 ft. in length. It is a rampant grower requiring a moderately long season to come into bearing, about 80 days. The yield from these plants is truly astonishing. The beans are palatable and tasty, slightly stringy, and should be picked while still young. The seeds are brown. 2-oz. packet, 15 cts.; ½ lb., 40 cts.; lb., 70 cts.; 2 lbs., \$1.25, postpaid.

222 Missouri Wonder or Noxall

The Earliest Green Podded Pole or Corn Hill Bean. 65 days

A sure cropper, giving large crops when others are an entire failure. The green pods are long, round and tender, maturing in 65 days; excellent for planting among corn. Seed mottled putty color, with brown striping. 2-oz. packet, 10 ets.; ½ lb., 23 ets.; lb. 49 ets.; 2 lbs., 70 ets., postpaid.

220 White Creaseback

Missouri

Wonder

or Noxall

Our packets of Beans contain two full ounces. All "Pure Bred" Northern Grown Seed.

BEST POLE SNAP BEANS

263 Mammoth Podded Horticultural Cranberry

The mammoth pods are striped and splashed with brilliant crimson. The Beans are of immense size and of the finest quality, used either green or dry. They are by many preferred to Limas. Best suited for cool climate.

2-oz. packet, 10 cts.; ½ lb., 23 cts.; lb., 35 cts.; 2 lbs., 60 cts.

265 White Dutch Caseknife

A Good Corn Hill Bean
Vines moderately vigorous, climbing well, but twining more loosely than some, and so may be used for corn hill bean of medium season. Pods become creamy white as they mature. Of excellent quality, whether used green or dry. 2-oz. packet, 10 cts.; ½ lb., 22 cts.; lb., 35 cts.; 2 lbs., 60 cts., postpaid.

262 Kentucky Wonder Wax The Best Pole Wax Beans for Northern Planting

It is similar in habit of growth to "Kentucky Wonder Green Pod," and bears as early, or when about as high as the average bush bean. Pods are beautiful golden yellow, and so fleshy that often the thickness surpasses the width; make delicious eating. A heavy yielder and bears a long season. 2-oz. packet, 10 cts.; ½ lb., 23 cts.; lb. 38 cts.; 2 lbs., 65 cts., postpaid.

260 Famous Kentucky Wonder or Old Homestead The Old Reliable Standard GREEN POD POLE BEAN

Very early and enormously productive, the long green pods hanging in clusters from top to bottom of pole; entirely stringless. Pods of a silvery green color. 2-oz. packet, 10 cts.; ½ lb., 22 cts.; lb., 35 cts.; 2 lbs., 60 cts., postpaid.

258 Burger's Giant Green Podded Stringless Pole

White Seeded Kentucky Wonder or St. Louis Perfection

The best Green Pod Pole Bean for the North. The vines are not very long, and can be grown on brush instead of on a pole. The pods are borne in clusters and average 6 to 8 inches in length; are very uniformly straight, and of dark green color. They are absolutely stringless, very meaty, tender, and sweet in flavor. The dry beans are small and white, being good for baking after the pods have become too ripe. Equally desirable for the market and for the home gardens. 2-oz. packet, 10 cts.; ½ lb., 23 cts.; lb., 38 cts.; 2 lbs., 68 cts., postpaid. The best Green Pod Pole Bean for the

259 Golden Cluster Wax

The Earliest Grandest Yellow-Podded Pole Bean in Cultivation. Well Rcpays the Trouble of Procuring Poles

we know of no bean that will please you more than this remarkable new sort. We have grown pods from this variety 10 inches long, and a most beautiful golden waxy color, and where they have been exposed in market have readily brought a better price than any other sort. Pods are produced in clusters of from 4 to 6 the entire length of the vine. While this variety is nearly as early as any of the Dwarf Beans, it will continue to produce pods until cut down by frost. 2-oz. packet, 10 cts.; ½ lb., 24 cts.; lb., 40 cts.; 2 lbs., 70 cts., postpaid.

264 Red Speckled Cut Short or Corn Hill

A very popular variety for planting amongst corn. It will give a good crop without the use of poles. Pods short, fleshy and of fine quality.

2-oz. packet, 10 cts.; ½ lb., 22 cts.; lb., 35 ets.; 2 lbs., 60 ets., postpaid.

261 Lazy Wife

Enormously Productive. Excellent Quality
The pods are produced in great abundance, and measure 6 inches in length. They are broad and thick, fleshy and entirely stringless. The pods retain their rich, tender and stringless qualities until nearly ripe, and at all stages are peculiarly luscious. Each pod contains from 6 to 8 white beans, which make excellent winter shell beans. 2-oz. packet, 10 cts.; ½ 1b., 22 cts.; 1b., 35 cts.; 2 lbs., 60 ets., postpaid.

One-half lb. of seed will plant 100 hills. 30 lbs. of seed will plant one acre in hills.

Beet — Condon's Royal Blood Turnip

1 oz. of seed will plant a row 100 ft. long. 7 lbs. per acre.

Introduced by us in 1912 and now used annually by 75,000 Satisfied Customers

This grand Beet has given universal satisfaction for 18 years to our customers all over the country. It is used most exclusively by the large planters who grow for market as well as home gardens. Many of our customers plant as much as 15 to 20 acres of it annually.

Tops small, upright
growth. Leaves dark.
green, shaded with red.
Root medium sized, globular, or nearly round, very
smooth and of dark bloodred color. Flesh is deep vermilion red, zoned with a lighter
shade of the same color. Careful
comparisons with all the prominent
varieties on the market in this country
and in Europe prove that Condon's
Royal Blood Beet is the most uniform in
shape and size, and the most attractive in
color. It is unsurpassed in quality. Packet,
10 cts.; ounce, 17 cts.; 1/4 lb., 40 cts.; 1/2 lb.,
70 cts.; lb., \$1.25; 2 lbs., \$2.25, postpaid.

278 Improved Long Dark Smooth Blood

This is the best long, red beet on the market and a great favorite in the country, as it is of unexcelled quality, both as a table beet and for stock feeding. Packet, 5 cts.; oz., 13 cts.; 1/4 lb., 28 cts.; 1/2 lb., 50 cts.; lb., 90 cts.; 2 lbs., \$1.70, postpaid.

277 Edmand's Early Blood Turnip

Tops short and rather spreading; ribs and leaf stalks dark red; blade of leaf bright green, often with wavy edge. Root nearly round or slightly flattened; exterior color dark red, interior color purplish red with little zoning; crisp, tender, sweet, and an excellent keeper. Packet, 5 cts.; oz., 10 cts.; ½ lb., 22 cts.; ½ lb., 40 cts.; lb., 75 cts.; 2 lbs., \$1.40, postpaid.

Royal Blood Turnip
Just Right For

Bunching is What the Market Gardeners Tell Us.

The root is deep red, very symmetrical, two or three times as long as thick, and always smooth and handsome. The flesh is rich, very dark red, sweet, crisp and tender. Packet, 5 cts.; oz., 13 cts.; 1/4 lb., 28 cts.; 1/2 lb., 50 cts.; lb., 95 cts.; 2 lbs., \$1.75, postpaid.

270 Extra Early Egyptian Blood Turnip

The best variety for forcing, and excellent for first early crop out of doors, being very early, with small tops. Leaves dark green, shaded and veined with dark red. Root very dark red, moderately thick, a little rounded on top, distinctly flat on bottom, and about 2 inches in diameter when mature. Flesh dark purplish red, zoned lighter shade; firm, crisp and tender. Packet, 7 cts.; oz., 14 cts.; ¼ lb., 27 cts.; ½ lb., 48 cts.; lb., 90 cts.; 2 lbs., \$1.70, postpaid.

Good for All. The New Baby Beet

Here is a new Beet which, as the name indicates, is a fine general purpose variety. Good for bunching, pickling, canning and cooking for table use. Roots attain good size and hold their color and smooth shape even when 4 inches in diameter. The tops are medium size and spreading and the roots are a deep globe shape, having a fine dark red color all the way through. Packet, 10 cts.; oz., 17 cts.; ½ lb., 40 cts.; ½ lb., 70 cts.; lb., \$1.25; 2 lbs., \$2.25, postpaid.

281 Condon's New Early Wonder or Model

A selection from Crosby's Egyptian but a few days later. The roots are nearly globe shaped and uniform in size. The skin is a fine deep red and the flesh is also a rich dark color, with very little zoning. Packet, 8 cts.; oz., 15 cts.; ½ lb., 31 cts.; ½ lb., 54 cts.; lb., \$1.00; 2 lbs., \$1.90.

281 Condon's Early Wonder or Model

Common Sense Culture Directions printed on all packages.

Condon's "Sure Crop" Table Beets

The color is a rich, dark red, and nearly globe shape. It is free from side roots, every beet being as smooth as an apple. When cooked, it still retains that rich, blood red color; is very sweet, crisp and tender. For a First Extra Early forcing variety or for early outdoor planting to bunch and sell for greens, it is unexcelled. A few years ago we distributed free for trial several thousand packages of this Extra Early Variety so when we had seed enough to list it generally thousands of market gardeners and home planters would have no other. Our comparative Trial Ground Test this year again proved it beyond a doubt the earliest of all turnip-shaped beets and the greatest money maker in the list. Try it Pkt., 10 ets.; oz., 17 ets.; 1/4 1b., 40 ets.; ½ lb., 70 ets.; 1 lb., \$1.25; 2 lbs., \$2.25, postpaid.

red, smooth round or slightly top-shaped, with a small tap and small collar. Flesh bright red, zoned with pinkish white, very sweet, crisp and tender, especially when young. Packet, 5 cts.; oz., 10 cts.; 1/4 lb., 23 cts.; 1/2 lb., 40 cts.; lb., 75 cts.; 2 lbs., \$1.40, postpaid.

275. Early Blood Turnip

Standard Early

Our select strain of this old reliable is good and true. Medium early—globeshaped roots—rather coarse tops. Flesh deep red, zoned with lighter shades. Sweet, crisp and tender. Packet, 5 cts.; oz., 10 cts.; ½ lb., 23 cts.; $\frac{1}{2}$ lb., 40 cts.; lb., 75 cts.; 2 lbs., \$1.40, post-

Please order by number as well as Name. It will help us to serve you quicker.

Condon's "Sure Crop" Beets

272 Crosby's Egyptian "Extra Selected Strain"

The name of this variety is misleading, as it resembles the Egyptian only in its extreme earliness. Tops small. The roots are nearly round, or slightly flattened, and very smooth. Exterior color of root bright red. Flesh bright vermilion-red, zoned with a lighter shade; very sweet, tender and of excellent quality. One of the best for early planting outdoors. It becomes fit for use sooner than any other variety, but it is not as well suited as the Egyptian for forcing in hotbeds or for transplanting. Our stock is exceptionally uniform in shape and color. Packet, 5 cts.; oz., 10 cts.; $\frac{1}{4}$ lb., 25 cts.; $\frac{1}{2}$ lb., 40 cts.; lb., 75 cts.; 2 lbs., \$1.45, postpaid.

271 Crimson Globe Excellent Table and Market Beet

Of fine shape, very small tap-root, deep crimson flesh of fine grain, surprisingly sweet flavor and unsurpassed quality. The foliage is small-leaves all grow from a very small crown in the top of the

from fibrous rootlets, having only a slender tap-root. This beet is extensively planted for second early and main crop purposes, it is a splendid mid-season variety. Does well here and in the South. No up-todate grower can afford to be without this excellent sort. Packet, 7 cts.; ounce, 14c; 1/4 lb., 27c; $\frac{1}{2}$ lb., 48c; lb., 90c; 2 lbs., \$1.70, postpaid.

Super-Strain

274 Detroit Dark Red Main Cropper

Detroit Dark Red beet has long been regarded as the standard of excellence. It is very early, nearly as early as Egyptian, and greatly passes that variety in flavor. The color is rich, dark red, and the shape is globular. It is fine-grained in texture and has a small top. It is free from side or fibrous roots is free from side or fibrous roots. being always smooth. It is excellent for forcing; for a main spring and summer crop, or for use in winter, as it is a good keeper. It cooks

sweet, tender and crisp, and is in every way a standard sort for the market or home gardener. Has made a good crop in seven weeks from sowing. Packet, 8 cts.; oz., 15 cts.; ¼ lb., 30 cts.; ½ lb., 50 cts.; lb., 95 cts.; 2 lbs., \$1.80,

postpaid.

274 Detroit

Dark

Red

280 New Dark

Stinson

Dark Red Color; Long Keeper

Excellent for the open garden. This is particularly valuable for forcing because it produces less foliage than any other variety, and can be grown close together. The roots are smooth and regular in form; the skin is dark blood-red. Flesh fine grained and cooks dark blood-red. Remains in fine condition for a long time. Packet, 5 cts.; ounce, 10c; 1/4 lb., 25c; 1/2 lb., 40c; lb., 75c; 2 lbs., \$1.45, postpaid.

282 Swiss Chard Lucullus

288 CONDON'S ENORMOUS MANGEL

The Largest Yielding Highest Feeding Value of any Mangel we Know of. Grows well above the ground, easily harvested, very nutritious. In color is a rich cardinal red, very cylindrical in shape. Flesh is white, firm and very sweet. Feed cows 25 to 50 pounds a day, depending on taste. Average yield 25 to 30 ton per acre. Ounce, 10 cts.; ½ lb., 30 cts.; ½ lb., 55 cts.; 1 lb., \$1.00; 5 lbs., \$4.50; 10 lbs., \$8.50, postpaid.

Any land that will grow a good crop of Corn will produce a good crop of Mangels or Sugar Beets, which are surer crops than any other root. Sow 6 to 8 lbs. per acre.

An Acre of Roots will Winter Your Stock. Relished by All Stock. Keeps Animals Healthy. Good Tonic. As Digestible as Grain. Takes the Place of Silage. Roots as good as Grain Pound for Pound without Water. Saves One-Half Grain Feed without Reducing Milk Yield.

The value of Mangels for stock feeding is clearly seen in the improved health and condition of the animals, the increased flow and quality of milk from cows, and the saving in fodder. They yield enormously and can be grown at trifling cost. Everyone who keeps even one cow should grow a patch of Condon's Enormous Mangels for winter feed. They also make excellent and rich feed for poultry.

SWISS CHARD for GREENS

The Cut and Come Again Spinach Beet

"1 oz. for 100 ft. row—7 lbs. per acre"
Provides "Greens" from Early Spring Until Frost

The outside leaves of Swiss Chard are used as "boiling greens" and are excellent for this purpose. They closely resemble spinach in flavor, but are declared by connoisseurs to be even finer. The large white stalks are used like asparagus; they are boiled and served in melted butter or milk dressing and are fully as delicious as asparagus. Swiss Chard grows well even during hot weather when spinach fails.

Featured in Colors Page 43. Yellowish-green, blistered or crumpled. Large ribbed white: Popular home and market garden sort. Plants 24 in. tall. Leaf blade large and broad, rich yellowish-green; heavily blistered or crumpled; borne on thick pale green leaf-stem. Packet, 10 cts.; oz., 15 cts; ¼ lb., 30 cts.; ½ lb., 55 cts.; lb., \$1.00; 2 lbs., \$1.90, postpaid.

283 Large Ribbed-White Silver Leaf "Smooth"

Very similar to Lucullus, except the leaf blade is light yellow-ish-green, smooth; borne on broad, fleshy, very pale green leaf-stem. Packet, 10 cts.; oz., 15 cts.; ¼ lb., 30 cts.; ½ lb., 55 cts.; lb., \$1.00; 2 lbs., \$1.90, postpaid.

MANGEL OR COW BEETS

290 Mangel Mammoth Long Red

Condon's World Beating Stock 1 oz. of seed will sow a row 100 ft. 7 lbs. of seed to sow one acre.

MANGELS and SUGAR BEETS

284 Giant Feeding Sugar Beet, or Half Sugar Mangel

This magnificent Sugar Beet, while giving nearly as large a yield of easily grown and harvested roots as a crop of Mangels, supplies a food of very much higher nutritive value, the roots for feeding purposes being really more valuable, pound for pound, than those of the very best strains of Sugar Beet, and the yield under equally favorable conditions being more than double. The roots grow partly out of the ground, and because of this and their shape, the crop can be harvested and stored at less expense than any other root crop. We are certain that every one who plants this variety and grows it with care will be much pleased with the crop. Every farmer should try it. Ounce 8 cts.; ½ lb., 21 cts.; ½ lb., 33 cts.; lb., 60 cts.; 2 lbs., \$1.10; 5 lbs., \$2.50, postpaid.

285 Klein Wanzleben Sugar Beet

This variety yields 14 to 18 per cent of sugar and is considered the best for sugar making, both in Europe and America. A heavy yielder. Ounce, 10 cts.; 1/4 lb., 20 cts.; 1/2 lb., 35 cts.; lb., 65 cts.; 2 lbs., \$1.20, postpaid.

286 Vilmorin's Improved White Sugar

Of medium size and brought by careful selection to the highest perfection, both in shape and color of roots. Greatly esteemed by sugar manufacturers, and one of the finest for stock feeding, owing to the high percentage of sugar. Ounce, 10 cts.; ½ lb., 20 cts.; ½ lb., 35 cts.; lb., 65 cts.; 2 lbs., \$1.20, postpaid.

290 Mammoth Long Red

Our stock is a great improvement on the old variety. The roots are very large, uniformly straight and well formed. Color deep red, roots solid, tops small. Roots attain a large size. We received several reports last season of Mangels weighing 20 to 23 pounds each. Produces an immense bulk and tonnage. Ounce, 10 cts.; ½ lb., 21 cts.; ½ lb., 33 cts.; lb., 60 cts.; 2 lbs., \$1.10; 5 lbs., \$2.50, postpaid.

289 Golden Tankard

The Best Yellow Mangel Grown
—Dairymen's Friend

It combines apparently all the fine points possible to condense into a Mangel. The color is a deep rich yellow. The flesh is firm and solid and a rich golden yellow in color. On account of its shape, enormous crops are grown, and it is easily lifted from the ground. Ounce, 10 cts.; 1/4 lb., 21 cts.; 1/2 lb., 33 cts.; lb., 60 cts.; 2 lbs., \$1.10; 5 lbs., \$2.50, postpaid.

See Marvelous Bargains in Bulbs, Plants, Shrubs, Roses, Fruits; Pages 147 to 176

Cauliflower

1 oz. of seed will produce 3,000 plants.

336 Genuine True Extra Early Snowball

It Heads Where Others Fail

Unquestionably the earliest maturing strain of the true, short-leaved snowball type of Cauliflower. It is admirably adapted for forcing or wintering over for early crop and is the most popular sort for these purposes, also one of the best sorts for late summer and fall crops. Early Snowball is, moreover, a most desirable sort for the home garden. The plants are compact, with few short, outside leaves and are well suited for close planting. The heads are of medium to large size, solid, compact, round, very white and curd-like and are developed earlier than those of any other sort. Unquestionably the earliest maturing

The seed we offer you is of the highest possible quality "Grown in Denmark," the country from which it was first introduced. The strain we offer is the result of sixty years breeding and perfecting by the most honorable and responsible grower in Denmark. Packet, 15 cts.; ¼ oz., 50 cts.; ½ oz., 95 cts., oz., \$1.75; ¼ lb., \$5.50; ½ lb., \$10.50; lb., \$20.00, postpaid.

New Dry Weather

Genuine True Early Snowball. Extra Early 336

337 New Dry Weather or Danish Giant

Especially Adapted to Resist

Drought. Reaches Perfection When Ordinary Sorts Fail This new strain originated in Denmark but has been fully tested in America, producing large, solid, pure white head, maturing a little later than Early Snowball. It is in all respects a first-class Cauliflower, and is especially adapted to dry and is especially adapted to dry situation and to resist droughts. situation and to resist droughts. Like all other Cauliflowers it requires manure and culture; but it will succeed with less rainfall than any other variety.

Packet, 15 cts.; ¼ oz., 50 cts.; ½ oz., 95 cts.; oz., \$1.75; ¼ lb., \$5.50; ½ lb., \$10.50; lb., \$20.00, postpaid.

333 Extra Early Dwarf Erfurt

A remarkably sure heading Cauliflower. Of dwarf habit with short outside leaves. The heads when ready for market are of medium to large size, curd white, exceptionally deep and of finest quality. It will give excellent results either in the home garden or for market use. Packet, 10 cts.; ¼ oz., 45 cts.; ½ oz., 80 cts.; oz., \$1.50; ¼ lb., \$5.25; ½ lb., \$10.00; lb., \$19.00, postpaid.

Gentlemen: Your Super-Snowball Cauliflower is wonderful and made me a lot of money. Average weight 6½ lbs. Sure Head. -Alfred Marianelli, Old Forge, Pa.

338 New Super Snowball

A Marvelous New Early Cauliflower This is the earliest of all varieties we have ever seen. It makes a firm, solid head 6 to 9 inches in diameter in about 85 days after sowing. Even under unfavorable conditions it will head up well, heads forming all at one time, showing a uniformity of size, shape, and type that is truly astonishing. The plants make a compact dwarf growth with ample foliage of a beautiful dark green color. The inner leaves curve over the head and serve as good protection against the weather. The head itself is almost round. Has a beautiful pure white, smooth curd, presenting a most attractive appearance when cooked. Dry weather does not materially check its growth and therefore is able to resist diseases; resulting in yielding heads of high grade where the other strains under similar conditions will either yield heads of inferior quality or no heads. Pkt., 20 cts.; $\frac{1}{4}$ oz., 70 cts.; $\frac{1}{2}$ oz., \$1.25; oz., \$2.25; $\frac{1}{4}$ lb., \$7.50; $\frac{1}{2}$ lb., \$13.75; lb., \$26.00, post-

1 oz. of seed will produce 3,000 plants. 1 lb. for 7 acres.

301 Condon's "Cannon Ball" "Disease Resistant"

Introduced by Condon and now used annually by 50,000 satisfied customers

Read What They Say:

WE HAVE HUNDREDS LIKE THIS

Gentlemen: I was first at market again this year with your Cannon Ball Cabbage. Every head exactly alike, 5 to 6 lbs. each. They sold freely and at good prices.—Steve Marki, Milwaukee, Wisconsin.

READY FOR MARKET 65 DAYS AFTER SETTING PLANTS BEYOND QUESTION THE BEST

and condon's Cannon Ball represents the highest achievement in Cabbage breeding, and is the best extra early round headed Cabbage we have ever grown or seen. In uniformity to type and evenness in early maturing it is a marvel. Every row and every head in a row look nearly alike as if all had been turned out of a mold. Its evenness in maturing has proved it a great favorite with all Cabbage growers as they appreciate the great importance of being able to clear off the ground at one cutting, especially where room is required for a second crop. The plants are of compact, stocky growth, producing large, solid, ball-shaped heads, which average about five pounds in weight, and are of the very finest quality, smooth with fine veins and small core. Cannon Ball Cabbage is fully as early as the Wakefield types. Will yield a greater crop per acre than other Cabbage of which we know. For both private gardens and marketing this is the One Best Early Cabbage and the Greatest Money Maker of all. Its remarkably fine quality and tenderness, whether cooked or sliced for slaw or salad wins friends wherever tried, while for marketing its handsome salable appearance and uniformity in maturing the crop has caused it to be in great demand. Last year we sold out our entire supply and received hundreds of unsolicited testimonials from customers from all over the country, from Maine to California and from Canada to the Gulf of Mexico. Send your orders early for some of this grand Cabbage. Packet, 10 cts.; ounce, 35 cts.; ½ 1b., \$1.10; ½ 1b., \$2.00; lb., \$3.75; 2 lbs., \$7.25, postpaid.

309 Extra Early Winnigstadt

A very fine header and will grow a hard head under circumstances where most sorts would fail. Plant very compact, with short, thick leaves. Heads regular, conical and very hard. Packet, 5 cts.; ounce, 15 cts.; ¼ lb., 45 cts.; ½ lb., 85 cts.; lb., \$1.60; 2 lbs., \$3.00, postpaid.

308 Extra Early Express

Good sized pointed or oval heads frequently weighing 5 pounds. Extra early, compact, solid and of fine flavor. Packet, 5 cts.; ounce, 15 cts.; ½ lb., 45 cts.; ½ lb., 85 cts.; lb., \$1.60; 2 lbs., \$3.00, postpaid.

Pure Bred Cabbage

307 Condon's Early Jersey Wakefield

Matures Crop in 62 days—Our Pure Bred Stock is distinctive by its smooth blue green leaves. Has been bred to resist extreme cold so may be planted very early; maturing marketable crop in advance of the common strains. The small, compact, hard, conical heads are 7 inches long, 5 inches wide at the base, and weigh 2 pounds. Plants small, with short stems, permitting close setting in the row. Valuable for the home- and market-garden as well as for shipping. Packet, 10 cts.; oz., 20 cts.; $\frac{1}{4}$ lb., 60 cts; $\frac{1}{2}$ lb., \$1.10; 1b., \$2.00; 2 lbs., \$3.90, postpaid.

Marion Market 308-A

Yellows Disease Resistant Strain of Copenhagen Market-Also Known as Iacope

Introduced under the direction of Wisconsin Agricultural College. It has given wonderful satisfaction in fields badly diseased with yellows. Round Headed type heads 8 to 10 pounds. We highly recommend this to all and especially to those of you who have fields that show even a trace of (Cabbage Yellows). Packet, 10 cts.; oz., 35 cts.; ¼ lb., \$1.10; ½ lb., \$2.00; lb., \$3.75; 2 lbs., \$7.00, postpaid.

299 Charleston or Large Wakefield

Larger than Early Jersey Wakefield and ready about eight days later. The heads are 8 in. long and 7 in. broad at the base, weighing about 4½ lbs. each. Very desirable for the home or truck garden, as it is a sure cropper and a heavy yielder. Fine in every way. Packet, 5 cts.; oz., 18 cts.; ¼ lb., 50 cts.; ½ lb., 90 cts.; lb., \$1.75; 2 lbs., \$3.40, postpaid.

311 Glory of Enkhuisen

Matures in about 80 days. This globe shaped medium early variety is of excellent flavor and crispness and produces heads weighing eight to ten pounds, and more uniform than the earlier types. Our strain is grown by the originator and is recommended for the main crop in the home garden. Packet, 5 cts.; oz., 18 cts.; ¼ lb., 50 cts.; ½ lb., 90 cts.; lb., \$1.75; 2 lbs., \$3.25, postpaid.

297 All Head Early

77 days. Valuable for Kraut. Deep solid flat heads weighing 6 to 7 lbs. Packet, 5 cts.; oz., 18 cts.; ¼ lb., 50 cts.; ½ lb., 90 cts.; lb., \$1.75; 2 lbs., \$3.25, postpaid.

312 Jersey Queen "Yellows Resistant"

This is a pure bred "Yellows Resistant" Strain of Jersey Wakefield. If you have trouble with "Yellows" in your Cabbage patch and have a market for a conical shape head this is the one we recommend to you. Packet, 10 cts.; oz., 35 cts.; 1/4 lb., \$1.00; 1/2 lb., \$1.85; lb., \$3.50; 2 lbs., \$6.50, postpaid.

320 Golden Acre

Market Gardener's Superior Strain

Extremely Early-Round Head-Maturing crop in 69 days. Very uniform in size and growth, dwarf, compact head with small leaves, short stem laying close to ground allowing close planting. Heads are very firm and solid with white flesh of excellent quality. This Wonderful Cabbage matures a full uniform crop that can all be marketed at one cutting at a time when Cabbage is selling at very high prices. Our seed is direct from the originator in Denmark and can be relied upon as the Genuine Golden Acre. Packet, 10 cts.; oz., 25 cts.; ½ lb., \$1.35; lb., \$2.35; 2 lbs., \$4.50, postpaid.

3121/2 Henderson's Early Summer

Semi-round flat heads weighing 5 to 6 lbs. of excellent quality. Packet, 5 cts.; oz., 18 cts.; ¼ lb., 50 cts.; ½ lb., 90 cts.; lb., \$1.75; 2 lbs., \$3.40, postpaid.

303 Copenhagen Market

Extremely Early—Solid—Enormous Yielder

This world-famous Cabbage is equally valued for home growing, for market, and for making into kraut. The heads are perfectly round, 6 to 7 in. in diameter, and weigh 5 to 6 lbs. each. They are solid, heavy, and have a small core. The plants are short stemmed, compact, and have just a few small saucer-shaped outer leaves. The quality is superb. Matures about a week after Golden Acre. Packet, 10 cts.; oz., 25 cts.; ½ lb., \$1.50; lb., \$2.75; 2 lbs., \$5.40, postpaid.

303 Copenhagen Market—Pure Bred Strain

302 Condon's "Prosperity" Cabbage

Very Earliest, Largest and Best Flat Headed Cabbage Is What Our Customers Say 'America's' Favorite for a second early variety—over a hundred thousand satisfied planters testify it to be the very finest quality, best yielder and biggest Money Maker of all the early flat headed varieties.

Try it yourself this year.

Prosperity is yours if you plant an acreage of this grand cabbage. Very EARLIEST, LARGEST and BEST FLAT HEADED CABBAGE we have ever seen. It forms large flat heads, solid as marble, weighing 10 to 12 pounds each. The most popular of all Summer Cabbage. Truly this might be termed THE ALL

AROUND CABBAGE. Condon's Prosperity is a dwarf, compact grower with few outer leaves, allowing very close planting, a sure header, very uniform in growth, beautiful appearance, free from coarse leaves and far superior in quality to the Big Winter varieties. For boiling, slaw, sauerkraut, etc., it is unsurpassed, being crisp, tender and sweet, flavor unexcelled, color beautiful creamy white that commands the buyer's attention wherever offered. Whether you grow a dozen heads or a dozen acres for market and regardless of where-North, East, South or West-Condon's Prosperity is the one to Plant for Quantity and Quality as a second early Money Maker. Packet, 15 cts.; ½ oz., 25 cts.; oz., 40 cts.; ¼ lb., \$1.25; $\frac{1}{2}$ lb., \$2.25; lb., \$4.00; 2 lbs., \$7.50, postpaid.

Disease Resistant Strains of Pure Bred Cabbage Seed

317-Wisconsin All Season "Improved Yellow Resistant"

This new strain was developed at the Wisconsin Experiment Station and has proven a wonderful help to Kraut Growers and Shippers where "yellows" is prevalent. It is one of the most valuable mid-season or kraut varieties. It differs slightly in color from other strains, being a little darker and showing a resemblance to the color of Hollander. This strain shows a little shorter stem. The heads are rounding or slightly flattened and are solid and fine quality even in weather unfavorable to other late varieties. The seed we offer is of the true "yellows resistant" strain. Packet, 10 cts.; oz., 30 cts.; $\frac{1}{4}$ lb., 85 cts.; $\frac{1}{2}$ lb., \$1.50; lb., \$2.75; 2 lbs., \$5.00, postpaid.

296 Bugner's Ballhead "Pure Bred" Yellow Resistant

A very wonderful hard headed winter variety of short stem ballhead, which is now used almost exclusively for winter cabbage in and around Chicago, Illinois. Packet, 10 ets.; oz., 25 ets.; ¼ lb., 75 ets.; ½ lb., \$1.45; lb., \$2.75; 2 lbs., \$5.00, postpaid.

Please order by number as well as name. It will help us to serve you quicker.

314 Cabbage—Large Late Drumhead

Large, 10 Lb. Solid Flat Heads. Splendid Keeper The heads grow to extra large size. They are hard, solid, flattened, uniform in shape, and of a most handsome general appearance. Condon's Drum-head is a compact grower supporting the extra-large heads on a short stout stem. It is a sure header that can be depended upon to make it. mense size head no matter what the conditions of weather or soil. Splendid for fall and winter storing. Grown extensively for kraut. Packet, 5 cts.; oz., 20 cts.; ¼ lb., 60 cts.; ½ lb., \$1.00; lb., \$1.85; 2 lbs., \$3.50, postpaid.

318 Dutch Winter or Hollander

As a winter keeper and for spring market this cabbage can hardly be excelled. In many cabbage growing sections it is the leading winter sort. Very hardy; heads are medium size, averaging about eight pounds, very solid, round, of white color, quality the very best. Packet, 5 cts.; oz., 20 cts.; 1/4 lb., 60 cts.; 1/2 lb., \$1.00; lb., \$1.85; 2 lbs., \$3.50, postpaid.

318 Dutch Winter or Hollander

294 Early Red Danish or Red Dutch

Medium size head. Best Red variety. duces ball-shaped heads of great solidity and of a dark red color. It is very hardy and of excellent quality. Used largely for pickling on account of its excellent flavor and attractive color. Pkt., 10 cts.: ½ oz.. 20 cts.; oz., 35 cts.; ¼ lb., \$1.10; ½ lb., \$2.00; lb., \$3.75; 2 lbs., \$7.25, postpaid.

294 Early Red Danish Best Red

306 Early Dwarf Flat Dutch

71 days. Excellent for home and market garden. Plants small and compact; stem short. Heads almost ball-shaped; commonly 7 to 8 inches in diameter, 6 inches deep, and weigh 8 to 10 lbs.; firm and of high quality. Packet, 5 ets.; oz., 18 ets.; 14 lb., 50 ets.; ½ lb., 90 ets.; lb., \$1.75; 2 lbs., \$3.25, postpaid.

832 1/2 Semesan Treated seed increases germination, yield, and produces better quality. 2 oz., 40 cts.; Ib., \$2.40, postpaid.

298 Burpee's Surehead

This is an exceptionally fine late Cabbage. The heads are large, round, and flattened at the top. They sell on sight in the market. Extra solid, fine grained, with a very small core, and of excellent flavor. Packet, 5 cts.; oz., 20 cts.; ¼ lb., 60 cts.; ½ lb., \$1.00; lb., \$1.85; 2 lbs., \$3.50, postpaid.

310 All Season's

Great for Kraut. An excellent second early cabbage, large solid heads of uniform shape, flattened on top as shown in the illustration. Fully developed heads frequently measure 10 to 12 inches across, and weigh 9 to 10 lbs. each; fine grained and of dainty flavor. It succeeds everywhere even in hot dry weather. Especially valuable for Kraut. Packet, 5 ets.; oz., 18 ets.; ¼ lb., 52 ets.; ½ lb., 95 ets.; lb., \$1.75; 2 lbs., \$3.25, postpaid.

7 acres

Condon's "Pure Bred" Danish Cabbage

305 Condon's True Genuine Danish Ball Head

Market Gardeners and Large Commercial Growers Use This Strain Annually and Find it Dependable

This celebrated Cabbage is now recognized the world over as the Hardest Headed, Longest Keeper, Best Shipping and Biggest Money Maker of all winter varieties. It is now grown almost exclusively in the large Cabbage growing sections north of the Ohio River. It is not especially suited to the south, but for northern states and in cold climates it beats all other varieties a mile. It is a strong, vigorous grower, producing large, round, compact heads, almost as hard as lead, weighing when trimmed, one-third more than any other sort of equal size (excepting Cannon Ball). Flesh is pure white, sweet, crisp and tender. Our strain of this excellent variety is highly bred and from our repeated trials as well as from the experience of our many customers purchasing this seed annually we are convinced Our Strain Surpasses in even growth and heading, as well as in uniform size and solidity of heads, any other strain we have ever seen of the so-called "Hollander Cabbage." Packet, 10 cts.; oz., 25 cts.; ½ lb., 75 cts.; ½ lb., \$1.35; lb., \$2.50; 2 lbs., \$4.90, postpaid.

2991/2 Ferry's Hollander (Short Stem).

An unusually fine strain of this very hardy, sureheading, solid Cabbage. Resists cold and dry weather, and is one of the best for keeping till late spring. Remarkably uniform, medium-sized, very hard, round heads on short stems. Fine shipper. Packet, 10 cts.; oz., 40 cts.; ½ lb., \$1.25; ½ lb., \$2.25; lb., \$4.00; 2 lbs., \$7.50, postpaid.

295 Chinese Celery Cabbage "Chihili".

A delicious, healthful salad vegetable easily grown that should be in every garden. Big Money Maker as a market crop. Requires rather cool growing season. "Considered better than Cabbage for Kraut." A wonderful variety and one that deserves to head our list as it is an early and sure-heading Chinese Cabbage, growing 18 to 20 in. tall and about 3½ to 4 in. thick. The firm, well-blanched heads taper near the top. Packet, 10 cts.; oz., 20 cts.; ½ lb., \$1.10; lb., \$2.00; 2 lbs., \$3.75.

300 Chinese Celery Cabbage "Wong Bok".

Very similar to Chihili excepting the heads only grow 8 to 10 inches tall. Extremely early. Heads rich creamy white in color. Crisp, with a pungent delicious flavor. Packet, 10 cts.; 4 lb., 65 cts.; ½ lb., \$1.10; lb., \$2.00; 2 lbs., \$3.75.

295 Chinese Celery Cabbage "Chihili"

For Cabbage, Onion, Tomato, Pepper, Sweet Potato and Pansy Plants Turn to Page 101

304 Condon's Mammoth Prize Late Flat Dutch

The World's Greatest Flat Head

This cabbage is as widely grown as any other in the whole country. Continued care and critical selection have secured a perfectly true stock of seed. The heads of our Prize Flat Dutch are very large, heavy, solid, flat on top, and of a bluish-green color. Our strain is a low growing variety, strain is a low growing variety, with short stem and comparatively few outer leaves. The quality is fine and the flavor excellent, the heads being white when cut and the inside leaves crisp and tender. It is an enormous yielder, and a great favorite by Kraut makers and market gardeners. It matures slightly earlier than Drumhead; perhaps three to five days perhaps three to five days sooner. Our special strain of Prize Flat Dutch is comparatively free from a disposition to burst, and is one of the most reliable winter keepers. Packet, 10 cts.; oz., 25 cts.; ¼ lb., 65 cts.; ½ lb., \$1.20; lb., \$2.25; 2 lbs., \$4.25, postpaid.

Condon's Mammoth Prize Late Flat Dutch

313 Improved American Savoy The best of the Crumpled Leaved Cabbages and a good winter keeper. (110 days) Savoy Cabbage is of a milder, more pleasing flavor than the regular cabbages. The plants are vigorous and sure heading. The leaves are attractively wrinkled and crumpled. It is a splendid winter keeper. The heavy heads grow to a large size and are as round as a ball. Our strain is carefully selected and will surely please. Packet, 10 cts.; oz., 25 cts.; ¼ lb., 70 cts.; ½ lb., \$1.25; lb., \$2.25, postpaid.

315 Mammoth Red-Rock Sure and used very extensively for pickling.
The solid heads are borne on mediumlength stems and are red throughout. Perfectly round, solid as a rock, and quite large, often weighing 6 to 8 lbs. each. The latest of the Red Cabba ges. Packet, 10 cts.; oz., 25 cts.; 1/4 lb., 70 cts.; 1/2 lb., \$1.25; lb., \$2.25, post-

315 Mammoth Red Rock

NOTICE Your Trenows Incorporate a bumper Market Cabbage produced a bumper common Your "Yellows Resistant" Marion crop this year on the same ground where common kinds completely died last season infested with Yellows. L. C. Conaway, Crooksville, Ohio.

2 New "Yellows Resistant" Cabbage Developed by Wis. Experiment Station 2971/2 Condon's New Wisconsin Ballhead

100% Yellows Resistant—Latest Introduction—Entirely new and distinct. Earliest of all Ballheads. Fine texture, flesh pure white, very uniform type. This new strain was developed to answer a persistent demand for a Yellows Resistant late storage variety. It has taken a good many years to breed up this strain from an entirely different family. We have had it in sick soil now for several years family. We have had it in sick soil now for several years and it is 100% Resistant to the Yellows, which cannot be said of any other variety. For market gardening, shipping and storage purposes, it surpasses all others. Packet, 15 cts.; ½ oz., 30 cts.; oz., 50 cts.; ¼ lb., \$1.50; ½ lb., \$2.75; lb., \$5.00, postpaid.

Wisconsin Hollander No. 8

(Yellows Resistant) Strain of Hollander. Splendid late cabbage for storage, shipment, and kraut manufacture. Developed out of Ferry's Hollander. Heavy yielder on land infested so badly with the yellows disease that other varieties fail completely. Plants large and very hardy. The heads are large, globular to flattened globe-shape, firm, weigh 7 to 9 lbs.; of excellent quality; keep well until spring. Packet, 10 cts.; oz., 35 cts.; 1/4 lb., \$1.00; 1/2 lb., \$1.85; lb., \$3.50; 2 lbs., \$6.50, postpaid.

321 Condon's Select Danvers Carrots

Condon's Select ~ Danvers Carrot Engliest & Sweetest 321 Condon's Seleet Danvers

Whether you grow for market to ship by the carload or for private home consumption, this is the ONE BEST CAR-ROT to plant. "SWEET and JUICY." 1 oz. of seed will sow a row 100 ft. long. 4 lbs. of seed will sow one aere.

For Critical Market Gardeners and Private Planters—The Earliest and Sweetest of All Table Carrots

Used Annually by the Largest Planters

Danvers carrots have been the standard for over fifty years and we need not try to offer any proofs as to their popularity. Carrot-breeding is in about the same class as stock-breeding, and if same is not kept true, will deteriorate very quickly. We have endeavored to do more than keep the old parent sort true, and have actually bred up the quality of Danvers Carrot to such perfection that the old parent sort would be ashamed of itself. To distinguish our sort from others, we have termed our strain Condon's Select Danvers. Same has been bred for quality and for yield and on a given acreage it will produce a larger crop of marketable roots than any other kind. The roots are of a rich orange color, to all classes of soil. Packet, 10 ets.; ounce, 20 ets.; ½ lb., 45 ets.; ½ lb., 70 ets.; lb., \$1.25; 2 lbs., \$2.25, postpaid.

Read What Others Say

"I have grown and marketed Carrots for 25 years, but I have never had any that were as tender and sweet and sell so readily as your Private Strain of Select Danvers."

JOHN LARSON.
Gentlemen: The Carrot Seeds we bought from you were the best Carrots we ever raised. They were just like the picture showed. We bought the same Seed from our local Seed house; they weren't near as good. We will buy all our Seed from you from now on.

ED. PARISEAU, White Bear, Minn.

326 Ox-heart or Guerande

An Excellent Sort For Shallow Soils— Very Fine Quality—Thick Shoulder

Grows 5 inches long and very blunt at the lower extremity. It grows very rapidly and the roots attain a weight of more than a pound. It is tender, of good flavor and of a deep red color, and is a variety we can recommend for the home garden as well as to all market gardeners. Packet, 5 ets.; ounce 12 ets.; ½ lb., 28 ets.; ½ lb., 48 ets.; lb., 85 ets.; 2 lbs., \$1.60, postpaid.

Early Chantenay "Ready for Market Days from Sowing" New Improved Red Cored Strain

A very fine variety for bunching. This is a very choice strain, producing thick roots of the finest quality. Will average three inches in diameter at the shoulder, gently tapering throughout the broad stump-root, and measuring five inches in length. Flesh tender, fine grained, free from hard core, and of a deep golden orange. An excellent variety to grow for winter use, as they can be harvested easily and are immensely productive. Packet, 7 cts.; ounce, 15 cts.; ½ lb., 33 cts.; ½ lb., 50 cts.; lb., 90 cts.; 2 lbs., \$1.70, postpaid.

324 Improved Long Orange Largest Table Carrot (85 days)

A well-known sort; roots long, thickest near the crown, tapering regularly to a point; color deep orange. It is a good keeper of fine quality for winter use. Packet, 5 cts.; oz., 12 cts.; 1/4 lb., 25 cts.; 1/2 lb., 45 cts.; lb., S5 cts.; 2 lbs., \$1.50, postpaid.

323 Half Long Danvers A Universal Standard

Grown largely on account of its great productiveness and adaptability to all classes of soil. It is a desirable second early carrot for the home garden and is also suitable for field culture. The tops are of medium size. The mature roots are of medium length, six to eight inches long, tapering uniformly to a blunt point. The flesh is deep orange, tender and of good quality. Packet, 7 cts.; oz., 16 cts.; ½ lb., 35 cts.; ½ lb., 55 cts.; lb., 90 cts.; ½ lbs., \$1.75, postpaid. 2 lbs., \$1.75, postpaid.

328 Nantes Half Long Scarlet Stump Rooted (68 days)

Excellent for the market or home garden. The roots are cylindrical, smooth, 5 to 6 inches long, and of a bright orange color. The flesh is orange, becoming yellow in the center but very tender throughout. Finest quality. Packet, 5 cts.; ounce, 12 cts.; 1/4 lb., 28 cts.; 1/2 lb., 48 cts.; lb., 85 cts.; 2 lbs., \$1.60.

Carrots Are Rich in Vitamins

Grow plenty to use fresh this summer and sufficient quantity besides Grow plenty to use fresh this summer and sufficient quantity besides for next winter's consumption. Easy to store—simply place in box in cool room and cover lightly with sand. Carrots are not alone one of the most wholesome of foods, supplying precious vitamins, but when half-grown are one of the greatest delicacies possible to place on the table. Persons who say they do not like carrots usually will be found never to have tried them young. The seeds are very slow to germinate and they should be marked in the row with radishes or some other quickly-maturing crop which will be harvested before the carrots crowd. Mellow soil which will not bake over the seeds and will not harden in midsummer is the kind carrots like. Plant in rows 16 to 18 inches apart. 1 oz. of seed

like. Plant in rows 16 to 18 inches apart. for 100 ft. row—4 lbs. to acre.

327 Condon's Early Coreless

Absolutely Free From Heart or Core

This comparatively new variety is by far the earliest of its type, but its earliness does not affect in any way its size or quality. It is a half-long, cylindrical, blunt-pointed variety, with a very small tap-root and small, fine top. The shape and size are extremely uniform, averaging 6 to 7 inches in length and 11/2 inches in diameter, clean-skinned, smooth, and easily pulled. The flesh is very fine-grained, absolutely without any woody heart or core, and entirely free from stringiness and coarseness. The red-orange flesh is of the finest flavor. Packet, 10 cts.; ounce, 20 cts.; $\frac{1}{4}$ lb., 45 cts.; $\frac{1}{2}$ lb., 70 cts.; lb., \$1.25; 2 lbs., \$2.25, postpaid.

Two New Table Carrots 322½ Morse's Bunching (70 days)

This variety has a rich red even color throughout, small red core, roots almost cylindrical, 8 inches long, smooth, and tops short and strong. It matures in 80 days and is sweet and tender. It excels for a fall and winter harvest. Packet, 10 cts.; ounce, 18 cts.; ¼ lb., 45 cts.; ½ lb., 70 cts.; lb., \$1.25: 2 lbs., \$2.25, postpaid.

3241/2 Tendersweet or Imperator (77 days)

One of the best for bunching. Carrots 7 to 8 inches long, deep orange colored skin, flesh deep orange with practically no core, fine texture, elegant quality, abundant cropper. The tops are just right for bunching. Very attractive appearance and desirable for home or market. Early. Packet, 9 cts.; ounce. 16 cts.; 1/4 lb., 35 cts.; 1/2 lb., 55 cts.; lb., \$1.00; 2 lbs., \$1.85, postpaid.

STOCK CARROTS for Cattle Feeding

Greatest Horse and Cattle Food. Wonderfully Productive; 15 to 25 tons per acre. One acre equal to 2 acres of corn. Sow 3 lbs. of seed per acre on any ordinary soil.

329 Condon's Prize Winner

This is the heaviest cropping carrot grown, yielding more tons to the acre than any other sort. The flesh is white, solid, crisp and very sweet; the roots are short and very heavy at the shoulder, which allows them to be harvested very easily. They do not break easily in pulling or storing, owing to their solidity and shape. This is not a carrot for gardeners, but is for farmers and cattle men. The roots frequently measure 12 to 25 inches in circumference, and 15 to 25 tons is not an uncommon yield. A few of these carrots should be grown by everyone, even if they only have one cow. Packet, 10 cts.; ounce, 16 cts.; ½ lb., 32 cts.; ½ lb., 55 cts.; lb., \$1.00; 2 lbs., \$1.90, postpaid.

331 Mammoth Yellow Belgian

3 lbs. of
Stock
Carrot
Seed will
sow one
acre

Sufficient to produce on good soil 25 Tons of Carrots

Equal in feeding value to 300 Bushels Oats

330 Mammoth White Belgian

A Standard Early Sort

A variety with long slender root, about one-third of which grows above the surface of the ground, thus making it easy to pull. It is very productive, highly nutritious and a good keeper. Packet, 5 cts.; ounce, 12 cts.; ½ lb., 25 cts.; ½ lb., 45 cts.; lb., 82 cts.; 2 lbs., \$1.55, postpaid.

331 Mammoth Yellow Belgian Best Long-Keeping Yellow

This sort is very similar to the White Belgian except in color. Its strong point is its keeping quality, making it of special value for late feeding. Packet, 5 cts.; ounce, 12 cts.; ½ lb., 45 cts.; lb., 82 cts.; 2 lbs., \$1.55, postpaid.

Delicious Sweet Corn

620 Condon's Silver Queen or White Bantam

Since the Pilgrims settled Massachusetts, Sweet Corn has been one of the most relished vegetables. In early days our forefathers used the old-fashioned Indian Corn, picking same just as it came into the milk, and termed it Roasting Ears. Ever since, man has striven to produce a better quality suited to the advanced tastes and requirements of the time. By crossing the various types, wonderful improvements have been made, until one would think we had reached our zenith; especially after tasting those delicious types of Henderson's Golden Rod and Burpee's Golden Bantam. True, these grand types were far superior to any previously introduced, "but the color was against them." Once again Nature proved a wonder, for we found in our field of Golden Bantam several ears containing a few white grains. These were selected, planted by themselves, and today we have a distinct type of WHITE BANTAM, known as our SILVER QUEEN. Think of it, a WHITE BANTAM CORN, which contains all of the sweet lusciousness of the yellow sort, and yet invitingly silver white in color. Truly, this grand new variety should reign supreme in every garden. Do not associate it with any other kind; it is alone in its class, the SILVER QUEEN. In habit of growth it excels all other early varieties, being stocky and exceptionally vigorous. The quality is most superior, very excellent and surpassingly sweet. Ears 6 to 7 inches long, frequently bearing four and five good ears from a single stalk. 2-oz. packet, 10 cts.; ½ lb., 23 cts.; lb., 40 cts.; 2 lbs., 75 cts., postpaid.

6 Leading Varieties of Very Early Sweet Corn 1/2 lb. of seed will plant 100 hills. 7 to 10 lbs. of seed will plant one acre in hills.

632 Condon's Golden Sunshine (78 days)

The earliest, largest eared, Sweetest Yellow Corn. Produces large marketable ears in 78 days which are generally 6 to 8 inches long and with 10 to 12 rows of medium, broad, golden yellow kernels that are sweet, tender, and of the finest flavor. We cannot recommend this too highly as a money making crop for the Market Gardener and a most satisfying variety for the home planter. 2 oz. packet, 10 cts.; ½ lb., 22 cts.; lb., 38 cts.; 2 lbs., 65 cts., postpaid.

625 Golden Early Market (75 days)

In our trials Golden Market produced large marketable ears 8 days earlier than Golden Bantam and 3 days earlier than Golden Sunshine, maturing marketable crop in 75 days from time of planting. Ears 8 inches long, 10 to 12 rowed, fine grained, delicious flavor, stalks 4½ feet high. A sure money maker for market gardeners where a matter of 5 to 10 days in marketing a crop makes a tremendous difference in the value per dozen or 100 ears. 2 oz. packet, 10 cts.; $\frac{1}{2}$ 1b., 25 cts.; 1b., 45 cts.; 2 lbs., 80 cts., postpaid.

629 Mammoth White Cory (79 days)

One of the best extra early white varieties for the market and home garden. The ears are 12 rowed, six to seven inches long and of remarkably good quality. 2 oz. packet, 8 cts.; $\frac{1}{2}$ lb., 20 cts; lb., 35 cts.; 2 lbs.,

634 Whipple's Early White

(79 days.) Of the Evergreen type, but ready for use much earlier. Comes only about a week later than the small extra-early sorts but is much larger. Ears 8 to 9 inches long, 16 to 18 rows of pearly white and very sweet grains. One of the best for market or homegardens. 2-oz. packet, 10 cts.; ½ lb., 20 cts.; lb., 35 cts.; 2 lbs., 60 cts., postpaid.

615 Whipple's Early Yellow

(78 days.) Earlier than Bantam and as large as Evergreen. A most profitable market variety and fine for the home garden. 2-oz. packet, 10 cts.; ½ lb., 20

Pure Bred

The World's favorite for 20 years, and better today than ever: BIG MONEY MAKER

This is an early sweet corn with golden yellow grain, very tender and of excellent quality. The ears are eight rowed, six to seven inches long and of the medium size found most suitable for the table. The flavor is exceptionally rich and delicious. The stalks are four to five feet high. Our stock of this splendid home garden and market variety has been very carefully selected and is decidedly supposite to much that is offered lected and is decidedly superior to much that is offered. 2-oz. packet, 10 cts.; ½ lb., 20 cts.; ib., 35 cts.; 2 lbs., 60 ets., postpaid.

Whipple's Early

Yellow

615

616 Golden Bantam American Favorite

Pick Sweet Corn when the milk will fly when pinched for best quality.

Condon's Delicious Sweet Corn

617 Condon's Early Columbia (80 days)

Market Gardeners Big Money Maker for a Second Early Variety

Only few days later than the extra early sorts and nearly twice as large. This valuable variety of Sweet or Sugar Corn has eclipsed all other early white sorts. 12-rowed 9 to 11 inches long. The color is a beautiful creamy white. In quality, sweetness and flavor it is superior to any second early sort known and a very heavy yielder. Early Columbia Corn is the best and largest early sweet corn ever offered. 2-oz. packet, 10 cts.; ½ lb., 23 cts.; lb., 40 cts.; 2 lbs., 70 cts., postpaid.

618 Condon's Early Sunburst

An Improvement on Golden or Bantam Evergreen

The sweetest, largest and best of all yellow Sweet Corn is what our customers say. Our own origination. This is the celebrated corn we distributed for trial a few years ago that everybody praised so highly. Better today than ever.

Cross between Burpee's Golden Bantam, Country Gentleman and Evergreen, retaining the color of Golden Bantam and its delicious flavor, combined with the other two, and the sturdy yielding qualities of the Evergreen. This is truly a remarkably fine sort. 2-oz. packet, 10 cts.; $\frac{1}{2}$ lb., 23 cts.; lb., 40 cts.; 2 lbs., 70 cts.,

Resistant to Stewart's Disease or Bacterial Wilt. Developed by the Connecticut Agricultural Station. A heavy yielder, each stalk having 2 to 3 ears, 6-7 inches long, 8 to 12 rows of deep, luscious, yellow kernels, of best quality! In tests, was ready for picking in 65 days! Stalks strong and erect, 5-6 feet high! Spanish Gold is especially adapted to the needs of the critical trucker and private gardener. 2 oz. packet, 15 cts.; $\frac{1}{2}$ lb., 28 cts.; lb., 50 cts.; 2 lbs., 90 cts., postpaid.

627 Howling Mob (85 days) A Fine Midseason White Corn

When this new sweet corn was first intro-

When this new sweet corn was first introduced at market by the originator, it became so popular that crowds gathered about his stand. Really, a mob howled for this delicious corn, and so it was named Howling Mob.

Howling Mob is one of the best flavored and most tender of all second-early white sweet corns. It matures right after Golden Bantam and makes a perfect succession to this fine variety. Ears of Howling Mob measure from 7 to 9 inches in length and they are closely set with 9 inches in length and they are closely set with 12 or 14 rows of large, pearly white grains. 2 oz. packet, 10 cts.; ½ lb., 20 cts.; lb., 35 cts.; 2 lbs., 60 cts., postpaid.

627 Howling Mob-Gardener's Favorite

621 Country Gentlemen Sweet Corn

626 Early Evergreen

Earliest of All Evergreens Has ears fully as large as those of the regular Stowell's and is about five days earlier, while the grains remain tender for a longer period. Its most valuable feature, however, is the extreme paper whiteness of the grains, which makes not only a more attractive when served on the table, but is most important for the canner. It retains its whiteness when put up in cans as distinct from the yellowish tinge of the still popular original Stowell's Evergreen. 2-oz. packet, 10 cts.; ½ lb., 20 cts.; lb., 35 cts.; 2 lbs., 60 ets.; postpaid.

621 Country Gentlemen Sweet Corn

70-Day Improvement on the Old Favorite Shoe Peg. Used Extensively by Canners for Their Best and Highest Priced Canned Corn

Is a late main crop variety, which should find a place with every grower for home or market. The ears which are 7 to 9 inches long are borne on stalks 6 to 7 feet high. Unlike other sorts the grain is small and rather round and crowded together on the cob, instead of forming in defined rows. Deliciously tender and sweet this corn is regarded by many as the highest quality of all White Sweet corns. Condon's strain has been especially selected for small deep kernels and high sugar content and represents the highest bred type. 2-oz. packet, 10 cts.; ½ lb., 23 cts.; lb., 40 cts.; 2 lbs., 70 cts., postpaid.

622 Early Adams

Earliest Corn in Cultivation, not really a Sweet Corn but used extensively for a first-early table corn in the South. Ears 7 to 8 inches long; 2 inches thick; 12 to 14 rows. Kernels white, fairly sweet, and tender. 2-oz. packet, 7 cts.; ½ lb., 18 cts.; lb., 30 cts.; 2 lbs., 50 cts., postpaid.

614 Black Mexican

Grains when first perfected are pure white, and are then at their best for table use. Very tender and sweet; bluish black when ripe, but when cooked, grains are white with a bluish tinge. Fit to eat in 70 days. One of the best for home use. 2-oz. packet, 10 cts.; ½ lb., 22 cts.; lb., 38 cts.; 2 lbs., 68 cts., postpaid.

636 Early Minnesota

Very dependable productive variety for home and market garden. Plants 6 feet tall, often with 2 ears. Ears 7 to 8 inches long; 8 rowed; uniform. Kernels white, fairly tender, and sweet. 90 days. 2-oz. packet, 8 cts.; ½ lb., 20 cts.; lb., 35 cts.; 2 lbs., 60 cts., postpaid.

628 Mammoth Late Sugar

This tall growing sugar corn is one of the very sweetest known. It matures a little later than Stowell's Evergreen, and is large in both stalk and ear. In quality it is delicious, being sweet and tender. The ears remain long in the green state, and it is particularly good for canning purposes. An excellent late sort for the garden. 2-oz. packet, 10 cts.; ½ lb., 20 cts.; lb., 35 cts.; 2 lbs., 60 cts., postpaid.

626 Early Evergreen

619 Condon's "Private Strain" White Evergreen Sweet Corn

Wonderful Sort For Canning The Finest Quality, Largest Eared Sugar Corn Sweet as Honey, Tender Until Frost Comes

Enormously productive, averaging 3 to 5 fine Big Ears from a single stalk. Ears 8 to 10 inches long, 16 to 18 rows on the cob. Every ear runs uniform, well rounded out both on the tip and the butt. The ears are compactly filled with long, plump, purity white kernels, lusciously tender and sweet. Another great feature is the length of time the ears remain "in the milk," the thick husk giving it splendid protection, making it marketable for a longer period of time than any other known sort. In color it is the most perfect Purity White grain corn you ever saw, making it the most attractive ear when served on the table and the most valuable variety for canning, retaining when canned that distinct purity whiteness which makes a big demand for it at good prices even when the markets are loaded with other varieties. DON'T FAIL TO PLANT SOME OF IT. 2-oz. packet, 10 cts.; $\frac{1}{2}$ lb., 23 cts.; lb., 40 cts.; 2 lbs., 75 cts., postpaid.

The Standard Stowell's Evergreen Main Crop Variety

Stalks Make Marvelous Green Feed for Milch Cows Every Farmer Who Cuts Down His Field Corn Acreage Under the Corn and Hog Program Should Plant 10 Acres of Evergreen Corn for the Cows

Late maturing sort, producing strong and vigorous stalks, 7 to 8 feet high; produces ears 8 inches long with 16 or more rows of the finest sugary grains. This variety has gained and maintained a reputation for productiveness, fine rich flavor, sweetness and deep set tender white

grains. 2-oz. packet, 10 cts.; $\frac{1}{2}$ lb., 20 cts.; 1b., 35 cts.; 2 lbs., 60 cts., postpaid.

of Sweet Corn-Bred to Resist Bacterial Wilt or Stewart's Disease

These are all top crossed pollinated by hand and naturally cost more than open field pollinated corn; however, if you have any trouble with Wilt in your Sweet Corn fields it indicates very definitely these are the **Only** Safe Ones To Plant.

BEAR IN MIND—If your fields show no Bacterial Wilt the Standard Varieties listed are fully as good as these Top Crossed Va-

rieties and Less Expensive.

633 Top Crossed Golden Bantam

86 days. This is a hybrid type of Golden Bantam Corn bred to resist Stewart's Dis-ease or Bacterial Wilt. Produces ears 10 to 14 rowed, stalks 4½ to 5 feet tall, many stalks produce 2 ears. Very productive and we recommend this highly for a disease resistant variety. 2 ounce packet, 15 cts.; ½ lb., 28 cts.; lb., 50 cts.; 2 lbs., 90 cts, post-

635 Golden Cross Bantam. 88 days. The best Bantam Corn developed to date. A true Hybrid put out by the Purdue University. The stalks are exceptionally sturdy, broad, dark green leaves. Ears 7½ to 8 inches long, 10 to 12 rows with kernels medium in width and depth. Highly resistant to Stewart's bacterial wilt. 2 ounce packet, 15 ats 14 lb 25 ats 11. 15 cts.; ½ lb., 35 cts.; lb., 60 cts.; 2 lbs., \$1.10,

623 Kingscrost Golden Bantam (80 days)

New double cross between inbred strains of Especially (4 crosses.) noted for earliness, uniformity of maturity, eating quality and high yield. Ready for use 10 days earlier than ordinary Bantam. The ears are the same as Golden Bantam, about 6 inches long and 8-rowed, filled with broad, sweet, golden-yellow kernels. This variety is also resistant to Stewart's Wilt. 2 ounce packet, 15 cts.; ½ lb., 35 cts.; lb., 60 cts.; 2 lbs., \$1.10, postpaid. Golden Bantam.

635 Golden Cross Bantam

OF EVERGREEN CORN FOR YOUR COWS

Plant Sweet Corn every 10 days after frost until August and have roasting ears right up into fall.

1 oz. of seed will produce 4,000 plants.

Brittle. No Hollow Centers. Blanches itself to a Beautiful Golden Yellow. We supply it annually to the largest and most critical planters in America.

The plants are of medium size, compact and stocky, with yellowish green foliage. As they mature the inner stems and leaves turn beautiful golden yellow so that blanching is effected at a minimum expenditure of time and labor. Its handsome color, crispness, tenderness, freedom from stringiness, and fine nutty flavor have established it as a superior first early sort. Equally desirable for muck or upland farms. Try it. Packet, 10 cts.; ounce, 40 cts.; $\frac{1}{4}$ lb., \$1.35; $\frac{1}{2}$ lb., \$2.50; lb., \$4.75, postpaid.

Here Is What Customers Write

Gentlemen:

I gave your representative an order for 1 lb. of Condon's Golden Self-Blanching Celery Seed November 3, 1934. Would be pleased if you will send this Seed as soon as you can as we want to sow some of your Celery Seed in our Greenhouse for early Celery. Am well pleased with your Celery for early and late crop. Some of our early Celery grown from your Select Seed last year weighed 2% lbs. trimmed ready for market (one stalk).

Yours truly, Andrew Zwalua, 209 Bronson St.

339C Golden Self Blanching Tall Strain Selected French Grown Originators Stock

This strain of French grown Celery Seed is recognized as absolutely the highest type Pure Bred Seed available. It is grown especially for us by the French originator in France. Seed is saved from hand-selected plants. Produces tall, thick, broad stalks which are solid and very crisp. Blanches easily. When blanched the stalks are creamy white while the leaves turn a heautiful golden vellow. Packet 20 ets. turn a beautiful golden yellow. Packet, 26 cts.; ½ oz., 55 cts.; oz., 95 cts.; ¼ lb., \$3.00; ½ lb., \$5.50; lb., \$10.00, postpaid.

339A Golden Self Blanching (Dwarf Strain)

French Grown Seed

Having all the good character of the tall strain described above but grows shorter, attaining height of 18 to 20 inches. Packet. 20 cts.; ½ oz., 55 cts.; oz., 95 cts.; ¼ lb., \$3.00; ½ lb., \$5.50; lb., \$10.00, postpaid.

344 New Golden Plume or Wonderful

This celery is very similar to the Golden Self Blanching. It is of the same color and general appearance but of more vigorous, sturdy growth, forming heavy, solid stalks which blanch quickly and are of fine quality. Packet, 10 ets.; oz., 40 ets.; ½ 1b., \$1.30; ½ 1b., \$2.45; lb., \$4.75, postpaid.

348 Henderson's Easy Blanching Celery
Originators True Stock. Absolutely New
Distinct Sort

The Easiest and Quickest to Blanch The Earliest and the Latest in One Row

A valuable celery of recent introduction and is now extensively grown by the most progressive celery growers throughout the United States. The stalks are stocky in growth and of medium height and are the easiest and quickest to blanch and keep better in the trench than other sorts. The tender, brittle, sweet, nutty flavored stalks are attractive in appearance. Ready for the table or market in about 115 days. Grows equally well on muck or upland. Packet, 10 ets.; ounce, 25 cts.; ¼ lb., 90 ets.; ½ lb., \$1.75; lb., \$3.25, postpaid.

342 Condon's Extra Select White Plume

The Very Finest for Fall and Early Winter Use "Crisp as Ice"

It is a truly beautiful type. No other celery naturally turns white upon reaching maturity. All others require blanching with boards or with earth. The Golden Self-Blanching naturally turns yellow, but this one turns white. Not only does the stem whiten, but the leaf itself, especially every inner leaf, assumes the attractive white color. This makes the White Plume Celery one of the most showy ornaments that can be put upon the Thanksgiving or Christmas dinner table. Packet 10 cts: ounce 25 cts. dinner table. Packet, 10 cts.; ounce, 25 cts.; 1/4 lb., 75 cts.; 1/2 lb., \$1.40; lb., \$2.50; post-346 Celeriac

Large Smooth Prague
An improved form of turnip-rooted celery, excellent for soups and stews. Produces roots of nearly globular shape and comparatively smooth surface. Packet, 10 cts.; ounce, 25 cts.; 1/4 lb., 75 cts., post-

Turnip-Rooted Celery

348 Henderson's Easy Blanching

343 Giant Pascal

The Largest Ribbed Celery

This is a green-leaved variety developed from the Golden Yellow Self-Blanching, and we recommend it as being of the best quality for fall and early winter use. It blanches to a beautiful yellowish white color; is very solid and crisp and of a fine nutty flavor. Packet, 10 cts.: ounce, 25 flavor. Packet, 10 cts.; ounce, 25 cts.; ¼ lb., 75 cts.; ½ lb., \$1.40; lb., \$2.50, postpaid.

340 Columbia

Second Early Winter Sort

An early-maturing sort unsurpassed in shape and quality. The plant is of medium height, but very stocky and heavy. The plant is of medium height, but very stocky and heavy. The stalks are thick, almost round, resembling in shape those of Giant Pascal; the color has in it more of the rich yellow tint of Golden Yellow Self-Blanching, which variety it resembles very much in appearance when trimmed and bunched for the market. Packet, 10 cts.; ounce, 35 cts.; 4 lb., \$1.10; ½ lb., \$2.10; lb., \$4.00, postpaid, 1b., \$4.00, postpaid,

Pascal

347. Winter Queen

This very desirable variety is considered the most attractive in color and the best in quality of any of the late-keeping sorts. The plant is dwarf. Packet, 5 cts.; ounce, 20 cts.; ¼ lb., 65 cts.; ½ lb., \$1.15; lb., \$2.00, postpaid.

Florida Golden 345

A New, Distinct Type

A selection from Golden Plume, bred for taller growth, increased weight, and larger, thicker stems. Matures early. Hearts blanch to a rich cream color of exceptionally fine quality and excellent flavor. Stems broad and thick, solid and crisp. Plants full hearted and compact. Packet, 15 cts.; oz., 80 cts.; ¼ lb., \$2.25; ½ lb., \$4.25; lb., \$8.00, postpaid.

Large Celery Grower Writes As Follows

Gentlemen: Your Celery Seed is the best ever grown here. Always produces solid crisp stalks. Send me another pound 341 by Mail C.O.D.—Jas. H. Van Derbilt, Newark, New York.

Condon's "Sure Crop" Cucumbers

361 Condon's Early Wonder "Earliest of All"

Earliest, Smoothest, Greatest Yielder and the Most Crisp. The Best and Most Profitable Extra Early Slicer We Have Ever Seen. Notice Small Seed Cavity Which Tells the True Story. Superior Strain for Market Planters and Home Gardens

As an extra early Cucumber there is no strain to equal this. It is of a most handsome shape and holds its deep green color better than any other White Spine type. Fruits grow very even in size and regular in form. Color is dark olive green with lighter spines running from blossom end. It is smooth, tender and crisp. Remains green on the vine, and after picking it never turns yellow. It is very hardy, robust and free from disease. We have not seen a strain more uniform in size, color and evenness than our Earliest of All. Market gardeners and large planters who value earliness, will find this the most profitable sort in cultivation. Packet, 10 cts.; oz., 20 cts.; ½ lb., 50 cts.; ½ lb., 85 cts.; lb., \$1.50; 2 lbs., \$2.75, postpaid.

371 Snow's Early Pickling

364 Extra Long White Spine
The Extra Long White Spine, or "Evergreen," as it is sometimes called, is the standard and most popular of the Long White Spine varieties. In season it is early, vigorous, and prolific, more blight-proof than the ordinary long sorts. The shape is straight; smooth, dark, shiny green in color; 8 to 12 inches in length, and, compared with "Davis' Perfect," is larger in diameter. The flesh is crisp, tender and of superb flavor. For general market and home use it is without a superior in this variety. The seed we offer is the result of a number of years of exhaustive trials and a scientific selection from the pick of different strains of many growers. selection from the pick of different strains of many growers. Select stock. Packet, 5 cts.; oz.. 14 cts.; ¼ lb., 30 cts.; ½ lb., 50 cts.; 1 lb., 90 cts.; 2 lbs., \$1.70. postpaid.

371 Snow's Early Pickling

See natural painting on inside front cover

This is a selection made from the "Chicago Pickle" by a veteran pickle grower, Mr. Snow, of the famous Snow Pickle Farm, Rockford, Ill. The type is shorter when ripe than the Chicago Pickle and is broad at the stem end, tapering slightly to the tip. The small pickles are dark green, cylindrical and square ended, average 4 to 5 inches in length when large enough for slicing, and are of excellent quality; but it is chiefly for producing medium-sized pickles, that this variety is so highly esteemed. If the fruits are gathered as soon as large enough, the vines will continue bearing through a long season. Packet, 10 ets.; oz., 20 ets.; 1/4 lb., 42 ets.; 1/2 lb., 70 ets.; lb., \$1.25; 2 lbs., \$2.25, postpaid.

Extra Select Cucumbers for Home and Market

362 Davis Perfect Leading Greenhouse Variety for 25 years. Reselected Pure Bred Strain with Very Few Seeds—Perfect Shape—68 days

Popular cucumber almost everywhere. It is idealfor shape, color, and quality; just about perfect in size. It does not change its rich, dark green color when grown outdoors. In fact, it always greatly resembles the handsome, large smooth hothouse cucumbers offered at high prices in all the better markets. Vigorous, sturdy, and very productive vines, bearing an abundance of large fruits 10 in. in length and 2½ in. in diameter. Our reselected seed is much improved over the ordinary stocks offered. Packet, 10 cts.; oz., 17 cts.; ¼ lb., 40 cts.; ½ lb., 70 cts.; lb, \$1.25; 2 lbs., \$2.25, postpaid.

357½ Straight 8—Gold Medal Award for 1935

This new outstanding variety produces symmetrical, cylindrical fruits about sinches in length and about 1½ inches in diameter. The fruits are well rounded at the ends and when in condition for use are deep green and free from objectional striping or tipping. Although its characteristics make it an ideal shipping variety, it is also equally desirable for the home or market garden. Retains its beautiful dark green color long after being picked. Packet, 10 cts.; oz., 20 cts.; ½ lb., 50 cts.; ½·lb., 85 cts.; lb., \$1.50; 2 lbs., \$2.75, postpaid.

360 Condon's Extra Early Improved Long Green

This fine Cucumber of the "black spine" type grows from 12 to 16 inches in length and is of superior quality. Of fine dark green color, slender, tapering toward the stem end. Flesh very firm and crisp. The young fruit is used very largely for pickling and full sized Cucumbers are in high favor for slicing and for making the so-called sweet pickles when the fruits are ripe and yellow. Ready for market in 70 days. Packet, 10 cts.; oz., 17 cts.; ¼ lb., 40 cts.; ½ lb., 70 cts.; lb., \$1.25; 2 lbs., \$2.25, postpaid.

70 ets.; lb., \$1.25; 2 lbs., \$2.25, postpaid.

372 Condon's Everbearing

This is a unique and highly meritorious pickling variety; meritorious because of its quality, and unique in its ability to go right on bearing, whether the ripened cucumbers are picked or not. It is enormously productive and a general favorite. Fruits of every age and also blossoms may be found on a single vine and bearing continues until the confine of the state of the st ing of frost. A favorite for pickles. Also an excellent home garden variety. Packet, 10 cts.; oz., 17 cts.; ¼ lb., 40 cts.; ½ lb., 70 cts.; lb., \$1.25; 2 lbs., \$2.25, postpaid.

365 Green Prolific or Boston Pickling

This is a very prolific cucumber; largely planted for pickles. The fruits average 4 to 6 inches in length when large enough for slicing, and are of excellent quality. It is, however, for producing medium-sized pickles that this variety is so highly esteemed, as it is enormously productive, and if the fruits are been gathered as good as large another. and if the fruits are kept gathered as soon as large enough, the vines will continue bearing throughout a long season. Packet, 5 cts.; oz., 12 cts.; ¼ lb., 28 cts.; ½ lb., 50 cts.; lb., 90 cts.; 2 lbs., \$1.65, postpaid.

369 Serpent or Snake

A curious, unusually much twisted cucumber. Grows in many interesting shapes and forms. Often measures 2 to 4 feet long. More of a curiosity to grow to exhibit at fairs than for food value. Pkt., 10 cts.; ounce, 35 cts., postpaid.

Make Money Raising Cucumbers for Home and Market

Cucumber-

Condon's Extra

Early moroved Long Green

Gherkin

367 Klondike "White Spine"

A medium early, white-spined cucumber of handsome, very dark green color and of excellent quality for slicing. The vines are very hardy and productive. The fruits when mature are about 8 inches long, and are uniform in size and shape. The dark green color is retained much longer and is affected less by the hot sun than any other sort with which we are familiar. Packet, 5 cts.; oz., 12 cts.; ½ lb., 28 cts.; ½ lb., 50 cts.; lb., 90 cts.; 2 lbs., \$1.65, postpaid.

373 West India Gherkins

A small fruited variety, very prolific, and used only for pickling as it has no slicing value. Fruits are thick and rounded in shape, ranging from 2 to 3 inches in length, and covered with spines. Makes a strong growth of slender vines, with small foliage. Prices, packet, 10 cts.; ounce, 25 cts.; ½ lb., 75 cts.

375 Early Fortune One of the finest types of White Spine yet produced. Early, very productive and disease resistant; fruits 9 inches long, slightly tapering; flesh white, very firm and crisp, with few seeds. The color is a rich, dark green, which does not fade when shipped a long distance. On account of its earliness, handsome shape medium size darks of its earliness, handsome shape, medium size, dark glossy green color and prolificness, it has become one of the most popular varieties with commercial truckers who plant acres for shipment to Northern markets. Matures in about 50 days. It is one of the earliest and finest dark-black, green-white spine cucumbers. Our seed is of originators "True Stock" Extra Selected Annually—None better. Packet, 10 cts.; oz., 16 cts.; 1/4 lb., 37 cts.; 1/2 lb., 64 cts.; lb., \$1.15; 2 lbs., \$2.20, postpaid.

370 Early Green Cluster Fruits of the slim form are desirable for pickling. It is extra prolific, frequently setting in clusters of two or three. These are desirable for small pickles. If the fruits are kept gathered, the vines will continue bearing. Packet, 5 cts.; oz., 12 cts.; ¼ lb., 28 cts.; ½ lb., 50 cts.; lb., 90 cts.; 2 lbs., \$1.70, postpaid.

363 Early Short Green This variety is known also as Early Frame, and is an early, bright green cucumber of medium size, very extensively used for slicing and pickling. Packet, 5 ets.; oz., 12 ets.; 14 lb., 28 ets.; ½ lb., 50 ets.; lb., 90 ets.; 2 lbs., \$1.70, postpaid postpaid.

368 The New Lemon Its flavor is delicious, never bitter. Excel-Round Like a Lemon lent for slicing,

and for salads and pickles surpasses them all; always tender, crisp and juicy. Packet, 10 cts.; oz., 20 cts.; 1/4 lb., 50 cts.; 1/2 lb., 90 cts.; lb., \$1.70, post-

General favorite everywhere and is used almost exclusively by pickle factories throughout the country. The fruit is of medium size, wonderfully even in growth, slightly pointed at both ends. Extra early and the whole crop can be depended upon to make fine shaped pickles. Color deep green, begins to set its fruit when quite young. You will find this variety valuable for slicing also, being of fine flavor, crisp and delicious. Packet, 10 cts.; oz., 15 cts: ¼ lb., 35 cts.; crisp and delicious. Packet, 10 cts.; oz., 15 cts; ¼ lb., 35 cts.; ing color when fruits ½ lb., 55 cts.; lb., 95 cts.; 2 lbs., \$1.80, postpaid. crisp and delicious.

358 Arlington White Spine

The young fruits are crisp and tender, and are of dark green color. The mature fruits are about 6½ to 7 inches long. Considered by many to be the best sort for small pickles. Excellent also for slicing. Packet, 5 cts.; oz., 12 cts.; ¼ lb., 28 cts.; ½ lb., 50 cts.; lb., 90 cts.; 2 lbs., \$1.70, postpaid.

366 Japanese Climbing Vines exbeing a climbing sort; can be grown on trellises or other supports, valuable in small gardens. Very prolific, from 40 to 50 fruits having been counted on single plants. The cucumbers are long and of fine flavor. Packet, 10 ets.; oz., 20 ets.; ½ lb., 45 ets.; ½ lb., 80 ets.; lb., \$1.50, postpaid.

357 Longfellow

A distinct new type producing Cucumbers out of doors fully equal in appearance under normal conditions to any hot house grown Cucumber. The fruits are slender with very few seed and the color is uniform from end to end. An ideal type for private garden or market running. ideal type for private garden or market purposes. Fruits 12 to 14 inches long by 2½ inches in diameter. Decidedly deep green in color. Packet, 10 cts.; oz., 20 cts.; ¼ lb., 55 cts.; ½ lb., 95 cts.; lb., \$1.75; 2 lbs., \$3.25, postpaid.

"It Stays Green" variety grown in the South, especially in Florida. Probably the earliest of the white spine types and unquestionably the heaviest yielder. Fruits are vivid dark green with no trace of white even when fruit is mature. Ideal size for packing. This seed is a distinct variety and is not in any way the product of the originator. Packet, 5 cts.; oz., 12 cts.; 14 lb 28 cts.; 16 lb 50 cts.; lb., 90 cts.; 2 lbs., \$1.70. 1/4 lb., 28 cts.; 1/2 lb., 50 cts.; lb., 90 cts.; 2 lbs., \$1.70,

374 White Wonder

Beautiful clear white, not even changare matured. Fruits 8 to 10 inches long, very uniform. Wonderful flavor. Excellent as a slicer or for pickles. Packet, 10 cts.; oz., 20 cts.; 1/4 1b., 50 cts.; $\frac{1}{2}$ lb., 80 cts.; lb., \$1.35; 2 1bs., \$2.50, postpaid.

ENDIVE The Great Salad Plant for Fall and Winter Use. Also Known as Winter Lettuce

382 Fine Green Curled or Giant Fringed Oyster. A hardy, vigorous growing endive with bright deep green leaves. The midribs of the outer leaves are usually tinged with rose. The dense mass of deeply divided leaves formed in the center blanches very readily to a rich cream color. This sort is highly esteemed for the market and home garden, and is much used for salads. Pkt., 8 cts.; oz., 17 ets.; $\frac{1}{4}$ lb., 35 ets.; $\frac{1}{2}$ lb., 56 ets.; lb., \$1.00, postpaid.

383 White Curled The plants are moderately dense, with divided leaves which are very light yellowish green in color, even the outer ones being very light. This variety blanches readily to an attractive creamy white. Pkt., 8 cts.; oz., 17 cts.; ½ lb., 35 cts.; ½ lb., 56 cts.; lb., \$1.00, postpaid.

380 Broad Leaved Batavian

(Escarolle) A variety having broad, more or less twisted and waved bright deep green leaves with thick, nearly white midribs. The inner leaves form a fairly solid, clustering head which blanches to a beautiful deep creamy white and is crisp and tender. This sort is unsurpassed for salads and is much used for the home garden and market. Pkt., 8 cts.; oz., 17 ets.; 1/4 lb., 35 ets.; 1/2 lb., 56 ets.; lb., \$1.00, postpaid.

379 Dandelion (Lowenzahn; Dent-de-Lion.) Cultivated for spring greens, is fast gaining favor. Our thick or cabbage leaved variety is best; unlike common sorts, almost double usual size. Pkt., 10 cts.; oz., 40 cts.; 1/4 lb., \$1.20; 1/2 lb., \$2.10; lb. \$4.00, postpaid.

405 Savory Summer

Every kitchen garden should have a few herbs. They are easily grown and are always pleasant and desirable for flavoring, perfuming and medicinal purposes.

Culture—Sow in early spring, at the time when the trees begin to leaf, in ordinarily good and well-drained garden soil, in rows 12 to 24 inches apart. Cover seed lightly. Thin or transplant to stand 6 to 12 inches apart in the rows. Cultivate frequently and apart in the rows. Cultivate frequently and keep free from weeds.

EGG PLANT Earliest and Largest

Condon's Colossal

A Delicious Vegetable You Should Grow Profitable Market Crop

It is of large size and extremely good shape, being particularly adapted to slicing, and for flavor it cannot be surpassed. It resists drought, blight and bad weather to a wonder-ful degree, on account of its strong, upright growth. The deep purple fruit often measures

growth. The deep purple fruit often measures 18 to 24 inches in circumference (6 to 8 inches in diameter) and is borne well above the ground. Packet, 15 cts.; oz., 65 cts.; ¼ lb., \$1.75; ½ lb., \$3.25; lb., \$6.00, postpaid.

376 Black Beauty. As large as the New York Improved, but about ten days earlier. The skin is a rich, lustrous purplish black—the satin gloss and rich coloring add greatly to the beauty of these "eggs." The intensely brilliant coloring is uniform over the whole fruit. Pkt., 10 cts.; oz., 35 cts.; ¼ lb., \$1.10; ½ lb., \$2.00; lb., \$3.90, postpaid.

postpaid.

378 Large New York Purple. This is an entirely spineless strain of the large purple-fruited, which is the well-known standard. The plants are equally as productive, fruits as large and well colored, but stems and calyx are entirely free from spine. Pkt., 10 cts.; oz., 35 cts.; 1/4 lb., \$1.10; 1/2 lb.,

Attractive Ornamental and Useful

Annual vines useful for covering fences, slopes, or unsightly places. The fruits of the smaller varieties, when dried, are excellent toys for children, while the large ones may be used as bowls, dippers, etc.

389 Nest Egg. White egg shaped fruits. Dried used for nest egg and darning ball.

390 Sugar Trough. Long club-like fruits with thick lasting rind. Used for small buckets.

386 Dipper. Large fruits with a handle-like neck. May be used as dipper.

387 Dish Cloth or Luffa. Fruits used as a sponge.

388 Finest Mixed. Combination of all the large fruited varieties including the most curious interesting and useful sorts. Prices on all Gourds—Pkt., 10 cts.; oz., 20 cts., postpaid.

Pop Corn A Delicious and Profitable Crop

548 Condon's "New Squaw" Hulless. The most marvelous Pop Corn ever introduced. Ears 8 to 9 inches long, 8-row kernels smooth top (making it easy to harvest), double the size of any other Pop Corn we have ever seen. When popped the kernel is two or three times larger than other varieties and the marvelous thing about it is—it is absolutely hulless and the most delicious flavor of any and all other varieties—pure white—extra large—making the most wonderful Pop Corn Balls. Packet, 7 cts.; 1/4 lb., 14 cts.; 1/2 lb., 20 cts.; lb., 35 cts.; 2 lbs., 60 cts.; 5 lbs., \$1.35, postpaid.

Japanese Hulless or Tom Thumb. (130 days). This variety is also called Dwarf Baby Rice. A heavy yielder with handsome ears closely set with pure white, rice-like kernels. The ears are nearly as broad as they are long. They are free from hulls or shells. Packet, 7 cts.; 1/4 lb., 12 cts.; 1/2 lb., 20 cts.; lb., 35 cts.; 2 lb., 60 cts.; 5 lbs., \$1.35, postpaid.

Queen's Golden. (130 days). Handsome, large ears of a beautiful, rich golden yellow color, popping into large, fluffy, white balls. Often has 2 or 3 ears to a single stalk. Packet, 7 cts.; ½ lb., 12 cts.; ½ lb., 20 cts.; lb., 35 cts.; 2 lbs., 60 cts.; 5 lbs., \$1.35. postpaid.

Monarch White Rice or Snowball. (140 days). Our strain of White Rice is an improvement of the older type with larger ears containing considerably more kernels. Three ears per plant is not unusual. The white grains are sharply pointed but pop into fluffy, round, white balls. Packet, 7 cts.; 1/4 lb., 12 cts.; 1/2 lb., 20 cts.; 1b., 35 cts.; 2 lbs., 60 cts.; 5 lbs., \$1.35, postpaid.

546 1/2 South American Mushroom Dynamite or T.N.T. (140 days).

When popped the kernels are over an inch in diameter—larger than any other variety and are of a creamy, white color. We highly recommend this variety. Packet. 10 cts.; ¼ lb., 14 cts.; ½ lb., 22 cts.; lb., 38 cts.; 2 lbs., 70 cts.; 5 lbs., \$1.43, postpaid.

New Golden Hulless. A Delicious New Pop Corn that fairly melts in your mouth. Ripe ears are 3½ to 4 in. long and about 2 in. thick and blocky. Kernels are sharp or pointed and of a golden yellow color. Pops pure white with a light tinge of cream. Packet, 10 cts.; ¼ lb., 15 cts.; ½ lb., 25 cts.; lb., 40 cts.; 2 lbs., 70 cts.; 5 lbs., \$1.45, postpaid.

545 Japanese Hulless or Tom Thumb

5481/2 Special Offer. 1 large pkt. of above 6 kinds of Pop Corn. Only 30 cts. postpaid.

Brussels Sprouts New Danish Prize

Georgia Collards

353 Peppergrass

BRUSSELS SPROUTS

A variety of cabbage producing small heads or knobs along the stem, which are cooked like cabbage. Very popular in some markets. 267 New Danish Prize

This new variety has proven to be a decided advance on anything yet offered, being of half-dwarf, sturdy growth and producing abundant large solid dark groon sprouts dant large solid dark green sprouts which are of excellent quality. Packet, 10 cts.; ounce, 25 cts.; 1/4 lb., 75 cts.; 1/2 lb., \$1.20; lb., \$2.00, post-

266 Half Dwarf Paris Market This is the most popular Brussels Sprouts on the Parisian market, scarcely exceeding 2 feet in height It is of straight habit, with a slight purplish tinge on the leaf stalks, and sematimes on the sprouts them. and sometimes on the sprouts them-selves when young. injure, but rather

Packet, 5 ets.; ounce, 12 ets.; ¼ lb., 20 ets.; ½ lb., 35 ets.; lb., 65 ets., post-

This is hardier than Cabbage and makes excellent greens for Winter and Spring use. The leaves are as curly as Parsley, tender, and of very fine flavor. It is improved by frost. Sow the seeds in May or June, transplant in July and treat same as Cabbage, Immense quantities of this are grown in the South and shipped to Northern markets. Packet, 5 cts.; ounce, 10 cts.; ¼ lb., 30 cts.; ½ lb., 50 cts.; lb., 90 cts., postpaid.

349 Chervil, Curled

349 CHERVIL

Borecole or Kale-Dwarf Curled 293 Tall Green Scotch

Curled Kale

This variety is very hardy and is improved by a moderate frost.

About thirty inches tall, with an abundance of green leaves, which are densely curled and crinkled. Stands the Winters in the Middle States without protection. Packet, 5 cts.; ounce, 10 cts.; ¼ lb., 30 cts.; ½ lb., 50 cts.; lb., 90 cts., postpaid.

Hardy annual, worthy of more general use for flavorand ing garnishing. Curled variety more b e a u t i f u l than parsley. Packet, 10cts.;ounce, 25 cts., postpaid.

their quality.

im-

This small salad is much used with lettuce to the flavor of which its warm, pungent taste makes a most agreeable addition. Packet, 5 cts.; ounce, 10 cts.; 1/4 lb., 25 cts., postpaid.

355 True WaterCress

This is quite distinct from the last, and only thrives when its roots and stems are submerged in water. It is one of the most delicious of small salads, and should be planted wherever a suitable place can be found. Packet, 10 cts.; ounce, 30 cts., postpaid.

354 New Upland Cress

proves

paid.

Has the highly prized flavor of Water Cress. It is so hardy as to be green nearly the whole year, and is ready for use before any other salad in Spring. Its usage should be more general, as it is of as easy culture as spinach. It is a perennial plant

spinach. It is a perennial plant and can be grown for several years without renewal. Packet, 10 cts.; ounce, 25 ets., postpaid.

352 Corn Salad

CORN SALAD

352 Fetticus or Lambs Lettuce

delightful salad, known as Mache-Steck Salot, is used during the Winter and Spring months as a substitute for let-tuce, and is also cooked and used like spinach. In warm weather the plants will mature in four to six weeks. Perfectly hardy, sow in fall for early spring use. Packet, 7 cts.; ounce, 15 cts.; ¼ lb., 35 cts.; ½ lb., 55 cts.; lb., \$1.00, postpaid.

433 The Mango Melon

Or Vegetable Peach

Another splendid novelty of late introduction, very striking in color, most wonderful yielder. Fruit is about the size of an orange, orange-shaped; and a bright orange-yellow color, somewhat russeted. For sweet pickles, pies or preserving they are splendid. Packet, 10 ets.; ounce, 25 ets., postpaid.

384 New Garden Lemon

Certainly one of the greatest novelties of recent introduction. Resembles the Vine Peach in manner of growth, but is distinct in that the unripe fruit is striped with very dark green spots, nearly black, and when ripe is not russeted like the Vegetable Peach. Packet, 10 ets.; ounce, 25 ets., postpaid.

417 Condon's Cabbage Head Lettuce

Big Money Maker Gardeners' Market King

Originated on our Rock River Valley Seed Farm and introduced in 1913. Thousands of customers will have no other kind.

Recommended by critical market gardeners as the very best solid heading variety for Spring or Summer months. It will not scald or burn and will make solid heads where all other sorts fail. Very crisp and tender.

Produces immense heads, 8 to 10 inches across, and as solid as a Cabbage. It blanches beautifully. Crisp, Tender and Delicious. Absolutely Free from Bitterness.

The Largest-Heading Lettuce of all. It frequently weighs two or three pounds. The head is very solid, of pleasing light green color. As an example of its "standing" properties, perfect Lettuces were cut from the same bed for upwards of seven weeks. It is pronounced the finest in cultivation for exhibition purposes, and for an outdoor all season variety it stands unrivaled. Packet, 10 cts.; ounce, 20 cts.; ¼ lb., 60 cts.; ½ lb., \$1.10; lb., \$2.00; 2 lbs., \$3.90, postpaid.

Condon's Market Gardeners' Early Curled

The Great Outdoor Curled or Loose Leaf Variety Withstands Extremes of Weather Better Than Any Other Variety

The earliest, largest, hardiest, crisp, tender, curled Lettuce in cultivation. Quick money maker for the gardener, and for back yard home gardens. We recommend this as the very finest early curled variety.

This grand new variety, which we introduced in 1912, has become very popular with our gardeners. They claim it is superior to the old varieties for green-house forcing, and is equalled by none for outside culture. Makes quick growth, forms large, loose heads, leaves thin, exceedingly tender and very curly. Color light green to golden yellow. Best sort for gardeners. Packet, 10 cts.; ounce, 20 cts.; ½ lb., 60 cts.; ½ lb., \$1.10; lb., \$2.00; 2 lbs., \$3.90, postpaid.

418 Condon's Market Gardeners' Early Curled

421 Grand Rapids Lettuce

Condon's "Pure Bred" Superior Strain for Market Planters and Home Gardens

This variety is especially adapted to greenhouse culture in winter. In the great Lettuce-growing centers our strain of this Grand Forcing sort is very largely used, and the product is sold in such large quantities that prices are quoted by the ton. It is superior to and more beautiful in appearance than the Simpson. It is of rapid, upright growth; may be planted close; not liable to rot, standing several days after being ready to cut without injury; retains its freshness a long time after being cut, hence is much sought after by dealers; its quality is very desirable. See photograph, cut reduced four times. Packet, 7 cts.; ounce, 15 cts.; ½ lb., 35 cts.; $\frac{1}{2}$ lb., 55 cts.; lb., 95 cts.; 2 lbs., \$1.75, post-

Mr. Frank Huffsmith, Hughestown, Penna., writes: The Lettuce and other Seeds purchased of you annually for many years have always been true to name, and very satisfactory.

426 May King

The Earliest of All Heading Varieties

This is a handsome, extremely early, compact, cabbage or heading variety for the home garden and market, forming very firm heads of medium size and excellent quality. The color is light yellowish green, tinged with reddish brown when mature. The inner leaves blanch rich golden yellow, very tender and buttery. The plant is very compact for so large a head. The variety is exceptionally early outdoors, attaining a size suitable for use before other sorts and is also very satisfactory for forcing. Packet, 7 cts.; ounce, 15 cts., $\frac{1}{4}$ lb., 40 cts.; $\frac{1}{2}$ lb., 70 cts.; lb., \$1.25; 2 lbs., \$2.25, postpaid.

414 Big Boston Extra Select Strain for Critical Planters

This market variety is very popular for outdoor culture and is also in demand as a compact, large heading, forcing sort for coldframes. The plants are large, very hardy and vigorous. The leaves are broad, comparatively smooth but wavy at the edge, thin, very hard and crisp. In color they are bright light green, the head slightly tinged with reddish brown. The inner leaves blanch to an attractive greenish white, tinged with light yellow. It heads up under cold weather conditions better than any other variety, and is grown very extensively in the south for shipment north in the winter. Packet, 7 cts.; ounce, 14 cts.; \(\frac{1}{4}\) lb., 32 cts.; \(\frac{1}{2}\) lb., 55 cts.; lb., \$1.00; 2 lbs., \$1.90, postpaid.

Reliable

ETTUCE

419 Improved Hanson

419 Improved

Hot Weather Kind

Grows to large size and is uniformly sure-heading. Heads very solid and beautifully blanched, crisp, mild and tender. One of and tender. the finest varieties to grow for market dursummer months. Our stock is unexcelled. Packet, 7; cts.; ounce, 13 cts.; ¼ lb., 35 cts.; ½ lb., 65 cts.; lb., \$1.25; 2 lbs., \$2.25, postpaid.

Tomhannock

430 Tomhannock

Iceberg—"Sure Header"

Extra Select Strain for Market Planters and Home Gardeners

Has an unusually solid head. The white main ribs of the leaves curve toward the center, which keeps the interior thoroughly bleached. It is quick growing and always crisp and tender, whether propagated in early spring or in the hot days of summer. Packet, 10 cts.; ounce, 20 cts.; $\frac{1}{4}$ lb., 38 cts.; $\frac{1}{2}$ lb., 70 cts.; lb., \$1.25; 2 1bs., \$2.25, postpaid.

124 Immensity the very largest lettuce in cultivation. Tender sweet and crisp. Produces fine, large, solid head, reliable hot weather sort. Pkt., 5 cts.; oz., 12 cts.; ¼ lb., 30 cts.; ½ lb., 55 cts.; lb., \$1.00; 2 lbs., \$1.90, postpaid.

423 Los Angeles (New York Special No. 12)

This Lettuce does not head—makes a loose bunch of leaves of very fine quality. Edges of the outer leaves are a reddish bronze; within, the leaves are almost white. Very crisp and tender. Packet, 10 cts.; ounce, 17 cts.; 1/4 lb., 44 cts.; 1/2 lb., 76 cts.; lb., \$1.35.

Handsome Reddish Bronze Edged

BeSure to Look Over Our Perennial & Nursery Sections

Market Gardeners Special Prices Pages 96, 97, 98, 99

423 Los Angeles (New York Special No. 12)

This is the World's Famous Head Lettuce grown so extensively in the Imperial Valley of California for Eastern markets. Nearly 6000 carloads shipped last season, valued at approximately \$23,000,000.00. First introduced in 1906 and continually improved until our present stock of seed is absolutely dependable and unsurpassed. New York Special is particularly adapted to California and the Southwest. For Central-Eastern and Southeastern planting use Condon's Cabbage Head Iceberg and Big Boston. Packet, 10 cts.; ounce, 20 cts.; $\frac{1}{4}$ lb., 45 cts.; $\frac{1}{2}$ lb., 85 cts.; lb., \$1.50; 2 lbs., \$2.75, postpaid.

416 California Cream Butter

A very reliable heading sort, with glossy, deep green leaves, the outer ones slightly spotted or splashed with brown. The inner leaves form a large, very solid head, rich light yellow in color, very thick, tender and buttery. Packet, 5 cts.; ounce, 13 cts.; ¼ lb., 30 cts.; ½ lb., 50 cts.; lb., 95 cents.; 2 lbs., \$1.80, postpaid.

CONDON'S "Sure Crop" LETTUCE

 $\frac{1}{2}$ oz. of Lettuce seed will sow a row 100 ft. long in drills. 3 lbs. of seed will sow one acre.

415 Black Seeded Simpson

teed to please

WHY **CHANCE OTHERS!**

Simpson's Early Curled

415 Black Seeded Simpson

Extra Selected Strain One of the best for sowing out-doors where an exceedingly tender leaf is desired and for those markets which demand a very large loose clustering sort. The color is an attractive light yellowish green. It is used also for growing under glass or in frames. The leaves are ruffled and blistered and even the large outer ones are very tender. This curly and thin-leaved, bunching variety is uniformly attractive and remains of excellent quality a very long time. Packet, 5 ets.; ounce, 14 ets.; ¼ lb., 30 ets.; ½ lb., 55 ets.; lb., \$1.00; 2 lbs., \$1.90, postpaid.

Paris White Cos

A very extensively used early

loose-leaved, or clustering variety. The leaves are light green in color, slightly frilled and much blistered, crisp, sweet and tender. The sort is especially adapted for sowing thickly and cutting when the plants are young. Packet, 5 cts.; ounce, 14 cts.; ¼ lb., 30 cts.; ½ lb., 55 cts.; lb., \$1.00; 2 lbs., \$1.90, postpaid.

427 Paris White Cos

Cos Lettuce is distinct from other varieties, in having long, narrow, spoon-shaped leaves, folding into loose, sugar-loaf shaped heads which blanch better by having the outer leaves drawn about them and tied. Packet, 5 ets.; ounce, 14 ets.; 14 lb 20 ets.; 14 lb 25 ets.; lb 21 00. 1b., 30 cts.; 1/2 lb., 55 cts.; lb., \$1.00; 2 lbs., \$1.90, postpaid.

431 Chicken Lettuce

Wonderful for Poultry, Rabbits, etc.

Here is a genuine leaf lettuce which will yield as much or more chicken or rabbit feed as any "greens" plant. When once cut it starts to grow again. The leaves can be pulled off each stem like kale. Chicken lettuce does not make a head, but sends up vigorous stalks just loaded with leaves. Prices: Pkt., 5 cts.; ounce, 14 cts.; $\frac{1}{4}$ lb., 30 cts.; $\frac{1}{2}$ lb., 55 cts.; lb., \$1.00; 2 lbs., \$1.90, postpaid.

425 Black Seeded Big Boston

425 Black Seeded Big Boston

Or Lapp's Black Seeded Cabbage Head

This new cabbage heading lettuce is an improved black-seeded strain of the famous Big Boston. Producing larger white heads, which are always tender and crisp, more compact and will stand shipping better than Big Boston. Excellent for forcing in the greenhouse, hot bed or cold frames, also for growing in the open ground spring or fall. Packet, 7 ets.; ounce, 15 ets.; ¼ lb., 35 ets.; ½ lb., 65 ets.; lb., \$1.25; 2 lbs., \$2.25, postpaid.

Early Prizehead (Red Edge) Curled

Early Prizehead

Reddish Bronze Edged

A large, clustering, nonheading lettuce, most excellent for the home garden and undoubtedly the most easily grown variety in cultivation. It is too tender, however, to stand shiptoning or handling on the marping or handling on the mar-ket. The leaves are finely curled and crumpled, bright green tinged with brownish red, and are very crisp, tender and sweet. Packet, 5 cts.; ounce. 14 ets.; ¼ lb., 30 ets., ½ lb., 55 ets.; lb., \$1.00; 2 lbs., \$1.90, postpaid.

The Earliest, Sweetest, Largest and Best Salmon Flesh Melon

You will find in this grand melon the acme of perfection in the salmon flesh varieties. The original type of this new melon was first located in our field of Osage, where we found by close comparison it surpassed this excellent variety, as it did all others. Weighs from 6 to 8 pounds; exceedingly thin skin, deep flesh, ripening very close to rind. Very small seed cavity, firmly netted, distinctly ribbed, very firm and solid both on blossom and stem end. Never known to crack open. Flesh is deep Salmon color, very thick meat, sweet, sugary and delicious. This grand Melon sold this year on the local market at 25c each when other varieties were selling at 10c and 15c. The gardeners who grew Condon's Perfection were always sold out and gone before other varieties would sell at any price. Try it yourself. See photograph above. Packet, 10 cts.; ounce, 22 cts.; 1/4 lb., \$1.10; lb., \$2.00; 2 lbs., \$3.75, postpaid.

449 Extra Early Hackensack

Produces melons two weeks earlier than the old Hackensack; heavily netted, and has light green flesh of most delicious flavor; a splendid Cantaloupe melon. Its shape and solidity admit of its being packed very closely in crates for shipment, and it will keep in good condition for several days after picking. Large, fine form; grown also for the home garden very extensively. Packet, 5 cts.; ounce, 12 cts.; ¼ lb., 30 cts.; ½ lb., 55 cts.; lb., \$1.00; 2 lbs., \$1.90, postpaid.

446 Golden Cassaba or Winter

"The Great Christmas Melon"

It is extensively grown throughout the Southwest for shipping to our Eastern markets, and sold at such very high prices during the early winter months. The melons are nearly globular in shape, bright yellow with golden tint and wrinkled skin. Measures 6 to 8 inches in diameter. Flesh is white, thick, and of delicious flavor. Packet, 10 cts.; ounce, 18 cts.; 1/4 lb., 45 cts.; 1/2 lb., 70 cts.; lb., \$1.25; 2 lbs., \$2.40, postpaid.

1 oz. of seed will plant 50 hills.
3 lbs. of seed will plant one acre in hills.

Cultivation It looks and tastes like a Banana. It is not a curiosity, but instead a wonderful Home Melon and a great Money Maker in any market. Fancy specimens often selling at 50c to 75c apiece. The flesh is nearly solid (Orange Color) attaining length of 20 to 28 inches. Put in a small patch this year for your own use and any you don't eat you can sell at a big price. Pkt., 10 cts.; oz., 17 cts.; 1/4 lb., 40 cts.; 1/2 lb., 70 cts.; lb., \$1.25; 2 lbs., \$2.25, postpaid.

445 Genuine Tip Top

Market Gardeners' Big Money Maker

Used almost exclusively as a large "orange flesh" Melon by the large melon growers of Ft. Wayne and Indianapolis, Ind., Columbus and Toledo, Ohio, Rochester, New York, and many other large centers. Our seed is the originator's strain, highly improved and "Guaranteed" to please the most exacting planter. The melon is large size, evenly ribbed and fairly well netted, outside color pea green. It is a strong grower, almost blight resistant, heavy yielder and of handsome appearance. Flesh is beautiful orange color, very thick and solid, edible almost to the rind. Matures in 80 to 85 days. Our strain produces very uniform fruit, all of which large or small are excellent quality and sell at big prices in the market places. Try it. Packet, 5 cts.; ounce, 14 cts.; $\frac{1}{4}$ lb., 33 cts.; $\frac{1}{2}$ lb., 55 cts.; lb., 95 cts.; 2 lbs., \$1.75, postpaid.

442 Emerald Gem

One of the Very Best for Home Gardens

Very early. A richly flavored melon, salmon colored flesh, which is almost crystal in appearance, the flavor being rich, very sweet and luscious. The skin is quite smooth, and of a beautiful deep green color. This variety is very prolific and is one of the most valuable sorts in cultivation. Pkt., 5 cts.; oz., 12 cts.; $\frac{1}{4}$ lb., 30 cts.; $\frac{1}{2}$ lb., 55 cts.; lb., \$1.00; 2 lbs., \$1.90, postpaid.

438 New Honey Ball

One of the Finest Melons Ever Introduced. Especially Suited to Southern States for Commercial Planters Shipping North Recently introduced, this cantaloupe comes to us from Texas, but thrives generally where other melons will ripen. Perfectly round, covered with netting, cross between Honeydew and Cannonball. It certainly has the good qualities of both and with its keeping and shipping qualities it will play a large part in the cantaloupe industry. The flesh is greenish, seed cavity extremely small, and edible to the very rind. While very sweet, yet there is some of the spiciness of the green fleshed cantaloupes which is lacking in one of its parents, the Honeydew. Edible in 100 days. Size 6½ x 6½ inches. Weight, 3½ pounds. Packet, 7 cts.; oz., 17 cts.; ¼ lb., 42 cts.; ½ lb., 69 cts.; lb., \$1.25; 2 lbs., \$2.40, postpaid.

443 A Honey Rock or Sugar Rock

Most popular market melon of Michigan, Ohio, Indiana and Illinois. Superior flavor, great shipper, home favorite. Our seed is all pure bred saved from extra select hand cut melons. 90 days from planting seed to maturity.

Honey Rock has four characteristics, which are outstanding. These are: first, quality—second, productiveness—third, ability to stand shipping and handling—fourth, striking appearance. This Melon has deep orange flesh with a flavor different from other sorts, which can only be appreciated by tasting. It has won its way so far, mostly on account of its wonderful sweetness.

Honey Rock is one of the most prolific varieties grown. Five to seven perfect fruits are produced on one vine and often more. The rind is so tough and the flesh so firm that they can be allowed to ripen on the vine and then shipped long distances and arrive in perfect condition. The appearance of Honey Rock Melons is strikingly attractive, and distinct from all other sorts. The fruits are oval and medium in size, and are not ribbed. Packet, 10 cts.; oz., 17 cts.; $\frac{1}{4}$ lb., 40 cts.; $\frac{1}{2}$ lb., 70 cts.; lb., \$1.25; 2 lbs., \$2.25, postpaid.

Condon's Delicious Musk Melons

447 Hearts of Gold Condon's Pure Bred Selected Seed

One of the most popular Melons introduced in recent years. This strain we offer is a Pure Brec selection from the original type, but is much larger and carries heavier netting. Size, 6x5 in ches

The vines are hardy, strong, vigorous growers and rarely affected by rust. It is very early and prolific; has been known to mature in 80 days from planting, although the average is 90 days for edible melons.

The melons run from oval to oblong in shape; very uniform in size averaging a little larger than the Rocky Ford varieties. While it is a ribbed melon, the ribs are not prominent and very heavily netted The flesh is a rich orange color fine-grained and of excellent flavor. The seed cavity is small

flavor. The seed cavity is small The melon does not turn yellow when ripe but retains its natural green color and remains solid and firm for days after it is picked from the vine. Our melon seed on this and all varieties offered is saved from hand selected, uniform, highly developed melons, and may be depended upon to give planters developed melons, and may be depended upon to give planters uniformly satisfactory results. Packet, 7 cts.; ounce, 16 cts.; ¼ lb., 40 cts.; ½ lb., 70 cts.; lb., \$1.25; 2 lbs., \$2.25, postpaid.

439 Condon's Selected Osage

Condon's Select Osage Musk Melon needs no introduction to melon producing centers, for it is today and has been for many years considered the best all around Mid-Season salmon flesh melon for home or market. Vines vigorous and productive. Fruits slightly oval, dark green, slightly ribbed and partly covered with shallow gray netting. Flesh is rich orange-salmon, very thick, fine grained and highly flavored. No better strain of Osage obtainable anywhere on earth. Packet, 5 ets.; ounce, 12 cts.; 1/4 lb., 30 cts.; 1/2 lb., 55 ets.; lb., \$1.00; 2 lbs., \$1.90 postpaid.

436 Condon's Delicious

Or Eden's Gem, slightly oval, heavily netted, no ribs. Thick meated, very sweet, and as indicated by name, delicious flavor. Flesh green with golden lining next to seed cavity. Packet, 5 cts.; ounce, 12 cts.; ¼ lb., 30 cts.; ½ lb., 55 cts.; lb., \$1.00; 2 lbs., \$1.90, postpaid.

432 Hale's Best

A new distinct early salmon variety. Matures ripe melons in 86 days after planting. Used extensively by large statements as the constant of th

sively by large shipping associations as the one best dependable early deep orange or salmon fleshed melon. The melons are oval, inclined to produce some fruits of somewhat more elongated shape. The beautiful salmon flesh is exceptionally thick and sweet, practically melting in the mouth. The fruits are broadly ribbed and covered with a heavy netting. Pkt., 5 cts.; oz., 12 cts.; ¼ lb., 30 cts.; ½ lb., 55 cts.; lb. \$1.00; 2 lbs., \$1.90, postpaid.

Hale's Best Extra Early

You can make more easy money per acre raising Musk Melons than on any other crop.

Condon's Delicious Musk Melons

450 Milwaukee Market Condon's Improved Strain

Here is a melon that is recognized wherever known as one of the Very Finest Large Salmon Flesh varieties. It was introduced n Milwaukee a few years ago and is gainng in popularity every year. A medium arge, pink fleshed melon with excellent eatng qualities. The ribs are fairly prominent and the netting is very heavy; the shape is slightly oval; it is early in maturing and is ncreasing in use each year. The rind is extremely hard; it is almost hornlike, hence t should be an excellent shipping variety. It is very prolific, and handsome in appearince. We do not know of a better melon n its class than Milwaukee Market. Edible in 87 days. Size, $7\frac{1}{2} \times 6\frac{1}{2}$ inches. Weight, 51/4 pounds. Many specimen melons in our trials this year average better than 7 lbs. apiece. Recommended for home or market. Packet, 7 cts.; ounce, 16 cts.; 1/4 lb., 40 cts.; $\frac{1}{2}$ lb., 70c; lb., \$1.25; 2 lbs., \$2.25, postpaid.

You Can Make \$500.00 an Acre Growing Our Melons for Market

A. J. Justison, Gillespie, Illinois, writes: "Your Melons are the finest ever produced in this section. I had a wonderful crop—delicious flavor. They sold freely at Big prices."

YOU CAN DO AS WELL—TRY AN ACRE

452 Rocky Ford or Netted Gem

The original Rocky Ford, and the most popular of all green-fleshed melons, with a fine silver-colored netting of lace-like appearance over a green skin turning to pinkish gray when the melons are ready for use. The flesh is a beautiful light green, so sweet and luscious that it may be eaten close to the rind. The melons have a small seed cavity, and weigh about 1½ pounds each. Packet, 5 cts.; oz., 12 cts.; ¼ lb., 30 cts.; ½ lb., 55 cts.; lb., \$1.00; 2 lbs., \$1.90, postpaid.

Rocky Ford or Netted Gem

441 Lake Champlain Salmon Flesh

One of the earliest melons. Edible in 87 days. Flesh is deep, very sweet, golden yellow color, moderately netted. Excellent for home market or nearby shipping points. Will ripen even in the most extreme northern sections. Our seed is not surpassed by any on the market. Packet, 7 cts.; ounce, 15 cts.; 1/4 lb., 34 cts.; 1/2 lb., 62 cts.; lb., \$1.20; 2 lbs., \$2.25, postpaid.

448 Improved Green Nutmeg Extra Early, Very Sweet

A greatly improved strain of the old Green Nutmeg. Fruit of a medium size, very rich, melting and of exquisite flavor; flesh light green. Very productive. Matures in 88 days. Size, 5x5 inches. Weight, 2 to 4 pounds. Packet, 5 cts.; ounce, 12 cts.; ½ lb., 30 cts.; ½ lb., 55 cts.; lb., \$1.00; 2 lbs., \$1.90, postpaid.

441 Lake Champlain—Delicious Melon

440 Shumway's Giant

This is the Jumbo Musk Melon

Ihis is the Jumbo Musk Melon
Is monstrous size, cream-yellow, very early, absolutely distinct and pure, with seeds more than twice as large as other sorts. A whole field of them will average 18 to 20 lbs. each, and select specimens 25 to 30 lbs. Deliciously sweet and luscious, with fine, melting, thick, salmon color flesh. Never stringy. The flavor pleasant; not high, nor rank. True stock is scarce. Packet, 10 cts., ounce, 20 cts.; ¼ lb., 48 cts.; ½ lb., 83 cts.; lb., \$1.50; 2 lbs., \$2.90, postpaid.

5 DELICIOUS WATER MELONS

453 Golden Honey

Color of Gold—Sweet as Honey

Anyone having a prejudice against golden flesh watermelons will instantly forget it after tasting the Golden Honey. Flesh of rich golden yellow color, firm, crisp and glistening, and fairly melts in your mouth. Fruits medium large, oblong, rind hard and of very dark green color. It is a real quality melon and greatly liked by everyone that has tasted it. Try some this year. For the home garden and for exhibition purposes. Matures in 85 days. Pkt., 10 cts.; ounce, 15 cts.; ½ lb., 35 cts.; ½ lb., 60 cts.; lb., \$1.00; 2 lbs., \$1.85, postpaid.

King and Queen

467 Dixie Queen Sensational New 80 Day Melon

Fruits almost round or square shaped, light green, vein with dark green, medium but rough thin rind, rich scarlet flesh. Average weig 35 lbs. although under favorable conditions many times will avera 45 to 60 lbs. Convenient size and shape with its delicious flavor attractive appearance destines this new Melon to be the leader in markets. A splendid shipper and unsurpassed for home consumptic Packet, 10 cts.; ounce, 20 cts.; ½ lb., 50 cts.; ½ lb., 85 cts.; lb., \$1.5 2 lbs., \$2.75, postpaid.

469 New Excel

The largest Of the Shipping Varieties

It is a long, bluish-green water melon, with dark green stripes; the flesh is of superb quality, and intense red to the rind. Sweetest flaored shipping melon. Packet, 5 cts.; ounce. 10 cts.; ¼ lb., 25 cts. ½ lb., 45 cts.; lb., 85 cts.; 2 lbs., \$1.60, postpaid.

454 New Thurmond Gray Sure Cropper, Big Money Maker

An outstanding Large Early Melon. Its quality and attractivene have made it an excellent market melon. In shape it is long at thick. The rind is of a rich greenish gray color, making it hard sunburn. Melons grow to a very large size. The flesh is bright refinely flavored, solid and sweet. Matures in 85 days. Packet, 5 ct ounce, 10 cts.; 1/4 lb., 25 cts.; 1/2 lb., 45 cts.; lb., 85 cts.; 2 lbs., \$1.6

474 KING and QUEEN—The Christmas Melon Greatest Little Melon on Earth—Sweet, Crisp and Delicious—Sma Vines Suited to Kitchen Garden—Be Sure to Try This Little Wond

It is late to mature; very light in color with a suspicion of stripe; size 10 inches in diameter; seed small, shiny black, flesh pin solid and stringless. The flavor when cold is sweet, crisp and supprisingly delicious, and when you have finished you realize that yo have eaten a melon as entirely distinct from a water melon, as the Casaba is apart from the Cantaloupe and just as delicious. Like the Casaba it should not be eaten right off the vine, but be allowed to lie around until the first signs of decay. It decays slowly like an apple, not like other watermelons. Packet, 10 cts.; ounce, 18 cts 14 lb., 42 cts.; ½ lb., 70 cts.; lb., \$1.25; 2 lbs., \$2.40, postpaid.

2 Outstanding Watermelons For Home and Market

Genuine Tom Watson Greatest Favorite as a Shipping Melon, and Excellent for Home Markets, Sweet, Crisp and Coreless

Our seed of this grand variety has been carefully bred and selected from Perfect Specimen Melons and s used annually by thousands of planters, many of whom grow exclusively for market, so we feel safe in saying it "Excels" in Quality and Quantity any strain of this variety we have ever seen, and we try them all in our Mammoth Trial Grounds. Cream of all the melons for home use or long distance shipping, combining the luscious flavor of the "Kleckley Sweets" with the fine shipping qualities of "Alabama Sweet," and "Georgia Rattlesnake," making one ideal melon for all requirements. Medium early, blong, of attractive appearance, uniform in shape and quality; the luscious flesh is as sweet as honey, nelting, and of delicious flavor. Fruits average 35 to 40 pounds, 28 inches long, 12 inches in diameter; kin very dark green. Combining the sterling qualities of the best the world produces in the melon line, we do not hesitate to recommend it above all others as the one best. Our seed is of the originator's strain, arefully, selected and bred to retain the highest possible quality. This is the money-maker. (See photograph.) Packet, 7 cts.; ounce, 12 cts.; ½ lb., 30 cts.; ½ lb., 48 cts.; 1 lb., 85 cts.; 2 lbs., \$1.60, postpaid.

Here Is What Our Customers Write

Gentlemen: Wausaukee, Wisc., Sept. 12th.

The Melon Seed we got of you last year produced the finest Melons I ever grew. They won first prize at the Marinette County Fair for size and quality. They were the best Melons we have ever eaten. Sincerely, Mrs. F. Dautermann.

dentlemen:

Hennepin, Illinois, October 24

I sold \$762.00 worth of Watermelons from the Seed purchased of you last spring. They were the finest

Melons produced in this section of the country. Yours sincerely,

Tony Pellegreno, R. F. D. No. 1.

451 Stone Mountain Or Dixie Belle

Named after the Great Stone Mountain and Georgia, where it was just recently invoduced. We offer the genuine Southern train of this variety and recommend it qual to any in the world. Without doubt he finest round melon ever introduced. In hape it is round or square round like the icture at right. Rich dark green color, meium thick rind, rich scarlet flesh of decious flavor. Very few seeds. "All Heart." Average weight on good melon round 50 lbs. and better. Especially suited to local or nearby markets. Where round pelons have preference this one will bring op prices every time. It is very hardy and rolific; practically wilt proof. We recompend that you try it this year. Packet, 10 ts.; ounce, 15 cts.; 1/4 lb., 35 cts.; 1/2 lb., 0 cts.; lb., \$1.00; 2 lbs., \$1.85, postpaid.

CONDON'S "Pure Bred" WATER MELONS The World's Finest-All Hand Selected High Test Seed

466 Kleckley's Sweets or Monte Cristo

"Wilt Resistant" Strain The Sweetest of All Melons The Great 80 Day Melon Medium Early Selected Strain, Suitable for Shipping One to Three Hundred Miles

There is no melon superior in quality to a good strain of Kleckley Sweets. The bright scarlet flesh is the ideal of water melon quality—firm, crisp, entirely free from stringiness or cotton, and "sweet as sugar."

The melon is oblong in shape, about 20 inches in length by 10 to 12 inches in diameter. The skin is a rich dark green; the rind is thin and brittle, and for this reason the melon is not a good shipper to a distance beyond two or three hundred miles, but for home use and nearby market consumption it's got 'em all backed off the list. Our seed is all extra hand select from uniform, well shaped, fully matured ripe melons, and I really think it's just a little better strain than anything we have ever seen. 'Try This.'' Packet, 7 cts.; ounce, 12 cts.; $\frac{1}{4}$ lb., 30 cts.; $\frac{1}{2}$ lb., 48 cts.; lb., 85 cts.; 2 lbs., \$1.60, postpaid.

Grow An Acre or Two of Melons for Market. BIG MONEY MAKING CROP-Our Seed Satisfies at Harvest. The Best Is Always Cheapest. 1 oz. Seed for 25 Hills, 5 lbs. per Acre.

457 Citron (95days)

Red Seeded for Preserves This melon is used exclusively for making preserves. The flesh is thick and clear white, and makes preserves of excellent quality. Cultivation similar to watermelons. Packet, 5 cts.; ounce, 12 cts.; ¼ lb., 30 cts.; ½ lb., 48 cts.; lb., 85 cts.; 2 lbs., \$1.60, post-

461 Georgia Rattlesnake

The Old Reliable; Original

Strain (88 days)
One of the finest melons
ever grown; a splendid keeper, excellent shipper. Sometimes called Striped Gypsy. A very large melon of good shipping qualities. shape oblong, striped, and mottled with various shades of green. Flesh bright red. Flavor sweet and first class. Rind not thick. Packet, 5 cts.; ounce, 12 cts.; ¼ lb., 30 cts.; ½ lb., 48 ounce, 12 cts.; $\frac{1}{4}$ lb., 30 cts.; $\frac{1}{2}$ lb., 48 cts.; lb., 85 cts.; 2 lbs., \$1.60, postpaid.

Halbert Honey

The Sugar King Melon. Similar Kleckley Sweet and of Equally as Good Quality (85 days)

A very sweet, long, dark green variety. Fruits average 18 to 20 inches long; have a thin rind and deep red meat of delightfully delicious flavor; pulp entirely free from stringiness; seeds white. One of the finest for the home garden. Packet, 7 ets.; ounce, 12 ets.; ¼ lb., 30 ets.; ½ lb., 48 ets.; lb., 85 ets.; 2 lbs., \$1.60, postpaid.

Citron

459 Florida Favorite

Deliciously Sweet, Second Early Shipper

A splendid oblong melon; maturing in 80 days. Skin dark green, slightly mottled with still deeper shade; flesh dark red and of the finest flavor and quality. We have a splendid stock of this melon to offer at an exceedingly low price. Packet, 5 cts.; ounce, 10 cts.; ½ lb., 24 cts.; ½ lb., 42 cts.; lb., 75 cts.; 2 lbs., \$1.40, postpaid.

455 Alabama Sweet (85 days) Sometimes Called "Everbearing Always Sweet"

A very large, long melon of excellent quality; very popular in the South, where it is grown extensively for shipping. Color rather deep green, with dark, irregular striping. Rind thin, but very tough; flesh bright red, fine grained and sweet. The fruits average a little thicker than those of Florida Favorite. Seed white. Packet, 5 cts.; ounce, 12 cts.; ¼ lb., 30 cts.; ½ lb., 48 cts.; lb., 85 cts.; 2 lbs., \$1.60, postpaid.

462—Halbert Honey

Your Kleckley's Sweets Water Melon are the finest I have ever grown. Mrs. E. A. Ellsworth, Eldora, Iowa.

Earliest of All-Water Melons THEY MATURE AS FAR NORTH AS CANADA

472 Pride of Muscatine (80 days)

A new wilt-resistant strain of the popular Kleckley Sweets recommended to growers in commercial areas where wilt is prevalent The rind is thick and makes this melon a better shipper than Kleckley Sweets. It has dark green skin and beautiful deep red flesh which is sweet, crisp, and tender. Packet, 10 cts.; oz., 15 cts.; 1/4 lb., 40 cts.; 1/2 lb., 60 cts.; lb., \$1.10; 2 lbs., \$2.10, postpaid.

456 Klondike (80 days)

One of the best early watermelons from a quality standpoint. We believe it is the sweetest of all early sorts. The melons are oblong and of an even dark green color. Flesh is deep red, exceptionally crisp, and tender as well as most delicious in flavor. A very good yielder and has given excellent satisfaction in the North for the market as well as home use. The seed is small, black with brown markings. Packet, 10 cts.; oz., 15 cts.; ½ lb., 40 cts.; ½ lb., 68 cts.; lb., \$1.20; 2 lbs., \$2.25, postpaid.

Fruits very large; round to slightly oblong, with blocky ends; light green with fine, darker veining; rind hard and tough; flesh bright red, crisp, and sweet; seeds black. Packet, 5 cts.; oz., 10 cts.; ½ lb., 25 cts.; ½ lb., 45 cts.; lb., 75 cts.; 2 lbs., \$1.40, postpaid.

473 Chilian, Black Seeded

Excellent for Home or Market

This melon quickly became popular in California where it originated, and gains favor wherever grown. The medium sized spherical fruits are dark green, faintly marked with lighter striping. The flesh is crisp, fine grained, very sweet, and of an attractive red color. Pkt., 10 cts.; oz., 18 cts.; ½ lb., 42 cts.; ½ lb., 70 cts.; lb., \$1.25; 2 lbs., \$2.25, postpaid.

465 Irish Grey (90 days)

A very popular shipping variety. Rather large in size, long in shape. The rind is light grayish green in color. The flesh is red, not stringy or coarse, very sweet. This is recommended equally with Tom Watson as a shipping variety. Average weight, 35 lbs. Pkt., 5 cts.; oz., 12 cts.; ½ lb., 30 cts.; ½ lb., 48 cts.; lb., 85 cts.; 2 lbs., \$1.60, postpaid.

Specialties for Everybody's Gardens

477 Southern Giant Curled Mustard

It is highly esteemed in the South, where the seed is sown in the fall and plants used early in spring as a salad. Seeds brown. Plants are 2 feet high; enormous bunches. Packet, 5 cts.; ounce, 10 cts.; ¼ lb., 18 cts.; ½ lb., 30 cts.; lb., 55 cts.; 2 lbs., \$1.00, postpaid.

476 Chinese Mustard

A giant curled variety with leaves double the size of the ordinary. Packet, 5 cts.; ounce, 10 cts.; ¼ lb., 18 cts.; ½ lb., 30 cts.; lb., 55 cts.; 2 lbs., \$1.00, postpaid.

478 White Seeded English Mustard

The leaves are light green, mild and tender when young; seed light yellow; used for flavoring, in pickles, etc. Packet, 5 cts.; ounce, 10 cts.; ½ lb., 18 cts.; ½ lb., 30 cts.; lb., 55 cts.; 2 lbs., \$1.00, postpaid.

475½ Japanese Mustard-Spinach Also Called Tendergreens

Oriental origin. Remains tender in dry weather. Virtually an all season plant. Withstands extreme summer heat, also resistant to cold weather. The large, oblong leaves are dark green in color with a very small center rib. The leaves are cooked and prepared for table the same as spinach and turnip or mustard greens. Packet, 5 cts.; oz., 10 cts.; ½ lb., 20 cts.; ½ lb., 35 cts.; lb., 55 cts.; 2 lbs., \$1.00, postpaid.

479 Condon's Sure-Crop Mushroom Spawn

One pound will spawn about 10 feet square

Mushroom beds may be made in a warm, dry cellar, or in any building where the frost does not penetrate, and in the any building where the frost does not penetrate, and in the open air during the summer and fall months. Having procured the spawn, the next thing to be attended to is to make preparations for the beds. About a fortnight or three weeks before the beds are to be made collect a quantity of fresh horse manure without the straw; place it in a heap under cover, and as it heats keep turning it over once or twice a week, until the fiery heat has become exhausted, which will require from ten to fourteen days' time. When the manure is in a condition to be made up, lay out your bed according to your requirements, say three feet wide, ten feet long, and from two to three feet deep; beat it well down with the back of the spade as the process of building goes on. When the bed has been made some time, say a week or thereabouts, and the heat sufficiently declined to a temperature of 65 or 75 degrees, the spawn may be put into it. Break the spawn in pieces two inches square, and put them six inches apart all over the bed, then cover the bed with two inches of rich soil. When the soil looks dry, give a gentle watering with tepid water, using a hose or watering-pot. Best AMERICAN GROWN SURE CROP SPAWN. Brick, 35 cts.; 3 bricks, \$1.00; 5 bricks, \$1.50; 10 bricks, \$2.75, postpaid.

Sure Crop Mushrooms

KOHL RABI

410 Early Purple Vienna

They are exceptionally fleshy and tender. Packet. 5 cts.; ounce, 10 cts.; ¼ lb., 20 cts.; ½ lb., 35 cts.; lb., 60 cts.; 2 lbs., \$1.10, postpaid.

CONDON'S "MODEL GLOBE" ONION SEED

"The Most Perfect Onion in Cultivation"

Pictured in Natural Color on Inside Front Cover 1 oz. of seed will sow a row 100 ft. long. 5 lbs. of seed will sow one acre.

Grown Expressly for Large Critical Planters Who Insist on Known Quality Used Annually by the Largest Onion Growers in America

Above you see an actual photograph of one of our big fields of Condon's Model Globe Onion Seed growing right on our own Seed Farms at Rockford, Illinois. Note the Bulb inserted in the field, it is an actual photograph of the Bulbs we planted. These Bulbs are bred to produce a perfect Globe Shaped Onion with Small Neck and Extra Heavy Skin, making them the very finest obtainable for large Commercial Growers. They are recognized as the best storage and keeping Onion, as well as the largest yielders on the market today. Whether you grow one acre or a hundred you should plant this Pure Bred Northern Grown Tested Seed.

Old customers know and appreciate the extensive work we have done in breeding and perfecting this most all important crop, and to new buyers the best recommend we can give is to point with pride to the long list of well satisfied large planters who have used our Special Model Globe Onion Seed for many years.

many years.

Sussex, N. J., Dec. 9, 1935. Dear Sirs:

We are happy to write you that we won first prize at the New Jersey State Fair this fall on our exhibit of Condon's Model Yellow Globe Onions. They were beautiful shape, color and size, surpassing everything exhibited. Yours truly, Helen, Evelyn and Olga Konehzny.

THE TRUTH ABOUT ONION SEED

Those of you who want a little seed to grow a few Onions for your own private use or a pound or two to sell the product in your local markets, can use any of the varieties listed on the following pages. They are all good, reliable sorts and are carefully grown to insure quality and type. You who want to plant for commercial purposes to sell in car lots, use Condon's Model Globe types listed below or Condon's "Special Strain" Brigham's Longkeeping Yellow Globe listed on page 70. We selected the parent stock from the Southports and by reselecting and breeding have developed this strain which produces a much finer grained Onion, smaller necks, extra heavy skin, making them Extra long keepers and especially suited for storage purposes. In color our Model Red Globe is the deepest dark blood Red you ever saw. The Yellow is an exceptionally heavy skinned dark yellow, and the White is as clear white as the driven snow. In yielding qualities they have produced as much as 1,200 bushels per acre, but of course that is uncommon. Average yield in good season, 600 to 700 bushels. listed on the following

491 Southport Red Globe

Distinct and attractive shape; handsome, bright, even color; ripens early and all at once; necks very small, and curve down to almost nothing. The firm solid bulbs are excellent winter keepers, and all that can be desired in size and quality. Packet, 5 cts.; oz., 18 cts.; ¼ lb., 45 cts.; ½ lb., 85 cts.; lb., \$1.65; 2 lbs., \$3.20, postpaid.

486 Condon's Select Yellow Globe Danvers

One of the most extensively used yellow onions Bulbs of medium size, uniformly globe-shaped, with small neck, and ripens very evenly. Flesh, white, crisp and of mild and excellent flavor. We have developed a strain which has the ripening habit and small neck of the original Danvers, and yet is more globular, thus giving larger yields and handsomer bulbs without sacrificing any of the good qualities of the original Danvers. Packet, 5 ets.; oz., 15 ets.; 1/4 lb., 44 ets.; 1/2 lb., 84 ets.; lb., \$1.60; 2 lbs., \$3.10, postpaid.

486 Select Yellow Globe Danvers

Condon's Seeds Satisfy.

Condon's ONION Pure Bred This One May be Condon's Giant Sweet Spanish

500 Japanese or Ebenezer

There has been a tremendous demand for this flat yellow skinned Onion the past few years, especially for the growing of Onion Sets. Japanese Onion Sets produce a much larger tonnage of marketable Onions than does the old Strassburg or Danvers, which it resembles very much. Moreover, a smaller per cent of the sets run to seed with consequent damage to the large Onions produced. As a large Onion Ebenezer is a fine keeper, mild and well flavored. Packet, 5 cts.; ounce, 18 cts.; ½ lb., 50 cts.; ½ lb., 90 cts.; lb., \$1.70; 2 lbs., \$3.25, postpaid. There has been a tremendous demand for

494 Extra Early White Queen

Famous Pickling Variety Also known in the South as White Pearl. This is the best of all for small pickles and the earliest ripening onion in cultivation. The bulbs, of a pure paper-white, are generally very small, averaging only 1½ inches in diameter. They are uniform in size and shape. Particularly valuable for pickles. Packet, 5 cts.; ounce. 18 cts.; ¼ 1b., 50 cts.; ½ 1b., 90 cts.; 1b. \$1.70; 2 lbs., \$3.25, postpaid. 482 Condon's Giant Sweet Spanish The Largest Yellow Globe Shaped Onion

Condon's Giant Sweet Spanish produces beautiful Globe Shaped Bulbs of enormous size from seed sown in the open ground in the early spring. Under favorable conditions the bulbs are much larger than Prize-taker, Denia or Gibraltar, and more beautiful in shape and appearance, being of a pleasing light straw color which extends over the entire Onion. The flesh The texture is brittle and tender. Crop matures all at one time and has been known to make remarkable yield of 1,200 bushels per acre. This makes a wonderful Orion for Homeson Market consumeration and derful Onion for Home or Market consumption and keeps in a firm condition until Holiday time, but is not recommended for Commercial Storage Purposes. We consider this far superior to all other mild sweet Onions. Packet, 10 cts.; ounce, 22 cts.; 1/4 lb., 60 cts.; 1/2 lb., \$1.10; lb., \$2.00; 2 lbs., \$3.90, postpaid.

493½ Crystal White Wax

This is a large, flat, pure white onion, which is shipped in such large quantities from Texas each season. It matures early, is very productive, and is mild and sweet. Packet, 10 cts.; oz., 25 cts.; ¼ lb., 70 cts.; ½ lb., \$1.25; lb., \$2.35; 2 lbs., \$4.50, postpaid.

495½ White Bermuda

A very great favorite, especially in the South where May be they are grown in large quantities each season. They are called white, but really are of a pale yellow color, are of very large size, and have an extremely mild, pleasant flavor. Packet, 10 cts.; ounce, 24 cts.; ¼ lb., 68 cts.; ½ lb., \$1.20; lb., \$2.25; 2 lbs., \$4.30, postpaid.

484 Condon's Mammoth Prize-Taker

One of the largest and handsomest Yellow Globe Onions. They attain immense size, 15 inches in circumference being often attained when raised under favorable conditions. To reach this size, it is necessary to start them early in hot-beds and transplant, so they may have a long season to reach their natural size. Grown under ordinary conditions, they grow to slightly larger size than the ordinary globe onion. This onion is of the same type as the large Spanish onions imported the large Spanish onions imported in quantities and sold in crates. Grown now for many years in this country, our seed is thoroughly acclimated, and if permitted to thoroughly ripen, keeps equally as well as the Globe Onions. Don't fail to try at least a small quantity of this grand onion. Packet, 10 cts.; oz., 20 cts.; ¼ lb., 50 cts.; ½ lb., 90 cts.; lb., \$1.70; 2 lbs., \$3.25, postpaid.

494 Extra Early White Queen

498 New White Portugal or Silverskin

A medium sized onion of mild flavor with beautiful, clear white skin; a favorite with many for use when young as a salad or bunching onion and for pickles. It is also a good keeper and fine for fall and winter use. An excellent sort for gardeners who do not care to plant more than one variety. Packet, 5 cts.; oz., 18 cts.; ¼ lb., 50 cts.; ½ lb., 90 cts.; lb., \$1.70; 2 lbs., \$3.25, postpaid.

498 New White Portugal or Silverskin

Notice

The County Agent, Mr. Nye, and the Federal State Inspector of Vegetables, Mr. H. M. Smith, made survey of one of my fields of Onions. Their check showed yield of 976 bushels per acre all grown from your Pure Bred Seed. Mr. L. W. Shaffer, Kendallville, Ind.

484 Condon's Mammoth Prize-taker

496 Mammoth Silver King Onion

5001/2 White Bunching or White Lisbon Onion Every Market Gardener should plant some of this Early

Money Crop. Lowest Prices in Years

A real early variety that forms only small bulbs, and is grown solely for green bunching Onions. The stalks are longer, thicker, whiter and milder in taste than any other variety, and always brings the top price on the market. The young plants should be gradually earthed up to blanch the stalks as far as possible. Pkt., 10 cts.; oz., 22 cts.; ½ lb., 60 cts.; ½ lb., \$1.10; lb., \$2.00; 2 lbs., \$3.90, post-paid.

496 Condon's Mammoth Silver King Onion

The King of White Flat Onions

The largest White Onion—grows to a remarkable size, average diameter is from five to seven and one-half inches. Single bulbs often attain weights of from two and one-half to four pounds each. The skin is of a beautiful silvery white, the flesh of a snowy white, and of a particularly mild and pleasant flavor. So sweet and tender is the flesh that it can be eaten like an apple. Packet, 10 cts.; ounce 20 cts.; ½ lb., 50 cts.; ½ lb., 90 cts.; lb., \$1.70; 2 lbs., \$3.25, postpaid.

Every Boy and Girl Should Plant Peanuts

PEANUTS

1 lb. of seed will plant a row 60 ft. long.

The peanut is worthy of more general cultivation. The peanut is a soil builder and renovator. If included in the crop rotation and properly handled, peanuts are not exhaustive of soil fertility. The tops of the peanuts make fine hay, relished by all stock, while the roots furnish rich food for both man and stock. The best soil is one of a sandy, loamy nature, which has a red clay subsoil, as this indicates lime, which is essential for this plant. They yield 40 to 100 bushels to the acre, according to how well the crop is managed. Peanuts should be shelled before planting, but can also be planted in the hull 16 to 18 inches apart. They should be planted in April and they will ripen before September, even as far north as Canada.

503 Early Spanish

Smaller kernels but much sweeter and finer flavored than Mammoth Virginia. Very productive. Packet, 5 cts.; ½ lb., 13 cts.; ½ lb., 20 cts.; lb., 33 cts.; 2 lbs., 60 cts.; 5 lbs., \$1.20; 10 lbs., \$2.30, postpaid.

A Typical Harvest of Mammoth Virginia Peanuts

506 Mammoth Virginia Peanuts
Universal and Standard Favorite (Bunch Variety)

This is the variety most generally grown for commercial use, and makes considerably larger nuts than the Spanish. The peanuts we offer are selected from the best and most productive crops grown, plant rather dwarf, stems upright, foliage rather light, pods clustered about the base of plant, usually two, sometimes three. seeds in a pod; pod bright and clean, color of peas light brown; pods adhere to plant in digging. It is the standard variety for roasting. They furnish excellent forage, and we recommend to all our customers, even if they do not plant for market, to plant at least a small patch of peanuts for home use or stock feeding. Hundreds of our young friends have written us that they have had a wonderful crop the past season. Choice Seeds. Packet, 5 ets.; ¼ lb., 13 ets.; ½ lb., 20 ets.; lb., 33 ets.; 2 lbs., 60 ets.; 5 lbs., \$1.20; 10 lbs., \$2.30, postpaid.

Green Bunch Onions

764 Garlic Bulbs or Sets

The Garlic is the most pungent in taste and has the strongest odor of all the Onion family. It is largely used in the South of Europe, where it is esteemed for flavoring soups, stews, etc. The root or bulb is composed of many small bulbs called "cloves," which are planted in the spring. We frequently receive orders for Garlic seed, but can supply the bulbs only. Fine bulbs, ½ 1b., 20 cts.; 1b., 35 cts.; 2 lbs., 65 cts.; 5 lbs., \$1.50, postpaid.

PARSNIP 501 Condon's White Queen

1/2 oz. of seed will sow a row 100 ft. long. 5 Lbs. of Seed Will Sow One Acre.

The Finest Flavored Parsnip Grown. Sweet and Sugary, Crisp and Firm, Excellent Keeper.

ENÓRMOUSLY PRODUCTIVE

Often Making Better than 1200 Bushels from One Acre Condon Bros., Seedsmen,

Gentlemen. We wish to compliment you on your extra fine stock of seeds. I find your White Queen Parsnip the best I have ever grown Consider me a well pleased customer.

Joseph Cavill, Dickson, Tenn.

Condon's White Queen Parsnip is a highly improved type, producing uniformly large and handsome roots of stocky form, heavy at the shoulder, well rounded, gradually tapering to the base, so that they are easily dug, and if grown in properly pulverized soil, the roots will be smooth and free from wrinkles and side roots. The flesh is white, of fine texture, free from core and stringiness, and especially fine flavored, cooking tender, sweet, and rich, rendering it one of the finest of table vegetables for winter use. The roots may remain in the ground all winter, being hardy, or some may be dug late in the fall and stored in sand or soil, so that they can be gotten at easily when the ground is frozen. Frost improves their quality. This parsnip is the heaviest cropper of all, and we recommend it for both garden and field culture. See colored painting inside front cover.

Packet, 10 cts.; ounce 20 cts.; ½ lb., 42 cts.; ½ lb., 70 cts.; lb., \$1.25; 2 lbs., \$2.25, postpaid.

Roots comparatively short, ending somewhat abruptly with a small tap root; grows mostly below the surface; has a very smooth, clean skin. Packet, 5 cts.; ounce, 10 cts.; 1/4 lb., 28 cts.; 1/2 lb., 45 cts.; lb., 75 cts.; 2 lbs., \$1.40, postpaid.

PARSLEY

The Great Garnishing Plant

Very useful for flavoring soups and stews and for garnishing. The green leaves are used for flavoring, or they may be dried crisp, rubbed to powder and kept in bottles until needed.

1/2 Oz. of Seed Will Sow a Row 100 Ft. Long.

504 Champion Moss Curled Parsley

This is a vigorous, compact growing variety, excellent for garnishing and flavoring, and a handsome decorative plant. Leaves very finely cut and so closely crisped or curled as to resemble bunches of moss. Owing to its uniformly fine, deep green color and very attractive foliage, this is one of the most popular sorts for both the market and home garden. Packet, 10 cts.; ounce, 16 cts.; $\frac{1}{4}$ lb., 35 cts.; $\frac{1}{2}$ lb., 60 cts.; lb., \$1.00; 2 lbs., \$1.90,

505 Hamburg Turnip Rooted Parsley

The root is the edible portion of this variety and resembles a small parsnip, both in color and shape. Flesh white, a little dry and in flavor is similar to celeriac. The foliage is practically the same as that of Plain Parsley. The roots can be dug late in the fall and stored in sand for winter use. Extensively used for flavoring soups and stews. Packet, 10 cts.; ounce, 16 cts.; 1/4 lb., 32 cts.; 1/2 lb., 55 cts.; lb., 90 cts.; 2 lbs., \$1.70, postpaid.

517 Condon's Mammoth-Podded Little Midget Peas

By far the shortest straw and largest pod of any pea we know of. Ready for market 57 days from planting. Its extreme earliness, combined with the large pods, which are always filled with sweet, luscious peas, makes Condon's Little Midgets the universal favorite. Most all growers of peas prefer a short vine, and in Condon's Mammoth-Podded Little Midget you have it. Height of vines only 15 inches; pods 4½ inches long; well filled and quality fully equal, if not surpassing any Pea in existence. The pods contain from 7 to 8 large dark green peas, which remain in edible condition a week later than most other varieties. The plants are very robust, compact and short jointed, requiring no bushing or staking. We believe Condon's Midget Peas contain more sugar than any other sort in cultivation. 2-oz. Pkt., 10 cts.; ½ lb., 22 cts.; lb., 40 cts.; 2 lbs., 75 cts.; postpaid.

and "THE BIGGEST MONEY MAKER."

Have Fresh Peas from Your Own Garden all Summer

Fresh Peas out of your own garden picked in the early morning when covered with dew are more healthful, more delicious than any you could possibly secure at any price from the markets or from the most expensive canned varieties. Plan this year to have fresh peas all summer long from early June until October, and in addition plan to have sufficient quantity to can for next winter's consumption. Plant Condon's Midgets every 10 days from early spring until July for continuous crop uous crop.

See Marvelous Bargains in Bulbs, Plants, Shrubs, Roses, Fruits; Pages 147 to 176

Condon's Delicious Garden Peas

521 Gradus or Prosperity

This remarkable pea is not only large and of the best quality, but is within two or three days as early as the small, round, extra early sorts. Gradus is a wrinkled pea, growing about 30 inches high; the pods are of a bright green color, measuring 4 inches or more in length, as large as Telephone, well filled with luscious peas, 8 to 10 or more in a pod. The peas are of the highest table quality and retain in a remarkable manner their color and attractive appearance after cooking. A little tender, so it should be sown in the warmest spots in the garden. A grand pea in all respects. 2-Oz. Packet, 10 ets.: ½ 1b., 20 ets.; 1b., 35 ets.; 2 lbs., 60 ets., postpaid.

Fodded Sugar

Eat the Pods and All—Just Like String Beans. Certainly Delicious

Boiled like string beans, either with milk, creamed gravy or butter sauce, they are certainly delicious. Vines very vigorous, attaining growth 5 to 6 feet, and when supported yield abundantly. Don't fail to try a few. 2-Oz. Packet, 10 cts.; ½ lb., 22 cts.; lb., 40 cts.; 2 lbs., 65 cts., postpaid.

523 Improved Telephone

This is a fine wrinkled pea, growing about four feet high. The peas are large and of a pale green color, possessing a superior sugary flavor. 2-Oz. Packet, 10 cts.; ½ lb., 20 cts.; lb., 35 cts.; 2 lbs., 60 cts., postpaid.

526 McLean's Little Gem

Strong and vigorous in growth, producing vines from 18 to 24 inches in height, dark foliage, bearing pods single on both sides of the stalk beginning near the ground. Pods are almost straight, 2½ to 2¾ inches long, light in color and blunt at the ends. Ready to pick 59 to 61 days from planting. Seed is green, wrinkled and medium in size. 2-0z. Packet. 7 cts.; ½ lb., 18 cts.; lb., 34 cts.; 2 lbs., 60 cts., postpaid.

524 Large White Marrowfat

The vines of this variety are about five feet high and of strong growth. The pods are large, cylindrical, rough, light colored and well filled; seed large, smooth, round and light yellow. The variety is excellent for summer use, but is inferior in quality to most of the newer sorts, although undoubtedly one of the most productive of the garden varieties. 2-Oz. Packet, 7 cts.; ½ lb., 16 cts.; lb., 32 cts.; 2 lbs., 55 cts., postpaid.

513 Condon's Dwarf Everbearing

The name tells the story

Vine stout, about two and one-half feet high, bearing at the top six to ten broad pods. If these are picked as they mature and the season and soil are favorable, the plant will throw out branches bearing pods which will mature in succession, thus prolonging the season. The peas are large and wrinkled cook very quickly, are tender, of superior flavor and preferred by many to any other sort. 2-Oz. Packet, 10 cts.; ½ 1b., 20 cts.; 1b., 35 cts.; 2 lbs., 60 cts., postpaid.

511 World's Record

An improved type of Gradus, being slightly earlier, more dwarf, true to type and productive. Height 2 feet. Vines moderately stout, medium green; pods medium green, 4 inches long, very broad, pointed and well filled with 7 to 9 very large, dark green peas of exceptional quality. 2-0z. Packet, 10 cts.; ½ lb., 22 cts.; lb., 40 cts.; 2 lbs., 70 cts., postpaid.

FRESH PEAS FROM YOUR OWN GARDEN ARE FAR BETTER THAN ANY SOLD IN CANS. PLANT 2 OR 3 ROWS OF OUR NORTHERN GROWN PEAS THIS SPRING AND ENJOY THEM ALL SUMMER LONG.

CONDON'S "Sure Crop" PEAS

516 Condon's Ultimatum THE GREAT MAIN CROP PEA. 26 to 32 inch straw, requiring no bushing, second early, hardy, vigorous cropper, yielding enormous quantities of large, fat, dark green pods containing 10 to 12 juicy peas;

516 Condon's Ultimatum

507 Thomas Laxton

This Is a Real Rival to the Famous Gradus, as a Long-Podded, Extremely Early Wrinkled Pea, and in Some Respects 1s Even Better.

The growth is identical, but the pods are a deeper, richer green and square at the ends. In the judgment of experts, Thomas Laxton is even sweeter and finer in flavor, while as the large peas are of a deeper green, they present a more attractive appearance on the table. The crop ripens only three to four days after GRADUS.

2-Ounce Packet, 10 ets.; ½ 1b., 20 ets.; 1b. 35 ets.; 2 lbs., 60 ets., postpaid.

Giant Laxtonian New Giant Podded Short Straw

May be called The Dwarf Gradus. Grows 16 to 18 inches high. The tall, extra early Gradus Pea, with its large, telephone-like pods and its exquisitely flavored peas, is one of the most popular of all peas. In Laxtonian we have a dwarf type of the Gradus, with the same large pods—almost the same in season, and, moreover, requiring no supports—and the same superlative quality peas. 2-Ounce Packet, 10 cts.; ½ lb., 20 cts.; lb., 35 cts.; 2 lbs., 65 cts., postpaid.

Nott's Excelsior Early, Big Cropper, Extra Fine Quality

A distinctly American production of remarkably vigorous constitution; enormously productive, and generally excellent. The pods are of good size, produced liberally, and are extremely well filled with excellent peas of perfect quality. The plant is among the smallest, very rarely exceeding 15 inches in height, and is easily grown. It still is, and long will be, extremely popular. Many people who have only small gardens use this sort exclusively, making repeated sowings for successive crops. 2-Quace Packet, 10 ets.: 16 lbs. 20 ets.: 1b. 35 ets.: 2 lbs. cessive crops. 2-Ounce Packet, 10 cts.; 1/2 lb., 20 cts.; lb., 35 cts.; 2 lbs., 65 cts., postpaid.

flavor unsurpassed. It's simply a wonder for market or home use. 2 Oz. Packet, 10 cts.; $\frac{1}{2}$ lb., 22 cts.; lb., 40 cts.;

2 lbs., 75 cts., postpaid.

Condon's Seeds Satisfy. Common Sense Cultural Directions printed on every package.

Condon's Delicious Garden Peas

519 Earliest of All or Alaska Wilt Resistant

The Earliest of All. It is a round-seeded Pea, $2\frac{1}{2}$ feet high, and will grow and mature quicker than any other sort in cultivation. This with the fact that it can be planted as soon as the ground can be worked, makes it possible to get into the market with this Pea sooner than any other variety known. Extremely generous producer of good size pods, filled with well developed Peas of fine flavor, sweet and tender. Ready to use in 48 days. 2-oz. Packet, 7 cts.; ½ lb., 15 cts.; lb., 28 cts.; 2 lbs., 50 cts., postpaid.

508 American Wonder

Extremely Early-Finest Quality

The earliest wrinkled pea. The vine grows 12 to 14 inches high and is very prolific. Pods of striking form and size. It is of finest flavor. Peas planted in June mature in 50 days. It is particularly adapted for family use, as it requires no brush or other support. An old standard variety that is very popular everywhere. We have taken great pains in selecting and growing our stock. 2-oz. Packet, 10 cts.; ½ lb., 20 cts.; lb., 35 cts.; 2 lbs., 60 cts., postpaid.

509 Alderman The Very Finest Tall Dark Green Large Podded Pea

The dark green vigorous vines grow 4½ to 5 feet tall, and are very productive. The pods are the largest of the commercially grown varieties, often 5 to 5½ inches long, broad with tapered end, and rich dark green in color. The pods hold 7 to 9 Peas of the largest size, and the most delicious melting quality. We highly recommend our strain of this best tall Pea to Market Gardeners as an abundant yielder of extremely large, attractive, dark green straight pods that remain longer in perfect condition after being picked than any other variety. 2-oz. Packet, 10 cts.; ½ lb., 20 cts.; lb., 35 cts.; 2 lbs., 60 cts., postpaid.

A little earlier than other dwarf large-podded peas, this variety is generally considered the best of its class. The blue-green pods are often more than 4 inches long and contain 8 dark green peas of finest quality. It is espe-

quality. It is especially recommended for home garden use. The seeds are large, wrinkled; green and cream in color. 2-oz. Packet, 10 cts.; ½ lb., 20 cts.; lb., 35 cts.; 2 lbs., 60 cts., postpaid.

Gentlemen—Your Alderman Peas are the nicest large podded variety ever shown in this market. — Martin Dolan, Albany, New York.

Extremely Early Large Podded Dwarf
Sweet Wrinkled Pea

Produces the largest pods of any of the early dwarf varieties with the exception of Condon's Midgets. Especially uniform in size, in growth, and in time when ready for use. The large dark green pods are borne in abundance and are well filled with extra large tender peas of superior quality. Excellent for Home Garden, market or canning. 2-oz. Packet. 10 cts.; ½ lb., 20 cts.; lb., 35 cts.; 2 lbs., 60 cts., postpaid.

Grow Pumpkins for Pies, Stock and Market

549 Big Tom or Connecticut Field

A greatly improved strain of Yankee or Con-A greatly improved strain of Yankee or Connecticut Field Pumpkin which has been selected for many years to secure the most uniform type. Not only are the pumpkins larger and smoother, but the yield is nearly double that of the old variety. We recommend it to our customers as the very best type of cornfield pumpkin. Packet, 5 cts.; ounce, 10 cts.; ½ lb., 20 cts.; ½ lb., 35 cts.; lb., 60 cts.; 2 lbs., \$1.00. postpaid. \$1.00, postpaid.

551 Japanese Pie

A high quality pumpkin of Japanese origin. The flesh is very thick, of a rich salmon color, fine grained, dry and sweet. Seed cavity small. Of medium size, early, very productive and a good keeper. Highly desirable as a pie or cooking pumpkin. The seeds are distinct in appearance, being curiously sculptured in the same manner as Japanese letters. Packet, 8 cts.; ounce, 14 cts.; ½ lb., 35 cts.; ½ lb., 60 cts.; lb., \$1.00; 2 lbs., \$1.80, postpaid.

556 Tennessee Sweet Potato

The best variety for home gardens. They are almost pear-shaped, growing to a large size. Packet, 7 cts.; ounce, 14 cts.; 1/4 lb., 35 cts.; 1/2 lb., 60 ets.; lb., \$1.00; 2 lbs., \$1.80, postpaid.

Large Sweet Cheese or 554 Kentucky Field

Very popular in the south, but not as well adapted to northern latitudes. Fruit flattened, diameter usually about twice the length; skin mottled light green and yellow, changing to creamy yellow when matured. The flesh is yellow, tender and of excellent quality. Packet, 5 cts.; ounce, 10 cts.; ¼ lb., 18 cts.; ½ lb., 30 cts.; lb., 50 cts.; 2 lbs., \$1.00, postpaid.

552 King of the Mammoth

This is the very best genuine strain of the true Mammoth Pumpkin. Fruits grow to enormous size, sometimes reaching two feet or more in diameter, and from one hundred to two hundred pounds in weight. Salmonorange skin; very thick, bright yellow flesh, which is fine grained, tender, and of excellent quality for pies. To raise the largest fruits, vines should be allowed ample space in which to grow; only one plant should be allowed to grow in a hill and only the best fruit left on the vine. Packet, 10 cts.; ounce, 20 cts.; ½ lb., 50 cts.; ½ lb., 85 cts.; lb., \$1.50; 2 lbs., \$2.90, postpaid.

553 Winter Luxury or Queen

Fine keeper and enormously productive. Color, golden russet. Packet, 7 cts.; ounce, 12 cts.; ¼ lb., 35 cts.; ½ lb., 55 cts.; lb., \$1.00; 2 lbs., \$1.85, postpaid.

5511/2 Green Striped Cushaw

The fruits are crook-necked. The rind is white, mottled with irregular green stripes. Average weight 12 lbs. Very early and productive. Good quality. Packet, 7 cts.; ounce, 13 cts.; ½ lb., 34 cts.; ½ lb., 58 cts.; lb., \$1.00; 2 lbs., \$1.85, postpaid.

5531/2 Jonathan or White Cushaw

Similar to Green Striped excepting smaller and skin is pure white. Sometimes called "Trombone" and "Jonathan." Packet, 7 cts.; ounce, 13 cts.; 1/4 lb., 34 cts.; 1/2 lb., 58 cts.; lb., \$1.00; 2 lbs., \$1.85, postpaid.

5541/2 Mammoth Golden Cushaw

Similar to White and Green Striped excepting fruits more slender. Good for canning and stock. Packet, 7 cts.; ounce, 13 cts.; ¼ lb., 34 cts.; ½ lb., 58 cts.; lb., \$1.00; 2 lbs., \$1.85, postpaid.

555 Sugar Pie—The Best Pie Pumpkin

This is the pumpkin from which the celebrated Yankee Pumpkin Pie is made. It looks but is smaller and entirely different in quality. Very early and prolific, cooks very quickly and is the best quality of any pumpkin in the list. About ten inches in diameter is the average size. Skin is deep orange-yellow, with finegrained flesh. Handsome and excellent keeper. A most pro-lific yielder and cannot be excelled as a table pumpkin. It is sometimes called Red Sugar. Packet, 7 cts.; ounce, 14 cts.; ¼ lb., 32 ets.; ½ lb., 54 cts.; lb., 90 cts.; 2 lbs., \$1.65, postpaid.

Condon's Finest Peppers Gondon's New Victory Pepper the Giant Sweet Mango

Condon's Victory

Featured in Natural Color on Front Cover

The earliest, largest, thickest, meatiest, finest flavored Sweet Mango Pepper in cultivation. Our own origination. Cross between Chinese Giant and Neapolitan. Sturdy, vigorous grower. Victory Pepper is an abundant yielder producing on an average 22 to 25 perfect Peppers on a single plant. These find ready sale at 10c each when other sorts go begging. The color is a very deep green when young, turning to a beautiful bright red when ripe. Be sure to include this in your vegetable garden. It's a good one. Packet, 15 ets.; ½ ounce, 30 ets.; ounce, 50 ets.; ¼ 1b., \$1.50; ½ 1b., \$2.75; 1b., \$5.00; 2 lbs., \$9.50, postpaid.

533½ Small Red Chili

Pods Are Small and Hot

Plants grow 18 inches high, fruit usually erect, about one and a half inches long, cone shaped, bright red and very hot; exceedingly prolific. Matures in about 145 days. Used for pepper sauce or pickling or dried for winter use. Packet, 10 ets.; ½ oz., 25 ets.; oz., 38 ets.; ¼ lb., \$1.15; ½ lb., \$2.20; lb., \$4.00, postpaid.

Gondon's Sweet Salad Tomato Repper Verymild,may be eaten like an apple

535 Bull Nose, Hot

A pungent very early pepper. Packet, 5 cts.; ounce, 32 cts.; ¼ lb., \$1.00; ½ lb., \$1.85, postpaid.

534 Condon's Sweet Salad Tomato Pepper Also Called "Cheese" Pepper

Of upright growth, enormously productive. May be eaten out of the hand like an apple, or stuffed with meats, rice, etc., and baked, or served as a salad, and fine for canning, being of sweet and delicate flavor. Stays in bearing right through the season from early June until frost, producing an enormous crop, maturing in 110 days. An excellent sort for home or market. Packet, 15 cts.; ½ ounce, 25 cts.; ounce, 40 cts.; ½ pound, \$1.15; ½ lb., \$2.25; lb., \$4.25, postpaid.

Tabasco Pepper The Hottest of All Small Peppers

Pungent and strong; very prolific. It is easily gathered as the fruit does not adhere to the stem and grows almost erect on the branches. This variety is used in manufacturing the well-known Tabasco Sauce. It is tall growing, producing small, slender and very hot fruits in 140 days, which are splendid for family use, sauce and pickling. Packet, 10 ets.; ½ ounce, 30 ets.; ounce, 50 ets.; ¼ pound, \$1.50, postpaid.

538 Condon's Yellow Giant PEPPER

A beautiful yellow Sweet Mango Pepper 7 to 10 inches long by 4 to 5 inches in diameter. The beautiful golden yellow color contrasting with the green and red of the other sort makes an excellent combination which is always admired on the table, either in pepper sauce or on the dishes. Packet, 15 cts.; ½ ounce, 32 cts.; ounce, 55 cts.; ¼ lb., \$1.60; ½ lb., \$3.00; lb., \$5.75, postpaid.

538 Condon's Yellow Giant

533 PEPPER—Hungarian Wax or Banana

New Long Yellow Hot Variety Excellent for Mixed Pickles

Improved strain of Long Yellow Pepper brought to this country and improved by a Hungarian gardener. This variety caused a great sensation when first offered on the Milwaukee and Chicago markets. Buyers simply went crazy about it at fancy prices. Never has sufficient quantities been produced to satisfy the demand. Length—5 to 6 inches. Circumference—4¼-5¾ inches stem end. Color—Pale lemon green to Apricot yellow as it matures. When fully mature changes to bright cherry red. One of the most valuable hot peppers for home or canning. Pkt., 15 cts.; ½ oz., 35 cts.; oz., 65 cts.; ¼ lb., \$1.65; ½ lb., \$3.00, postpaid.

542 Ruby King

One of the most popular varieties, growing 4½ to 6 inches long, 3½ to 4 inches thick. The peppers are a bright ruby-red and are among the best sorts for pickles. Quite sharp in flavor. Packet, 5 cts.; oz., 25 cts.; ½ lb., 75 cts.; ½ lb., \$1.40; lb., \$2.70, postpaid.

541 New Pimiento

The mildest of all. This pepper is absolutely without pungency. It is largely grown, canned and shipped to all parts of the world and greatly relished everywhere. Packet, 10 cts.; oz., 30 cts.; ½ lb., 90 cts.; ½ lb., \$1.65; lb., \$3.00, postpaid.

539 Long Red Cayenne

A well-known variety having a slender, twisted and pointed pod about 4 inches long, and when ripe, bright red in color. Extremely strong and pungent flesh. Packet, 10 cts.; oz., 32 cts.; ½ lb., \$1.00; ½ lb., \$1.85; lb., \$3.65, postpaid.

543 Oshkosh

An attractive bright canary-yellow Pepper when ripe, but rich dark green while young. Of smooth blocky shape, 4½ inches long and 3½ inches across. Compact bushy plants producing a fine crop of mild and sweet fruits about the same time as Ruby King. Packet, 10 cts.; ½ oz., 35 cts.; oz., 60 cts.; ¼ lb., \$1.75; ½ lb., \$3.25; lb., \$6.00, postpaid.

536 Chinese Giant

Chinese Giant makes a vigorous growth, developing into heavy and stubby bushes about 2 feet in height. The rich dark green fruits turn to a brilliant scarlet-red when they reach maturity. The fruits are 4 to 5 inches broad and fully as long. The mild and sweet flesh is the thickest ever found in any of the large Peppers. Pkt., 10 cts.; ½ oz., 30 cts.; oz., 50 cts.; ¼ lb., \$1.50; ½ lb., \$2.90; lb., \$5.50, postpaid.

531 Harris' Early Giant

Very Early variety (67 days), forming uniform, dwarf, compact plants about 18 inches tall, bearing a wonderful crop of hanging, blocky fruits 4½ inches long and 3½ inches thick. The flesh is thick, sweet, and always mild. Pkt., 10 cts.; ½ oz., 25 cts.; oz., 40 cts.; ¼ lb., \$1.25; ½ lb., \$2.25; lb., \$4.25, postpaid.

532 California Wonder

This is a new variety which originated in California. It is one of the largest peppers grown and has remarkably thick and sweet flesh. Of excellent quality and a particularly heavy yielder. Packet, 10 cts.; ½ oz., 25 cts.; oz., 45 cts.; ½ lb., \$1.35; ½ lb., \$2.50; lb., \$4.85, postpaid.

Condon's Proven Radish Seed

Condon's Earliest Red Bird-Used Annually by the Largest Commercial Growers in America

brought to the seed house where it is thoroughly cleaned by the latest improved fanning mills.

CONDON'S SEEDS SATIS

Dear Sir: Please send me your next year's seed catalog soon as possible. I have the best results from your seed than any of the seed companies I tried. I'm staying with your seed from now on. Frank R. Marshall, Elton, La.

568 Crimson Giant Globe

The Radish That Never Gets Pithy. Sweet, Crisp, Juicy, Mild-Wonderful Yielder, Beautiful Color, Large Size

This Radish is an entirely new type and differs radically from all varieties hitherto in cultivation, in so far as its roots attain more than double the in so far as its roots attain more than double the size of other round, early varieties, without getting pithy or hollow. It is very early, notwithstanding its size. Color crimson, flesh pure white, of the best quality. The roots often weigh 1½ ounces each and are crisp and juicy. Fine for outdoors and forcing. The seed should be sown very thinly to permit full development for roots. Packet, 7 cts.; ounce, 14 cts.; ¼ lb., 27 cts.; ½ lb., 45 cts.; lb., 80 cts.; 2 lbs., \$1.50, postpaid.

579 Radish—White Icicle

The World's Very Finest and Earliest Pure White Radish—Great Favorite for Market and Home Garden. Our Strain of This Wonderful Radish Is Not Excelled and Rarely Equalled—All Grown from Hand Transplanted Roots, Insuring the Most Uniform Quality Possible

Planted in spring, the Radishes are ready for use in twenty to twenty-five days; their long slender form and pure paper-white skin are most attractive when bunched for market. This Radish is not only crisp and tender when young, but retains these qualities until the roots attain large size, so that it will remain in fine condition longer than any other first-early variety. It is excellently adapted for forcing purposes or successive sowings in the open ground. (See photograph.) Packet, 7 cts.; ounce, 14 cts.; ¼ lb., 28 cts.; ½ lb., 45 cts.; lb., 80 cts.; 2 lbs., \$1.50, postpaid.

566 Condon's Giant Perpetual

King of All Long, Red Radishes for Home Use or Market Brittle as Ice—Never pithy; makes marketable crop in 25 to 30 days' time. Withstands both extremes of cold spring and hot summer. Plant it early and often, as it is an all season cropper. Packet, 10 cts.; ounce, 15 cts.; 1/4 lb., 30 cts.; 1/2 lb., 55 cts.; lb., \$1.00; 2 lbs., \$1.90, postpaid.

567 Early White Turnip

A splendid, olive-shaped radish of pure white color. Extremely Early making crop in 18 days. Small top, is solid and crisp, of good flavor, and first-class in every respect. Should be in every garden. Packet, 5 cts.; oz., 12 cts.; 1/4 lb., 30 cts.; 1/2 lb., 50 cts.; lb., 90 cts.; 2 lbs., \$1.70, postpaid.

Condon's Radish Seed is proven for purity before being offered for sale. See page 78 for complete story.

577 Early Scarlet Globe

Condon's Select Early "Deep Scarlet"
Market Gardeners Superior Strain

No better strain of this favorite variety in the world is what Our Big Market Gardener Customers tell us. All grown from hand selected transplanted roots. The roots of this variety are slightly olive shaped and are a rich, bright scarlet in color. The flesh is white and tender. The roots are fit to pull under good conditions in 21 to 25 days. We specially recommend this to gardeners as a large, first early forcing radish. It is also desirable for first early planting outdoors for the home garden and market. Packet, 7 cts.; oz., 14 cts.; ½ lb., 24 cts.; ½ lb., 42 cts.; lb., 75 cts.; 2 lbs., \$1.40, postpaid.

Our strain of SCARLET GLOBE is 'Deep Scarlet' Condon's Select Recommended for greenhouse or outdoor planting Globe

573 Long White Vienna, or Lady Finger. Tapering about 4 inches long and pure white, mild and tender, matures in about 25 days. Packet, 5 cts.; ounce, 10 cts.; ¼ lb., 25 cts.; ½ lb., 42 cts.; lb., 75 cts.; 2 lbs., \$1.40, postpaid.

570 Improved Chartier. A summer radish, long, large and handsome; top crimson, fading to white at tip; flesh white and delicious, remaining long in good condition. Packet, 5 cts.; ounce, 10 cts.; ½ lb., 22 cts.; ½ lb., 42 cts.; lb., 75 cts.; 2 lbs., \$1.40, postpaid.

572 Long Scarlet Short Top. The standard; bright scarlet with white, mild flesh; grows 6 in. in length; matures in about 25 days. Packet, 5 cts.; ounce, 10 cts.; 1/4 lb., 22 cts.; 1/2 lb., 42 cts.; lb., 75 cts.; 2 lbs., \$1.40, postpaid.

number and Winter Radishes

In the cool weather of the early spring and fall months those varieties listed on the three preceding pages are the most profitable to plant; for hot weather and winter use these are the best. By planting such varieties as Condon's Earliest Red Bird, Lightning, Royal Gem, Perpetual, Icicle, White Elephant and either of the good winter varieties listed below you will have fresh, crisp, delicious Radishes from early spring until the following Christmas and later if you store your winter sorts.

Condon's White Elephant

Store Winter Radishes in sand in your cellar. They keep firm and crisp all winter.

Condon's White Elephant The Greatest White Summer Radish Ever Known

This is the new variety we gave away as a premium in 1917, and everybody liked it better last year than the year before. The flesh is crisp, sound and sweet, never pithy, no matter how hot the weather. Shaped like the cut, half long. Color creamy white with a slight gray cast at top. It's a money maker for the gardener and a dandy midsummer sort for home use. Packet, 10 cts.; ounce, 15 cts.; ½ lb., 55 cts.; lb., \$1.00; 2 lbs., \$1.90, postpaid.

574 Mixed Radishes

We have had considerable demand for seed of many different varieties of radishes mixed, and so this mixture is now offered to our customers. For a small garden, or when many sorts are preferred, this seed will give, at small expense, a large yield of early, medium and late sorts, lasting several weeks. Nearly all shapes, sizes and kinds are included. Packet, 5 cts.; ounce, 10 cts.; 1/4 lb., 25 cts.; 1/2 lb., 40 cts.; lb., 75 cts., postpaid.

578 White Strasburg or Giant Stuttgart

Even when comparatively small this variety is in good condition for use, and continues crisp until matured, when the roots are 4 to 6 inches long by 1½ to 2 inches in diameter. This is considered one of the best large, white summer sorts. The roots remain in condition for use much longer than the early varieties. Packet, 7 cts.; ounce, 14 cts.; ¼ lb., 28 cts.; ½ lb., 46 cts.; lb., 80 cts.; 2 lbs., \$1.50, postpaid. This class requires a longer growing season than the early table varieties, and seeds are usu-

in dry sand.

Winter Varieties than the early table varieties, and seeds are usually planted in midsummer for fall and winter use. The roots keep well if stored in a cool place

559 California Mammoth White

First introduced into this country by the Chinese in California. It is pure white, about 1 foot long and 2 or 3 inches through, tapering regularly to the top. The flesh is tender and crisp, keeping well through the winter. Packet, 7 cts.; oz., 14 cts.; 1/4 lb., 27 cts.; 1/2 lb., 45 cts.; lb., 80 cts.; 2 lbs., \$1.50, postpaid.

571 Long Black Spanish

One of the latest and hardiest long radishes, especially adapted for winter use. Roots rather long, thick, almost black, with white flesh of firm texture, decidedly pungent, but well flavored. The roots when mature are usually 7 to 9 inches long by 2 to 3 inches in diameter at thickest part. Packet, 7 cts.; oz., 14 cts.; 1/4 lb., 28 cts.; 1/2 lb., 45 cts.; lb., 80 cts.; 2 lbs., \$1.50, postpaid.

Scarlet Winter China Rose or 561

A popular favorite with rose-colored skin. It is a large and fine shaped radish, growing partly above the ground. The portion above the ground is darker in color than that below ground. Packet, 7 cts.; oz., 14 cts.; ¼ lb., 27 cts.; ½ lb.. 45 cts.; lb.. 80 cts.; 2 lbs., \$1.50, postpaid. 575 Round Black Spanish Roots round, sometimes slightly top-shaped, 3 or 4 inches in diameter; skin black, flesh white, very compact and pungent, but well flavored. Keeps well through the winter. Packet, 7 cts.; oz., 14 cts.; ½ lb., 27 cts.; ½ lb., 45 cts.; lb., 80 cts.; 2 lbs., \$1.50, postpaid.

560 Celestial White Chinese

Large, stump-rooted radish with white skin. Can be sown from July 1 to August 15, and will keep in prime condition; mild in flavor, brittle, and never woody. Market gardeners will find this a special seller. Packet, 5 cts.; oz., 12 cts.; ½ lb., 25 cts.; ½ lb., 45 cts.; lb., 80 cts.; 2 lbs., \$1.50, postpaid.

Please order by number as well as name. It will help us to serve you quicker.

Condon's Pedigreed Squash

1 oz. of seed of summer varieties will plant 25 hills 1 oz. of seed of winter varieties will plant 15 hills

613 Italian Marrow or Cocozelle

The shape is long, cylindrical and tapering slightly to the stem end; it is a summer variety, used when immature by slicing and frying and is certainly delicious. May also be cooked and served like Asparagus as it is sometimes called Summer Asparagus. The skin is a dark green, changing to alternate stripes of green and gold as it ripens. The vines are bush and extremely productive; it is gaining in popularity as its merits become better known. The length of the mature fruits varies from 12 to 16 inches, and the diameter, 5 to 6 inches. Edible in 60 days. Weight, 4 pounds. Pkt., 10 ets.; oz., 15 ets.; ½ lb., 65 ets.; ½ lb., \$2.30, post-paid.

Latest introduction in summer squash., Identical to Giant Summer Crookneck, only this is truly a straight squash, making it nicer shape for shipping. Packet, 7 cts.; ounce, 17 cts.; ¼ lb., 42 cts.; ½ lb., 70 cts.; lb., \$1.25; 2 lbs., \$2.25, postpaid.

Giant Summer Crookneck

610 Mammoth White Bush

An early maturing, somewhat flattened, scalloped bush

what flattened, scalloped bush squash, of largest size and the handsomest of the summer varieties. The fruit is uniformly warted and a beautiful, clear waxy white, instead of the yellowish white so often seen in the old Early White Bush Scallop. The stock we offer of this variety is exceptionally true to type. Packet, 6 cts.; ounce, 12 cts.; ½ lb., 30 cts.; ½ lb., 50 cts.; lb., 90 cts.; 2 lbs., \$1.70, postpaid.

Largest and one of the earliest of the crook-Largest and one of the earliest of the crookneck summer squashes. Vines of bush habit,
large and more vigorous than Summer Crookneck. Fruits when matured are very large,
often 1½ to 2 feet long, with exceedingly warted
surface. The color is deep yellow. Its large
size and attractive color make it a great favorite with market gardeners. See cut. Packet,
8 cts.; ounce, 14 cts.; ¼ lb., 35 cts.; ½ lb., 60
cts.; lb., \$1.10; 2 lbs., \$2.10, postpaid.

603 Delicious Winter

The squashes, weighing from 5 to 10 pounds, vary both in color and form, but are uniformly delicious in flavor and splendid winter keepers. The dark orange flesh is very thick and fine grained. Packet, 10 ets.; ounce, 17 ets.; ½ lb., 42 ets.; ½ lb., 70 ets.; lb., \$1.25; 2 lbs., \$2.40, postpaid.

The most recent developed Squash of the Hubbard family and was introduced by the Minnesota Experiment Station. It is two weeks earlier than the parent type, average weight of the fruit is 5 pounds. The color of the shell is a glossy dark green, and for storage it is equal to that of the Hubbards. Flesh is deep golden yellow, fine grained and delicious. Pkt., 10 cts.; oz., 15 cts.; ¼ lb., 45 cts.; ½ lb., 80 cts.; lb., \$1.35; 2 lbs., \$2.50, postpaid.

607 Golden Hubbard

607 Golden Hubbard

Vine vigorous and very productive. Fruits of medium size, weighing from six to eight pounds, and in shape like the Hubbard, although in condition for use earlier. They are wonderfully long keepers and can be held over in good condition for spring use. Shell moderately warted, hard, strong and of a beautiful orange-red color, except for a bit of olive-green on blossom end. Flesh deep orange; dry, fine grained and richly flavored. Packet, 5 cts.; ounce, 15 cts.; ½ lb., 38 cts.; ½ lb., 63 cts.; lb. \$1.10; 2 lbs., \$2.00, postpaid.

608 Improved Hubbard

It cannot be too highly extolled as a winter squash; it boils smooth and dry, is of very rich quality, and keeps as solid as a rock. It is more popular with private growers than any other variety. Packet, 5 ets.; ounce, 12 ets.; 1/4 lb., 33 ets.; 1/2 lb., 53 ets.; lb., 95 cts.; 2 lbs. \$1.75, postpaid.

It is probably the finest in quality of all squashes, large in size, a great yielder, a good keeper, and in fact is just about right in every way, but unfortunately it makes but very little seed, and for that reason the seedsmen seem to have dropped it, and it is practically unknown to the present generation. It grows to large size, generally over 2 feet long and sometimes over 3 feet. It keeps equal to a Hubbard, is better quality, more prolific and earlier. It has a tough shell, but not hard like the Hubbard. The picture shows its appearance better than I can describe it. Pkt., 10 cts.; oz., 18 cts.; 1/4 lb., 40 cts.; 1/2 lb., 70 cts.; lb., \$1.25; 2 lbs., \$2.30, postpaid.

601 Condon's Chicago Warted Hubbard Improved Strain 604 Early Yellow Bush Also called Yellow Patty Pan. Excellent summer squash. Orange-yellow skin, bright yellow flesh of choicest quality. Packet, 5 cts.; oz., 12 cts.; 1/4 lb., 34 cts.; 1/2 lb., 55 cts.; lb., \$1.00; 2 lbs., \$1.90, postpaid.

599 Blue Hubbard In this Squash the combination of sweetness, dryness and delicious flavor is something really remarkable. Its outer color is a very light blue, shape oval. Very prolific. A great favorite where known. Packet. 5 cts.; ounce, 14 cts.; 4 lb., 38 cts.; ½ lb., 58 cts.; lb., \$1.10; 2 lbs., \$2.00, postpaid.

The data of the popular of the popul

The skin is quite smooth, but with broad, open netting and of a rich orange yellow. Flesh thick, of a rich yellow coloring; fine grained and sweet. Packet, 10 cts.; ounce, 15 cts.; 1/4 lb., 35 cts.; 1/2 lb., 65 cts.; lb., \$1.25, postpaid.

612 Table Queen or "Des Moines"

Most Prolific of All Squash Queen is just the right size to serve two persons. This avoids the waste resulting from the use of larger varieties. Does not require over twenty minutes for baking or boiling. This Squash is ready before the Hubbards and yet stores equally well. The color is dark green changing to bright golden after picking and storing. The meat is dry and mealy. It yields enormously; a few hills furnishing an ample supply for a good sized family. Makes wonderful pies. Packet, 10 cts.; cz., 18 cts.; 1/4 lb., 40 cts.; 1/2 lb., 70 cts.; lb., \$1.25; 2 lbs., \$2.25, postpaid.

601 CONDON'S

Chicago Warted Hubbard Improved Strain

Best Winter Variety

The most productive hard shelled winter squash in existence. The best winter keeper. Very productive. Early and of a beautiful dark green color. A few seed sown along the fences, edges of cornficlds, and in waste lands, make wonderful growth and produce a profitable crop where nothing has been produced before.

Condon's Improved Strain of Chicago Warted Hubbard Squash is unquestionably the very best Winter Squash. The vines are vigorous and very productive. The fruits are extra large, heavy and well warted with extra hard shell which makes it such a wonderful keeper. The skin is uniformly dark green. The flesh is of a bright orange yellow, fine grained, thick, dry and richly flavored. This grand Squash can be kept in good condition until late spring and will retain its highly flavored qualities till used. This squash is unquestionably the best for Market or Home use. Our improved strain of Hubbard Squash has about reached the height of perfection. Packet, 10 cts.; ounce, 15 cts.; ½ lb., 38 cts.; ½ lb., 60 cts.; lb., \$1.10; 2 lbs., \$2.00 postpaid.

Spinach, Delicious Healthful Vegetable

Dietitians Recommend Spinach for Young and Old

596 King of Denmark

The Greatest Money Making Spinach in Cultivation. Fully as early as the old time sorts—Leaves thick and fleshy, remaining in good marketable condition three weeks after all other sorts have gone to seed. Packet, 5 cts.; ounce, 10 cts.; ¼ lb., 17 cts.; ½ lb., 27 cts.; lb., 45 cts.; 2 lbs., 75 cts.; 5 lbs., \$1.65, postpaid.

475½ Japanese Mustard Spinach or Tendergreens

Oriental origin. Remains tender in dry season. All season plant. Oblong leaves dark green. Prepared the same as spinach, turnip or mustard greens. Packet, 5 cts.; oz., 10 cts.; ¼ lb., 20 cts.; ½ lb., 35 cts.; lb., 55 cts.; 2 lbs., \$1.00; 5 lbs., \$2.00, postpaid.

591 Princess Juliana

Remains in Good Condition After Others Have Gone to Seed. A new spinach of the Long Season type, but leaves are more crumpled, of a darker green color. Good size, thick and of good quality. Will remain fit for use after other varieties have bolted to seed except King of Denmark. Ready to cut in about 45 days. Packet, 5 cts.; ounce, 10 cts.; ½ lb., 25 cts.; lb., 45 cts.; 2 lbs., 75 cts.; 5 lbs., \$1.65, postpaid.

592 Savoy Leaved or Bloomsdale

A beautiful dark strain. Its glossy green color gives the plants a fresh appearance for a longer time; quite early. The large fleshy leaves are deeply crumpled. Pkt., 5 cts.; oz., 10 cts.; ½ lb., 15 cts.; ½ lb., 22 cts.; lb., 40 cts.; 2 lbs., 70 cts.; 5 lbs., \$1.60, postpaid.

591½ Virginia Savoy

(Blight Resistant)

Similar to Savoy Leaved or Bloomsdale but smoother in leaf and inclined to bolt to seed earlier. Used chiefly in sections where blight (mosaic) occurs. Not recommended for planting where other varieties can be successfully grown. Packet, 5 cts.; oz., 10 cts.; ½ lb., 28 cts.; ½ lb., 28 cts.; 1½, 50 cts.; 2 lbs., 90 cts., post-paid.

594 New Zealand (Tetragonia) The "cut-and-come-again" Spinach

Ideal for Home Gardens

Thrives during hot weather and yields continually from spring until late fall. Plant is bushy and produces great quantities of succulent rich green leaves of delightful flavor. Pkt., 5 cts.; oz., 14 cts.; 14 lb., 24 cts.; 12 lb., 40 cts.; lb., 70 cts.; 2 lbs., \$1.25. postpaid.

598 Long Standing Bloomsdale

A remarkably long standing variety. Heavy cuttings can sometimes be made from one crop for almost a month. The plant is upright and compact; hardy, vigorous, and quick growing. The leaves are medium large, broad, rounded; very thick and fleshy. Pkt., 5 cts.; oz., 10 cts.; ¼ lb., 17 cts.; ½ lb., 25 cts.; lb., 45 cts.; 2 lbs., 75 cts.; 5 lbs., \$1.65, postpaid.

593 Prickly Seeded Winter

A smooth leaved prickly seeded early spinach best known as a winter sort. The plants are extremely hardy and of vigorous rapid growth. The bright medium light green leaves are numerous, large and broad; thick and firm in texture. Pkt., 5 cts.; oz., 10 cts.; ½ lb., 15 cts.; ½ lb., 22 cts.; lb., 40 cts.; 2 lbs., 70 cts.; 5 lbs., \$1.60, postpaid.

597 Nobel or Giant Thick Leaved

The largest Spinach. Leaves are medium green, very uniform, rounded, large, slightly crumpled, succulent, and tender. Grows rapidly and remains a long time in prime condition. Pkt., 7 cts.; oz., 12 cts.; ¼ lb., 18 cts.; ½ lb., 28 cts.; lb., 50 cts.; 2 lbs., 90 cts.; 5 lbs., \$2.00, postpaid.

Salsify or Vegetable Oyster

Mammoth Sandwich Island

1 oz. of seed will plant a row 100 ft. long

The Salsify is one of the most delicious and nutritious of vegetables, and should be more generally cultivated for use in winter, when the supply of really good vegetables is so limited. It has a grassy top and a long, white, tapering root, nearly resembling a small parsnip. It closely assimilates to the taste and flavor of the oyster, when properly cooked, and is a good substitute for it; very wholesome and nutritious. The roots are either boiled and mashed or made into fritters, in which form they are delicious. The roots are perfectly hardy, and may remain out all winter, but should be dug early in the spring, as they deteriorate rapidly after growth commences. Store a quantity for winter use in a pit or cellar in damp earth or sand. This variety is large and strong growing with long, smooth, white, tapering roots, and is less liable to branch than the other sorts. It is invaluable for market gardeners' use. Packet, 10 cts.; ounce, 20 cts.; ½ lb., 55 cts.; ½ lb., 98 cts.; lb., \$1.75; 2 lbs., \$3.40. postpaid.

650½ Tomato Giant Oxheart

Pride of Every Garden. Enormous Size. Delightful Flavor. Among large fruited tomatoes this variety is unique. In form it is distinct, since it is almost exactly the shape of a heart as the name implies, and single fruits sometimes weigh more than two pounds. When sliced, it does not show the large seed compartments of other tomatoes, but looks more like tender steak. This firm red flesh is non-acid, but instead of being flat-tasting it has a pleasing flavor. Matures in 87 days. Packet, 15 cts.; ½ oz., 50 cts.; oz., 75 cts.; ¼ lb., \$2.50; ½ lb., \$4.75; lb., \$9.00, postpaid.

645½ Tomato Break O'Day

(Globe Type).

New Wilt-resistant
Variety. The new
Pritchard hybrid
developed from
Marglobe and Marvana, having their
disease resistant
qualities. Resembles Marglobe in
shape and size, but
not so productive.
Has vines of open
habit like Marvana.
Matures early, being next to Earliana in this respect.
Fruits are solid,
meaty and have a
beautiful scarlet
color. Will become
quite popular with
home-gardeners. 58
days. Packet, 10
cts.; oz., 38 cts.; ¼
lb., \$1.10; ½ lb.,
\$2.10; lb., \$4.00; 2
lbs., \$7.50, postpaid.

590 Mammoth Sandwich Island Salsify

Beware of Cheap Tomato

638 Tomato—Pritchard's Scarlet Topper

638. Tomato Pritchard's Scarlet Topper Condon's Special Strain

(Wilt-resistant). 66 day. Type). A new variety of merit, developed by the late Dr. Fred J. Pritchard. It is a cross between Marglobe and Cooper's Special; inherits the good qualities of the well known Marglobe and its self-topping characteristics from Cooper's. Fruits are of medium size, solid, and slightly globular. The color is scarlet with dark red interior a feature that should make it a popular canning variety. Vines are short and branching with fruit clusters of about 5 each. Excellent for outdoors or greenhouse planting. Good rich soil adds to its productiveness. Packet, 10 cts.; oz., 30 cts.; $\frac{1}{4}$ lb., 90 cts.; $\frac{1}{2}$ lb., \$1.60; lb., \$3.00; 2 lbs., \$5.75, postpaid.

I used Hotkaps on Cucumbers, Melons and Tomatoes. Worked fine. Charles Carlson.

What

Our Cus-

tomers Say

About This

The Earliest, Largest, Smoothest, Finest Flavored Extra Early Tomato in Cultivation. Color Rich Cardinal Red. Shippers Are Making \$1,000 per Acre Profit From This Grand Tomato.

Our Own Origination on Our Famous Rock River Valley Seed Farm, Rockford, Illinois

Over 50,000 Satisfied Planters Last Year and All Acclaim it the Best Early Tomato

The illustration gives a fair idea of its size and smoothness. The color is a rich, cardinal red. The skin is so tough that it is a splendid keeper and shipper, and is less liable to crack in wet weather than any other tomato. Unsurpassed for market or table. The plant is a strong grower, and is very productive. The fruit is free from core, and the seed spaces are small. The leaves are of a rich, dark green color, and very luxuriant, indicating great ability to produce fruit of the largest size throughout the entire season. It stands at the front as the earliest bright red tomato. See cut. Packet, 15c; ½ ounce, 60c; ounce, \$1.00; ¼ lb., \$2.75; ½ lb., \$4.50; lb., \$7.50; 2 lbs., \$14.00, postpaid.

"Read What Our Customers Say About This"

Gentlemen: Dec. 25, 1935, Sioux Center, Iowa. As we had a fine crop of your First of All Tomatoes we had about 2000 plants this year and harvested 500 Bushel of them. We want to praise them very highly, and besides that we enclose a photo of my husband holding a cluster in his hand with 42 well developed Tomatoes on it, and the same vine produced 84 more well grown Tomatoes, and the vine was full of blossoms. We were indeed very well pleased with them. Yours truly, Mr. & Mrs. Ed. Poel.

"Your First of All Tomatoes are wonderful. I made big money on my crop this year."—Fred G. Deishlie.

Gentlemen: I am sending you a cluster of your First of All Tomatoes, that I grew this year. This cluster contains ten large luscious tomatoes. Many clusters contained twelve to fifteen tomatoes. I don't see how the vine holds them up. They are the best I ever saw. I make big money on them.—Earl Mouck.

42 Perfect Tomatoes. Condon's First of All on One Stem. Grown by Mr. and Mrs. Ed. Poel, Sioux Center, Iowa.

643 Condon's Peerless

In shape, CONDON'S PEERLESS is smooth, well formed and extremely deep from stem to blossom, making it unusually heavy. It ripens evenly to the stem, and is without ridges or cracks; it has great meatiness and few seeds. It is firm without being hard, unrivalled home tomato and an unequalled shipper. The vines are vigorous but compact. The joints are short and it always fruits in large clusters at every second joint, which accounts for its wonderful productiveness. Condon's Peerless is the heaviest for its size of any variety and on account of its brilliant red color, depth and solidity, is the handsomest tomato. Its beautiful appearance and color make it sell ahead of all sorts, and its unusual solidity, few seeds and desirable form for rapid peeling without waste, make it the most desirable canning variety known. It is up to you to select the best, as it costs you no more; takes no more time to grow the best than it does to grow older and more common sorts. Peerless will please you. Pkt., 15 cts.; ½ oz., 60 cts.; oz., \$1.00; ¼ lb., \$2.75; ½ lb., \$4.50; lb., \$7.50; 2 lbs., \$14.00, postpaid.

Grand Tomato

Gentlemen: Your Peerless Tomatoes are wonderful—Not a cracked or ill-shaped one in the entire field. Mrs. W. R. Smith, Allemands, La.

Gentlemen: For twelve years my husband's garden raised from your Seed was a sight to behold. Everything grew and bore enormous crops. Your Peerless Tomatoes were marvelous. Your Stringless Beans were the best tasting of any I ever ate, and such a crop of Cucumbers we never did see before. Look for a larger order from us next year, and many new ones from my neighbors. Mrs. Fitch Payne, Fayette, Iowa.

TOMA TO The Nation's Favorite for Midseason and Canning

Giant

200,000 customers used this last season and all acclaim it the best all season tomato ever introduced and the biggest yielder. Read for yourself, below, a few letters similar to thousands on file. We wish space would permit to print all, but those quoted are sufficient to substantiate our statement on this grand tomato.

Beautiful Bright Red Color—Firm and Coreless

Over 200,000 Customers Depend Annually on This Grand Tomato Ripe Fruit from Early Summer Until Killed by Frost-Truly a Giant Everbearing

Wonderful yielder, medium size, smooth bright red fruit. If it is early Tomatoes you want, use Condon's First of All and if you desire extra big ones, Condon's Peerless is the boss. For continuous crop Condon's Giant Everbearing excels all known varieties. Try it. Packet, 15 cts.; ½ ounce, 30 cts.; ounce, 50 cts.; ¼ lb., \$1.50; ½ lb., \$2.75; lb., \$5.00; 2 lbs., \$9.50, postpaid.

From Canada to the Gulf of Mexico Everybody Praises Condon's Giant Everbearing Tomato

Gentlemen: Your Giant Everbearing Tomato is marvelous. I had three Tomatoes that weighed 21/2 lbs., delicious quality, bright red color, free of acid. F. Magee, Ardmore, Penna.

Gentlemen: I grow vegetables for market. For 12 years I have used your seed and have the reputation of producing and marketing the best fresh, crisp, tasty vegetables in our city. My merchant trade were crazy about your Giant Everbearing Tomato. Your seeds are sure true to name. Clarence Yates, Clinton, Illinois.

Gentlemen: Your Everbearing Tomato I consider the best for Gulf Coast Planting. They withstand the last spring frost and extreme summer heat better than any I have ever grown. I picked 58 perfectly fine Tomatoes today from just a few plants and bushels more to follow. D. R. Lyle, Biloxi, Miss.

Windfall, Ind., Dec. 16th.

Condon Bros., Seedsmen, Rockford, Ill.

Your Everbearing Tomatoes are surely fine. I had sliced Tomato for dinner the 10th of December, flavor as good as summer time. If I had known the keeping quality we could have had ripe tomatoes for Christmas dinner. They vined 6 or 8 feet long and were full of Tomatoes. I want to raise more next year. Respectfully, Mr. Wm. Shafer.

Your Giant Everbearing Tomatoes this year were by far the best of sixteen kinds planted .- Merlin E. Brill, 417 Harrison Ave., Hamilton, Ohio.

Gentlemen: Your Everbearing Tomatoes stand the frost better up here than any other kind. I raised the finest Tomatoes you ever saw. They were big; color beautiful red and very solid. A. Anderson, Peesano, Canada.

Main Crop or Standard Tomatoes

655 Livingston's Globe Condon's Improved Select Strain

> THE GREATEST SHIP-PING TOMATO KNOWN

The Finest Early Purple Tomato in Existence. Very Distinct in Shape, Firm Fleshed, of Delicate Flavor; Almost Blight-Proof. "Very Short Crop."

Condon's Select Strain of this tomato is used exclusively by many of the largest shipping associations in the South.

Livingston's Globe is an extra-good, allround sort, of a distinct globe shape or elongated fruits. On account of its shape, it permits a great number of slices to be made from each fruit. We class it with the first early varieties. The fruits are of large size, and retained throughout the season. It is always smooth, of firm flesh and few seeds; ripens evenly; color, a fine glossy rose, tinged always smooth, of firm flesh and few seeds; ripens evenly; color, a fine glossy rose, tinged with purple, and without the slightest tinge of yellow when ripe. It is exceedingly productive. In quality there is nothing more to be desired, being mild, pleasant, and of delicious flavor. May be picked quite green; will carry to distant markets in excellent shape and ripen up uniformly. Pkt., 10 cts.; oz., 37 cts.; ½ lb., \$1.10; ½ lb., \$1.98; lb., \$3.75; 2 lbs., \$7.00, postpaid. 2 lbs., \$7.00, postpaid.

647½ Early Acme A good second early pink fruited variety, invariably round, smooth and of good size. Stands shipping well. Packet, 5 cts.; ounce, 32 cts.; 1/4 lb., \$1.00; 1/2 lb., \$1.85; lb., \$3.50, postpaid.

646 **Dwarf Stone** Vines dwarf but vigorous and productive, fruits bright red, exceedingly smooth and very solid. Packet, 10 cts.; ounce, 35 cts.; ½ lb., \$1.10; ½ lb., \$2.10; lb., \$4.00; 2 lbs., \$7.75, postpaid.

659 Stoke's Bonny Best A second early, scarlet fruited variety. Similar to John Baer. Packet, 5 cts.; ounce, 30 cts.; 1/4 lb., 80 cts.; 1/2 lb., \$1.45; lb., \$2.75; 2 lbs., \$5.25, postpaid.

653½ Livingston's Beauty A crop, smooth, pink fruited variety. Fruits are of medium size and ripen up well around stem. Packet, 5 cts.; ounce, 35 cts.; 1/4 lb., \$1.00; 1/2 lb., \$1.85; lb., \$3.50, postpaid.

640 **Beefsteak** A big late scarlet fruited variety. Fruits are very solid, smooth and rather flattened in shape. Packet, 15 cts.; ½ oz., 35 cts.; oz., 60 cts.; ¼ lb., \$1.70; ½ lb., \$3.20; lb., \$6.00; 2 lbs., \$11.50, postpaid.

645 Dwarf Champion A dwarf or "tree type." Pink fruited variety. The most widely used of the "dwarfs." Fruits are medium size and smooth. Packet, 10 cts.; ounce, 35 cts.; 1/4 lb., \$1.10; 1/2 lb., \$2.10; lb., \$4.00; 2 lbs.. \$7.75, postpaid.

648½ Early Detroit

Early Detroit has been thoroughly tried as a shipping sort during the past few years and has been found to meet the most exacting requirements. The variety is not only the most productive of the purplish pink tomatoes for the early market, but in uniformity and size of fruit, freedom from cracking and from tendency to blight it leads all others of its class. Packet, 10 cts.; ounce, 40 cts.: ¼ lb., \$1.10; ½ lb., \$1.90; lb., \$3.50. postpaid. 1b., \$3.50, postpaid.

637 Greater Baltimore

The Great Canning Tomato

(82 days.) This is one of the old favorite late or main-crop Tomatoes known for its productiveness. The fruits are large, smooth, and have a deep scarlet skin. It is a standard variety with truckers and canners who know that they can depend upon it for a large crop of attractive and heavy fruits. Pkt., 5 cts., oz., 20 cts.; ¼ lb., 60 cts.; ½ lb., \$1.08; lb., \$2.00; 2 lbs., \$3.75, postpaid.

652 June Pink

A Pink Earliana

Similar to the popular Scarlet fruited Earliana in growth of vine, shape and size of fruits and time of maturing. This is a variety of exceptional value to market gardeners, who want an early, purplish pink tomato, either for home market or to ship; also desirable for planting under glass. Packet, 10 ets.; oz., 35 ets.; ¼ lb., \$1.10; ½ lb., \$2.00; lb., \$3.75; 2 lbs., \$7.25, postuaid. 1b., \$3.75; 2 lbs., \$7.25, postpaid.

The Best Early Pink Tomato

A 57 day extra-early Tomato introduced by the Penna. State Agric. College. Our Excel strain matures about five days earlier than other Earliana strains. The compact vines carry an enormous crop of beautiful scarlet-red fruits. The entire crop can be gathered usually in about three weeks from the time the first fruit ripens. It is a most productive variety, splendid for market and for the home garden. The fruits are very solid. They are produced mostly in the center of the plant. Fleshy, juicy, and of excellent flavor. Packet, 10 cts.; ½ oz., 22 cts.; oz., 40 cts.; ¼ lb., \$1.25; ½ lb., \$2.25; lb., \$4.45; 2 lbs., \$8.50, postpaid.

This is the original Earliana Tomato which has long been a great favorite with growers who choose the original Spark's Earliana on account of earliness, productiveness, good shape, and rich color. Matures marketable fruit 57 to 60 days after setting plants in field. Packet, 10 cts.; oz., 27 cts.; 1/4 lb., \$3 cts.; 1/4 lb., \$1.55; lb., \$2.95; 2 lbs., \$5.70, postpaid.

649 Golden Yellow Ponderosa Excellent as a Salad Tomato.

Beautiful golden yellow, the richest shade yet attained by any variety. The superior flavor of the yellow varieties is bringing them into favor as a table fruit more each season. Fruits average 12 oz. and more. Packet, 10 cts.; ½ ounce, 35 cts.; ounce 60 cts.; ½ lb., \$1.65; ½ lb., \$3.10; lb., \$5.75; 2 lbs., \$11.00, postpaid.

654 Marglobe-Wilt Resistant

that has ever been developed. In general appearance it surpasses any we have seen. Truly a globe shaped variety with a bright scarlet color. Now recognized as the outstanding Tomato for commercial growers and shippers in the South. Introduced by the United States Department of Agiculture for wilt resistance. Also resistant to "nailhead rust" which attacks the fruit. The strong vigorous vines produce large, beautifully shaped, smooth, deep red, globe shaped Tomatoes in enormous quantities. Outstands long periods of wet and unfavorable weather. Our strain of this new Tomato is produced from original Pure Bred stock seed carefully se-

lected, seed only saved from large,

The most perfect shipping Tomato

fully matured fruits. Seed is all hand-rubbed, bright color with strong vigorous germination. Some of the largest and most particular planters and shippers in the South have used our strain for several years with perfect satisfaction and we feel confident that no better type is available anywhere on earth at any price. We urge you to give Marglobe a trial this year. Pkt., 10 cts.; ½ oz., 22 cts.; oz., 35 cts.; ¼ lb., \$1.00; ½ lb., \$1.75; lb., \$3.25; 2 lbs., \$6.25, postpaid.

CONDON'S LUSCIOUS TOMATOES

649—Golden Yellow Ponderosa

TOMATO

650 Henderson's Ponderosa

Nearly Seedless and as Solid as Beefsteak

Immense Size. Luscious Purple Fruit—Very Prolific Late Sort

The vines are of strong, rather open growth; fruits largely oblong in form, deep through, and generally ridged or ribbed; deep purple in color. They are solidly fleshy with small seed cells; of fine, sweet flavor. Planted in good soil, fruits frequently attain a weight of one pound or more. We offer a selected strain that produces tomatoes smooth in form and very meaty. Packet, 10 cts.; ½ oz., 28 cts.; oz., 48 cts.; ¼ lb., \$1.25; ½ lb., \$2.25; lb., \$4.00: 2 lbs., \$7.50, postpaid.

y and

651 John Baer

Southern Favorite

1 oz. of seed will produce 2,000 plants

Color is deep glossy red—size and shape quite similar to Earliana, but with more solid flesh and fewer seeds. One of the earliest, produces perfect high crown tomato. Ripens evenly right up to the stem and will not burst when dead ripe. It is a strong grower with just enough foliage to handle its immense load of fruit. A popular market tomato in the East and South. Packet, 10 cts.; oz., 32 cts.; ½ lb., \$1.45; lb., \$2.75; 2 lbs., \$5.40, postpaid.

639 Yellow Oxheart

New and Distinct Variety

A new variety of our Oxheart-type Tomato. All our customers who are familiar with Pink Oxheart, and who did not try this new yellow one last season, should give it a trial this year. It is of the same shape as the original, but the skin and flesh are a rich shade of yellow. A platter of slices of the Yellow Oxheart, mixed with slices of the original Pink Oxheart, makes an appetizing dish. Try it. 85 days. Packet, 15 cts.; ½ oz., 60 cts.; oz., \$1.00; ½ lb., \$3.00, postpaid.

641 Chalk's Early Jewel

Within a week or ten days, as early as the famous Spark's Earliana; it is a heavier cropper, with tomatoes of larger size and sweeter flavor. Packet; 5 cts.; oz., 25 cts.; ¼ lb., 75 cts.; ½ lb., \$1.40; lb., \$2.75; 2 lbs., \$5.25, postpaid.

SMALL FRUITED TOMATOES

These are easily grown, immensely productive, and very delicious for preserves.

661 Yellow Husk Strawberry or

Ground Cherry The small sweet yellow fruits are each enclosed in a paper-like husk.

662 Yellow Plum The fruits have the size and shape of a plum. The skin is bright, lemon yellow.

660 Red Pear The fruits are bright red, and of true pear shape.

663 Yellow Pear Very attractive. Enormously productive and the golden yellow fruit make excellent salad. They are sweet and delicious.

Special Price on any or all of the small fruited sorts. Packet, 10 cts.; ½ oz., 30 cts.; oz., 50 cts., postpaid.

Table Turnips for Summer and Winter

Plant a Patch This Spring—Also Again in August 1 oz. of seed will plant a row 250 ft. long; 3 lbs. of seed will sow one acre.

Turnip of high merit.

Purple Job White Glows

This well-known Turnip is a great favorite and is sometimes sold under the name of Red-Top White Globe. The roots grow to large size, measuring 6 in. across. They are nearly round and show a bright purplish red color on the upper part of the root, which extends above the surface. The lower portion is creamy white. The white flesh is firm, crisp, and of mild flavor. Packet, 5 cts.; oz., 10 cts.; ¼ lb., 20 cts.; ½ lb., 35 cts.; lb. 55 cts.; 2 lbs., \$1.00; 5 lbs., \$2.20, postpaid.

665 Extra Early Purple Top Milan (40 days)

The Earliest and Best for Spring or Fall Sowing Producing in 40 days good sized, flat, smooth turnips with bright purple top and few leaves, of perfect shape and color. Flesh white and choice, sweet and fine grained. They are without equal for the table. Packet, 5 cts.; oz., 14 cts.; ¼ lb., 25 cts.; ½ lb., 45 cts.; lb., 80 cts.; 2 lbs., \$1.50; 5 lbs., \$3.50, postpaid.

667 Early White Flat Dutch (45 days)

A very early white turnip, extensively used for the table. The leaves are upright in growth. The roots are of medium size, flat, white fleshed, fine grained and sweet. The roots when in best condition for table use are about 2½ inches in diameter. Packet, 5 cts.; ounce, 10 cts.; ½ lb., 20 cts.; ½ lb., 35 cts.; lb., 60 cts.; 2 lbs., \$1.00; 5 lbs., \$2.25, postpaid.

673 White Egg (50 days) An early, egg-shaped variety with smooth, clear white roots of medium size which grow half out of the ground. The tops are small with leaves distinctly cut. The flesh is clear white firm, fine grained and sweet. Packet, 5 cts.; ounce, 10 cts.; 1/2 lb., 35 cts.; lb., 60 cts.; 2 lbs., \$1.00, postpaid.

674 Yellow Aberdeen (75 days)

The flesh is yellow, tender, sugary and very solid. In color the turnip is purple above and deep yellow below. Used on the table or for stock feeding. Pkt., 5 cts.; oz., 12 cts.; ¼ lb., 22 cts.; ½ lb., 38 cts.; lb., 65 cts.; 2 lbs., \$1.20; 5 lbs., \$2.75, postpaid.

668 Golden Ball or Orange Jelly (60 days)

A beautiful bright yellow table turnip of medium size and universally sweet and delicious flavor. Packet, 5 cts.; oz., 12 cts.; ¼ lb., 22 cts.; ½ lb., 38 cts.; lb., 65 cts.; 2 lbs., \$1.20, postpaid.

674½ Shogoin or Japanese

A new, extremely useful sort. It is quick growing and supplies large edible strap leaves as well as smooth globular roots of superior quality. Already popular as a dual purpose variety; also very desirable because of its resistance to aphids or plant lice. Packet, 5 cts.; oz., 12 cts.; ¼ lb., 23 cts.; ½ lb., 40 cts.; lb., 70 cts.; 2 lbs., \$1.30; 5 lbs. \$2.75, postpaid.

672 Southern Seven Top for Turnip Greens

Cultivated extensively for the tops and when cooked as spinach they are delicious. Very hardy. In many sections it is a favorite green feed for stock and its use as a pasture crop like Rape is quite general. Roots are woody and inedible. Packet, 5 cts.; oz., 10 cts.; ¼ lb., 15 cts.; ½ lb., 28 cts.; lb., 50 cts.; 2 lbs., 90 cts.; 5 lbs., \$2.00, postpaid.

A long white turnip, 12 to 15 inches in length, 2½ inches in diameter and growing well above the ground. Of rapid growth. One of the best and sweetest for home use or for stock feeding and excellent to plow under as a green fertilizer. Packet, 5 cts.; oz., 10 cts.: ¼ lb., 15 cts.; ½ lb., 28 cts.; lb., 50 cts.; 2 lbs., 90 cts.; 5 lbs., \$2.00, postpaid.

669 Purple Top Strap Leaved

Six Weeks or Early Snowball (40 days)

A perfectly globe-shaped, white-skinned turnip. It is exceedingly productive. The flesh is fine grained, firm and of very delicate flavor. It is one of the best keeping of the white fleshed sorts. Very early, and particularly adapted for family or market use. Packet, 5 cts.; ounce, 10 cts.; ¼ lb., 20 cts.; ½ lb., 35 cts.; lb. 60 cts.; 2 lbs., \$1.10; 5 lbs., \$2.40, postpaid.

Extra Early White Milan (40 days) Remarkably variety. Tops very small, strap leaved, upright and compact, so that rows can be planted close together. Roots clear white, very smooth, flat, and are of best quality when only about 2 inches in diameter. Flesh clear white, mild, sweet and tender. Pkt., 5 cts.; oz., 14 cts.; 1/4 lb., 25 cts.; 1/2 lb., 45 cts.; lb., 80 cts.; 2 lbs., \$1.50; 5 lbs., \$3.50, postpaid.

669 Early Purple Top Strap Leaved (45 days)

A very early variety, extensively used for the table. The leaves are few, entire, upright in growth. The roots are flat. of medium size, purple or dark red above ground, white below. The flesh is white, fine grained and tender. Roots when in best condition for table use are about two and one-half inches in diameter. This sort is also known as Early Red Top Strap Leaved. Packet, 5 cts.; ounce, 10 cts.; ¼ lb., 20 cts.; ½ lb., 35 cts.; lb. 55 cts.; 2 lbs., \$1.00, 5 lbs. \$2.20, nostnaid postpaid.

RUTA BAGAS OR SWEDE TURNIPS

By far the most profitable root crop grown on the farm. Ruta Bagas are better known in some sections as Swede Turnips. A yield of from 800 to 1,000 bushels per acre is not uncommon. Every raiser of stock should have a patch of Ruta Bagas, size varying according to quantity of stock. 1 oz. of seed will plant a row 250 ft. long. 3 lbs. of seed will sow one acre.

586 Monarch or Elephant

Grows to very large size and the bulbs are of smooth, oval form, slightly tapering at the ends. The skin is a dark red above the surface and of a rich yellow below. Flesh is a deep yellow and fine grained. Packet. 5 cts.; oz., 14 cts.; 1/4 lb., 23 cts.; 1/2 lb., 40 cts.; lb., 70 cts.; 2 lbs., \$1.25, postpaid.

American Purple Top Yellow

584

A strain of Purple Top Yellow Ruta Bagas of American origin, selected to a smaller top and much shorter neck than is usually found, while the roots are a little more globular, grow to a large size and are of the finest quality. Excellent for table use and stock feeding. We consider this one of the most desirable sorts. Packet, 5 cts.; oz., 10 cts.; ½ lb., 20 cts.; ½ lb., 35 cts.; lb., 60 cts.; 2 lbs., \$1.10; 5 lbs., \$2.50, postpaid.

White Swede or Sweet Russian

An excellent keeper and very desirable either for the table or for stock. Tops small; strap leaved. Root very large, nearly globe-shaped with small neck; color white, with a shade of green or bronze at the top. Flesh, white; very firm and sweet. Sometimes sold as Sweet Russian Turnip. Packet, 5 cts.; oz., 10 cts.; 1/4 lb., 20 cts.; 1/2 lb., 35 cts.; lb., 60 cts.; 2 lbs., \$1.10; 5 lbs., \$2.50, postpaid.

585 Condon's Giant Yellow Swede

THE SWEETEST AND VERY BEST TABLE VARIETY. This magnificent Ruta Baga is unquestionably the most profitable of all Swede Turnips, as well as the hardiest, best shaped and by far the most productive, a yield of 1,000 bushels per acre and over, under careful cultivation, being of frequent occurrence. Bulbs are somewhat oval in shape, slightly oblong, and remain sound and good indefinitely. Flesh is of a beautiful yellow color, always sweet, tender, juicy and nutritious. The finest of all Swedes. Packet, 10 cts.; ounce, 17 cts.; ½ lb., 35 cts.; ½ lb., 60 cts.; lb., \$1.00; 2 lbs., \$1.75; 5 lbs., \$3.75, postpaid.

Specialties for the Garden That All Should Plant

Grow your own Horse Radish. It's much better and cheaper.

391 Horse-Radish Sets

Chicory

350 Witloof or French Endive

The seed should be sown in the open ground not later than June in drills 12 to 18 inches apart, and the seedlings should be thinned out to stand not closer than 3 inches. The plants form long, parsnip-shaped roots which are lifted in the fall, trimmed of leaves and stored in soil in a cool place until wanted for forcing.

Roots should be planted upright about one and a half to two inches apart in a trench 16 to 18 inches deep. This will bring the neck of the root to within nine inches of the level of the trench, to be filled with light soil.

It requires about one month to force roots. Packet, 10 cts.; ounce, 20 cts.; ½ lb., \$1.10; lb., \$2.00, postpaid.

Leek

412 Broad Leaf or New Flag

We offer a very superior stock of this popular variety, so largely grown for fall and early winter use. It is of quick, strong growth, quick, strong growth, producing long stems of uniform shape and size, averaging 2 inches through by 10 inches long, blanching beautifully white and of fine, mild flavor. Packet, 10 cts.; ounce, 20 cts.; ½ lb., 60 cts.; ½ lb., \$1.10; lb., \$2.00. postpaid. \$2.00, postpaid.

412 Leek-Broad Leaf

391 Horse-Radish Sets New Bohemian or Maliner Kren

New Bohemian or Maliner Kren

This is grown by planting the small sets or pieces from the side roots in deep, rich soil and cultivating in the same manner as with the ordinary variety of Horse-Radish, but the plants are so much stronger in growth that the roots grow to considerably larger size and greater weight. The quick, strong growth not only gives a much larger crop from a given area both in size of single roots and bulk weight of crop, but also enables the grower to place the roots in the markets much earlier than with the ordinary variety. Small Roots, ready for planting: 25 ets. a doz.; 50 for 70 ets.; \$1.25 per 100; \$9.00 per 1000, postpaid.

Rhubarb or Pie Plant

582 Condon's New Strawberry

Without doubt this is the earliest of all Pie Plant and a variety that can be used not only in the early Spring, but Summer as well. The very best. Quality simply superb. Stalks of good size, soft and juicy. Skin so thin and tender that it is not necessary to remove it before cooking. Flavor sprightly and refreshing and has the true Strawberry flavor. Pkt., 10 cts.; oz., 16 cts.; ¼ lb., 45 cts.; ½ lb., 80 cts.; lb., \$1.50, postpaid.

583 Rhubarb Roots Condon's New Strawberry

We offer only hardy two-year-old roots that will make a crop the following year after setting out. 17 cts. each; 3 for 35 cts.; doz., \$1.20; 100 for \$8.00; 1,000 for \$65.00, prepaid.

Best Varieties, High Grade Tobacco

½ oz. of seed will produce 2,500 plants

676 Big Oronoko Sweet

A favorite Virginia variety. Grows very large, broad leaves. A fine variety for dark plug wrappers and brings a good price in the market.

677 Connecticut Seed Leaf

This is a staple variety in all sections of the country, and will grow successfully over a wide range of territory. Used for cigar fillers.

678 Big Hybrid Havana

The best known variety, as it is used very largely for cigar wrappers. Commands the highest market price when well grown and cured.

679 Improved White Burley

A mild and sweet tobacco. It is the standard main crop variety in the tobacco sections as it is extra fine for manufacturing in nearly every manner that tobacco is used.

680 Comstock Spanish

Sometimes called Zimmer's Spanish. The standard variety for cigar leaf. More extensively grown in this country than any other kind for this purpose. About the only kind grown in Wisconsin. The leaf is good sized and is suitable for wrappers and fillers.

Special Price on any of the above: Packet, 10 ets.; ½ ounce, 30 ets.; ounce, 50 ets.; ¼ lb., \$1.50, postpaid.

Here is the easy and simple method to use in figuring the postage on all purchases you make from these Market Gardeners Special Wholesale Prices as shown on pages 96, 97, 98 and 99.

In figuring the cost of postage on your seeds from these special not prepaid prices, figure up the total number of pounds of the seed ordered and add one pound additional for packing, on quantities of 25 lbs. total or less and two pounds additional on packing for 50 lb. orders. Ascertain what postal zone you live in from Rockford by referring to the list below and then all you have to do is to follow this simple rule. For example: The total weight of the seeds you desire to order from these special prices on pages 96, 97, 98 and 99, total 24 lbs., add one pound for packing making 25 lbs. total weight. Suppose you live in the third zone from Rockford. Running down on the chart below to the 25 lb. quantity and coming out to the right to the second column you will find the postage for the entire shipment only 57c. This same principle

postal zones that you may reside in from Rockford.

In making your remittance, be sure to include not only the cost of the seed but also the cost of the postage.

applies either on larger quantities or into any of the

Parcel Post Zone From Rockford, Illinois to Every State in the Union

SEED POTATO EYES

Mail

from selected Red River Valley

> grown seed

My Dear Friends:

Those of you who live a long distance from us, and want to get some excellent Seed Potatoes at a reasonable price without paying more transportation charges than the cost of the seed, just take a "TIP" and let us send you a few hundred Potato Eyes that are cut from hand-select Northern Grown Potatoes, and you just plant one seed to each hill with eye facing up, cultivate just in the ordinary way, and you'll harvest a bumper crop of as fine Potatoes as you ever raised. The beauty of buying Potato Eyes for seed is we can ship by mail at any time in the year, so customers living in Alabama, Texas or any southern state can get their seed on time, whereas if you buy the big tuber we cannot ship with safety before March 15th to 25th, and that's too late on early varieties for southern planters. Customers who reside 1 to 300 miles from us should get a few by mail for real early planting, and for your main crop we can ship the full tuber in ample time.

All varieties described on this page at the following uniform prices: 50

All varieties described on this page at the following uniform prices: 50 eyes, 70 cts.; 100 eyes, \$1.15; 200 eyes, \$2.00; 500 eyes, \$4.00; 1,000 eyes, \$7.50, postpaid. No Less Than 50 Eyes of Any Variety Furnished.

We Cannot Ship Potatoes Into California.

Improved Semesan Bel

832 New Improved Semesan Bel. For treating seed potatoes. Potato diseases cause a loss equivalent to the yield of 1 acre in every 5 or 6 planted. Effective in controlling such seed-borne diseases as scab, rhizoctonia and black leg. One pound treats 16 to 22 bushels of seed. 4 oz., 50 cts.; 1 lb., \$1.65; 5 lbs., \$7.00, postpaid.

Red River Valley Grown Condon's Early Snowflake

Only a few days later than Six Weeks and twice as large, tubers pure white, very smooth, nearly round.

775 The New Warba

Extra Early—developed by the Minnesota Experiment Station. Cross of a selected seedling and Bliss Triumph. 7 to 10 days earlier than Bliss Triumph. Tubers, uniform size, short, round, white with pink eye. Vines resistant to mild Mosaic.

765 Bliss Red Triumph

Next to New Warba in maturing. Tubers, round, smooth, medium size.

767 Condon's Early Six Weeks Seedling of Ohio. Tubers, smooth, flesh white, cook mealy.

768 Improved Extra Early Ohio

The best known all-round Early Potato. Tubers, smooth, oval, shalweyed. Skin reddish pink. Cooks dry and mealy. Heavy yielder, low eyed. good keeper.

769 Genuine Irish Cobbler Medium Early. Heavy yielder. Tubers, white, nearly round, fine

Let Your Children Have a Pansy Bed This

Super Swiss Giants

Immense blooms of fine texture, rich and varied color range — A Rainbow of Color: 2½ to 4 inches across on long graceful stems. Vigorous rooted stocky plants—that will bloom in 3 to 4 weeks after transplanting. Pansies do well in the shade. Doz., 49 ets.; 25 for 83 cts.; 50 for \$1.47; 100 for \$2.75; 250 for \$5.95, prepaid.

Hardy Field Grown Vegetable Plants

Shipped At Proper Time for Setting Out in Your Locality

All vegetable plants offered below are grown from "Pure Bred Seed" in the open fields. They are sturdy, well rooted, vigorous plants that produce marketable vegetables away ahead of plants taken from the ordinary hot-bed. Millions are used annually throughout the nation, so you may purchase them with assurance of receiving the very finest plants obtainable. Please State on Order Date wanted—Remember we cannot supply other varieties than those listed below—"Please Place Order Early." SPECIAL NOTICE ON CABBAGE PLANTS—The plants when received will be somewhat wilted and have a stunted appearance, which will be disappointing to persons who have never used these plants before. Regardless of appearance, they will produce results superior to common or home grown plants.

Condon's Superior Grass Seed for Lawns and Golf Courses

731 Condon's Velvet Green Lawn Seed Used extensively by park boards, golf clubs and by private home owners. Over 250,000 pounds sold annually. Recognized the country over as the very finest quality. Sow in spring or fall. 1 lb. for 300 square feet. Contains only the highest grade of grasses suitable for the purpose of making a beautiful, durable, lasting lawn. Our Lawn Grass Seed germinates quickly, roots deeply. This enables it to withstand the intense heat of summer and the hard cold of winter, showing a beautiful, rich green from snow to snow. It contains no annual grasses for making a quick show, to the detriment of the permanent lawn, but has only those which are lasting and hardy. When a lawn is once established from our seed, it lasts for years. From six to eight weeks' time is all that is required to form a close, thick turf of rich velvety green. One pound sows 300 square feet very nicely. For a perfect and enduring lawn of closely interwoven, firm, elastic turf, which will flourish under varied conditions of soil and climate, and show a luxuriant growth throughout the year, plant Condon's Velvet Green Lawn Grass Seed. ½ 1b., 25 cts.; 1b., 45 cts.; 3 lbs., \$1.25; 5 lbs. \$1.95, postpaid.

732 Condon's Shady Place Mixture On nearly all lawns there are shaded, bare and unsightly spots, on which the owners have difficulty in getting a stand of grass. For such places this mixture is adapted. It is composed of grasses which naturally grow in shaded places. They are the finest and most costly of all grasses. ½ 1b., 28 cts.; 1b., 47 cts.; 3 lbs., \$1.34; 5 lbs., \$2.05, postpaid.

740 Emerald Green Lawn Seed While this mixture of Lawn Seed is offered at a very low price, considering the shortages of good Grass Seed, it is nevertheless very dependable, being a proper blend of Kentucky Blue Grass, Red Top, Rye Grass, and White Dutch Clover. It contains no Timothy, and all Grasses in the mixture are of the finest qualities. With the exception of Condon's Velvet Green it is the best quality at any price. ½ lb., 22 cts.; lb., 38 cts.; 3 lbs., \$1.05; 5 lbs., \$1.65, postpaid.

704 "Seaside" Creeping Bent Grass Agrostic Species. Especially suited for lawn and golf courses, being perfectly hardy, producing a dense velvety green carpet that withstands much trampling. Sow 1 lb. to 200 square feet. ½ lb., 55 cts., lb., \$1.00; 3 lbs., \$2.85; 5 lbs., \$4.50, postpaid.

706 Red or Creeping Fescue (Festuca rulra). Very hardy grass, well adapted to severe winter conditions. Does well on poor, sandy or acid soil, and thrives luxuriantly in shady places. Used extensively for golf and lawn purposes. Sow 1 lb. to 200 square feet. ½ lb., 38 cts.; lb., 70 cts.; 3 lbs., \$2.00; 5 lbs., \$3.00, postpaid.

707 Chewing's Fescue (New Zealand-Grown). Festuca Chewing's is in even greater demand for Putting Greens than the Red Fescue. Best seeded alone when used for greens. It is a perennial with creeping roots and makes a fine turf. Does well in sandy soils, and in the shade. Sow either Spring or Fall at the rate of 5 lbs. to 1,000 square feet. ½ lb., 38 cts.; lb., 70 cts.; 3 lbs., \$2.00; 5 lbs., \$3.00, postpaid.

702 Blue Grass, Kentucky Fancy Recleaned (Poapratensis). Also known as June Grass, Green Grass, etc. Sow 1 lb. to 300 square feet, 60 lbs. per acre for hay. Rated as one of the best permanent grasses, especially useful for lawns, meadows, and rich land. ½ lb., 25 cts.; lb., 45 cts.; 3 lbs., \$1.25; 5 lbs., \$1.95, postpaid.

742 Red Top (Agrostis Alba) Fancy Recleaned One of our best native grasses. Useful for lawn or pasture fields. Does well on moist or even quite dry soils. Sow 1 lb. to 300 square feet, 20 lbs. per acre. ½ lb., 25 cts.; lb., 45 cts.; 3 lbs., \$1.25; 5 lbs., lbs., \$1.95, postpaid.

744 Rye Grass, English or Perennial (Lolium perenne). Good for lawns or pasture. Especially suited for winter lawns in the south. Sow 1 lb. to 200 square feet. ½ lb., 18 cts.; lb., 30 cts.; 3 lbs., 85 cts.; 5 lbs., \$1.25, postpaid.

757 Rough Stalked Meadow Grass (Poa Trivialis) An ideal shade grass closely related to Kentucky Blue Grass, but somewhat finer and softer. It has a splendid apple-green color and is a creeper. Sow in Fall or Spring at rate of 1 lb. to every 300 square feet. ½ lb., 38 cts.; lb., 70 cts.; 3 lbs., \$2.00; 5 lbs., \$3.00, postpaid.

696 White Dutch Clover An excellent clover for lawns, makes a close, compact growth, covering the ground like a carpet. Thrives well on all soils. ½ lb., 33 cts.; lb., 60 cts.; 3 lbs., \$1.70; 5 lbs., \$2.75. post-paid.

Specialties That Should Be in Every Home

811 Condon's Plant Food

All Commercial Fertilizers must contain among other things, Ammonia, Phosphoric Ammonia, Phosphoric Acid and Potash. But the secret of good fertilizer is the proportion of each. This plant food not only has just the right proportion but is highly concentrated, so that a little goes a long way. Odorless, soluble, harmless, efficient, easy to apply. A wonderful, well balanced tonic for all house anced tonic for all house plants. Sprinkle on the soil in the pot, just enough at a time to cover the surface. One pound enough for 30 house plants for 3 months. 1 lb. carton, 35c cts.; 5 lb. bag, \$1.50, postpaid.

Stim O-Plan

STIM- U-PLANT

remarkable all-year-round fertilizer in tablet form, odorless, effective and easy to use. Applied to plants when, where and as needed.

Growers of fine flowers, shrubs and vegetables use these wonderful little tablets. Stim-U-plant increases production, heightens colors and improves the quality.

809 Black Cat— Kills Rats

"BLACK CAT" is sure death to Rats, Mice and Gophers, but is harmless to Men, Dogs, Cats, Baby Chicks, Poultry and all Domestic Animals. May be safely used in the house, barn or poultry house. "BLACK CAT" can be mixed with butter, corn meal, ground meat or other meal, ground meat or other food. Rats and Mice eat it readily and it drives them outdoors to die.

GUARANTEED to kill Rats, Mice and Gophers, and nothing else, when used according to directions. 50c per package, postpaid.

Garden Gloves

822 Soft As Kid—Tough As Iron

Made from select imported leather specially processed to render it amazingly soft and pliable —as well as durable. Permit almost barehand freedom with perfect comfort yet insure complete protection from dirt, scratches, bruises, stains. Washable. Make a fine bridge prize. Economical—outwear 6 pairs of ordinary fabric gloves and are useful for other home duties the year round—Housework, Painting, Yard, Furnace, Garage, etc.

A SIZE FOR MEN AND WOMEN 73 cts. per pair; 2 pairs, \$1.35, postpaid

Insecticides, Fungicides and Vermicides—POSTPAID

latest improvement in the insecticide field, one product which will combat blight and fungus diseases, control sucking insects and destroy chewing insects in one application; safe to use on almost all fruits, vegetables, flowers and shrubs. Per 1/4 lb., 40 cts.; 1 lb., 85 cts.

820½ ACME DAWG-GONE. Keeps dogs away from Evergreen. Remove cap and hang tube of Dawg-Gone (opening down) in the lower branches of trees at the points of approach. The odor slowly emanating from the open tube will keep dogs at a distance from six months to a year winter or summer.

Tubes, 35 cts. each or 3 for \$1.00.

821½ ACME ANT-KILL. Kill the ants in the nest. Ant-Kill syrup is sold in connection with safe patented service cups which gives protection to birds, pets and children. Cottago set, 3 oz. bottle and 5 cups, 60 cts.

823½ ACME BORDEAUX MIXTURE. (Dry) The best fungicide for curing and preventing black rot, mildew, blight, or other fungoid diseases on fruits and plants. 1 lb. will make 5 gallons liquid. 1 lb., 45 cts.; 4 lbs., \$1.40.

824 ACME GARDEN GUARD. A garden insecticide and fungicide for use as a dust. No water, no mixing, no muss. For use on cabbage, cauliflower, tomato plants, and other vegetables, flowers and shrubs. 1 lb., 30 cts.; 5 lbs., \$1.00.

824½ DUSTING SULPHUR. For mildew on roses and other fungus diseases of plants there is nothing so satisfactory as sulphur dust. 3 lbs., 60 ets.

825 -ACME LIME SULPHUR. The most dependable insecticide for dormant spraying and the destruction of fungous parasites on woody plants and shrubs. 1 lb., 45 cts.; 5 lbs., \$1.75.

Be Sure to Read Boys' and Girls' Section Pages 8 and 9.

826 ACME FISH or WHALE OIL SOAP. A caustic potash soap made from pure fish oil, valuable for rose bushes as a wash, and for the leaves and bark of plants or trees to kill eggs and seale. The ideal spreader and a remedy against aphis. 1 lb., 35 cts.; 5 lbs., \$1.50.

826½ BLACK LEAF 40. The old reliable nicotine spray for aphis of all kinds on plants, trees and shrubs. Also excellent to rid poultry and poultry houses of lice. 1-oz. bottle (makes 6 gallons), 1 oz., 40 cts.; 5 ozs., \$1.25; 1 lb., \$2.30.

827 GRAPE AND ROSE DUST. For black spot on roses, powdery mildew on grapes and flowers, blights and leaf-eating insects. 1 lb., 45 cts.; 5 lbs., \$1.75.
827½ NICO-FUME POWDER FUMIGATOR. Lights quickly, burns evenly and will not go out. No waste; every particle is consumed. It retains its strength indefinitely. 1-lb. tin, \$1.25; 5-lb. tin, \$1.00; 10-lb. tin, \$7.00.

828 NICO-FUME LIQUID. For fumigating or spraying contains 40 per cent nicotine. 1 lb., \$2.50; 4 lbs., \$6.50.

829½ PARIS GREEN. A poisonous insecticide in powder form: for insects which chew. ¼ lb., 26 cts.; ½ lb., 45 cts.; 1 lb., 70 cts.

SHEPS PLANT SPRAY (Non-Poisonous)

Get rid of destructive insects. Use SHEPS Plant Spray. Kills and controls both sucking and ehewing insects but absolutely harmless to humans, birds, animals and pets. Will not "burn" delicate leaves or flowers. Makes green, healthy, lustrous foliage. No soapsud solution needed—simply mix with water.

828½ SNAROL. For the control of cutworms, snails, slugs, etc., non-injurious to vegetation and very economical to use on account of its insolubility in water. 1½ lbs., 45 cts.; 4 lbs., \$1.00.

819 TREE TANGLEFOOT. No crawling insect can pass a band of tree tanglefoot. 1 pound for 12-foot band. 4 inches wide, ½6 inch thick. 1 lb. can, 70 cts.; 5 lb. can, \$3.10; 10 lb. ean, \$5.75.

Grow Larger and Better Crops by Using Prices Greatly Reduced

The Improved Soil Inoculator, Robbe-Hiltner Process Restores and Maintains Soil Festility

Grow legumes—alfalfa, clovers, soys, vetch, peas, and beans—for valuable feed crops, soil improvers, cover crops; BUT BE SURE TO INOCULATE THEM WITH NITRAGIN. Agricultural Colleges advise in-oculation. Inoculated legumes draw valuable nitrogen from the air—not the soil—increase yield and quality of the crop and leave a rich store of nitrogen in the soil for future crops. Inoculated legume seed develops heavy clusters of nodules, where nitrogen is stored, on the roots of the legume plant and without which the legume is valueless as a soil builder. Nitragin inoculated legume crop bears heavy nodules and pays big in increased soil fertility. Protect yourself by insisting on NITRAGIN, the original Soil Inoculator. All inoculators are perishable; every package of Nitragin is dated as to life of contents for your protection. Look for the dated label when buying; agricultural colleges recommend this protection.

Spraying and Dusting Insecticides and Dependable Fertilizers

820 Condon's Bug Finish

Recommended as the Best and Surest Killer

A fine powder, easily distributed by duster. Thoroughly reliable for killing currant worms, potato bugs, cabbage worms, lice, slugs, etc. Cheapest and most effective remedy. 1 lb., 25 cts.; 5 lbs., 90 cts.; 10 Ibs., \$1.50, postpaid.

817 New Evergreen Spray

The Best Spray for Roses, Shrubs, Vegetables and Flowers

1 oz. Bottle Makes 6 Gallons of Spray Non-Poisonous Insecticide

Effective against all plant pests, including cucumber and melon beetles, cabbage worms, rose slugs, leaf hoppers, currant worms, etc. Safe—Kills only insects—harmless to man, live

stock, birds and pets. Non-in-jurious—Spray freely on the tenderest plants. Won't injure the ground. Easy to Use—Just mix with water and stir. No unpleasant odor. Won't Gum Sprayers—No had offeet on metal on rubban Stave in columns. No bad effect on metal or rubber. Stays in solution and can't clog sprayers. Price: 1 oz. bottles, 35 cts.; 6 oz. can, \$1.00; 16 oz. can, \$2.00; 1 gallon, \$11.50; 5 gallons, \$47.50, prepaid.

818

Red Arrow Garden Spray. A non-poisonous Flower and Vegetable Garden Spray scientifically blending Pyrethrum and Rotenone with Soap. Simply mix with water. Harmless to animals. Kills Red Spider, Mealy Bug, Rose Chafer, Mexican Bean Beetle, Aphids (plant lice) and other Chewing and Sucking insects. 1 oz., 35 cts.; 4 ozs., \$1.00; 1 pt., \$2.00; 1 qt., \$3.65, postpaid.

821 Hammond's Slug Shot

A non-poisonous powder and a very popular insecticide; it requires no further mixing or preparation, easily distributed either by duster or in water by spraying. Very effectual in destroying potato bugs and beetles, green and black flies, slugs, worms, caterpillars, etc. 1 lb. carton with sifter top, postpaid: 37 cts.; 5-lb. package, \$1.00. Not Prepaid: 5 lbs., 80 cts.; 25 lbs., \$4.00; 125 lbs., \$15.00.

"Dependable Fertilizer" 814 Nitrate of Soda or Chili Saltpeter

Nitrate of Soda is not a substitute for other Manures, but one of the cheapest and best forms in which to apply Nitrogen to plants. Do not let nitrate touch green growth or it will burn. Remove the lumps before using and break them up, which can be done by pounding.

For the Home Garden apply as a solution one ounce to two gallons of water. Not Mailable. By Express or Freight at Customer's Expense—10 lbs., 85 ets.; 25 lbs., \$1.30; 50 lbs., \$2.35; 100 lbs., \$3.40.

815 Condon's Bone Meal

Our "Special Brand" Bone has been slightly steamed to soften it and is thus quicker in its action. Analysis: Ammonia, 4½ to 5½ per cent; total phosphoric acid, 22 to 25 per cent; bone phosphate, 48 to 54 per cent.

PRICE: Postpaid—1 lb., 25 ets.; 5 lbs., \$1.00. Shipped by Freight at Customer's Expense—10 lbs., 60 ets.; 25 lbs., \$1.10; 50 lbs., \$1.75; 100 lbs., \$3.25.

812 Natural Pulverized Sheep Manure

3% potash, 1¼% phosphoric acid and 2¼% ammonia. Spread a hundred pound sack over your lawn in the early spring. It will produce wonderful results. Use it on all corn and grain crops at the rate of 300 to 500 lbs. per acre in drills or hills. On Garden crops, use 500 lbs. per acre or 100-lb. sack on Home Garden plot of 50x150. Postpaid 100-lb. sack on Home Garden plot of 50x150. Postpaid Prices: Lb., 22 cts.; 5 lbs., 70 cts. By Express or Freight—at Customer's Expense—25 lbs., 75 cts.; 50 lbs., \$1.25; 100 lbs., \$2.25; 500 lbs., \$9.00; 1000 lbs., \$16.50; 2000 lbs., \$31.50.

813 Vigoro

Your garden will produce more and better vegetables this year if you apply VIGORO to the soil now. VIGORO is a scientifically compounded plantfood, is clean, free from unpleasant odor, and easy to apply. This ideal plantfood gives to the garden plants the necessary elements in just the right proportion for rapid, beautiful, and sturdy growth. Postpaid Prices: 1 lb., 25 cts.; 5 lbs., 80 cts. By Express or Freight at customer's expense—25 lbs., \$1.50; 50 lbs., \$2.50; 100 lbs., \$1.00. lbs., \$4.00.

CONDON'S Northern HARDY FARM SEEDS

Alfalfa

The Best Money Making Crop on the Farm—Produces Abundantly
Throughout the Nation

AVERAGING 3 CUTTINGS PER SEASON

This Is the One Crop You Can Depend Upon—Regardless of Drought

PLANT AT LEAST 5 ACRES THIS SPRING

It is the hardiest, the most lasting, the most productive, the most efficient soil enricher and the Biggest Money Crop for every farm. Alfalfa increases farm values because it enriches the soil instead of depleting it as grain crops do. Grain crops of any kind grown on Alfalfa sod yield much more

abundantly and better quality than the same fields yielded before Alfalfa was grown there. It will make at least three cuttings a season even in extreme Northern States and from experiments carried on over a number of years the average yield of Alfalfa per acre was 5.4 tons, whereas Red Clover yielded only 2.5 tons; Timothy, 2.3 tons. In other words, one acre of Alfalfa will produce more good hay than two

and one-half acres of any other grass or clover crop.

681 Condon's Mountain Brand Dry Land Alfalfa

We have specialized for years on Alfalfa and are safe in saying Condon's Mountain Brand Dry Land will give complete satisfaction everywhere. Our seed is grown in the extreme North West where the winters are very severe, and is by far the very best type of what is known as Common Alfalfa. In fact it is far superior to some seed which is sold as Grimm types. The seed is very high quality, both in purity and germination. Prices very low for such high quality seed. All State Tested and "Guaranteed." 1/2 lb., 30 cts.; lb., 55 cts.; 3 lbs., \$1.50, postpaid.

683 Verified Kansas Grown Seed-Purity Brand

Our Purity Brand Kansas Grown Alfalfa has given perfect satisfaction throughout the nation, even to the extreme Northern boundary of Wisconsin. At the Wisconsin Experimental Station they recognize it as one of the hardiest types. Our Seed is "Verified Origin" finest quality, and a bargain at the low price offered in our wholesale list. ½ lb., 30 cts.; lb., 55 cts.; 3 lbs., \$1.50, postpaid.

6831/2 Grimm Verified Seed Minnesota Grown Lake of the Woods Brand

A fancy and very hardy strain of Grimm Alfalfa grown in the Lake of the Woods section of Minnesota and put on the market under the name of "Lake of the Woods" by the Minnesota Grimm Alfalfa Shippers Association. Our seed is from old and well established fields that have withstood the hard, cold, and severe winters of Minnesota, making it a sure cropper throughout the nation. ½ 1b., 35 cts.; 1b., 60 cts.; 3 lbs., \$1.65; 5 lbs., \$2.50, postpaid.

"Certified Sealed Bags"

"Certified Sealed Bags"
"Blue Tag" Highest Quality

The Blackfoot Idaho Grimm Alfalfa seed is produced by an organization of Idaho growers who can all positively trace their seed back to the original Grimm stock of Carver County, Minnesota. These growers have had their fields inspected by the state authorities, for the Grimm characteristics and also for weeds, and the seed finally examined and certified by the State Seed Analyst, after being thoroughly cleaned and scarified.

We believe this "Blackfoot Grimm" is the purest and best strain of Grimm on the market and it is absolutely reliable. Remember, the state of Idaho is back of this seed and guarantees its genuineness. The state where the seed is grown is not so important so long as it is northern grown, but the genuineness of the seed is the essential thing. Smaller quantity than 30 lbs. not in sealed bags. ½ lb., 40 cts.; lb., 70 cts.; 3 lbs., \$2.00, postpaid.

695 Condon's Purity Brand Red Clover Seed

Don't Be Fooled By Flattering Offers of Low Grade Clover Seed

The Highest Quality Farm Seeds are Al-

ways Cheapest in the Long Run.

You get a much better germination, requiring less seed per acre—and your land is free from foul weeds. Even \$2.00 a bushel more on Clover for the Best is Less Expensive in the end. We offer only the Very Finest Quality. Sold on a Guarantee of Satisfaction or seed may be returned. Samples Free upon request.

693 Crimson Clover or Giant Incarnate

South of the Ohio River this wonderful annual clover leads them all for hay, for pastures and fertilizer. Sow 15 pounds per acre in spring or fall. In the North sow in April, ready to cut and pasture July 10th. Every farmer ought to sow at least one acre for his hogs. IT'S A BIG MONEY MAKER. ½ 1b., 23 cts.; lb., 40 cts.; 3 lbs., \$1.00; 5 lbs., \$1.50, postpaid.

696 White Dutch Clover for Lawns

Described on Page 102. Price: ½ 1b., 33 cts.; 1b., 60 ets.; 3 lbs., \$1.70; 5 lbs., \$2.75, postpaid.

692 Alsike, or Swedish Clover

Alsike seems to be especially adapted for the Northern States; it is a perennial clover and lives longer than Medium Red; it is also more hardy; in fact, it is the hardiest of all clover; it does not heave out of the ground in Winter and the severest cold does not injure it and it resists the extremes of drought and wet. It is the only clover that will thrive on moist soil, but it will also grow fairly well in stiff clays. It is mostly grown in bottom lands and quite often mixed with Timothy; these varieties seem to be well adapted for this soil and ripen at the same time. ½ lb., 30 cts.; lb., 55 ets.; 3 lbs., \$1.50; 5 lbs., \$2.25, postpaid.

Farmers

and Land Owners of America

Clover Seed of All Kinds—Alfalfa
—Vetch—Canary Grass—Soy
Beans—Seed Corn—In Fact All
Farm Seeds Are Very Scarce

this season; therefore, may we suggest to you that you send us your orders promptly for Farm Seeds needed for spring planting, and if not in position to remit in full right now covering your entire requirements, send us a 25% deposit, and we will reserve what you need at the special prices quoted today on the Farm Seed list enclosed in this Catalog for shipment to you later, upon receipt of the balance due on your order. Thank you.

CONDON BROS. SEEDSMEN.

695 Medium Red or June Clover

This is the most valuable clover in general use. Splendid for hay, pastures, soiling or plowing under. Especially desirable for dairy cows on account of its high percentage of nitrogenous elements. It is the standard everywhere for hay and pasture. Two cuttings may be made in a season. Northern Illinois grown Medium Red or June clover has become widely known for its purity, strong vitality, vigorous growth and stooling qualities. The best is the cheapest when it comes to clover seed. We handle only one grade, "The Very Best Obtainable." ½ lb., 35 cts.; lb., 60 cts.; 3 lbs., \$1.65, postpaid.

694 Mammoth Red or Sapling

Mammoth Red Clover is quite distinct from Medium, being larger, of coarser and more robust growth, and two to three weeks later. On rich, loamy soils it attains an immense growth, yielding much more bulk than medium clover, but makes only one crop, and pasture after that. It grows well on land too poor and on soil too low for Medium Red, and is, therefore, largely used to restore fertility to worn-out soil. ½ lb., 35 cts.; lb., 60 ets.; 3 lbs., \$1.65; 5 lbs., \$2.50, post-paid.

Wonderful

Crop

Season's

Growth

The World's Greatest Values in Sweet Clover All State Tested for Purity and Germination

Recommended by all agricultural authorities as the greatest pasture and fertilizing plant in existence. Our Seed is all Scarified. Don't take chances on a failure by sowing seed which is not scarified, as the coating is so hard many seeds will lay in the ground a year before germinating.

Sow 15 lbs. Per Acre With All Small Grain This Spring—Wonderful Hay, Pasture & Fertilizing Crops

699 New Grundy County White Blossom

Two weeks earlier than the common and makes much finer hay. The First Green Feed in the Spring and the Last Green Feed in the Fall.

Grundy County is preferred by farmers since it does not grow quite as tall as the common White Blossom variety and it produces finer stems and a greater number of leaves, making it better adapted for hay purposes. It matures earlier so that the hay crop can be cut before the small grain is harvested. ½ lb., 23 cts.; lb., 40 cts.; 3 lbs., \$1.00; 5 lbs., \$1.50, postpaid.

697 White Blossom Rorthern Grown

In habit of growth and appearance very similar to Grundy County described above, producing taller and coarser hay, and is two weeks later. ½ 1b., 20 cts.; 1b., 35 cts.; 3 lbs., 90 cts.; 5 lbs., \$1.35, postpaid.

784 Yellow Blossom

This variety is dwarfer, finer and more spreading than the white. It makes a very fine quality hay and pasture. Yellow Blossom Sweet Clover is 10 to 15 days earlier in maturing its seed, and where seasons are very short or unfavorable, there is an advantage in sowing this strain. It can be cut for hay very early, and close to the ground, whereas the white must be cut high. It is also excellent for bees, supplementing the use of the white variety, and extending the season, on account of its earliness. ½ lb., 23 cts.; lb., 40 cts.; 3 lbs., \$1.00; 5 lbs., \$1.50, postpaid.

Sweet Clover Hubam White Blossom (Annual)

Hubam is an emergency pasture and hay crop to be sown in seasons where drought, freezing injury or other adverse conditions have wiped out pastures and meadows, leaving the farmers without any definite hay prospects. It is best suited for the Corn Belt section. It grows from 3 to 7 ft. high. It will produce as much as 3 tons of hay per acre, cut just before blossoming time. ½ lb., 25 cts.; lb., 45 cts.; 3 lbs., \$1.20; 5 lbs., \$1.75, postpaid.

The Great Lespedeza Clovers

725 Lespedeza (Sericea) Perennial

The new permanent Clover introduced by the U. S. Dept. of Agriculture, perennial legume which grows on poor land and acid or sour land as well as rich land. After established, it is a great drought resister with an enormous root system. It enriches the soil, lives through the winter, starts growth early in spring and gives at least 3 cuttings a season with as high as 3 tons per acre at one cutting of hay. All kinds of stock relish the hay and it may be closely grazed.

Sow rather shallow in the spring or fall in well prepared, warm soil 4 lbs. per acre in drills or 12 lbs. per acre broadcast. ½ lb., 35 cts.; 1 lb., 65 cts.; 3 lbs., \$1.80; 5 lbs., \$2.75, postpaid.

730 Korean Lespedeza Annual

AN EARLY DROUGHT RESISTANT SOIL BUILDER
Does Especially Well in High Altitudes. Greatest

Annual Pasture or Hay Crop Ever Introduced
The abundant growth, deep penetrating roots covered with nodules make it an outstanding grazing and soil building legume. The strong root growth penetrates about 8 inches deep, making it highly drought resistant, and thriving on poor, wornout soils where alfalfa and clovers would fail. In feeding value it is about equal to alfalfa; has no woody stem; holds its leaves well and produces a full crop the first season. A harrowing before sowing is the only preparation necessary. When sown alone broadcast 20 lbs. to the acre during late freezes after a light harrowing, but do not cover the seeds.

1/2 lb., 25 ets.; 1 lb., 48 ets.; 3 lbs., \$1.35; 5 lbs., \$2.00,

783 Harbin (Annual)

A new Extra Early strain that matures seed and hay crop as far north as the Canadian border. Same cultural directions as given Korean. ½ 1b., 50 cts.; 1b., 90 cts.; 3 lbs., \$2.50; 5 lbs., \$4.00, postpaid.

The Great Lespedeza Clover

See Wholesale List Enclosed for Special Low Prices on all Farm Seed in Quantity.

The Greatest of All Pasture and Hay Crops

By far the best and cheapest seeding. On low bottom moist soils, where other grasses fail, this will give perfect satisfaction, and on upland it's amazing what wonderful crops you can raise. By experimenting it was found that Alsike and Timothy made a combination that was excellent and ahead of anything yet discovered for hay and pasture. They blossom and the seed ripens together and are suited to the same soils. On low, moist lands, where other grasses would fail, they do especially well. They do well on any land where common grasses and clover grow. Perfectly hardy and never winter kill. 1/2 lb., 20 cts.; lb., 35 cts.; 3 lbs., \$1.00; 5 lbs., \$1.50, postpaid.

703 Meadow Fescue English Blue Grass

One of the most valuable hardy grasses grown—suited to almost every climate; dry or wet—hot or cold, this is one dependable cropper, producing immense pasturage very early in the spring and up late in the fall. Also makes wonderful hay crop growing 2½ to 3 feet high. Sow in early spring or fall 15 lbs. per acre broadcast. ½ lb., 22 cts.; lb., 38 cts.; 3 lbs., \$1.05; 5 lbs., \$1.65, postpaid.

691 Bromus Inermis The Grass for Dry Climates

Drought-defying, frost-resisting; yields enormous crops of splendid hay and affords early and abundant pasturage. Adapts itself to almost every condition of soil and climate to which grasses may be put, equaling in quality and rivaling in yield almost any other grass. It is an abundant producer of leaves and is much relished as pasture and hay. It is about equally nutritious with timothy. Sow in spring, 20 pounds per acre. 1/2 lb., 22 cts.; lb., 38 cts.; 3 lbs., \$1.05; 5 lbs., \$1.65, postpaid.

735 Orchard Grass Admirable for Pasture or Mowing

A valuable grass for pasture or hay land, and on account of its earliness especially valuable for a permanent pasture. It furnishes green grass very carly in the spring and until late in the fall. When closely cropped it grows up very quickly and is ready for grazing again in ten to twelve days. It is succulent and nutritious, furnishing excellent pasture or hay. When grown for hay, two good crops can be obtained in one season. 1/2 lb., 25 cts.; lb., 45 cts.; 3 lbs., \$1.25; 5 lbs., \$1.95, postpaid.

745 The Great Sand or Hairy Winter Vetch

The Greatest Fertilizing Plant Known for Poor, Worn Out, Sandy Soil or Sick Clover Land

For pasture and hay crop fully equal to Alfalfa. Does better on poor, worn out soils than any other legume crop. Sow in spring or fall, 30 pounds per acre, with half bushel Oats or Barley to hold vines off the ground. Highly relished by all classes of stock. ½ lb., 20 cts.; lb., 35 cts.; 3 lbs., 96 cts., postpaid.

Special Crops for Poultry Food 750 Sunflower 728 Milo-Maize

Mammoth Russian

A small patch of cultivated sunflowers will produce a great quantity of the very best poultry feed for winter. Drill in rows, cut with a corn harvester, dry thoroughly and let the fowls do the threshing. If you can't spare land for cultivating, plant them in waste corners. 10 lbs. per acre. ½ lb., 15 cts.; 1 lb., 25 cts.; 3 lbs., 60 cts.; 5 lbs., 85 cts., postpaid.

729 Kaffir Corn

(Plant 15 lbs. per Acre)
Makes splendid feed for poultry, fed
either in the grain or ground and cooked.
Foliage and stalk make excellent forage.
1/2 lb., 15 ets.; lb., 25 ets.; 3 lbs., 66 cts.; 5 lbs., 85 cts., postpaid.

(Plant 15 lbs. per Acre)

The best and surest grain crop for dry countries and seasons. It grows several smaller heads on side shoots, often as many as eight heads on a stalk. Very valuable for feeding stock and for chicken feed. ½ lb., 15 ets.; lb., 25 ets.; 3 lbs., 66 ets.; 5 lbs., 85 ets, postpaid.

724 Feterita

(Plant 15 lbs. per Acre)

Makes excellent fodder and produces a large grain crop; in some instances it made an excellent yield of grain in the semi-arid regions without having received any rain from the time it was planted until it was harvested. ½ lb., 15 cts.; lb., 25 cts.; 3 lbs., 66 cts.; 5 lbs., 85 cts., postpaid.

Sunflower

See Wholesale List Enclosed for Special Low Prices on all Farm Seed in Quantity.

Forage and Hay Crops—Peas—Millet—Cane—Rape—Sudan Grass

726 Canadian Field Peas

Field Peas are an important class of legumes, and should be more generally planted. Few farmers know the value of field peas as a hay crop and fertilizer. They fit into crop rotation well. Field Peas are usually grown with oats, for hay, a combination that is equal in feeding value to clover hay. They contain more digestible crude protein and fat than alfalfa and corn.

When they are grown with oats, they are threshed together, and easily separated with a fanning mill after threshing, thereby getting two crops from one operation. Sow 2 bushels oats to 1½ bushels of peas per acre. Drill the peas in 4 inches deep, as early as the ground can be worked. Then, 2 or 3 weeks later, sow the oats, drilling it in the other way. If the oats are sown with the peas, it grows too rapidly, and checks or smothers the growth of the peas. ½ 1b., 15 cts.; 1b., 25 cts.; 3 lbs., 60 cts.; 5 lbs., 85 cts., postpaid.

723 Improved Whippoorwill Cow Peas

The Old Reliable; matures in 70 days; very productive; grown largely for fertilizer and pasture. Sow 1 Bu. per acre. ½ lb., 15 cts.; lb., 25 cts.; 3 lbs., 60 cts., 5 lbs., 85 cts., postpaid.

734 German or Golden Millet

The most popular and widely grown variety. Wonderful milk producer, big yielder of good palatable hay. Sow ¾ Bu. per acre. ½ lb., 15 cts.; lb., 25 cts.; 3 lbs., 60 cts.; 5 lbs., 75 cts., postpaid.

727 Hungarian Millet

Often called Hungarian Grass. Very similar to German Millet, only finer. ½ lb., 15 cts.; lb., 25 cts.; 3 lbs., 60 cts., 5 lbs., 75 cts., postpaid.

Sometimes called Billion Dollar Grass. This is a type of Millet absolutely distinct from all others. Sow 1 Bu. per acre. ½ lb., 15 cts.; 1b., 25 cts.; 3 lbs., 60 cts., 5 lbs., 75 cts., postpaid.

701 Reed Canary Grass

Excellent for Pasture and grazing—makes 2 cuttings a season—yielding 5 to 7 tons per acre. A very valuable new perennial hay and pasture crop especially desirable for low, marshy land. Nothing like it has been thus far produced as it puts land that is just a dead waste into production of valuable forage. Continues to grow without care or attention. Very highly recommended by the Wisconsin and Minnesota Experiment Stations. CULTURE. Sow in early spring, alone or with grain, 4 to 6 pounds of seed per acre broadcast, or 2 to 3 pounds with drill. Late summer and late fall seeding are also recommended. It makes a permanent grass when once established. ½ lb., 30 ets.; lb., 55 ets.; 3 lbs., \$1.50; 5 lbs., \$2.25. postpaid. \$2.25, postpaid.

747 Sudan Grass

747 Sudan Grass —The Wonderful Hay Crop

One of the best annual forage plants ever introduced, suitable for almost any locality. Sudan Grass thrives best on rich loam, but has been successfully grown on almost every kind of soil, from heavy clay to light sand. Cold, wet, boggy soils are not suited to Sudan Grass.

Sudan Grass is a sorghum, and an annual, without underground root sprouts. It grows 4 to 5 feet high in drilled seedings, and 5 to 8 feet in cultivated rows.

Do not sow Sudan Grass before corn planting times. Like one it is a warm weather ing time. Like corn, it is a warm weather crop. In favorable seasons, the growing period is long, and several cuttings can be obtained in one season. For hay it is ready to cut in 60 to 75 days, when it is in full head. It continues its growth, and in 40 to 45 days it is ready for another cutting.

Sudan Grass is an enormous yielder, producing 3 or 4 tons of hay at the first cutting. The second cutting is lighter, and the hay is much finer. Live stock of all kinds will eat the hay readily.

For hay, sow at the rate of 20 to 30 lbs. per acre, using a grain drill, and cover from one to one and one-half inches deep. Heavy seeding makes finer quality hay. 1/2 lb., 15 cts.; Ib., 25 cts.; 3 lbs., 66 cts.; 5 lbs., 85 cts., postpaid.

726 Canadian Field Peas

748 Sugar Cane Early Amber for Fodder

A profitable feed crop that can be grown almost everywhere, producing even bigger yields than millet. As much as 30-35 tons of green feed have been harvested per acre.

Makes wonderful silage either alone or drilled with Corn, improving feeding value of Corn fifty per cent. Sow 20 lbs. drilled per acre; 50 lbs. broadcast. ½ lb., 15 cts.; lb., 25 cts.; 3 lbs., 60 cts.; 5 lbs., 85 cts.,

741 Rape-Dwarf Essex Genuine Holland Grown

Do not confuse this with Common Low Priced Seed offered of Japanese origin.

Rape is an annual forage plant of great value, profitable in all sections of the coun-try. It can be grown to advantage on land which has already produced an early grain crop, like oats, rye, or winter wheat.

Rape provides excellent pasture for all kinds of live stock, cattle, hogs, and sheep. It can be sown at any time during spring or summer, so a good pasture can be had whenever it is needed. Rape will prepare sheep and hogs for market better and in less time than any other forage plant. Sow 8 to 10 lbs. per acre broadcast. ½ lb., 15 cts.; lb., 25 cts.; 3 lbs., 66 cts.; 5 lbs., 85 cts., post-paid.

Rape Dwarf Essex

Spring Wheat, Barley, Rye, Speltz and Oats

We are actually farming our own farms and grow only "Pure Bred" carefully selected seed of these special crops. All Recleaned and Tested. Send your order now for some of this Pure Bred Seed and grow bigger and more profitable crops this year.

SPRING WHEAT

754 New Marquis Beardless

THE KING OF THE SPRING VARIETIES

Marquis is supreme, it outstrips anything and everything in wheat. It is a factor of its ownshining forth in its greatness as the most wonderful achievement Agriculture has ever known. By far the best variety for the corn belt.

This wheat has very stiff straw of medium height, which does not lodge easily, the heads are bald and quite heavy, have smooth yellow chaff; the kernels flinty, more round than those of other spring wheats, thicker and more plump, and of dark red color.

755 Velvet Chaff Spring Wheat

This is an extremely hardy, bearded variety of wonderful productiveness, generally yielding at least 10 bu. more per acre than other kinds of Spring Wheat.

BARLEY

685 Wisconsin No. 38 Barbless

The Best Barley for Malting Purposes

The new heavy yielding, smooth awn barley! Wisconsin Barbless or Wisconsin Pedigree No. 38 Barley was originated by the Wisconsin Experiment Station after years of breeding and selecting, and should be universally sown by farmers in or out of the state. It is a remarkably heavy yielder, with heavier, larger and plumper kernels and longer heads. Has yielded over 70 bushels per acre, of as fine a quality as you would want to see.

686 Wisconsin Pedigree Bearded

Originated by Pro. Moore, agronomist of the Wisconsin Experiment Station. Wherever tried the Pedigree Barley has yielded from 5 to 20 bu. more than

common varieties.

Pedigree Barley grows taller than any other 6-rowed sort and has very stiff straw, which stands up better. The heads are unusually large and long and are completely filled out with very plump grain, which is very uniform in size, brighter and whiter than that of most other sorts and very attractive. It is a barley the farmers can depend upon to produce a big crop.

743 SPRING RYE

A Most Profitable Crop

Quite different from Winter Rye; highly valued as a catch crop. It is not only more productive, but the grain is of finer quality, grown in any latitude. Straw is of special value as it stands 5 or 6 feet high, being better than that of Winter Rye and producing nearly four times as much straw as Oats. Produces 30 to 40 bushels of straw as Oats. Produces 30 to 40 bushels of grain to the acre. As it does not stool like Winter Rye, not less than two bushels to the acre should be sown.

Dubay Seed Disinfectant

Prevent Diseases-Increase Profits Directions in Every Can

832 New Improved Ceresan. Costs only 1% to 21/3 cents per bushel. Unusually effective in controlling smut of wheat, barley, and oats. Frequently improves the stand and yield of grain 1 to 5 bushels per acre. One pound treats 32 bushels of wheat, oats, or barley. 1 lb., 85 ets.; 5 lbs., \$3.25, postpaid.

746 SPELTZ OR EMMER

Sow 1½ to 2 Bu. per Acre
A valuable grain, closely related to wheat; the kernels, however, are tightly enclosed in the hulls or husk, and these adhere to the grain when it is thuseled. or husk, and these adhere to the grain when it is threshed. Speltz is becoming more popular every year, as it produces good crops even under adverse circumstances where other grain fails. It withstands more dry weather than any other grain, and produces more food value per acre than any other cereal, while it is a most valuable feed for all kinds of stock. It can be fed to horses, the same as oats, with the hulls on. Speltz can be grown on most any kind of soil, rich or poor, wet or dry, as it will not lodge like other grain because of the stiff and strong straw, and will always bring the best returns.

OATS

Sow 2½ to 3 Bu. per Acre

738 Improved Swedish Select

Considered by many to be the most valuable oats raised today. It possesses striking features, the grain is short, plump, white, and very heavy, under favorable conditions averaging about 40 pounds to the measured bushel. Owing to its great root development it stands very high for its drought resisting qualities. At the Wisconsin Experiment Station it has stood at the head of the list for several years, having been distributed by that station as Wisconsin No. 4.

Silver Mine

This oat has made for itself a reputation as an extraordinary heavy and reliable yielder. It is very hardy and prolific and yields beautiful white kernels, which are especially desired.

The heads are very large in proportion to its stiff, bright, clean straw.

Condon's White Bonanza

This year's experimental tests again prove our claim that "White Bonanza" is the Greatest All Around Oat of the country. It is extremely vigorous, stiff straw, not too heavy, stands up remarkably fine; in fact, during heavy windstorms this summer it proved big enough for the job. Yield 65 to 75 bu.

White Kherson

One of the earliest oats in cultivation. It was introduced by the Experiment Station of Iowa, adapted to sections that are subject to drought. It is a vigorous but not rank grower, producing shorter straw than other varieties, with branching heads and very broad leaves.

756 Gopher Minnesota No. 674

Gopher is a white, early maturing variety with on well-manured farm land. It is also adapted for growing on peat land. It is without any question the best oats for the rich dairy farms of southern Minnesota, Iowa and Wisconsin and unequalled for sowing with clover and alfalfa as a nurse crop.

FOR FALL SEEDING Write in August for our special prices on fall wheat, rye, etc.

Special Postpaid Prices on Seed Wheat—Barley, Rye, Speltz and Oats as described above: 1 lb., 22 ets.; 3 lbs., 57 ets.; 5 lbs., 75 ets., postpaid. See Special List Enclosed for Low Prices on Quantities of Above.

SOY BEANS Northern Grown SEED

Positive Hay Cropper Even Under Most Extreme Weather Conditions. Defies Drought Making Valuable Hay Crop When Other Grasses Fail. Big Money In Them for Commercial Markets - Plant a Big Acreage This Year

Soy Beans are easy to grow, and are especially valuable for soil too poor or acid for other legumes. They withstand both drought and rain well, and are not easily damaged by moisture. They make a good emergency crop, as they can be sown late, after other crops fail or are washed out. They deposit large quantities of nitrogen in the soil, building up poor land on which clover or alfalfa can not be grown.

Soy Beans, as a hay crop, are higher in protein content than clover hay, or field peas and oats mixed. For dairy cat-tle, the hay is equal to alfalfa hay. They make wonderful ensilage, when grown with corn, and are also used for hog pasture. They take the place of oilmeal, and are even more palatable and digestible.

Culture—Sow when all danger of frost is over, about corn planting time. For hay crop. Soy Beans may be seeded broadcast or with grain drill using one bushel of seed per acre. Cover seed one inch deep. If preferred sow seed by drilling in rows 36 inches apart, allowing cultivation one way, using half-bushel seed per acre. It is now a universal custom to sow Soy Beans in combination with corn for Culture—Sow when all danin combination with corn for silo or hogging down, drop-ping one or two beans in each hill of corn. One bushel plants ten acres with corn, costing only a few cents per acre, but well worth \$20.00 per acre for feed.

787 Illini

790 Manchu

789 Medium Yellow

787 Illini. Introduced by the Illinois Agricultural Experiment Station Earliest of All-Excellent for Hogdays), stands well, and holds its seed well. It has white flowers, gray pubescence, yellow seeds with light brown hilum or seed scar, and yellow to light brown pods. These characteristics enable one to distinguish and rogue mixtures easily, and thus to keep the variety pure. We highly recommend this. ½ lb., 15 cts.; lb., 25 cts.; 3 lbs., 60 cts.; 5 lbs., 85 cts., postpaid.

790 Manchu. The best known and most Popular Variety. Medium early. Best for Hay and Silage. This it matures dry beans in about 110 days. The Manchu is almost unanimously considered to be the best of all Soy Beans for any purpose until the introduction of Illini. Seeds are yellow with a peculiar black seed scar. It is a medium variety, originally from Northern Manchuria. We recommend this variety for hay and silage, and as being one of the best to plant with corn for silage. ½ lb., 15 cts.; lb., 25 cts.; lbs., 60 cts., postpaid.

789 Medium Yellow. Early enough to mature in Northern States. Grows a little taller than Illini. Plants bushy, erect, stout, medium height; matures in 100 to 110 days. Seeds are nearly round, medium to medium large; color, straw yellow. Widely grown in Illinois. Adapted to precede winter wheat in rotation. ½ 1b., 15 cts.; 1b., 25 cts.; 3 lbs., 60 cts.; 5 lbs., 85 cts., postpaid.

GRASSHOPPERS AND HOW TO KILL THEM

Mix well

25 lbs. Bran
5 lbs. Paris Green
2 Quarts No. 20 Motor Oil

Spread on the Grass or Alfalfa stubble in the early morning before the sun gets up, or along 4:30 in the afternoon for best results. One or two applications of this when they are young will clean them up completely.

Buckwheat — The Great Late Season Crop — Big Money Maker

A very profitable crop for milling purposes, to turn under for fertilizer, to smother out weeds; for poultry food, and to produce second crop following rye and wheat. When ground makes excellent hog food. There are two distinct varieties, Giant Japanese and Silver Hulled. Both make excellent pancake flour. Sow ½ to 1 bu. per Acre.

The large grains are a rich dark color and have a thin hull. Very sown very late in the season and still yield good returns. About a week earlier than Silver Hull. ½ lb., 15 cts.; lb., 25 cts.; 3 lbs., 60 cts.; 5 lbs., 75 cts., postpaid.

Silver Hull Buckwheat. Little later and with smaller grains than the Japanese, but nevertheless equally as productive. Grain is a beautiful light gray color and thin hulled. Exceptionally fine for bees. 1/2 lb., 15 cts.; lb., 25 cts.; 3 lbs., 60 cts.; 5 lbs., 75 cts., postpaid.

Condon's Pure Bred Early Seed Corn

Good Seed Corn from the Corn Belt Is Very Scarce This Season—We Advise Early Ordering

All Sold on Your Test and Approval Upon Arrival—or Money Back

Seed Corn is the most important item of all farm crops and the least expensive. You should be absolutely certain of dependable seed long before you are ready to plant it. Order your supply early—test it yourself and know its vitality before it is too late.

> Seed Corn is a crop that must be acclimated to the locality where you plant it. You can't expect corn grown in Southern latitudes to mature north. Northern grown corn, however, will produce larger and better crops south than some native varieties.

> > We specialize on Northern Grown Pure Bred Seed for our Northern customers and Southern or Central grown seed for our Southern trade.

> > > GUARANTEE: We grant you 10 days after arrival of your seed corn, to critically test and examine it. If not up to your liking, ship it back at our expense and you will get your money refunded by return mail. No wrangling here. You are the judge; you don't take any chance buying of us.

See

719 Condon's Golden Glow

The Best Yellow Corn for Wisconsin and all localities north of Rockford, Ill.

Golden Glow is the most popular variety of Wisconsin eorn. It is grown more largely than any other variety, and in fact it is estimated that half of all the corn grown in the state now is Golden Glow. It certainly is well adapted to all sections of the state as far north as north-central Wisconsin. It is a little earlier than either Murdock or Silver King, hence safer in an unfavorable season.

Description. Golden Glow is a pure golden yellow corn, ears fairly large, the standard official length being 8¼ to 9¼ inches. It is strictly a Wiseonsin corn developed at the Wisconsin Experiment Station.

Silver King (Wisconsin No. 7)

By Far the Best White Dent for Wisconsin, Northern Illinois and Iowa. Silver King is not only the best white variety but

one of the best and heaviest yielders of all varieties of corn for the Northern states. It came from northern Iowa to Wiseonsin in 1904. Now it is well known and a standard sort. It is a big yielder. The Official Description from Wisconsin College of Agriculture Corn Bulletin

No. 170, is as follows:
"This variety is a uniform creamy white in color and has a slight roughness of kernel. The cob is glistening white. The length of cars varies from 7 to 10 inches. The standard length is

from 8½ to 9½ inches.

"The foundation stock of Silver King was secured from John Banks, Algona, Iowa, by the Wiseonsin Experiment Station in 1904. Since that time it has been improved by ear-to-row breeding and adapted to Wisconsin climatic conditions. This rom type are to type and is one of the best yielders. Reports from Experiment Association members show a six year average yield (1918-1923) of 62.1 bushels per acre, an increase of 18.9 bushels above the state average."

Murdock Yellow Dent (Wisconsin No. 13) Sweepstakes Corn of the Northern Zone

Murdock Yellow Dent was awarded sweepstakes for the Northern Zone, comprising the states of Wisconsin, Michigan, Minnesota, North Dakota and South Dakota at the National Corn Expositions of 1909 and 1910, and this in competition with corn of all varieties. Mr. H. C. Brueckner of Jefferson County, Wisconsin, was the exhibitor of this corn. He took more than 35 premiums on it in 12 years.

Murdock Yellow Dent is of a deep yellow color, cars 8½ to 9½ inches in length, hard and solid, just slightly rough and very uniform in type. It makes a large heavy growth of stalk and leaf and so is a good silage variety. Murdock is not a whole lot different from Goiden Glow but it grows a trifle iarger both in stalk and ear and yields a trifle more.

719 Condon's Golden Glow

30c; 31bs., 75c; 51bs., \$1.00, Postpaid.

715 Reid's Yellow Dent

Special prices on all the above "Pure Bred" Seed Corn, ½ lb., 18c; lb.,

705 Iowealth Hybrid

The Best Early Yellow Dent Hybrid Corn for Northern Illinois and Southern Wisconsin possesses high yielding ability, extreme wind resistance and remarkable heat and drought resistance. Supply very limited. ½ 1b. 35 ets.; 1b., 60 ets.; 4 lbs., enough for ½ acre, \$2.25. 8 lbs., enough for one acre, \$4.00, postpaid.

720 Condon's Golden Harvest

A splendid corn to sell in market on the ear. Will produce a satisfactory crop with less favorable conditions than those required by Reid's Dent. In numerous tests on both good and poor soil we have found that it responds to good soil and cultivation with an immense yield; it will also produce more corn with ordinary treatment than any other large-eared variety. The plant is ideal, the stalk being about eight feet high with abundant broad leaves, and it is so well rooted that it withstands wind storms extra well. It is comparatively free from barren stalks. Ears are borne uniformly at about four feet from the ground, high enough to get at the sun and air, low enough to be protected from wind storms and just right for husking. The shank is long, allowing the ear to droop when maturing, thus shedding the rain instead of holding it in the husk, and, being small, it is very easy to break in husking, yet we seldom find an ear whipped off by the wind. The ears are large, 10 to 12 inches long, nearly cylindrical, holding their size well to the end, are well rounded or capped over at both ends and have that well groomed appearance of thoroughbred corn.

Extra Early Snapping Flint Corn Ready to Snap for Hogs in 75 to 80 Days

721 KING PHILIP FLINT. This extra early red flint corn is eight-rowed and one of the most reliable and productive varieties for the Northwest. The ears grow 12 inches long with eight straight rows of broad kernels of shiny red color. Stalks produce two and sometimes three good large ears. Not nearly as hard as ordinary Flint Corn. The stalks grow about 7 feet in height and are very leafy, therefore more valuable for fodder than Dent Corn. Matures in 80 days.

710 IMPROVED YELLOW YANKEE. Particularly adapted to the Northern Middle States. One of the earliest and best known yellow flint varieties. The ears are well filled to the tips with good, rich, golden-yellow kernels. The stalks grow five feet high and often produce two and three ears each. Will produce a good crop if planted as late as July.

712 LONGFELLOW FLINT. A beautiful cob of rich, glossy yellow, and very long—ten to fifteen inches. The stalks grow to the height of 7 to 7½ feet, and the ears are borne about three feet from the ground. This is a favorite with chicken raisers in the middle corn belt.

716 SANFORD'S WHITE FLINT. This is one of the standard varieties of flint corn and very popular. The ears are of unusual length, twelve to fifteen inches, smooth and symmetrical shape, of a flinty white color. Stalks grow very tall, usually have two to three ears, and it is a splendid variety for fodder.

Special Prices On All Corn Listed Above Except Iowealth ½ lb., 18 cts.; lb., 30 cts.; 3 lbs., 75 cts.; 5 lbs., \$1.00, postpaid.

834 New Improved Semesan Jr.

For treating seed, corn. Destroys harmful disease organisms on the seed, protects seed from rotting in cold wet soil, makes earlier planting possible, controls seedling blight, reduces root and stalk rots and generally increases cropyields. Use 2 oz. per bushel of seed. 4 oz., 40 cts.; 1 lb., \$1.15; 5 lbs., \$5.00, postpaid.

712 Longfellow Flint

718 The Greatest Ensilage Corn Ever Grown

40 Tons Per Acre Common Yield-70 Tons Have Actually Been Produced

A fine strain of ensilage corn, selected by ourselves, which has proved to be one of the most valuable and largest yielding ensilage corns in cultivation. It grows very tall, attaining a height of 16 to 20 feet; is prolific in its nature, having from two to six ears to the stalk, makes a heavy thick growth of fodder, and is altogether, in our opinion and in the opinion of those who have tested it, the best and most productive of ensilage corns. ½ lb., 18 cts.; lb., 30 cts.; 3 lbs., 75 cts.; 5 lbs., \$1.00, postpaid.

Hundreds of Farmers Write Like These Two

Gentlemen: Please send one and one-half bushels Condon's "Silo King" Seed Corn. We have used this corn the past two years with very good results. We find it an exceptionally good ensilage crop as it grows tall and large and produces large ears. Last year we put up 165 tons silage from seven acres, while before this we always used 15 to 20 acres and even then we have failed to fill the silos.

CRYSTAL SPRINGS DAIRY, C. L. Burch, Neosho, Missouri.

I cannot help but write you regarding my silage which was produced from your Silo King Corn. It is simply marvelous. The extra large ears and leafy stalks made the most wonderful silage I have ever grown. I will buy your Silo King Corn every year. Stalks grew very tall producing better than 40 tons per acre and the most wonderful silage one could wish for. This certainly is a big profitable cropper and I will recommend it to my neighbors.

OSCAR A. NOREEN, Reed City, Mich.

713 Giant Red Cob Fodder Corn. An Old Time Favorite

A southern variety which is very popular all over the country. It grows very tall and very leafy. The seed is white and grows on red cobs, thus giving it the name. ½ lb., 15 cts.; lb., 25 cts.; 3 lbs., 65 cts.; 5 lbs., 95 cts., postpaid.

Charming Annual-and Perennial-Flowers for Garden

2006 Alyssum, Little Gem

2006 Alyssum Little Gem

Alyssum-Annual

The plants are of dwarf compact habit, growing about 4 to 5 inches tall. It is one of the quickest growing dwarf border plants and will bloom continuously from early spring until late fall where the summers are not excessively hot. If sown in pots, it may be kept blooming continuously throughout the summer and fall. Sown during early fall the plants will flower all winter long in the house. Pkt. (4500 Seed), 10 cts.; ¼ oz., 25 cts.; ½ oz., 40 cts.; oz., 60 cts.

2007 Sweet Alyssum

A low-growing and spreading variety with pure white flowers. It is fine for porch boxes, hanging baskets, or borders. Comes into flower quickly and blooms continuously. Pkt. (4500 Seed), 5 cts.; ½ oz., 15 cts.; oz., 25 cts.

2000 Abutilon

House Culture

California Bell Flower. (Flowering Maple.) 1 to 3 feet; easily grown and always in bloom. Pretty, drooping, bell-shaped flowers, on slender, thread-like stems. Some sorts are large and flaring, others crinkled like crepe or shining like satin, and some so full as to be almost double. The colors are white, lemon, rose, scarlet and crimson, as well as yellow and red shades. These abutilons make handsome house plants. Choicest Hybrids. Pkt. (100 Seed), 15 cts.

2000 Abutilon

Anchusa Capensis

The Heavenly Blue Flower Annual

It grows about 2 feet high, branching freely and bearing a profusion of the most lovely flowers similar in all respects to the Forget-Me-Not. Pkt. (350 Seed), 10 cts.; ½ oz., 20 cts.

2012 Ampelopsis Veitchii

2009 Amaranthus

2009

Amaranthus

(Joseph's Coat) Good Mixed Annual

The Amaranth is grown extensively for its colored foliage and showy flower clusters. The plants thrive in a hot and sunny location and make their tallest growth in rich soil; but in poorer soils the coloring of the foliage is decidedly brighter.

the foliage is decidedly brighter.

Sow the seed in the open after the maples are in full leaf or start indoors to be set out when all danger of frost has passed. Good Mixed. Pkt. (1300 seed), 5 cts.; ½ oz., 20 cts.; ½ oz., 35 cts.; oz., 60 cts.

2013 Anchusa Italica

2013 Anchusa Italica Dropmore Variety Perennial

One of our finest blue-flowered plants, growing 4 feet tall. Magnificent spikes from June on. Does well in almost any kind of soil and in a sunny location. An excellent plant for the background to hide fences or walls. Pkt. (75 Seed), 10 cts.; ½ oz., 25 cts.; ¼ oz., 40 cts.

2012 Ampelopsis (Veitchii)

Boston Ivy

Hardy Perennial Climber
The favorite hardy climber with large fivelobed leaves turning to a bright red color late in the fall. It easily clings to walls of wood, brick, or stone without needing any aid. Pkt. (40 Seed), 10 cts.; oz., 50 cts.

2230 Acrolinium

(Everlasting Flower) Annual

The beautiful straw-like flowers come in white and pink shades. Grows 15 to 18 inches tall and blooms freely when cut in the bud state. Can be dried and used for winter bouquets. Double mixed. Pkt. (400 Seed), 5 ets.; ½ oz., 25 ets.; ½ oz., 40 ets.; oz., 60 ets.

2230 Acrolinium Everlasting Flower

Condon's Supreme Antirrhinums-"Snapdragons"

Beautiful for Bedding and Bouquets Bloom's Continuously All Summer on Long Graceful Stems 32 Inches Tall—Giant Flowered The Most Popular of Our Annual Flowers

To secure full appreciation of the wonderful beauty of these new Giant Snapdragons they must be seen. Words fail to fully describe the glorious colors found in this class. They are a recent development and within a few years have become extremely popular. While this class would deserve growing for its beautiful colors alone, it outclasses all other Snapdragons in size of blooms and strong habit. Well-grown plants make spikes 3 to 4 feet tall, each spike being closely set with large, well-formed flowers. Blooms measure double the size of the regular varieties.

2017—Apple Blossom—Rose Pink

2018—Fire King—Orange Scarlet

2019—Golden Queen—Canary Yellow 2021—Queen Victoria—Pure White

2020—Othello—Dark Maroon

2016-Condon's Giant Mixed

Your Choice of the above Giant Snapdragons: Pkt. (4000 Seed), 10 cts.; $\frac{1}{8}$ oz., 40 cts.; $\frac{1}{4}$ oz., 70 cts.; oz., \$2.00.

²⁰²³ New Geneva Pink

The most beautiful Giant Flowered variety of this most popular Flower. Clear shell pink flowers borne on long graceful stems. Snapdragons are now immensely popular both for greenhouse culture to produce beautiful sprays for floral work and likewise for an outdoor bedding flower. For solid massing in beds Geneva Pink will furnish a gorgeous mass of clear pink blooms from early July to October. Seed may be started indoors and transplanted outside when weather is suitable or seed may be sown out of doors first week in May. Be sure to include this in your garden plantings this spring. Our Seed is of the True Originators strain. Large Pkt. (4000 Seed), 15 cts.

2022 White Rock

Very similar in habit of growth and character of bloom to Geneva Pink except plants are half dwarf. Flowers are pure white and especially suited for forcing. This great novelty was recently introduced by a Kansas florist. Large Pkt. (4000 Seed), 15 cts.

2004 Ageratum, Blue Ball

2016 Condon's Giant Mixed Snapdragons

2021½ New Rust Proof Snapdragon
Condon's Supreme Mixture—Disease Resistant Strain of Tall Giant Flowered Maximum Type—A Rainbow of Color. Pkt. (4000 Seed), 12 ets.; ½ oz., \$1.10; ¼ oz., \$2.00; ½ oz., \$3.75.

2024 Asparagus—Plumosa

2024 Plumosus Nanus (Lace Fern), 3 ft. The bright green sprays surpass the Maiden-hair Fern in grace and delicacy of texture. The hard seeds need soaking and bottom heat to sprout them. Makes a wonderful house plant or table fern. Pkt. (25 Seed) 10 of (25 Seed), 10 cts.

²⁰²⁵ Asparagus—Sprengeri

A very elegant foliage plant for hanging baskets, etc.; the minute flowers, which are produced in pretty racemes, are of a rose color with orange anthers; when well established has a decidedly drooping habit. Pkt. (25 Seed), 10 ets.

2004 Ageratum Blue Ball—Annual Rich Dark Blue

One of the best bedding plants, being literally a sheet of bloom from early summer till frost. Unlike many bedding plants, their flowers are not liable to be spoiled by rain, nor do the colors fade out. This blue variety is without doubt the most satisfactory for our trying climate. Easily raised from seed, which is usually started in a hotbed or window and transferred to the open ground in May. Can also be sown outdoors in May. Pkt. (2300 Seed), 10 cts.; 1/4 oz., 25 ets.

2033

CONDON'S Superb Giant Mixed Asters

> California Super-Giant Asters New Wilt Resistant Strains

A Giant Flowered Long-Stemmed Double Type

California Giants combine the Crego or feathered type of flower with the long, straight stems of the Beauty class. The large, double flowers with long, attractively curled petals, rivaling Giant Chrysanthemums, grow 5 in. and more in diameter, on stems 1½ to 2 ft. long. Vigorous plants 2 to 3 ft. tall. Blooms in mid-season.

2036 Crimson 2040 Pink 2043 Purple 2049 Supreme Mixed

Your choice of the above: Pkt. (250 seed), 12cts.; $\frac{1}{8}$ oz., 40 cts.; $\frac{1}{4}$ oz., 70 cts.; oz., \$2.50.

Special Offer 2047—One pkt. each of the above 4 New Calif. Super Giant Asters only 35 cts., postpaid.

²⁰⁴⁸ Condon's New Peerless Yellow

It has been difficult to get a good yellow Aster. We have been working constantly for several years and have at last developed one that is quite good. It can be described as of American Branching habit, height about two feet, flowers of good size and form, petals slightly incurved, but no trace of quills as in the earlier forms of the yellow Aster. The color is a deep yellow when first opened and fades slightly as it ages. Packet (300 seed), 10 ets.; ½ oz., 30 ets.

2028 (Michaelmas Daisy) Hardy Aster

Now fill a most important place in all hardy flower gardens, lighting up the borders and shrubberies with their masses and clouds of dainty and brightly colored blossoms throughout the autumn months up to November, when other flowers are scarce. Large Flowering Alpinus, Mixed. Various charming shades of blue. Pkt. (350 seed), 10 cts.

²⁰²⁹ The Sunshine Aster

Choicest Mixed Colors Improved Anemone-Flowered

One of the most attractive novelties. The plants are sturdy and strong, throwing up long flower stalks, making wonderful cut flowers. Some of the flowers have twisted petals and some have quilled petals; all have a cushion center of tiny quills of a contrasting color which makes a flower look as if it were covered with snowflakes. The blue flowers are dotted with a paler blue and some in white and are dotted with a paler blue and some in white, and the rose in a lighter shade of pink or white. Their delicate beauty is hard to describe. Pkt. (300 seed), 10 ets.; 1/8 oz., 35 ets.

ASTERS BEAUTY TYPE

AMERICAN

Large Blooms—Long Stems

The earlier-flowering American Beauty type comes into bloom a little before the Giant Branching. Plants are of branching habit and very vigorous. They grow 2 to 2½ ft. tall, spread 2½ ft. wide, and bloom profusely. The flowers are globular, fully double, with incurved petals, and are 4 in. or more in diameter. They come in a wide range of lovely colors.

2073 Brachycome

Swan River Daisy Annual A free-flowering, dwarf-growing annual, 12 inches tall, covered during the greater part of the summer with a profusion of dainty flowers which resemble small cinerarias, suitable for edgings, small beds or pot culture. Pkt. (2,500 Seed), 5 cts.; ¼ oz., 45 cts.; ½ oz., 70

2071

Lace Flower

Blue

Calendula—Pot Marigold

An old-fashioned annual glorified by plant breeding, which increased its size, purified its colors and improved its form. The finest new varieties retain the vigor and free blooming qualities of the race, flowering from early summer with finesting with continually improving mer until freezing, with continually improving size and quality.

2085 Orange King. Grows 18 inches tall. Outer petals are slightly imbricated while centers are incurved. A glowing Orange. Pkt. (300 Secd), 5 cts.; 1/4 oz., 25 cts.

2090 Sensation. Long stems, very double, brilliant orange flowers with a crimson or scarlet sheen. The blooms are flat in shape. Pkt. (200 Seed), 10 ets.; oz., 90 ets.

2086 Metcor. The petals are arranged shingle-like, curving inward in the center. The bushes make a fine compact growth about 15 to 18 inches tall. Flower petal has broad, showy stripes of brilliant orange set against a creamy white ground. Pkt. (300 secd), 5 cts.; 1/4 oz., 25 cts.

A lovely companion to. 2087 Lemon Queen. Orange King, with flowers of equally large size. The color is an intense rich lemon-yellow of great brilliancy. Pkt. (300 sccd), 5 cts.; ¼ oz.,

2084 Calendula Sunshine—See Page 10. 2091 Calendula Orange Shaggy—See Page 10.

2088 Double Choice Mixed

A complete mixture of all the varieties of Calendulas we offer. They will make a fine display in any garden, whether planted as a border, bed, or with other annuals. Pkt. (300 seed), 5 cts.; 1/4 oz., 25 cts.

Charming for beds, borders, rock gardens, etc., and the larger the mass the better the effect. The plants grow about 12 inches high. Seed may be sown any time during the spring. They bloom in about eight weeks from the time of sowing, and in order to keep up a succession of bloom two sowings should be made at intervals of about two weeks. For best results thin the plants to stand not less than six inches apart. the plants to stand not less than six inches apart.

2103 Empress or Giant White Hyacinth Flowcred. An improved strain, producing immense trusses of pure white bloom, each plant having five or six pyramidal spikes. Fine for bedding and cutting. Pkt. (1,200 Sccd), 5 cts.; ½ oz., 15 cts.; oz., 25 cts.

2104 Condon's Giant Flowering Finest Mixture. All shades and colors, known in Candytufts will be found in this mixture. All large flowering. Pkt. (1,200 Seed), 5 cts.; $\frac{1}{2}$ oz., 15 cts.; oz., 25 cts.

2105 Perennial Candytuft (Iberis sempervireus). This is a favorite perennial, bearing handsome trusses of pure white flowers. The plants are of dwarf growth, not more than 12 inches tall, and are wonderfully adapted for edging or rockwork. The plants bloom freely and make a solid bed of white flowers. Pkt. (300 Sced), 10 cts.; 1/8 oz., 50 cts.; 1/4 oz., 75 cts.

2080 Butterfly Flower—Schizanthus

Poor Man's Orchid (Annual). The seed germinates readily and in a few weeks the plant is a mass of small but bright flowers in a bewildering range of colors, all blotched and marked in contrasting shades. The foliage is delicate and fern like. It may be sown in spring for garden decoration or may be seeded in fall in pots in the conservatory or house for spring blooming. Hybrids, Finest Mixed. Pkt. (1,800 Seed). 5 cts.: ¼ oz. 15 cts. Seed), 5 cts.: 1/4 oz., 15 cts.

Canterbury Bells and Other Campanulas

The most useful and beautiful subjects for the garden; the dwarf forms are especially fine for edgings and rock gardens. All are of easy culture and succeed in any good well-drained soil. The medium single, double, and Cup-and-Saucer varieties popularly known as Canterbury Bells are biennials.

2097 Single Canterbury Bells Mixed (Campanula Medium). Pyramidal plants covered with large bell-like blooms with edges softly rolled back and fluted. Many shades and colors. Pkt. (300 Seed), 10 cts.; 1/8 oz., 29 cts.

2098 Double Canterbury Bells Mixed (Campanula Medium). Showy blooms similar to those of the single Canterbury Bells, but with an extra row of petals like a saucer under a cup. Many shades and colors. Pkt. (150 Sced), 10 cts.; ½ oz., 40 cts.

2101 New Annual Canterbury Bells Mixed. Blooms from seed in less than six months. The plants grow from 2 to 2½ feet tall, each plant having from 6 to 8 beautiful blooming spikes. Our mixture contains the following colors: dark blue, light blue, rose and white. Pkt. (500 Seed), 10 cts.; ½ oz., 50 cts.

Perennial Campanulas

2095 Persicifolia Glandiflora (Peach Bells) Blue. Undoubtedly one of the finest of the hardy Campanulas, grows 2 to 3 ft. high, with large blue flowers. Pkt. 10c. 2096 Campanula Carpatica (Harebell) Blue. A very charming rock garden plant blooming in July and August. Color, blue. Pkt. (4,000 Seed), 10 cts. 2099 Campanula Carpatica (Harebell) White. Same as

variety above, only flowers are pure white. Pkt. 10c.

Calliopsis (Annual)

The calliopsis is very hardy, and will thrive anywhere. It makes a quick growth, and produces beautiful foliage. It is one of our brightest and best summer bloomers. Gold and maroon of the most brilliant hues are the prevailing colors. Excellent for cutting and massing.

2092 Crimson King—Bright Crimson.

2093 Golden King—Bright Yellow.
Your Choice Any of the Above. Pkt. (3,000 Sceds),
10 cts.; ¼ oz., 25 cts.; ½ oz., 40 cts.; oz., 60 cts.

2094 Finest Single Mixed Calliopsis

All the best types are found in this mixture. (3,000 Seed), 5 cts.; ½ oz., 25 cts.; oz., 40 cts.

2100 Canary Bird Flower

2122 Celosia Plumosa (Annual)

(Feathered Cockscomb)

The plants are of broad rounded form, from 2 to 3 feet tall. Each branch or stalk ends in a large pointed head of richly colored bloom which later broadens to a loose, plumy head of the most brilliant color. To secure the finest and largest heads sow the seed thinly outdoors the end of April, where the plants are to bloom. When they are 2 inches tall, thin to stand 18 inches apart. We offer a most magnificent strain of the most Gorgeous varietles in finest mixtures. (See cut.) Pkt. (1000 Seed), 7 cts.; ½ oz., 20 cts.; ¼ oz., 30 cts.

2121 Cockscomb Cristata

A class of very showy plants of unusual appearance. The flowers form a tremendous head or comb, which has a velvety touch. Grows 15 to 18 inches tall and Is in good demand as a cut-flower. We offer a very splendid mixture on all the "Choicest Tall Varieties." Pkt. (1000 Seed), 5 cts.; 1/8 oz., 20 cts.; 1/4 oz., 35 cts.

SPECIAL OFFER

2123 One large pkt. each of the 3 beautiful varieties of Celosia offered on this page including Woolflower. Only 15 cts., postpald.

2148 Cineraria (House Culture) Large Flowering Choicest Mixed

Cinerarias are truly beautiful, with their bright colors and delicate fragrance. If plants are wanted for blooming around Christmas time, the seed should be sown during April. For blooming during early spring, June or July sowing should be made.

Sow the seed in shallow pans or boxes containing a fine. fairly sandy soil. Sow the small seeds thinly and barely cover with very fine soil which should be carefully run through a small meshed sleve. Keep shaded and moist until the seedlings appear. Transplant as soon as they are large enough to be handled.

HYBRIDA GRANDIFLOBA. See illustration. This large.

HYBRIDA GRANDIFLORA. See illustration. This large-flowered strain of Cineraria is unsurpassed in size of flowers. Contains a wide range of heautiful colors, some with a large white eye. Pkt. (300 Seed), 25 cts.

²¹⁰⁰ Canary Bird Flower

Annual Climber

Beautiful climber, the charming little canary-colored blossom bearing a fancied resemblance to a bird with its wings half expanded. The plant has a luxuriant, rambling character, and if seeds are planted by the side of arbor or trellis will run about twenty feet, and will blossom from July until frost. Pkt. (30 Seed), 5 cts.; oz., 25 ots.

²¹²⁰ Chinese Woolflower Celosia

Deep Crimson Scarlet

Plants grow two to three feet high, the blooms starting early, with a central globular head which often reaches the immense size of two feet in circumference. Scores of branches are thrown out, each bearing a ball of scarlet wool. All these branches support numerous laterals with small heads of bloom mixed with firsh green foliage so that a plant looks like an immense bouquet splendidly arranged and set in the ground. Nove of the blooms fade in any way until hit by frost, but all continue to expand and glow with a deepening richness of color, a deep crimson-scarlet. Flowers, when cut in a fresh state and carefully dried retain their shape and brilliant color and are useful for winter decorating, like everlastings. Pkt. (1000 Seed), 9 cts.; 1/8 oz., 30 cts.; 1/4 oz., 50 cts.

2108 Canna (Indian Shot Plant) Annual

Crozy's Large Flowering Choicest Mixed

Very showy plants, having large tropical foliage surmounted by handsome spikes of blooms in many glowing colors. Fine plants can be easily raised from seed started in pots indoors during March and set in the open during May. Our mixture contains only the best and finest colors. Pkt. (25 Seed), 8 cts.; ½ oz., 25 cts.; oz., 40 cts. Canna roots are listed on page 152.

2146 Chinese Lantern Plant

(Physalis Franchetti)—Perennial

A hardy perennial grown for its showy scarlet-red seedpods which are easily dried for winter bouquets. The flowers are white, followed by the showy lanterns. Easily grown in any soil. Pkt. (600 Seed), 10 cts.; ½ oz., 35 cts.; ½ oz., 55 cts.; ½ oz., 95 cts.

2111 Cardinal Climber Annual Climber

(Ipomoea cardinalis)

A splendid, new, brilliant climber of great value. A strong and rapid grower, attaining a height of 20 to 30 feet with beautiful deeply laciniated leaves and just covered with intense cardinal red flowers from midsummer till frost. Flowers measure 1½ to 2 inches across and are borne in clusters of 5 to 7 blooms each. The leaves resemble those of a fine Japanese Maple. They cover the vines completely and give good shade.

The brilliant scarlet flowers are borne profusely. Pkt. (60 Seed), 9 cts.; ½ oz., 25 cts.; ¼ oz., 45 cts.

Carnation Marguerite 2114

Perennial 2117 Centrosema Climber

Grandiflora Butterfly Pea Sometimes Called "Look at Me"

A hardy vine of rare and exquisite beauty, which blooms early in June from seeds sown in April, and bears in the greatest profusion inverted, pea-shaped flowers, and ranging in color from rosy violet to reddish purple, with a broad feathered white marking through the center, while the large buds and the back of the flowers are pure white. The stem and foliage are very graceful and of a delightful odor. Pkt. (45 Seed), 10 cts.; ¼ oz.,

2108 Canna—Crozy's Large Flowering Mixed

The Cardinal Climber

2114 Carnation

Annual

(Giant Flowering Marguerite)

Flower in 3 or 4 Months from Seed

These lovely, fragrant Carnations produce fine double flowers which often measure three inches across. The variety of color includes white, blush, deep pink, salmon, carmine, scarlet, dark crimson, maroon and many beautifully variegated flowers. Most of them have beautifully fringed petals and are delightfully fragrant. Superb Mixed. Pkt. (475 Seed), 10 cts.; 1/8 oz., 40 cts.; 1/4 oz., 65 ets.

Condon's Beautiful Centaurea Imperialis

(Royal Sweet Sultans-Annuals)

This beautiful class is undoubtedly the finest of all Sweet Sultans for cut-flower purposes. The charming, sweet-scented, artistic-shaped flowers are borne on long, strong stems and when cut will stand for several days in good condition. It is best, in this latitude, to sow very early in the spring, so that they may perfect their flowers before very hot weather comes. We offer the following distinct colors:

2133 Giant White New Marguerite.

2134 Giant Deep Lavender.

2135 Giant Brilliant Rose.

2136 Giant Amaranthus-New Red.

2137 Giant Finest Mixed—All Colors.

Your choice the above Centaureas. Pkt. (300 Seed), 5 cts.; ½ oz., 20 cts.; ½ oz., 35 cts.; oz.,

Dusty Millers or White Leaved Centaureas—House Culture

Fine for bedding, vases, hanging baskets and pots; also extensively used for margins. As an edging to a bed of dark-leaved Cannas or Scarlet Sage these are particularly effective. Sow the seed early indoors, and transplant in May.

Candidissima. Silvery white; leaves broadly cut. Pkt. (275 Seed), 10 cts.; 1/8 oz., 25 cts.; 1/4 oz., 40 cts.

2142 Gymnocarpa. Fine cut silvery foliage; 1½ feet. Pkt. (275 Seed), 10 cts.; ¼ oz., 35 cts.; ½ oz., 55 cts.

Bachelor Button

Double Minata

2133Centaurea Imperialis—Giant White New Marguerite

Centaurea - Cyanus or Bachelor **Button** (Annual)

These are also known as Bachelor's Buttons, Blue Bottle, Ragged Sailor, Bluet and sometimes as Ragged Robin. They are well known to every flower lover and always included in old-fashioned gardens. We have discarded the old single-flowering type, the improved double-flowering sorts offered below being much better in every way.

2126 Double Blue. It is identical in color to the single blue.

2129 Double Minata Pink. A splendid variety for cutting.

2127 Double White. Densely double pure white.

2128 Double Minata Brick-red. Very attractive.

2125 Double, Mixed. A complete mixture of all colors.

Your choice of the above Bachelor Buttons. Pkt. (250) Seed, 5 cts.; $\frac{1}{2}$ oz., 30 cts.; oz., 50 cts.

2130 SPECIAL OFFER-One pkt. each of the 5 separate Bachelor Buttons. ONLY 20c postpaid.

Columbine—Aquilegia

Hardy Perennial

No hardy plant grown from seed is more easily handled than the Columbine.

Seed may be sown in the open ground early in spring, and will, in some cases, bloom the same season; or they may be planted in August or September, and will come up early in spring and make vigorous plants, which will bloom abundantly during late spring and early summer.

Columbines should be planted wherever their presence will serve to lighten up a too stiff and formal planting, for no other plant has so airy a grace as the Columbine, is more generous of its blooms, or more effectively adapted for cut flowers.

Condon's Prize Double Mixed.

Pkt. (350 Seed), 10 cts.; 1/8 oz., 25 cts.; 1/4 oz., 40 cts.

2168 Condon's Prize Single Mixed.

Pkt. (500 Seed), 10 cts.; 1/8 oz., 20 cts.; 1/4 oz., 35 cts.

Condon's Long Spurred Columbine

While all the varieties of Columbines are beautiful and much admired, this strain is unquestionably the finest yet produced. The plants are of strong thrifty growth with flowers of largest size, varying in color through charming tones of cream, pink, lavender, blue, white, red, etc. Illustrated in color on page 145.

2166 Choicest Mixed Long Spurred.

Pkt. (450 Seed), 15 cts.; 1/8 oz., 40 cts.; 1/4 oz., 65 cts.

Columbine-Long Spurred 2166

2175 Cosmos Double Crested

CONDON'S SEEDS SATISFY Try Them Cosmos Condon's True Mammoth Early Flowering

The single flowers, borne in abundance on long and graceful stems, are 4 to 5 inches across. Seeds sown out of doors in early spring produce plants that will bloom in 60 to 70 days, and continue until killed by frosts. The earliest single flowering strain we know of, being two months ahead of all others, which will be appreciated by those in the northern states.

2172 Mammoth Flowering Crimson

A rich and most attractive shade of crimson. The plants are a mass of blooms during the fall. Pkt. (200 Seed), 10 cts.; ¼ oz., 20 cts.; ½ oz., 30 cts.; oz., 50 cts.

2174 Mammoth Flowering White

A clear waxy white form. The blooms are well rounded, composed of broad, well-expanded petals. Pkt. (200 Seed), 10 cts.; ¼ oz., 20 cts.; ½ oz., 30 cts.; oz., 50 cts.

2173 Mammoth Flowering Rose Pink

Lovely rose pink flowers $3\frac{1}{2}$ to $4\frac{1}{2}$ inches across. This is a particularly popular color and gives an excellent cut-flower. Pkt. (200 Seed), 10 cts.; $\frac{1}{4}$ oz., 20 cts.; $\frac{1}{2}$ oz., 30 cts.; oz., 50 cts.

2171 Mammoth Flowering Prize Mixed

Contains the right proportion of the three colors offered above and many others. Pkt. (200 Seed), 7 cts.; 1/4 oz., 20 cts.; 1/2 oz., 30 cts.; oz., 50 cts.

Special Offer 2177
One packet each of the Six
Beautiful varieties of Cosmos listed for only 35 cts.,
postpaid.

In this variety the flowers are large, but in place of the yellow center they have a double center which stands up like a cushion. The outer row or crest is made up of broad ray petals. This is the best of all Cosmos for cut-flowers as the blooms last a long time in water. The flowers vary in their degree of doubleness, some having the anemone center and others perfectly double. Most artistic and beautiful in either form. Pkt. (200 Seed), 10 cts.; 1/4 oz., 60 cts.; 1/2 oz., 90 cts.; oz., \$1.45.

2176 Mammoth Late Flowering Choicest Mixed

The late flowering strain of Cosmos has flowers of immense size, measuring close to 4 inches in diameter. The plants begin blooming ten days to two weeks after the early flowering varieties, and make a most magnificent show in any garden until cut down by frost. This mixture is very fine. Pkt. (200 Seed), 5 cts.; 1/4 oz., 15 cts.; 1/2 oz., 25 cts.; oz., 40 cts.

2174 Mammoth White Cosmos

CONDON'S SEEDS SATISFY

2160 Coleus-The Great Foliage and Border Plant

2160 Coleus

Finest Mixed
House Culture

Coleus is very highly valued on account of its brilliantly colored foliage. It may be planted outdoors in well-prepared beds or may be grown as pot plants. The plants are easily grown and can be had in good condition throughout the winter. They do not develóp their best coloring unless they have a sunny position. Grown in the open the soil should not be too rich. During the summer months the plants should be watered regularly

tered regularly.
Start the seed indoors in boxes during February or March, covering with one-quarter inch of fine soil. As soon as the plants are about one-half inch tall transplant to small pots. Set in the open when the trees are in full leaf and the nights are quite warm. Condon's Finest Mixture. Pkt. (500 Seed), 15 cts.

2163 Coix
Lachrymae
Job's Tears (Annual)

A pretty, ornamental grass, with broad, corn-like leaves and hard shining seeds of peculiar appearance, giving the plant its name. The seed is frequently used as an old-fashioned remedy for sore throat, goiter and teething babies. They are strung on a linen thread and worn around the neck as a chain. Pkt. (25 Seed), 5 cts.; oz., 10 cts.

Common Sense Culture Directions Printed on Every Package.

2186 Cypress Vine

Summer Chrysanthemums

Of the easiest culture and flower profusely during the summer and fall, especially in sections where the summers are not too hot. They are showy in the garden and fine for cutting. Prefer heavy soil.

2145 Coronarium, Double Mixed. Lovely

button-shaped double blooms, 1½ in. across, in yellow shades and white. 18 in. tall. Pkt. (600 Seed), 5 cts.: ¼ oz., 25 cts.; ½ oz., 40 cts.; oz., 75 cts.

2169 Coreopsis Double-flowering Coreopsis Lanccolata Grandiflora Fl.Pl.

Coreopsis Lanceolata has for a long time been a gem in the perennial border and one never grows tired of the masses of golden yellow blooms which it produces, which are decorative in the garden and invaluable as cut flowers. This new double and semidouble form is just as easy to grow and the extra petalage adds a further charm to the flower. Pkt. (460 Seed), 10 cts.; ¼ oz., 25 cts.

2186 Cypress Vine—Choicest Mixed Colors

Quick-growing annual climber with rich, glossy green, fern-like foliage, and attractive, trumpet-shaped flowers, 1 to 1½ in. across, the petals of which form a perfect star. Excellent for training on porches, trellises, string, wire or poles. Blooms from July until late fall. 10 to 12 ft. Pkt. (100 Seed), 5 ets.; ½ oz., 18 ets.; oz., 32 ets.

2151 Clarkia

Finest Double and Single "Annual" Mixed. Graceful slender upright branches covered almost their entire length with dainty double flowers, which resemble those of the flowering almond. Does best in sections where summers do not get too hot. Salmon, pink, mauve, rose, carmine, purple and white in mixture. July to September. 2 ft. Pkt., 5 cts.; 1/4 oz., 25 cts.

2157 Cobaea Scandens—Rich Purple "Annual" Cathedral Bells Cup and Saucer Vinc

A climber of rapid growth, attaining a height of 30 to 50 feet during the season; valuable for covering trellises, arbors, trunks of trees, etc. Will cling to any rough surface. In sowing, place seeds **cdgewise** and merely cover with light soil. To get early results start the seed indoors in March or April; can also be sown out-of-doors in May. Large bell-shaped flowers of a rich purple color. **Pkt.** (20 Seed), 10 cts.; ¼ oz., 25 cts.

2145 Chrysanthemum Double Mixed

Cosmidium
Burridgeanum
Orange Crown
Mixed Annual

Forms dense bushes, about 2 feet high, and produces throughout the summer beautiful flowers in shades of orange and yellow to the darkest velvety brown. Recommended for cutting, borders, flowering hedges and pot culture. Pkt. (350 Seed), 5 cts.; ¼ oz., 25 cts.; ½ oz., 40 cts.; oz., 70 cts.

Cyclamen

A graceful and impressive hardy annual which grows 3½ to 5 feet tall. The plants are well branched, each branch terminating in a large head of bright rosy crimson blooms followed by long slender seed pods supported by long wiry stems. Splendid for large beds or background planting. Sow outdoors after the weather is settled. Pkt., 10 cts.

2082 Calceolaria (Pouch Flower) (House Culture)

A most interesting and beautiful pot-plant for the greenhouse. With proper care, will grow into fine large bushes with many showy pocket-like flowers of various colors. Some of the flowers are beautifully spotted and tigered, others are self-colored in yellow or red. They are greatly admired. Hybrida Grandiflora, Finest Mixed. Pkt. (1,300 Sced), 15 cts.

2183 Cyclamen Condon's Giant Prize Mixture

Cyclamens are charming house plants with beautiful variegated foliage and richly colored, fragrant blooms. They are universal favorites for winter and spring blooming. The seed may be started any time during the summer or autumn. Condon's Giant Prize Mixture contains an exceptionally wide assortment of beautiful colors including plenty of the rarer and choice shades such as salmon-pink and salmon. Pkt., 15 cts.

See Marvelous Bargains in Bulbs, Plants, Shrubs, Roses, Fruits; Pages 147 to 176

Please order by number as well as name. It will help us to serve you quicker.

Angels Trumpet

2203 DATURA

Hardy Annual

2203 Datura Wrightii

Very hardy and beautiful. Large branches, dark green foliage. Flowers are trumpet-shaped, measuring 8 to 10 inches in length and 5 to 7 inches across the mouth and form three distinct flowers growing each within the other. Very fragrant. Pkt. (125 Seed), 10 cts.

2200 DAISY, SHASTA

Hardy Perennial

"Giant White California
Daisy." Flowers measure
fully four inches across,
and as they come singly
on a stiff slender stem
nearly two feet in length,
they are especially useful
as cut-flowers. Pkt. (450
Seed), 10 ets.; 1/8 oz., 30 cts.

2198 BLUE DAISY

Hardy Annual
A Beautiful Bedding Plant
and an Excellent Indoor Bloomer

Flowers are a lovely sky-blue tint with yellow disc, easily grown from seed or cuttings; useful in producing flowers during winter months, and very pretty for summer decoration in the garden. Pkt. (200 Seed), 10 cts.

New and Rare Delphiniums (Perennial Larkspur)

Condon's DeLuxe Double Mixed. The most gorgeous superior New Double and Dark Blue, Rose, Mauve, etc. This new strain was the admiration of all who visited our trials the past summer. Actually 90% extra double flowers of large size and wonderful array of colors. Pkt. (350 seed), 25 cts.

Wrexham Strain Hollyhock. A new race with spire-like spikes. The chief distinguishing features of the 'Hollyhock' Delphiniums are: the extraordinary length and the tapering and spire-like shape of the spikes; the indescribably rich and varied tints; the very remarkable extension of the flowering period—many varieties bloom well into August; their resemblance to Hollyhocks. The seed we offer was grown from the introducers stock seed and is as true to type as is obtainable. Pkt. (400 seed), 25 cts.

2206 Gold Medal Hybrids Finest Mixture. Easily grown from seed sown any time from early in the spring until the forepart of August. They delight in fairly rich soil, but are rather susceptible to an excess of water. Beautiful long spikes, ranging from almost white through the various shades of blue to rich royal purple. Pkt. (600 seed) 10 cts.; ½ oz. 40 cts.; ½ oz. 60 cts.

Thunbergia. (Black Eyed Susan.) Choicest Mixed. Annual Climber. Rapid growing vine preferring a warm, sunny situation. Excellent for vases, trellises, rustic work or greenhouse decoration. Flowers buff, orange, white, etc.; height 5 feet. Pkt. (75 seed), 5 cts.; ½ oz., 35 cts.; ½ oz., 50 cts.; oz., 90 cts.

Digitalis (Foxglove) Hardy Perennial

Showy and especially useful among shrubbery and in half shady places, though it grows equally as well in open sunlight situations. Succeeds under almost all conditions. Flowers in June and July.

Delphiniums 2208 Condon's Double Mixed

2217 Condon's Mammoth White. Large pure white flowers, beautifully marked with yellow. Pkt. (2500 Seed), 10 cts.; ¼ oz., 35 cts.

2218 Condon's Mammoth Rose. Long spikes surmounted by enormous flowers, brightest rose. Pkt. (2500 Seed), 10 cts.; 1/4 oz., 35 cts.

2219 Condon's Mammoth Purple. Very large and bearing many beautiful flower-spikes. Pkt. (2500 Seeds), 10 ets.; 1/4 oz., 35 ets.

2220 Condon's Mammoth Finest Mixed. Beautiful tall spikes of White, Pink, Rose,

Yellow, Purple and many other colors. Pkt. (2500 Seed), 10 cts.; ¼ oz., 35 cts.

2220 Foxglove—Finest Mixed

Dianthus Heddewigii (Annual Garden Pinks)

The popular Chinese and Japanese Pinks are also well known under their botanical name Dianthus, but usually just called Old-fashioned Pinks. Few flowers can equal these in beauty and profusion of blooms. They are easily grown and do well in almost any kind of soil and location.

2211 Double Snowball. The plants are well rounded and bloom profusely for many weeks during late summer and early fall. The flowers are fully double and pure white. Pkt. (1200 Seed), 10 cts.; ¼ oz., 35 cts.

2210 Double Fireball. An excellent counterpiece to snowball. Double flowers of a fiery and most brilliant scarlet. Pkt. (1200 Secd), 10 cts.; 1/4 oz., 35 cts.

2212 Double Mixed. An unusually fine mixture of double flowers in great variety. An excellent strain for beds or borders. Pkt. (1200 Seed), 10 ets.; ¼ oz., 35 ets.

2212 Dianthus Pinks Heddewigii—Double Mixed

2213 Plumarius (Perennial or Pheasant-Eye Grass Pink). These are very popular because they are easy to grow and bloom freely for many weeks. They are valued for rock gardens. Thick tufts of fine leaves, many small, star-like, rich rose flowers. Desicately scented. Pkt. (400 Seed), 10 ets.; ¼ oz., 40 ets.

Dolichos — Hyacinth Bean (Annual)

2224 Daylight A climber of rapid growth that always attracts attention. The vines grow quickly to a height of 8 to 10 feet and bloom profusely from base to summit. The large pure white flower-spikes stand out boldly from the rich green foliage. As the flowers drop they are succeeded by broad white pods which remain fresh for a long time and add to the appearance. Pkt. (50 Seed), 5 cts.; oz., 15 ets.

2225 Darkness The color of the stems and leaves of Darkness is a purplish red. It mixes well with other climbers and produces a good variety. The numerous long spikes of pea-like flowers are deep reddish maroon, not unlike Wisteria. The blooms are followed by beautiful metallic purple seed-pods. Sow the seed one inch deep when the maples are in leaf. Pkt. (50 Seeds), 5 cts.; oz.,

2226 Condon's Choicest Mixed A well balanced mixture, containing above colors and many others. Pkt. (50 Seed), 5 ets.; oz., 15 ets.

Four O'Clock Marvel-of-Peru

2249 (Annual) Tall All Colors Mixed. The flowers remain closed until about 4 o'clock in the afternoon, when they all open together and the plants become a glowing bank of vivid coloring, filling the air with their delightful fragrance. Sow early in the spring. Height of plant about 2 feet, bearing hundreds of flowers from early summer until frost of crimson, violet, yellow and white; many varieties have two or more of these colors spotted, splashed or flaked on the one flower. A good mixture. Pkt. (40 Seed), 5 cts.; oz., 15 cts.

2249 Four O'Clock. Blooms All Summer,

10 cts.; ¼ oz., 20 cts.

Euphorbia

(Annual Poinsettia) The foliage is exceedingly or-namental; the plantsare largely used in beds or borders.

2239 Variegata (Snow on the Mountain) Ashowy border plant with foliage

veined and margined with white; flowers white. Pkt. (125 Seed),

2240 Heterophylla (Mexican Fire Plant) This plant is somewhat similar to the Poinsettia and produces large bracts of brilliant scarlet leaves on the top of each spike. Grows quickly to a height of 2½ to 3 feet from seed sown in the open early in May. Pkt. (125 Seed), 10 cts.; ¼ oz., 40 cts.

2389 Miss Jekyll (Annual) Choicest Mixed Colors This is one of our prettiest old-fashioned annuals. The double flowers are many shades of rich blue contrasting well with the dainty light green foliage. Pkt. (1000 Seed), 5 cts.; ½ oz, 25 ets.

Nicotiana Affinis

2389 Love in a Mist

2386 (Annual) Flowering Tobacco Fine for bedding, or background in borders for lower growing plants. Sow the seled indoors in a box filled with fine sandy soil and barely cover them from view. Splendid pure white Bouvardia-like flowers on long terminal tubes. blooms very freely all during July and August and makes a magnificent show. Pkt. (4000 Seed), 5 cts.; 1/4 oz., 25 cts.

Dolichos. Condon's Choicest Mixed

2239 Euphorbia Snow on the Mountain

2386-Flowering Tobacco

Satin Flower Good Mixed

²²⁷¹ Godetia

2252 Fuchsia

House Culture

(Annual)

Of easy culture, forming compact bushes about a foot tall and flowering profusely all summer long where the weather remains reasonably cool. It is a plant which grows to perfection in cool locations. The plants are well suited for beds or borders. A grand mixture, including some lovely shades. Pkt. (3000 Seed), 5 cts.; ¼ oz., 30 cts.

Grandmother's Old Fashioned

The Everlasting Flowers have within recent years again become very popular. They were great favorites with our grand-parents, who grew them for garden decoration and winter bouquets. They are easily grown and bloom freely and con-tinuously during summer and fall, requiring no special kind of soil or care.

2231 Globe Amaranth—Finest Mixed Colors

Grows 2 feet tall and blooms profusely. A mixture of white, pink, lilac, and bronze-yellow shades. The button-shaped flowers measure ½ to ¾ inch in diameter.

²²³⁴ Statice or Sea Pink—Choicest Mixed Colors

Statice, also called Sea Pink, is extremely showy, with large clusters of blooms carried on graceful stems. The plants are easily grown from seed and do well in almost any kind of soil. The flowers may be cut and treated like Everlastings, drying them in a cool and shady place, hung up on the stems to keep their natural position.

2233 Xeranthemum—Double Mixed Colors

The plants grow 2 feet tall, producing double flowers measuring 1½ inches in diameter. Easily dried for winter bouquets. Grows readily from seed sown early in the spring. The flowers are very graceful and come in rose, white, and purple. Free-flowering.

²²³² Rhodanthe—Choicest Mixed Colors

Dainty flowers carried on graceful slender stems. The blooms come in white, pink, and red shades. Rhodanthe is easily grown and blooms ten weeks after the seed is sown. It does best in a loose sandy soil which con-

Your Choice Above 4 Everlastings. Pkt., 5 cts.; 1/4 oz., 20 cts.; $\frac{1}{2}$ oz., 35 cts.; oz., 55 cts.

²²³⁵ Condon's Special Mixture of Everlastings

Our mixture of Everlastings includes all the fine varieties described on this page and a number of others which are showy and easily grown. We are sure that this mixture will give a fine show and plenty of cut-flowers for winter bouquets. Pkt., 5 cts.; 1/4 oz., 20 cts.; 1/2 oz., 35 cts.; oz., 55 cts.

2243 Feverfew (Annual)

Matricaria White Gem Very Decorative In Beds and

Very Decorative In Beds and Fine for Cutting
Small, fully double flowers greatly resembling a button Chrysanthemum. The foliage is deep green and finely cut, forming a distinct background to the pure white flowers. The plants grow from 12 to 15 inches tall, branching freely close to the ground, with each stem crowned with a cluster of small, double, pure white flowers. They do best in a sunny location. Pkt. (4500 Seed), 10 cts.; 1/4 oz., 35 cts. 35 cts.

2231 Globe Amaranth

This well-known flower is one of the daintiest and most delicate of all favorites. While perennial in some sections they may be treated as annuals as they will bloom the first year from seed.

Dwarf, free-flowering bushes. Excellent for beds or borders. Light blue flowers standing out sharply from the rich green foliage. They do best in the semi-shade, where it is fairly moist rich soil. Pkt. (1200 Seed), 5 cts.; 1/2 oz., 40 cts.; 1/2 oz., 60 cts.; oz., 95 cts.

2243—Feverfew—White Gem

Grow Beautiful Geraniums

from Seed in Few Weeks

Easily raised from seed which if sown early will produce plants that will flower the first year. Geraniums enjoy an almost universal popularity. They are very popular plants, suitable for pot culture in the winter or for bedding purposes in the summer. They form nice, bushy plants, bearing continuously many gorgeous flowers in variously brilliant colors.

2260 Giants of California

They will bloom from seed in four to five months, and will frequently reward the cultivator with charming new varieties; in fact, propagation by seed is the only sure way to obtain new varieties.

Finest double, semi-double and single varieties of the most gorgeous and brilliant colors; all shades of scarlet and crimson, rose, pink, salmon, cream, veined, pink, bluish, snowy white, and all the new aureole types. The spotted or speckled varieties are very novel and extremely attractive. Trusses immense and the blooming qualities of the plant truly wonderful. Pkt., 25 cts.

2262 Special Offer — One pkt. each of both beautiful Geraniums 4 for 45 cts.

2268 GLOXINIA (House Culture) Giant Choice Hybrids. Gloxinias are splendid pot-plants, growing best in the greenhouse or the conservatory, where heat and moisture can be regulated to suit the plants. They are showy, free flowering, and do well in shaded locations. The flowers measure 4 inches in diameter and are borne with the greatest freedom, surrounded by rich dark green velvety leaves. Pkt., 15 ets.

Your choice of above Hollyhocks. Pkt. (150 Seeds), 8 cts.; ½ oz., 35 cts.; ½ oz., 50 cts.

2295 Hollyhock

Condon's Giant Prize Double Annual Mixed

Blooms First Year from Seed When Sown Early

These are the largest flowered and most perfectly double Hollyhocks we have been able to produce after many years of the most painstaking selection The colors are rich and brilliant. Pkt. 8 ets.; ¼ oz., 40 ets.; ½ oz., 60

²³³⁵ Lupinus—New Hartwegii Giant Mixed

A rew improved strain of Annual Lupinus. Hartwegii Giants are from three to four feet tall, have the base branching habit, with four to six long spikes to a plant. Each spike has from twenty-five to fifty more blooms than the common type. The blooms are also larger. Colors include dark blue, sky blue, rose and white. Pkt., 10 cts.; ½ oz., 40 cts.

2337 Malope (Mallow-wort)

Choice Mixed Annual

Showy plants for large mixed flower and shrubbery borders. The flowers are large and handsome. Color white and rose. Pkt. 5 cts.; 1/4 oz., 25 cts.

Gourds—Ornamental Mixed

The growth is quick and foliage pretty. These gourds are of various shapes and colors; some large, some small. All are hard-shelled and will keep for years. Grow 10 to 30 feet high. Excellent for covering porches, walls, outbuildings and waste places. The small gourds are excellent toys for children, while the larger ones may be used as bowls, dippers, sugar troughs, etc. Pkt. 10 ets.; oz., 20 ets.

2278 Grasses Ornamental Mixed Annual

and for winter bouquets. For winter use it is very important that the stalks are cut early in the morning while they are still wet with dew. They are then placed in a cool, dry, and airy room in their natural position until they are perfectly dry. Pkt. 10 cts.; ½ oz., 20 cts.; ¼ oz., 30 cts.; ½ oz., 50 cts.; oz., 75 cts.

Heliotrope (House Culture) 2291 Finest Mixed Giant Hybrids

Everyone loves the delightful fragrance and beauty of the Heliotrope, but few know that it can be raised from seed as easily as the Verbena. To insure a long period of bloom, the seed should be sown indoors during February and the plants set out in rich, well-prepared soil when the maples are in full leaf. Flower-heads of great size and immense beauty, measuring 6 to 12 inches across. Their fragrance is delightful and pronounced. The colors range from white through shades of blue and violet. Pkt. 10 cts.; 1/2 oz., 50 cts.; 1/4 oz., 75 cts.; 1/2 oz., \$1.20. ½ oz., \$1.20.

Mignonette (Annual)

Mignonette is one of the most delicately scented of all flow-

ers. The plants grow rapidly from seed sown in the open ground early in spring.
2353 Goliath Red. Pkt. 10 cts.

2361 Mimulus Moschatus

(Musk Plants.) This variety received the name Musk Plant because the leaves have a scent not unlike musk. The flowers are borne very freely and they are of a bright yellow color. Excellent for growing in shaded places. Pkt., 9 cts.

²³⁶² Mimulus

Monkey Flower. (House Culture.) Lovely little plants with light green foliage and attractive tubular flowers. The blooms are most showy, including a range of brilliant colors, many of the flowers being spotted with a contrasting shade. It is an excellent plant for pots. The plants make a compact growth and bear enormous large blooms. Pkt., 9 ets.

2358 Mimosa

Curious and interesting annual with pinkish white flowers; the leaves close and droop when touched or shaken. Pkt., 10 cts.; ¼ oz., 30 cts.

(Sensitive Plant)

2358
Mimosa
Sensitive
Plant

"Jack and the Bean Stalk." The blossoms are large and in panicles somewhat like wisteria, but larger in size and with better clusters. The color is of a pleasing shade of purple. The foliage is luxuriant, somewhat like the leaf of a bean. The vine is extremely rapid and dense in growth, making the Japanese Kudzu or "Jack and the Bean Stalk" vine of great value where a quickly produced shade is wanted. From established roots, this vine will attain a length of 40 to 50 feet in one season. It will even flourish where nothing else will grow. It is perfectly hardy, increasing in size and beauty year after year. An ornamental and rapid growing elimber. Pkt., 10 cts.; 1/4 oz., 25 cts.; oz., 75 cts.

2310 JAPANESE KUDZU VINE (Jack and the Bean Stalk Vine)

2349 Giant Sunburst Mixture

This grand mixture comprises a proper proportion of all the Tall Double African, Dwarf French, and Little Brownie Marigolds. It will furnish an abundance of bloom all summer long, ranging in combinations of colors, yellow-brown, maroon, lemon-orange and striped effect. Pkt. (500 Seed), 10 cts.; $\frac{1}{4}$ oz., 25 cts.; $\frac{1}{2}$ oz., 40 cts.; oz., 60

Tall African Double

Grows 2½ to 3 feet tall

2340 Lemon Ball—Canary Yellow.

2341 Orange Ball—Rich Orange.

2342 El Dorado-Golden Yellow. 2343 Tall African Double Mixed.

Your Choice of the Above. Pkt. (500 Seed), 10 cts.; $\frac{1}{4}$ oz., 25 cts.; $\frac{1}{2}$ oz., 40 cts.; oz., 60 cts.

2339 Guinea Gold Brilliant Golden Orange

Carnation flowered—intense deep yellow — double — makes dazzling display. This is a very distinct type of Marigold, of graceful pyra-

midal habit, growing 2 to 21/2 feet high and producing 30 to 40 flowers 2 to 21/2 inches across, of a brilliant shade of orange flushed with gold. Unlike the ordinary African Marigold, this new type produces no single flowers, but practically 100% semi-double. The characteristic Marigold odor, too, is much less pungent than in other sorts. In order to obtain the best results, we recommend early sowing. An outstanding novelty. Pkt. (300 Seed), 10 cts.; 1/8 oz., 25 cts.; $\frac{1}{4}$ oz., 45 cts.; $\frac{1}{2}$ oz., 80 cts.; oz., \$1.25.

2339 Marigold, Guinea Gold

2 Marvelous New Marigolds 2352 Burpee's New Col-

larette "Crown of Gold"

The One and Only Gold Medal Award for 1937. The One and Only Gold Medal Award for 1937.

Be the first to grow this beautiful, distinctly new type Marigold—the first Marigold with entirely Odorless foliage. Bright clear golden orange. Crown resembles a Chrysanthemum, made up of long, interlaced disc petals. Collarette of big, broad petals. Delicately sweet-scented. Plants grow about 2 ft. tall. Early flowering, blooms all summer. Pkt., 25 cts.; 5 pkts., \$1.00.

2351 Yellow Supreme

One of the newest of the Marigolds. The fluffy flowers of light golden yellow are double and semidouble, with petals broad and loose. The inner petals are shorter, curving in slightly so that the center is partly covered. This Marigold does not have the odor which is disagreeable to some people; it is even slightly fragrant. Height 26 inches. Pkt., 10 cts.; 1/8 oz., 40 cts.; 1/4 oz., 70 ets.; oz., \$2.00.

Dwarf French Double 2344 Double Golden Striped

Velvety mahogany-brown attractively striped with bright gold. Pkt. (500 Seed), 7 ets.; ¼ oz., 25 cts.; ½ oz., 40 ets.; oz., 60 ets.

2345 Double Golden Yellow

Flowers having a deep velvety brown center. Pkt. (500 Seed), 7 cts.; ½ oz., 25 cts.; ½ oz., 40 cts.; oz., 60 cts.

2346 Double Electric Light

Perfectly double flowers. Golden yellow, marked with a large spot of velvety crimson at the base of each petal. Pkt. (500 Seed), 7 ets.; 1/4 oz., 25 cts.; ½ oz., 40 ets.; oz., 60 ets.

2347 Double French Mixed

A complete mixture of Dwarf French Marigold. Pkt. (500 Seed), 7 cts.; 1/4 oz., 25 ets.; 1/2 oz., 40 ets.; oz., 60 cts.

2348 Legion of Honor— Little Brownie Single

A lovely variety with single flowers borne profusely and continuously. The blooms are rich golden yellow, marked with shining crimson-brown. Pkt. (500 Seed), 7 cts.; 1/4 oz., 30 cts.; 1/2 oz., 45 ets.; oz., 70 ets.

Morning Glories

(Hardy Annual Climber)

2372 Giant Imperial Japanese

One of the most valuable and popular annual climbers introduced in years. This vastly improved strain of mammoth-flowered Morning Glories is most justly celebrated the world over for the wondrous beauty of both flowers and foliage. Magnificent in size of bloom—4 to 6 inches across. The great variety of rich and delicate colors, tints and markings is wonderful and almost incredible. Our mixture of seed of these magnificent. Giant-Flowered, Japanese, Morning magnificent Giant-Flowered Japanese Morning Glories is superb. See cut. Pkt. (100 Seed), 7 cts.; oz., 15 cts.

Brazilian Morning Glory * 2373 (Ipomoea Setosa)

A great climber, making a growth of 30 to 50 feet. Grape-like leaves a foot wide. The rose-colored flowers measure 2 to 3 inches across and show a five-pointed star of satiny point. Pkt. (25 Seed), 7 cts.; ½ oz., 25 cts.; oz., 40 cts.

2374 Heavenly Blue * (Early Flowering Rubro Coerulea)

One of the few flowers of true blue and probably finest of all morning glories. Flowers measure 3½ to 4 inches across, deep blue with white throat. They blossom profusely and for a long season, opening in the morning. Sow two seeds in a 2-inch pot indoors in April and transplant to the open after the weather has settled in May. Pkt. (50 Seed), 10 cts.; ¼ oz., 35 cts.

Condon's Gorgeous Dwarf Mixed Nasturtiums

2385 New Double Scarlet Gleam

Scarlet Gleam is the very latest introduction in Double Sweet Scented Nasturtiums. It is, in fact, the most intensely dazzling color one could imagine in a flower, even more showy than the vivid golden yellow of Golden Gleam. Similar in habit of growth. Golden Gleam derives its effect of doubleness which are markedly wrinkled, almost fluted. Scarlet Gleam is more or less plain petaled and deeper throated although the individual petals are at least twice the size of the ordinary Nasturtium. The doubleness is caused by an overlapping of small petals toward the center. The flowers are borne on long stems well above the bright green foliage of the neat semi-dwarf plants. Ideal for garden usc. For cutting Scarlet Gleam has no equals. Pkt. (50 Sced), 10 cts.; oz., 25 cts.; ½ lb., 75 cts.; ½ lb., \$1.35; lb., \$2.50.

2384 Glorious Gleam Hybrids

Large, double and semi-double flowers in a wide range of colors, showing to advantage against the fresh green foliage. Plants are semi-dwarf. Flowers are borne on long stems, well suited for cutting. Pkt. (50 Seed), 10 cts.; oz., 25 cts.; 1/4 lb., 75 cts.; 1/2 lb., \$1.35; lb., \$2.50.

Nasturtiums

Most Attractive Easy Growing, Free Blooming Annual Flower. Excellent for Bouquets or Solid Beds, Borders, Etc.

2376 Condon's Dwarf Gorgeous Mixture

An especially well balanced mixture of the very choicest shades and colors, including dark maroons, rich scarlets, etc. Really a rainbow of color. Pkt. (75 Seed). 10 cts.; oz., 15 cts.; 14 lb., 40 cts.; 12 lb., 70 cts.; lb., \$1.25.

2377 Condon's Dwarf Fine Mixture

A first class mixture not as well balanced as No. 2376. Pkt. (75 Seed), 5 cts.; oz., 10 cts.; 16., 35 cts.; 18., 55 cts.; 18., \$1.00.

2378 Condon's Tall Superior Mixture

The very finest mixture of all Tall Giant Flowering Nasturtiums. Pkt. (75 Seed), 10 cts.; oz., 15 cts.; 1/4 lb., 40 cts.; 1/2 lb., 70 cts.; lb., \$1.25.

2379 Condon's Tall Choice Mixture

A first class mixture of many colors although not as well balanced as No. 2378. Pkt. (75 Seed), 5 cts.; oz., 10 cts.; /4 lb., 35 cts.; /2 lb., 55 cts.; lb., \$1.00.

New Giant Double Sweet Scented **Nasturtiums**

2381 New Dwarf Double Gem Mixture.

An evenly balanced range of cheerful colors on dwarf, compact gem like plants. Ideal annual for borders and cdgings. Even in rainy season they hold true to type. Color range includes yellow, orange, scarlet, crimson, salmon, cerise, cream, maroon and spotted varieties. Pkt. (25 Seed), 15 cts.; ½ oz., 30 cts.; oz., 50 cts.; ¼ lb., \$1.50.

2383 Golden Gleam

Few flowers ever introduced have been acclaimed so quickly and praised so highly. The beautiful golden yellow sweet-scented flowers grow to 2½ to 3 in. across and are borne well above the foliage on stems 6 to 8 in. long. Plants are semi-dwarf. Pkt. (50 Seed) 10 cts.; oz., 20 cts.; ½ lb., \$1.00; lb., \$1.50.

New Dwarf Golden *2380* Giant or Golden Globe

Identical in color with Golden Gleam. Plant more dwarf and compact. Free flowering, delicately sweet scented. Pkt. (50 Seed), 10 cts.; oz., 25 cts.; 1/4 lb., 75 cts.; 1/2; lb., \$1.35.

Condon's Giant Pansies

Are Simply Charming for Bouquets and **Bedding**

Pansies are easily grown and bloom profusely for many months. Sow the seed indoors early in March or outdoors as early as the ground can be pre-pared into a fine loose condition. If sown during August, the plants will begin blooming very early the following spring.

For Pansy Plants Turn to Page 101

2400 Condon's Giant Flowered Prize Mixture—Exhibition Varieties

A carefully prepared mixture of all the richest, handsomest and largest pansies known to the horticultural world. Year by year we watch the production of American and European specialists, and secure everything meritorious for incorporation into our prize mixture. Pansy seed is a very high priced commodity and it is next to impossible for anybody to buy all the new sorts on the market; but all the types that are really desirable, will be found in Condon's Prize Mixture. People who sow this strain in good soil may look for blossoms 3 to 3½ inches across, of perfect texture, and in full range of color. Every plant will prove to have royal blood in its veins. See photo above. Pkt., 15 cts.; ½ oz., 85 cts.; cts.; ½ oz., \$1.45; ½ oz., \$2.75; oz., \$5.00.

2391 Maple Leaf Giant Mixture A distinct variety. It is quite different from other types. The leaves are of giant size and the flowers are up to 4 in., across, under good cultivation. Of wonderful substance and fine form. Many charming colors are included. This has been a prize winner whenever shown. Pkt., 25 cts.; 5 for \$1.00.

On every package we tell you how to grow these to perfection.

PETUNIAS

For Bedding and Porch Boxes

2415 Condon's Double Extra Large Flowering, Fringed Mixed

2408 Grandiflora Single Fringed Fluffy Ruffles Mixed Hybrida Good Mixed

2409 Compacta Single Rosy Morn

2414

This large class forms fine bushy plants that are of great value for massing in beds or in groups in the border to replace gaps made by the passing of early spring flowers. While early spring flowers. While the single flowers are not particularly large, their great number makes a gorgeous show. Pkt. (2000 Seed), 10 cts.; ¼ oz., 40 cts.; oz., \$1.45.

2409 Compacta Single Rosy Morn

The throat is silvery white, shading to soft rosepink toward the edges. Pkt. (1000 Seed), 10 cts.; ½ oz., 60 cts.

2415 Condon's Double Extra Large **Giant Flowering Fringed Mixed**

Double extra large flowering petunias are without doubt the finest ever offered to the public. For years we have made a specialty of this strain, constantly improving it by selection. The flowers assume greater size and richness as time elapses, and the type ever becomes more pronounced. Pkt. (150 Seed), 50 ets.

²⁴¹⁸ Double Flowered Mixed

The flowers of this strain are smaller than those of the above giant flowered. They produce beautiful bloom in great profusion. Pkt. (150) Seed), 25 ets.

2408 Grandiflora Single Fringed Fluffy Ruffles Mixed

This is a truly Giant variety. This is a truly Giant variety. The large flowers are particularly attractive on account of the finely fringed and ruffled edges. The color range includes some exquisite lavender and purple shades. There are also many tones of pink, rose, and red represented. Practically all the flowers are variegated or blotched with white. Like all other Giant Petunias, the seed should be started indoors in boxes filled with fine soil. Pkt. (500 Seed), 25 cts.

2407 Condon's Giants of California **Fancy Single Mixed**

This is the handsomest single petunia in the world, not only on account of its great size, but because of its rich colors and markings and its fringed or notched petals. Pkt. (500 Seed), 18 ets.

2404 Pride of Portland (Deep Rose)

Lovely bright rose flowers with a contrasting white throat. A profuse and continuous bloomer. Pkt. (500 Seed), 20 cts.

²⁴⁰⁵ Pride of Portland (Scarlet Beauty)

A most beautiful flower. The blooms are deeply lobed and much waved, being finely and irregularly fringed on the edges. The color of the blooms is a deep tyrian-rose shaded with carmine and heavily veined with purplish black. Pkt. (500 Seed), 20 ets.

2406 Pride of Portland (Elks Pride— Black Purple)

A most outstanding variety, with immense flowers of rich deep Elk's purple. The texture of the petals is substantial and of velvety appearance. The blooms are enormously large and heavy. Pkt. (500 Seed), 25 ets.

New Glorious Petunias

²⁴⁰³ Petunia New Double Princess Sakata's Giant

The World's Most Beautiful All-Double or 100% Double Mammoth Paeony Flowered Petunia. Height 13 inches, flowers 4 to 5 inches across. Strictly a new creation from the Orient. A money maker for florists. Makes a beautiful pot plant and a gorgeous window box and bedding variety. The loosely duplexed rosy-carmine (sometimes pink) flowers are borne in great profusion on somewhat dwarf bushy plants. Pkt., 65 cts.; 2 for \$1.00.

2416 Petunia Pink Gem Dwarf

A charming addition to the new miniature group of Petunias and a most pleasing and desirable color. Plants are neat and compact, and about 6 inches tall, loaded with rich dainty pink flowers. Blooms are about 2 inches in diameter. An individual plant carries as many as twenty-five to thirty blooms at one time. Pkt., 20 cts.; 3 pkts, 50 cts.

2402 Petunia Flaming Velvet

Petunia Flaming Velvet has caused a sensation because of the uniform excellence of its velvety, rich, blood-red flower. It has not yet been widely grown, but after this year will be classed among the popular Petunia varieties. The plants are semi-compact

2403 Petunia New Double Princess

in habit, about 15 inches in height, absolutely uniform, and the flowers are large and borne in great profusion. While the type is quite definitely fixed there is a portion of the blooms that will be off color. Pkt., 20 cts.; 3 for 50 cts.

2412 Petunia Martha Washington

The heavy foliage plants form neat, well-rounded mounds about 9 inches tall, bearing large flowers of remarkable coloring. The frilled or ruffled flowers are about 3 inches across, the frilled portion is a beautiful blush-pink while the center is strongly veined a rich wine-red; throat is dark violet, surely a striking contrast of color. Pkt., 15 cts.; 2 for 25 cts.; 5 for 50 cts.

Hardy Lilies from Seed

2329 Philippinense Formosanum

A magnificent Lily easily grown from seed. Has large umbels of beautiful, long, trumpet-shaped, fragrant white blooms shaded pink on the outside. Blooms in 6 to 8 months, growing 3 ft. high. Packet (100 seed), 25 cts.

2327 Tenuifolium (Coral Lily)

Very easy to grow from seed, blooming the second year. Bears a profusion of medium-sized, dazzling coral-red flowers in May. Of sturdy dwarf habit and therefore valued for borders and rock garden planting. Perfectly hardy, growing 2 feet high. Packet (100 seed), 15 cts. 2326 Regale

(Regal Lily). One of the most beautiful of all garden Lilies. Grows 3 to 5 feet high and blooms in July. The ivory white flowers are shaded pink on the outside and have a yellow throat. Packet (250 Seed), 15 cts.

Phlox

Drummondii Beautiful Annual

Phlox is one of the easiest grown and most satisfactory of all summer-flowering annuals. Whether sown en masse or as a single border, the brilliant colors found among Phlox always make a good impression. One of the most valuable characteristics of this annual is its free blooming habit.

Usually the seed is sown outdoors when the maples are coming into leaf. Sow thinly and cover with a quarter inch of fine soil. When the young plants are about an inch or two tall, they should be carefully thinned to allow 4 to 6 inches of space between the plants so that they can develop freely. The plants grow 15 inches tall.

Grandiflora Large Flowering Pure White.

Grandiflora Large Flowering Soft Lilac.

Grandiflora Large Flowering Rich Crimson.

Grandiflora Large Flowering Choicest Mixed.

Your choice above Phlox—Pkt., 7 ets.; ¼ oz., 35 ets.; ½ oz., 60 ets.; oz., \$1.00.

Starred and Fringed Phlox 2423 Choice Mixed Colors

In the fringed flowers the petals are distinctly bordered with white, which, together with the bright eye of the center, contrasts with the magnificent velvety colors, in more than twenty shades. In the Starred Phloxes the central teeth are five to six times as long as the lateral ones. Pkt. (600 Seed), 10 cts.; ½ oz., 30 cts.; ¼ oz., 45 cts.; ½ oz., 70 cts.; oz., \$1.10.

2424 New Dwarf Mixed Colors Cecily Phlox

The new dwarf large flowering strain of the annual Phlox Drummondii is a most distinct and charming novelty. The plants are only six to eight inches in height when in full bloom. The colors vary from light lilac through various shades of red and purple. Pkt. (300 Seed), i Octs.; 1/8 oz., 50 cts.; 1/4 oz., 75 cts.

Pyrethrum (Painted Daisy) **Everblooming**

2446 Large Flowering Hybrids Single Mixed.

2419 Phlox Drammondii

Grandiflora Choice Mixed

Hardy perennial, bearing large daisy-like flowers, ranging in color from white to deep red, with bright yellow centres; blooms in May and June, and again in the fall; and is one of the most graceful and long lasting cut flowers; 2 feet. Pkt. (750 Seed), 10 cts.; 1/8 oz.,

Condon's Giant Poppies

Poppies are very easily grown and should be included in every garden because of their gorgeous colors. Sow the seed thinly in drills or broadcast early in the spring where the plants are to bloom.

2428 Shirley Single (Good Mixed)

The flowers are of exquisite texture and very large. Upon opening they appear like wrinkled tissue paper with a silky sheen. The range of colors is particularly noteworthy in this variety. There are some excellent shades of rose, pink, carmine, crimson, and salmon. The flowers are borne profusely and continuously throughout the spring and early summer. Pkt. (7000 Seed), 5 cts.; 1/4 oz., 20 cts.; 1/2 oz., 35 cts.; oz., 50 cts.

2429 Shirley Double (Good Mixed)

This beautiful strain produces large double and semi-double flowers in a wonderful range of colors. Pkt. (7000 Seed), 8 cts.; ½ oz., 20 cts.; ½ oz., 50 cts.

2433 Oriental Scarlet Perennial

This is the most showy of all the perennial Poppies. mense rich scarlet-red flowers are borne profusely during late May and June. They are carried on long heavy stems and are excellent for cutting. Sew the seed where the plants are to bloom, as they do not transplant very satisfactorily. Pkt. (3000 Seed), 10 cts.; /8 oz., 30 cts.; 1/4 oz., 45 cts.

2438 California Poppy (Eschscholtzia)

Portulaca Grandiflora Double Mixed

Portulaca or Moss Rose

A beautiful hardy annual, unsurpassed in brilliancy by any other annual in cultivation. The plants are low-growing and creep along the ground. They thrive well in almost any location, even in a dry sunny place among stones, and can withstand the hottest summer weather. They like the full sunlight.

2442 Grandiflora Double Mixed

A complete mixture including all the shades and colors of orange, red, white, salmon, buff, and many variegated and striped. Pkt., (2500 Seed), 10 cts.; 1/8 oz., 45 cts.

2443 Grandiflora Single Mixed

This mixture is equal in colors to the above Double Mixed. The only difference is the flowers are single. Pkt. (4500 Seed), 5 cts.;

House Primula Primrose

Primrose is the brightest and most free-flowering of all pot-plants

Sow the seed any time from March until early August in seed-ms or seed-flats, preferably using a soil composed of equal parts fibrous garden loam, leaf mold, and fine, washed sand. Cover the seeds very lightly and keep evenly moist until they sprout.

2447 Sinensis Fimbriata Giant Fringed Mixed

Also called Chinese Primrose. Profuse bloomers and among the finest and most popular of the winter and spring flowering window or greenhouse plants, doing well in cool rooms. Plants are sturdy and robust. Pkt. (100 Seed), 15 cts.

2448 Obconica Grandiflora Mixed

As a pot-plant this variety is outstandingly attractive. The plants make a bushy, compact growth, sending forth a large number of flower stems. Pkt. (1500 Seed), 10 cts.

2449 Malacoides Baby Primrose

Within late years the Baby Primroses have gained greatly in popularity. The plants make a big bush of dark-green, attractive leaves from which rise long slender stems that bear a profusion of bright lavender-pink flowers. Pkt. (1500 Seed), 15 cts.

POPPIES 2430 Paeony Flowered Double Good Mixed

This is a very beautiful large-flowered strain of Annual Poppies. The blooms are borne very profusely and the flowers resemble in form a small Peony. The colors include white, various shades of rose, salmon, light yellow, shades of scarlet and crimson, and some variegated blooms. Pkt. (2000 Seed), 5 cts.; ¼ oz., i O cts.; ½ oz., 18 cts.

2431 Carnation Flowered—Finest Double Mixed

The Double Carnation Flowered Poppies are one of the most widely grown type of Annual Poppies. Truly, they are outstanding in many ways and they deserve particular attention because of the wide range of brilllant colors found among them. Pkt. (2000 Seed), 5 cts.; 1/4 oz., 10 cts.; 1/2 oz.,

2432 Flanders Field—True

This beautiful variety bears large single flowers of a rich deep scarlet color. Pkt. (2000 Seed), 5 cts.; ½ oz., 25 cts.; oz., 45 cts.

2427 Sunbeams Perennial

The plant is of neat habit, forming a tuft of bright green, fern-like foliage from which spring throughout the entire season a profusion of slender, leafless stems, I foot high, each graced with charming cup-shaped flowers. The flowers are charming shades of orange, salmon, maize, scarlet, and other tints. Pkt. (6000 Seed), 15 cts.

California Poppies Eschscholtzia (Annual)

The California Poppy is one of our most showy and free flowering annuals. It blooms early and where the weather does not get too warm during the summer continues to flower freely until frost. They are of compact, bushy habit, growing about 12 inches tall. The flowers are Poppy-like, carried on long stems and set against the finely divided, Poppy-green foliage.

2434 Crimson King. Rich Crimson.

2435 Dainty Queen. Rich Rose Pink.

2436 Orange Crimson. Brilliant Orange Scarlet.

2437 Alba Flora Plena. Pure White.

2438 Choice Mixed. A well balanced Mixture.
Your Choice of any of the above: Pkt. (900 Seed), 5 cts.; 1/2 oz., 25 cts.;

oz., 45 cts.

2440 Robert Gardner. Double Orange. This is a double Eschscholtzia of giant size. The outside of the petals are brilliant orange crimson and the inside is a coppery orange. There is a decided doubling and frilling of petals which enhances the beauty of this remarkable new creation. Packet (500 Seed), 10 cts.; 1/8 oz., 15 ets.

2441 Pink Enchantress. Light Pink. This is a most outstanding new novelty. Has the same habit of growth and character as the Robert Gardner. Only difference is in the flowers, which are a gorgeous light pink. Pkt. (500 Sced), 10 cts.; $\frac{1}{8}$ oz., 15 cts.

> 2439 SPECIAL OFFER—One packet each of the Eschscholtzias California Poppies for only 35 cts.

2465 Scabiosa

Mourning Bride (Annual) Large Flowering Double Mixed

Quite hardy plants, flowering

Quite hardy plants, flowering freely in cool locations all during cts.: ½ oz., 50 cts.; ½ oz., 75 cts.; ½ oz., \$1.35; oz., \$2.50. the summer and fall. No garden is complete without Scabiosas, especially where cut flowers are wanted. They begin blooming in July and continue until frost. Pkt. (150 Seed), 7 cts.; ½ oz., 25 cts.; ½ oz., 40 cts.; oz., 75 cts.

2466 Caucasica (Blue Bonnet). One of the nandhardy perennial Scabiosas, especially valuable for cutting. The soft lavender-blue blooms last a long time in water. 3 feet. Pkt. (100 Seed), 10 cts.

Salpiglossis (Annual)

Large Flowered Mixed (Velvet Flower)

Height, 24 to 30 inches, bearing many Gloxinia-like flowers 2 to 2½ inches across, with odd and beautiful velvety markings; the colors red, blue, yellow, pink, etc., flower profusely and are fine for cutting as well as being showy in beds or borders. Pkt. (1500 Seed), 10 cts.; ½ oz., 25 cts.; 1/4 oz., 40 cts.; 1/2 oz., 60 cts.

The well-known Scarlet Sage is a handsome flowering plant of branching, bush-like growth, 2½ feet in height. To have Salvia splendens in bloom early in summer, the seed should be sown in March, in boxes of light rich soil, placed in a warm, sunny window, and when the young plants are well started, they should be set in pots and kept growing rapidly until the nights are warm and the trees well out in leaf. Then they should be planted 18 to 24 inches apart in the flower-bed.

2462 Splendens Scarlet Sage. This is by far the flowering variety of Scarlet Sage. Well-grown plants measure 4 feet across and 3 to 4 feet tall. Color is a scorching scarlet. Pkt. (125 Seed), 10 cts.; ½ oz., 30 cts.; ½ oz., 50 cts.; ½ oz., \$1.75.

2461 America or Globe of Fire. The dwarf plants of compact rounded growth. Each spike is closely set with mammoth size flowers of the most brilliant scarlet. It begins to bloom early in the season and continues until cut down by frost. Excellent for beds or borders. Pkt. (125 Seed), 12 cts.: ½ oz., 65 cts.; ¼ oz., \$1.15; ½ oz., \$2.00; oz., \$3.50.

2460 New Scarlet Bedder.

This new variety of Salvia is a very compact and even habit and produces large erect brilliant scarlet spikes. Excellent for bedding. 15 to 18 inches high. Pkt. (150 Seed), 15 cts.; 2

2463 Light Blue Farinacea. A perennial variety, but best grown as an annual. Seed sown in the open ground in May, blooming from July to frost. The fine light blue flowers are borne on long spikes held above the foliage; 2 to 3 ft. Pkt. (400 Seed), 10 cts. 2464 Dark Blue Patens (Blue Sage).

In color this is as blueas "Scarlet Sage" is red; unlike the latter, however, it is not useful for bedding, but it is a beautiful plant for the border or greenhouse; tender perennials; 2 feet. Pkt. (125 Seed), 10 cts.

Stocks (Annual)

(Cut and Come Again) Beauty of Nice

This wonderful type produces plants about 36 inches, each bearing 6 to 8 fully developed flower-stalks. Our seed produces a high percentage of double flowers, which are carried on long spikes and are sweet scented. The finest plants are raised from seeds sown indoors and transplanted into the garden.

2472 Princess Alice—Pure White.

2473 Apple Blossom—Shell Pink. Brilliant Blood Red. 2474

Stocks 2471—Ten Weeks, Mixed

2458 Salpiglossis Velvet Flower, Mixed

2455 Ricinus Castor Oil Bean

Zanzibarensis

These are semi-tropical and tropical plants grown largely for their picturesque appearance. The plants grow from 8 to 10 feet in height and bear immense leaves. This is the tallest of all the Castor Oil Beans, with leaves measuring 2½ feet across. The leaves are lobed and they are of rich green shades. The heavy stems are either red or green. The plants will grow from 12 to 14 feet in height and form a perfect pyramid of foliage, presenting a beautiful tropical appearance. Pkt. (10 Seed), 5 cts.; oz., 15 ets.; ¼ lb.,

2452 **Rose**Dwarf Multiflora Baby Fairy Rose

(House Culture)
Only an inch across; mostly double. They are borne in clusters, and embrace all the tints of the larger roses. The blossoms are followed by bright red hips or seed pods that are very pretty. The bush grows only 10 inches high, and begins to bloom six months after the seed is sown. Pkt. (65 Seed), 10 ets.; ½ oz., 50 ets.

Sweet William Perennial

These are excellent for border plants and should be included in every garden. They are grown from seed sown right in the open about the middle of April, but they can be sown as late as the end of June.

2483 Double Choicest Mixed

Fine double flowers in a great variety of colors. Pink, Scarlet, Red, White, and many others. A well balanced mixture. Pkt. (600 Seed), 8 cts.; ½ oz., 20 cts.; ¼ oz., 35 cts.

2484 Annual Sweet William

A new creation

This is an entirely new type of Sweet William which we are sure will become very popular as soon as it is better known. In contrast to the ordinary Sweet William, this new Annual Sweet William will bloom freely the first year from seed. It is strictly an annual and dies down the first winter. Everyone who grows it is bound to be pleased with its wide range of attractive colors. Includes self-colors, starred, mottled, and eyed varieties. Height, 15 inches. Pkt. (1000 Seed), 10 cts.; ½ oz., 25 cts.; ¼ oz., 40 cts.

2480 Sunflower Double Chrysanthemum

Ricinus Zanzibarensis, Castor Oil Bean

2468 Smilax

Sweet William

Asparagoides Myrsiphyllum (House Culture)

This popular Boston Smilax is a most desirable window vine of graceful growth. The slender stems are covered with small glossy green leaves. Sow the seed any time during January, February, or March, and cover with a quarter inch of fine soil. Wonderful for hanging baskets or window boxes. Pkt. (100 Seed), 10 ets.

2479 Sunflower Helianthus

New Dwarf Unique Red

The flowers are borne very freely on fine strong stems 5 to 6 feet long. The blooms are of rounded form having large long ray petals and a small disc. The colors of the flowers vary greatly. Some are chestnut-red, others mahogany-brown. There are also combinations of rose, pink, yellow and brown. There are no two plants with flowers exactly alike. Pkt. (100 Seed), 8 ets.; ½ oz., 25 ets.; oz., 40 ets.

2480 Sunflower Helianthus

Double Chrysanthemum Yellow

We consider this the very best of all Sunflowers in existence. The blooms are fully double and resemble Giant Chrysanthemums. They are composed of a large number of fine-pointed petals which lie close together and form a big disc on strong sturdy stems. The bright golden yellow flowers turn toward the sun in the morning and follow it toward the West every evening. The flowers measure 6 to 8 inches in diameter. Pkt. (150 Seed), 8 cts.; ½ oz., 20 cts.; oz., 30 ets.

2730 Los Angeles

Latest Introductions of Glorious Dahlias

The Most Outstanding Varieties That We Highly Recommend

All Postpaid Letters following name indicate class of variety as follows: F.D.—Formal Decorative. S.C.—Semi Cactus. C.—Cactus.

2636 Leonard Condon Jr. New Magnificent Double Apricot Dahlia

Leonard Condon Jr. (S.C.)

Absolutely New and Distinct Glorious Apricot Blooms of Immense Size Originated by Joseph F. Froehlich, Rockford, Illinois, a Dahlia Expert of National standing. Mr. Froehlich presented the first blooms of this new Dahlia to me last summer and said, "Mr. Condon, here is the finest large bloom Dahlia of Apricot color in the World. I want you to introduce it in your 1937 Catalog, and name it after your son, Leonard Condon, Jr." Well, here it is, and you folks that love Dahlias will be amazed at its enormous Apricot blooms often measuring 14 in ches in diameter on long, strong stems which make it ideal as a cut flower for bouquets. No more than 3 to any one party. Each, \$5.00; 2 for \$9.00; 3 for \$12.00.

2646 JUDGE MAREAN. (F.D.) The color is a combination of glowing salmon-pink, red, iridescent orange-yellow and gold, all blending most harmoniously. A very free bloomer. Each, 35 cts.; 3 for 90 cts.

2647 JANE COWL. (I.D.) A large flower of a warm buff and old gold, blending to a bright salmon at the center. The giant flowers are held aloft on rigid stems. A superb dahlia. Each, 35 cts.; 3 for 90 cts.

2680 MURPHY'S MASTERPIECE. (I.D.) The Greatest Red Dahlia to Date. A dark red shading toward garnet, it will withstand sun without fading or burning. The flowers grow 14 inches and over in size. The plant is a strong grower and a generous producer of large blooms held high on rigid stems. The greatest red Dahlia to date and greatest prize winner in its color. Each, \$2.50; 3 for \$7.00.

2662 JERSEY'S BEACON. (F.D.) The color is Chinese-scarlet with a paler reverse giving a two-toned effect. Flowers are very large and globular in form. It is a prolific bloomer. Each, 30 cts.; 3 for 75 cts.

2661 DWIGHT W. MORROW. Gigantic deep red. Informal Decorative. A healthy grower with heavy foliage that matches the splendid large, massive flowers. Each, \$1.00; 3 for \$2.75.

2671 ROBERT E. LEE. (C) Bright luminous cardinal red; reflex lighter, does not fade. The flowers are carried facing to upright. Each, 40 ets.; 3 for \$1.00.

2658 THOMAS A. EDISON. (F.D.) Rich Royal Purple. The gorgeous blooms of this magnificent Formal Decorative Dahlia arc distinct in their massive form, structure, and color. They are a rich royal purple quite different from any other Dahlia. Each, 75 cts.; 3 for \$2.00.

2659 MARGARET WOODROW WILSON. (I.D.) A magnificent, large, creamy white flower attractively shaded with pink. Each, 32 cts.; 3 for 75 cts.

2642 JERSEY'S BEAUTY. (F.D.) Probably the most talked of dahlia during the past seasons. It is still in a class by itself. A perfect bloom of eosine pink, carried high above the foliage on a long wiry stem. Each, 30 cts.; 3 for 75 cts.

2670 MONMOUTH CHAMPION. (F.D.) Color a brilliant orange flame. Extra large blooms carried on perfect stems well above foliage. A consistent prize winner in every show of any importance. Each, 45 cts.; 3 for \$1.20.

2642 Jersey's Beauty (F.D.) Chinese Scarlet

DAHLIAS

apricot shading to-wards the edges of the petals to carmine-pink. Early. Each, 30 cts.; 3 for 75 cts.

2681 Condon's Sensational Bargain of Unnamed Dahlias

\$1.35 a Dozen, Postpaid. 3 for 40 cts.; 6 for 75 cts.

Every year we grow in our Test or Trial Fields hundreds of different varieties of Dahlias. In the fall when these tubers are dug we do not try to keep them separate as to color, type or variety, but we put them into what we call Mixed Varieties. Surely this is one wonderful assortment, containing many new and distinct varieties. Many of the single tubers are worth twice the price we ask for a dozen. Knowing you will appreciate this wonderful bargain, and that it will create thousands of new dahlia growers, we offer these at bargain prices.

Pompon Dahlias Special Low Uniform Price

Each, 23 cts.; 3 for 55 cts.; 6 for 90 cts.; doz., \$1.50, postpaid.

They are a miniature of the Snow Dahlias, having a perfect ball-like form, but smaller in size, blooms average 1½ to 2 inches across, plants which are more branching and dwarfer produce abundance of flowers all summer and early fall that are ideal for bouquets and table decorations.

2684 CARDINAL. A beautiful red of perfect form and shape. The small blood red blooms are very attractive in bouquets.

2687 JOE FETTE. Pure white, well shaped blooms borne in profusion on long strong stems.

2686 ROSA WILMOUTH. Rich rose-pink. The small blooms are carried abundantly on compact plants, making it very desirable for the border.

2689 YELLOW GEM. Bright yellow, a very free bloomer. Stems are long and strong; excellent variety for cutting.

2688 LITTLE HERMAN. Flowers are deep red tipped with white, symmetrical in shape, very free bloomer.

Snowclad Pompon

2685 SNOWCLAD. Pure white. This is without doubt the best of the white pompons. Flowers are of perfect shape and form.

Condon's Canna Bulbs Guaranteed to Bloom

No other bedding plant will give the same uniform good results in our varied and trying climate. They do well in all sections of the country, and stand preeminently at the head of the list. NOTICE All our Cannas are Large, strong two to three Eyed Bulbs "Guaranteed to Bloom." Set the dry bulb out 12 inches

²⁶⁰⁸ Eureka

The Best White Canna Green leaved; height 4½ ft. White. Eureka is a beautiful creamy white Canna with large bold flowers borne on plants 4½ feet tall. The individual petals are heavy and substantial. The foli-

age is rich dark green, adding good contrast to the large and massive

flower-trusses.

²⁶¹⁴ The President

Rich Glowing Scarlet

Green foliage; height 4 ft. Very latest introduction and the most satisfactory rich glowing scarlet Red Canna ever produced. Bigger and better than Firebird. Make a solid bed of these on your lawn and you will be envied by all your neighbors. Immense, firm, rounded flowers, 7 inches across when open, are produced on strong, erect stalks well above the large, rich green foliage. "The President" is superior to any other red variety in the quantity and also quality of bloom, and the firm flowers resist drought and heat to a remarkable degree.

2612 Richard Wallace

Golden Yellow

Green foliage; height 4 ft. Golden Yellow. This is an ideal bedding variety. *Color deep golden yellow. Flowers are of large size held well above the foliage, a vigorous grower and very free flowering.

2611 King Humbert

2614 The President

Glowing Orange Scarlet

apart each

way just as early as danger of freez-

ing is over.

Bronze leaved; height 5 ft. A Universal Standard Favorite: Glowing Orange Searlet, streaked with Crimson: This remarkable "Gold Medal" Canna has been the sensation of recent years. It is a cross between the orchid-flowering and the French or Crozy type, combining the best features of both, the large flowers of one with the free blooming character of the other, and the handsome broad, tropical foliage.

Goldbird Canary Yellow

Green leaved; height 4 ft. Canary Yellow. Remarkably free flowering variety. The immense soft canary-yellow flowers are borne in large clusters well above the very healthy green foliage. A robust grower, sure bloomer, forming sturdy, shapely plants very quickly, making it an ideal variety for amateurs or Florists.

²⁶¹⁰ City of Portland

The Best Pink Canna Grown Today

They are especially gratifying for regions of long, hot summers because their vivid flowers hold their color through long days of hot sun. Flowers of deep pink are carried well above deep green foliage. Grows 3½ feet in height.

²⁶¹⁶ Yellow King Humbert

Orchid Flowered Yellow

Green leaf; height 4 ft. The Best-Spotted Yellow Canna. An orchid-flowering sport of the well-known variety King Humbert. Has the same habit of growth as its parent; foliage a very dark green, with flowers measuring 5 to 7 inches across individual petals 3 to 3½ inches in diameter. Color of flower a deep rich yellow, softly spotted and blotched with bright red.

2615 Wyoming The Finest Orange Yellow

Bronze leaved; height 6 ft. The Best Orange Yellow. Rich purplish bronze foliage. Flowers are large as King Humbert, and of good substance; bright orange, slightly rimmed and flaked with rose.

²⁶¹³ Shenandoah

Beautiful Salmon Pink

Bronze leaf; height 4 ft. Salmon pink. The largest and most popular pink canna in cultivation. It is unsurpassed for planting either singly or in large solid beds. Its exquisite pink flowers are of largest size.

Beautiful Peonies LOWEST PRICES All Postpaid

The Only Rival of the Rose— New and Rare Introductions

Extra Strong 3 to 5 Eye Clumps

They are perfectly hardy, and will thrive in almost any location and when once planted will increase in size and beauty each year. No disease or insects ever trouble these plants. To make a home complete Peonies should be in every yard.

Avoid planting too deeply as this

Avoid planting too deeply, as this is often the cause of the shy blooming; 2 inches of soil over the crown (eyes) being sufficient. Plant in the open, away from buildings.

2891 THERESE. (Dessert, 1904.) Second highest scoring Peony (Le Cygne 9.9). Among the world's Therese probably received more

finest varieties. Therese probably received more comment in our fields than any other Peony. The flower is of an enormous size and true rose type, with delicate fragrance. Color rich satiny pink with lighter center. The plant is of vigorous growth, very free blooming and the foliage is a rich green. Rating 9.8. Each, 60 cts.; 2 for \$1.00.

2875 KARL ROSENFIELD. The flower is large, semi-rose type, perfect rich deep brilliant crimson on long, straight stem; slightly fragrant. The plant is tall, strong and upright in growth, and bears a large, strikingly brilliant flower on every stem. Blooms early midseason. Both for landscape planting and cut flowers this Peony has proven ideal. Rating 8.8. Each, 40 cts.; 2 for 75 cts.

2889 SARAH BERNHARDT. (Lemoine.) The flower is the ideal of refinement in Peonies, which, aided by its beautiful color, apple-blossom-pink with each petal silver tipped, makes it about as perfect a Peony as could be imagined. Blooms late. Rating 9.0. Each, 60 cts.; 2 for \$1.00.

2898 WALTER FAXON. (Richardson.) Pink. This remarkable flower if cut in the bud, and held in a dark cool room for a day or two, and then brought into the light, develops in a flower of wonderful coloring and exquisite beauty. The most vivid of all the pinks. Rating 9.3. Each, 60 cts.; 2 for \$1.00.

2882 MONS. MARTIN CAHUZAC. (Dessert.) If you wish the darkest red Peony grown, this is the one to order. Flowers medium to large in size, rose type. Color, a deep maroon red. Rating 8.8. Each, 85 cts.: 2 for \$1.50.

2884 OFFICINALIS RUBRA PLENA. The earliest of all dark red Peonies. Comes into full bloom by Decoration Day. This is the very finest old-fashioned dark red sort. It is considered the most brilliant of all red Peonies. Each, 75 cts.; 2 for \$1.25.

3 for 75¢ Greatest Peony Bargain

All true to color, but not individually named as to variety. 2894 Unnamed Red. 2893 Unnamed Pink. 2895 Unnamed White. Your Choice: Each, 30 cts.; 3 for 75 cts.

Giant Amaryllis

Blooms Beautifully Potted in the House or Out in the Garden

AMERICAN NEW HYBRIDS. Flowers 5 to 7 inches across are amazing for their brilliant coloring, ranging from deep reddish maroon to pure white and striped. Amaryllis bloom best when they are potbound. Large blooming bulbs. Each, 45 cts.; 3 for \$1.20.

BEAUTIFUL HARDY FERNS

Hardy Ferns planted among your shrubbery, in the perennial border, or in the foundation planting around your house, especially on the north and east side or under tall trees, bring to your home a fragrance from the wild woods, in some of nature's most beautiful creations. Plant in groups of at least 3 to 5 each of each variety, scattered at irregular distances.

2828 Adiantum Pedatum. (Maidenhair.) The black, wiry, creeping roots lie right at the surface. They branch freely if the roots are lightly covered with leaf

2829 Asplenium Felix Faemina. (Lady Fern.) A large, handsome Fern, standing from one to three feet in height. A wood and roadside Fern.
2830 Onoclea Strutiopteris. (Ostrich Plume Fern.) Grows in a crown, fronds are 2 to 4 feet by 6 to 10 companies. (Cinneman Fern.)

2831 Osmunda Cinnemomea. (Cinnamon Fern.) A large Fern, growing in a crown 2 to 5 feet high, 8 inches wide, beautiful, cinnamon colored leaves.

Special price on Hardy Ferns. Your choice, Each, 23 cts.; 4 for 79 cts., postpaid.

Double Flowering — Very Decorative Japanese Iris —

Japanese or Water Iris as they are sometimes called can be grown on the edges of pools, in bog or herbaceous planting, or in the regular garden, providing they get plenty of water. Acid soil is preferred. They are very showy, and are available in a colorful range of blooms as listed below. Starts blooming after the bearded Iris season is on the wane. You should make

a planting of these this year.

2858 GOLD BOUND. White with gold-banded center. 2859 KUMOCHI-GUMA. Dark purplish indigo. 2860 KUMO-NO-OBI. A pleasing lavender color. 2861 MAHOGANY. Velvety-mahogany red.

2862 MONIGI-NO-TAKI. Rosy crimson edged in white. 2863 PURPLE AND GOLD. Violet-purple gold center.

2864 SEA CREST. White Falls, deep blue Standards.

2865 UCHIO. Cerulean blue, veined white.

Your choice. Each, 25 cts.; 3 for 60 cts.; doz., \$2.00, postpaid.

German or Bearded Iris

The beautiful Iris are the Orchid of the Hardy Garden. We wish you could see our Iris field when they are in bloom. Wonderful display of rich color; there's the reds, and oh such reds; the pure whites, the blues—soft as velvet, the yellows and purples that are nearly black. All borne on tall strong stems. You, too, can have this wonderful display in your own garden if you plant varieties listed below.

Character S. means Standards; F. means Falls.

2848 AMBASSADEUR. S. Smoky velvety purple; F. velvety purple-maroon. A magnificent flower.
2847 ALCAZAR. S. light bluish violet; F. deep purple with bronze veined throat. Striking flower.
2846 AFTERGLOW. Exquisite blending of smoky lavender, soft buff, pearl gray and light yellow.
2849 CRUSADER. One of the finest lavender-blue varieties, the falls being of a deeper tone.
2850 GOLDEN IMPERIAL. The greatest golden yellow Iris known

known.

2851 LORD OF JUNE. S. lavender-blue; F. rich violet purple. A variety of gigantic size. 2852 MOTHER OF PEARL. Standards and falls pale bluish lav-

ender with a faint creamy undertone. 2854 SEMINOLE. No other Iris equals it in brilliance of color.

It is a rich velvety crimson bicolor. 2855 SHEKINAH. A delightful shade of pale yellow shading to amber in the throat, with a lemon colored beard.
2853 OPERA. A rich violet-red bi-color. S. bright rich pansy-violet; F. rich velvety violet-purple.

Price above Germanica Iris. Each, 17 cts.; 3 for 45 cts.; 10 for \$1.00, postpaid.

within 9 months from date of purchase.

Condon Bros., Seedsmen.

Most Gorgeous New Climbing Vine

Very beautiful, new climbing vine with deep green, waxy foliage producing the loveliest pink flowers, literally hundreds of them at a time. Grows 10 to 12 feet high. Extremely hardy, having stood temperatures of more than 30 degrees below zero. Prefers sunshine but will do nicely where sun rays strike it 3 or 4 hours each day. Each, 75 cts.; 2 for \$1.35.

Clematis Jackmanii 3130 Large Gorgeous Purple

Most beautiful of all flowering vines. The flowers often 4 to 6 inches in diaameter. Rich green foliage providing medium shade and large, star-shaped purple blooms borne profusely from July until October. Each, 85 cts.; 2 for

3131 Paniculata (Japanese Virgin's Bower)

The sweet-scented Japanese Clematis. This is one of the best hardy climbers. The leaves are of a bright glossy-green, and when in bloom the plant is completely hidden beneath a blanket of white, hawthore-seen blossoms. Each, 40 cts.; 3 for 98 cts.

ALL POSTPAID

Honeysuckle Scarlet Trumpet

Ampelopsis

3122 Boston Ivy (Ampelopsis Veitchei). A beautiful climbing vine which clings tightly to any kind of a wall. Especially good on brick or stucco house walls. Foliage deep green, small leaf making a dense covering and finest texture of all the Ampelopsis. Each, 37 cts.; 2 for 65 cts.

3123 Engelmann's Ivy (Ampelopsis Engelmanni). Very similar to Boston Ivy except larger, coarser leaf. Each, 30 cts.; 2 for 55 cts.

3129 Chinese Matrimony Vine

A Strong bushy vine, with fine foliage. Very handsome and covered with quantities of small purple flowers, which are followed by small scarlet berries. Good for covering low fences or unsightly places. Each, 35 cts.; 3 for 90 cts.

> Condon's vines planted around a home make it look so much more homey and inviting. A hot sunny back porch can be made into a cool, delightful room. Banks, fences, caves, unsightly buildings—all can be beautified at small expense with vines of green with colorful flowers.

Honeysuckle

3133 Hall's Japanese (Halleana). A vigorous grower and continuous bloomer. The sweet-scented flowers open white, changing to cream. The foliage remains green, almost all Winter. Large roots. Each, 35 cts.; 2 for 60 cts. 3134 Scarlet Trumpet (Sempervirens). The best known and

most popular variety. Broad, deep green leaves in pairs, united at the base, remaining until late. Clusters of long, scarlet, trumpet-shaped flowers are followed by red berries in Fall. Each, 37 cts.; 2 for 65 cts.

Please order by number as well as name. It will help us to serve you quicker.

Hardy Vines Add Beauty to Porches,—Walls and Trellises

3137 Japanese Kudzu Vine ("Jack-and-the-Bean-Stalk" Vine)

The most rapid growing vine in cultivation, attaining, after once being established, a height of 50 feet or more in one season. Its foliage is large and furnishes dense shade; it bears small racemes of rosy-purple, pea-shaped blossoms toward the close of August, resembling miniature Wisteria, are borne in clusters. Each, 30 cts.; 3 for 75 cts.

3126 Bignonia (Trumpet Vine)

A vigorous, graceful climber with brilliant red, trumpet-shaped blooms borne profusely during July and August. Each, 37 cts.; 2 for 65 cts.

3127 Bitter Sweet

(Celastrus scandens). This is a graceful Climber with attractive orange berries borne in clusters. Bright scarlet seeds. Excellent for winter decoration. Each, 37 cts.; 2 for 65 cts.

Wisteria

These are highly desirable hardy climbing plants which give a distinct Oriental appearance to any trellis or garden house to which they are trained. After once becoming established they will produce a great profusion of very showy pendulous clusters of blooms which appear early in the season before the leaves have fully expanded. The plants we offer are grown from grafted stock which is sure to bloom.

3139 American Purple

This variety bears in great profusion large, drooping clusters of purple, peashaped flowers, somewhat resembling a bunch of grapes in size and form. Blooms in May and June. Foliage is very pretty, of pale green color. A beautiful climber. Each, 50 cts.; 2 for 90 cts.

3140 Chinese White. Similar to the purple Wisteria, but the flowers are pure white.

These are the best and Most Satisfactory

Your Door

Althea Frutex-Rose of Sharon

A free-flowering shrub of easy culture and very desirable on account of blooming in August and September. Flowers resemble a double hollyhock. It requires protection.

3060 Double White. Each, 35 cts.; 3 for 75 cts.; 10 for \$2.00. 3058 Double Pink. Each, 35 cts.; 3 for 75 cts.; 10 for \$2.00. 3059 Double Red. Each, 35 cts.; 3 for 75 cts.; 10 for \$2.00.

Calycanthus

3069 Calycanthus (Sweet Scented Shrub). Thrives well in shaded or sunny locations. Foliage dark green. The double chocolate colored flowers have a peculiar agreeable odor. Blooms in June. Grows 4 to 6 feet tall. Each, 39 cts.; 3 for \$1.10.

Hardy Snowball
3104 Hardy Snowball (Viburnum Opulus Sterile).
The grand old time plant from our grandmother's gardens with a wealth of large, white ballshaped blooms resembling snowballs. Blooms in May. A favorite for cemetery planting or homey garden. Grows 6 to 8 feet tall. Each, 50 ets.; 3 for \$1.25.

Spirea

3110 Van Houttei (Bridal Wreath). The shrub everybody loves. Ideal in foundation planting, screens or trimmed hedges. In May and June the graceful, drooping branches are covered with pure white blossoms which resemble miniature roses. Grows 5 to 6 feet tall. Each, 30 cts.; 5 for \$1.00; 10 for \$1.50; 25 for \$2.75.

3108 Billiardi Rosea. Long plumes of soft pink blooms cover the plant in July, often lasting until September. A showy plant for foundation groups, hedges or borders. Grows 4 to 5 feet tall. Each, 39 cts.; 3 for \$1.00; 10 for \$2.75.

3107 Anthony Waterer. The dwarf Everblooming crimson Spirea. The plant is a mass of rose crimson flowers in July, and then blooms more sparingly until frost. Excellent for edging or borders. Grows about 2 feet tall. Each, 39 cts.; 3 for \$1.00; 10 for \$2.75.

3109 Prunifolia (True Double Bridal Wreath). The pretty double white flowers are all along the almost leafless stem about May 1st, just as the leaves are budding. Grows 5 to 6 feet tall. Each, 50 cts.; 3 for \$1.35.

3083 Golden Elder (Sambucus aurea). The golden beauty of its foliage contrasts richly with the green of other shrubs; large, flat blooms soften

the luster, and are followed by purplish berries 6-10 ft. high at maturity, but easily trimmed to any desired height. Plant in full sunlight. Each, 39 cts.; 3 for \$1.10; 5 for \$1.65.

3110 Spirea Van Houttei-Bridal Wreath

3083 Golden Elder

Condon's Ornamental Hardy Shrubs

Hydrangea

3088 Arborescens (Hills of Snow). A perfectly hardy shrub with large snow white blossoms, flowering from early June until October. Grows 3 to 5 feet tall. Each, 45 cts.; 3 for \$1.19; 10 for \$3.45.

3089 Paniculata Grandiflora. The best known summer flowering tree shaped shrub. Grows 8 to 10 feet tall. Blooms same year set out, bearing immense panieles of showy flowers, white when opening, later changing to rose color. Each, 45 cts.; 3 for \$1.19; 10 for \$3.45.

3090 Tree Hydrangea (P. G.). Identical with No. 3089, except grown on stems in dwarf tree form. 3 to 5 feet at maturity. Each, 95 cts.; 2 for \$1.75.

Flowering Almond (Prunus)

A dwarf compact, shapely shrub that produces its showy double flowers early in May before the leaves.

3078 Rosy Pink. Each, 45 cts.; 3 for \$1.19. 3079 Pure White. Each, 65 cts.; 3 for \$1.75.

Tamarix

3115 Tamarix (Africana). Tall, slender, irregularly and artistically formed unique shrub with small feathery foliage. In May the branches are covered with masses of delicate pink blooms before the leaves appear. Each, 35 cts.; 3 for 90 cts.; 10 for \$2.75.

3116 Tamarix (Hispida Spanish). A distinct shrub covered with soft pink flower sprays in July and August when most shrubs are bare of flowers. Each, 35 cts.; 3 for 90 cts.; 10 for \$2.75.

Snowberry (Symphoricarpos)

3105 White Snowberry (Racemosus). Rose colored flowers in June, followed by large clustered milk-white fruit, which remains well into the Winter. Height, 3 to 4 feet. Each, 35 cts.; 3 for 99 cts.; 5 for \$1.50.

3106 Red Snowberry (Vulgaris). Similar to the White except the fruits are dull red. Each, 35 cts.; 3 for 99 cts.; 5 for \$1.50.

Cornus (Dogwood)

3070 Red-Branched Dogwood. Showy, blood-red branches, bright green foliage, yellowish white flowers and pearly fruit. Grows 5 to 8 feet tall. Each, 35 cts.; 3 for 99 cts.; 5 for \$1.50.

3072 Yellow-Branched Dogwood. Golden yellow, branches, white flowers. Grows 5 to 7 feet tall. Each, 39 cts.; 3 for \$1.10; 5 for \$1.65.

3071 Variegated Dogwood. For a contrast effect in your shrubbery border, very distinctive, bright green foliage with creamy white edge. Grows 4 to 6 feet tall. Each, 49 cts.; 3 for \$1.25; 5 for \$1.75.

Deutzia

3076 Deutzia Pride of Rochester. The most useful of our June flowering shrubs. Planted either individually or in masses. The flowers, borne in large panicles are pinkish white, with underside of the petals rose. Grows 4 to 6 feet tall. Each, 35 cts.; 3 for 90 cts.

3076 Deutzia Pride of Rochester

Charming French Lilacs—Sweet Scented

New beautiful hybrids usually blooming the first year after planting. Blooms are extraordinary large, full, often double, and so colorful and fragrant. Plant either as specimens or in border or hedge. 5 to 8 feet tall at maturity.

3095 Chas. Joly. A gorgeous purple; large double blooms.

3094 Belle de Nancy. Large double pink.

3097 Pres. Grevy. Light lilac color. Exquisite double.

3096 Chas. X. Strong grower, its single flowers in broad thick clusters. Reddish purple buds changing to mauve.

All French Lilacs-Your Choice: Each, 49 ets.; 3 for \$1.25; 5 for \$1.75.

Persian Lilac

3098 Lilac, Persian Purple. One of the best known flowering shrubs and deserving of its wide popularity. Universally loved for its pleasing fragrance and delicate colorings. Very fragrant. Each, 39 ets.; 3 for \$1.00; 5 for \$1.50; 10 for \$2.75.

Forsythia (Golden Bell)

3080 Spectabilis. Strong, tall grower with large bright golden-yellow star-shaped flowers completely covering its stems just as Winter is leaving and while the bush is otherwise bare. Each, 39 cts.; 3 for \$1.10.

Cydonia Japonica

3073 Japanese Quince. This shrub is one beautiful sight when covered in the early spring with cherry-red flowers about the size of an apple blossom. Each, 35 cts.; 3 for 99 cts.; 5 for \$1.50.

Viburnum Opulus

3085 High Bush Cranberry. One of the most popular shrubs bearing clusters of white flowers in June, followed by bright scarlet berries in Autumn, which are very attractive throughout the winter. Grows 8 to 10 feet tall. Each, 35 cts.; 3 for 99 cts.; 5 for \$1.50.

Syringa

3112 Syringa Mock Orange (Philadelphus Coronarius). Tall vigorous bush, noted especially for its white, waxen blooms of delightful fragrance. Invaluable for screens and background planting. Grows 8 to 10 feet tall. Each, 45 cts.; 3 for \$1.25; 5 for \$1.75.

3113 Syringa (Philadelphus Virginal). One of the most beautiful shrubs grown. A vigorous tall grower, with very large, double-crested flowers, pure white, sweet-scented, produced in clusters of five to seven. Each, 45 cts.; 3 for \$1.25; 5 for \$1.75.

3111 Syringa (Philadelphus Aureis). The dwarf Golden-yellow Foliage Syringa. This golden-leaved shrub with its snow white flowers adds life and character to border plantings. Grows 5 feet tall. Each, 65 cts.; 3 for \$1.80.

Prunus-Flowering Plum

3101 Purple Leaved Plum (Prunus Cistena). Rich foliage of crimson and dark purple gives wonderful contrast to any planting. Delicate white flowers in the early spring. Grows about 10 feet tall, but you can trim it back to the height desired. Each, 49 cts.; 3 for \$1.25; 5 for \$1.75.

3100 Double Flowering Plum (Prunus Triloba). Early in the spring before the leaves appear this hardy shrub is entirely covered in a fleecy cloud of double pink flowers like small roses—a beautiful sight. Fine Foliage. Grows 6 to 8 feet tall. Each, 50 cts.; 3 for \$1.25.

3112 Philadelphus Syringa-Mock Orange

3080 Forsythia Golden Bell

3100 Double Flowering Plum

Condon's Attractive Ornamental Hardy Shrubs

Beauty Bush—Postpaid

3665 Reauty Bush (Kolkwitzia Amabilis.) A new ornamental shrub from China, resembling the Weigelia to which it is allied. Growing 6 to 8 feet high at maturity, with long arching branches covered with pale pink bell-shaped flowers in June. Each, 65 cts.; 3 for \$1.75.

Weigelia

Coarse, thrifty shrubs for medium and back rows in land-scape groups. Flowers are stemless bells strung along the arching canes in clustered profusion.

3118 Eva Rathke Crimson. Most distinct variety. Blooming in July, very conspicuous with its deep carmine-red flowers. Each, 49 cts.; 3 for \$1.25; 5 for \$1.75.

3119 Rosea. Remarkable showy flowers; numerous spreading branches and dark green leaves. The rose-colored blooms are produced in great abundance. Each, 39 cts.; 3 for \$1.00; 5 for

Bush Honeysuckle

Splendid for screening unsightly views or for backgrounds. In May and June they are covered with delicate flowers, followed by a wealth of red berries; bright green foliage. Grows 8 to 12 feet tall, but can be kept trimmed back to any desired

3086 Red Tartarian—Flowers crimson.

3087 White Tartarian—Flowers pure white.

Your Choice Bush Honeysuckles. Each, 35 cts.; 3 for 99 cts.; 5 for \$1.50.

Kerria

3092 Kerria (Japonica Fl. Pl.) Very attractive double golden-yellow flowers from June to October. The branches during the winter are a pleasing shade of green. Each, 85 cts.; 2 for

Privet

3102 Amoor River Privet. The hardiest of all Privets. Valuable for hedges. The dark green foliage is retained until late fall, can be pruned to give any desired effect. Is also planted in groups to obtain the benefit of its persistent green foliage. 5 for 75 cts.; 10 for \$1.35; 25 for \$2.95; 100 for \$8.95.

Barberry

3062 Japanese Barberry (Thunbergi). A beautiful variety with small foliage assuming most brilliant autumn tints. The scarlet berries remain on the branches most of the winter. Desirable for grouping around a porch, base or to hide foundation planting. Succeeds in sun or shade and is the best hedge plant we know of. Each, 30 cts.; 3 for 75 cts.; 10 for \$2.15; 25 for \$4.50.

3063 Red Barberry (Atropurpurea). Identical to the above Barberry, excepting the foliage is a rich, lustrous, bronzy red, similar to the red-leaved Japanese Maple. As the summer advances the coloring becomes more brilliant, changing to shades of vivid orange, scarlet, and red. To develop this coloring it should be planted in full exposure to the sun. Ench, 48 cts.; 3 for \$1.35; 10 for \$3.95.

Flowering Crab

3066 Bechtel's Flowering Crab. Makes a medium size tree; perfectly hardy. The large, double, fragrant pinkish flowers resemble small roses. Each, 75 cts.; 3 for \$2.00.

3118 Weigelia-Eva Rathke-Crimson

Newer and More Beautiful Hardy Perennial Plants

Glorious Hardy Chrysanthemums

2927 PINK CUSHION (A Shower of Magnificence). This sensational wonder is taking the garden world by storm. Just imagine a plant that will produce over 500 flowers the first season; in other words fill a bushel basket the first season. It being a compact grower, it forms a perfect round bush of about 2 feet in diameter, which from August until frost is completely covered with a multitude of large, clear pink, full double flowers.

2926 JAPANESE MOUNTAIN (Mountain of Flowers). This new type of Chrysanthemum is a true Japanese wonder. It being a prolific grower and perfectly hardy it forms a large round bush of about 2 feet in diameter, which is completely covered in early fall with a multitude of large, single Daisy-like flowers in the most unstable striking private and only the striking private and t usual, striking mixed colors.

2928 RUTH HATTON. Beautiful Ivory White-semi-Pompon type; producing a mass of attractive blooms by October 10th. Excellent

2929 VIVID. Large—New Rosy Crimson—frost resistant. Makes gorgeous garden display in fall when color is so lacking in the garden. Ideal cut flower.

Carnations—Grenadin

Improved Large Flowered Gorgeous Blooms on Stately Stems. Everblooming July to Oct. 2939 Scarlet Beauty-Bright Rich Scarlet. 2940 Mont Blane-White. 2941 Triumph-Clear Pink.

3364 Special Offer. Your choice any 3 Fruit Trees Listed Above. ONLY \$1.89 Prepaid.

Luscious Cherries

The 4 Most Popular Hardy Varieties

3349 Large Montmorency. A beautiful, extra large, red, sour Cherry. Fruit larger and firmer than Richmond; ripens about ten days later. A strong grower, absolutely hardy, bears young and a sure cropper. There is a big demand everywhere for this fine

3347 Black Tartarian Sweet. Tree perfectly hardy, a vigorous grower, thrives everywhere; very productive. Fruit very large, bright purplish black; juicy, sweet, rich, excellent flavor and quality; fine for eating, canning or market.

3350 Napoleon Sweet. Sometimes called Royal Anne. A beautiful Cherry of large size; pale yellow, with bright red cheek; flesh firm, juicy and sweet; one of the best Cherries for eating, canning or market.

3348 Early Richmond. The earliest and most popular sour Cherry grown; one of the most popular and valuable of the acid varieties. Fruit medium size, dark red, melting and juicy; unsurpassed for cooking and canning. Tree slender growing; exceedingly productive, very hardy, as it will stand the most severe Winter.

Special Low Prepaid Prices on Cherry Trees; Each, 69 cts.; 3 for \$1.95; 5 for \$3.15; 10 for \$5.75; 25 for \$12.95.

Delicious Pears

3359 Patten. We consider this one of our best and hardiest Summer Pears. Fruit large, greenish yellow, juicy, wonderful flavor and good keeper. Very heavy yielder. Ripens in August.

3357 Kieffer. The popular winter pear. Bears young and heavily. Considered the best pear for canning. Fine flavor when fruit is picked just before ripe and stored in a cool place to ripen.

3358 Seckel. The Sugar Pear. Fruit not large but of the very finest quality. Skin rich yellowish-brown when fully ripe, with a deep brownish red cheek. Flesh is fine grained, sweet, exceedingly juicy, melting, buttery, one of the richest and highest flavored pears.

3356 Bartlett. The most popular Pear for home use and market, a leader among canning Pears. Should be in every garden and orchard. Large, golden-yellow with reddish blush on the sunny side. Flesh tenden melting and injury with a delicious tender, melting and juicy, with a delicious, musky flavor. Tree vigorous, erect, bears abundantly.

Special Low Prepaid Prices on Pear Trees. Each, 69 cts.; 3 for \$1.95; 5 for \$3.15; 10 for \$5.75; 25 for \$12.95.

Tasty Peaches

3354 J. H. Hale. A fine variety; tree perfectly hardy. Fruit extra large, ripens about a week earlier than Elberta. Quality and flavor of the best. Color a beautiful golden yellow with deep carmine blush.

3353 Early Elberta. Bright yellow with red blush, flesh yellow, finer grained and sweeter than Elberta, and ripens a week to ten days earlier. Excellent for home or shipping.

Special Low Prepaid Prices on Peach Trees: Each, 55 ets.; 3 for \$1.50; 5 for \$2.40; 10 for \$4.50; 25 for \$10.50.

4 Delicious Hardy Small Fruits You Should Plant

Dewberries—The Big Money Maker \$1000 a Year per Acre with Lucretia Dewberries

3303 LUCRETIA DEWBERRIES are bringing big money and are said to be more profitable than any other fruit grown at the present time. Berries are very large, bright glossy black, beautiful and of delicious flavor. They are earlier and larger than black-berries. Of slender trailing growth, and immensely productive. Plants should be set four feet apart in the row, with rows six to seven feet apart and string on single wires held up by short posts, same as Grapes. We figure 1700 plants are required to set an Mulch over in late Autumn. Strong plants. Special

Low Prepaid Prices. 5 for 39 cts.; 10 for 65 cts.; 25 for \$1.24; 50 for \$1.89; 100 for \$3.15. Not prepaid. 100 for \$2.35; 500 for \$8.45; 1000 for \$15.65.

Blackberries

For delicious jams, jellies, and pies, the Blackberry is hard to beat. Very easy to grow, requiring ordinary, well-drained soil, clay and sand mixture preferred, set in rows 6 feet apart and 2 feet in the rows. A good mulching under the bushes will help to conserve the moisture, and we advise pinching back the canes occasionally through the sea-

3300 Early Harvest. Is very earliest. Berries medium size and sweet. Plants dwarf and compact, may be planted close together. Particularly suited for south of Rockford; not good for extreme north.

3301 Snyder. Due to its very high quality and great productiveness, this is the leading commercial variety. The berries are long, jet black, rich and sweet in flavor and without any hard core. The bushes are extremely hardy, and very productive. Special Low Prepaid Prices on Blackberries. 5 for 39 cts.; 10 for 65 cts.; 25 for \$1.25; 50 for \$1.87; 100 for \$3.21. Not Prepaid. 100 for \$2.45; 500 for \$8.95; 1000 for \$16.95.

3302 New Thornless Youngberry

Lucretia

Different from any berry grown. Cross between Loganberry and Dewberry. Vines are thrifty growers, very productive and immune from disease. The rich wine color 1½x1½ inch fruit which ripens earlier than Dewberries are delicious fresh or canned. Makes tasty pies. The wine colored juice is ideal for fruit cocktail. Flavor is pleasant, sweet, with the tartness of the Blackberry. Culture same as Dewberries. Special Low Prepaid Prices. Each, 33 cts.; 3 for 69 cts.; 5 for 85 cts.; 10 for \$1.59; 25 for \$2.95; 50 for \$5.45; 100 for \$9.95.

3324 Sensational New Boysenberry—Immense Size

Very Sweet Delicious Flavor—Big Money Making Crop. Don't Delay—Get Started This Season. Whether you live in the city or out in the country, here is an opportunity for you to make a handsome profit with a small investment, and a little labor. The New Boysenberry is such an improvement over all other vine berries that Berry Growers in California, where it originated are growing it almost exclusively. It is hardy and during the past winter was not killed at 15 below zero; however, in the extreme cold section we recommend leaving the canes on the ground for the first winter, and mulch over with straw. Berries are of immense size, bluish-black. They grow in clusters on long stems so that the thorns do not bother in picking. Picking season is long, lasting from 6 to 8 weeks, so you see the berry really has a tendency towards being an Everbearer. Fruit has a delicious flavor, very sweet, very few seeds which are small. Makes wonderful jelly, marmalade, jams and a most excellent fountain drink by adding four times as much water and very little sugar. Same culture on above as on all other bush berries. Special Low Prepaid Prices. Each, 37 cts.; 3 for 90 cts.; 5 for \$1.25; 10 for \$2.25; 25 for \$4.15; 50 for \$8.00.

3324 Sensational New Boysenberry—1 inch in Diameter and 1½ in. Long We challenge the World to give better values on Fruits, Hardy Shrubs or Vines.

Red Raspberries

3322 St. Regis Everbearing Red

Bears Big Crops Spring and Fall
Bears in 80 days from planting. The most popular
ever-bearing red raspberry ever introduced because
it actually does bear a big crop of luscious fruit in June and begins again in September, and bears continually until killed by hard freezing. It does not bear a few straggling fruits, but the bushes are bending down with fruit in all stages of development, some half ripe and some full ripe.

3321 New "Chief" Earliest Red

Heavy Cropper—Excellent Shipper The newest outstanding variety from the Minnesota Fruit Breeding Farm. A seedling of the famous Latham and selected for its earliness and superior quality. New Chief has been carefully tested and has proven hardy—a heavy cropper, a good shipper, resistant to disease and is ten days earlier than the Latham. We advise planting both Chief and Latham for continuous production of fruit. Chief is easily grown in any garden soil.

3320 Latham Best Late Red

A Big Money Maker

The Latham is conceded to be the best late red raspberry. It has more points of merit and has come into general planting more rapidly than any other raspberry ever introduced. It is vigorous in growth; withstands the winters in Canada without covering; and exceptionally free from mosaic and covering; and exceptionally free from mosaic and other diseases. The large berries, some running over an inch in diameter, and the deep red color make it most attractive, and it is the most productive variety grown. Growers are beginning to realize that no other late red raspberry will make Latham. Special Low Prepaid Prices Above 3 Red Raspberries: 5 for 40 cts.; 10 for 65 cts.; 25 for \$1.25; 50 for \$2.25; 100 for \$3.95. Not Prepaid: 100 for \$2.75; 500 for \$9.45; 1000 for \$17.95.

3316 Columbian Purple

Large Luscious Solid Purple Fruit

A very strong growing variety. Fruits large, dark purple and of good quality. Hardy and very productive. Very large, purplish color, rather soft, rich, sprightly flavor unrivalled for canning, making, is might be to the productive and productive. ing jam, jell, etc.; wonderful vigor and productiveness. Prepaid Prices: 5 for 43 cts.; 10 for 72 cts.; 25 for \$1.45; 50 for \$2.45; 100 for \$4.50. Not Prepaid: 100 for \$3.95; 500 for \$14.95; 1000 for \$27.50.

Black Raspberries

3311 Cumberland

This new black cap is a wonder in size and vigor of plant growth and is as hardy as any known variety. It has no disease of either cane or foliage, grows luxuriantly wherever planted, and is tremendously productive of extra large, coal black berries, not approached in size or beauty by any other known variety. Kansas and Gregg, remarkable for size as they are, are simply "not in it" with Cumberland, except that their season of ripening gives each a distinct place.

3312 Gregg

Extra large late sort. Delicious flavor. This is the extra big late blue black fellow. Heavy growing canes that branch out sparingly. Its late ripening and good quality make it a favorite. Special Low Prepaid Prices Above Black Raspberries: 5 for 39 cts.; 10 for 65 cts.; 25 for \$1.19; 50 for \$1.83; 100 for \$3.25. Not Prepaid: 100 for \$2.25; 500 for \$7.65; 1000 for \$14.35.

Condon's Delicious Grapes

little care and pay high profits. You can grow them whether you live in the city or country. They grow in almost any soil and may be planted along fences which will act as their trellis or on arbors. The wholesome and appetizing fruits can be used fresh or for jellies, jam, and juice which is the nat-

ural blood tonic

and which you

should supply

plentifully for

your family.

3304 Fredonia. New early glossy black Grape. Two weeks earlier than Worden. Vines vigorous and productive. Clusters are medium,

cylindrical and compact.

Berries large and round;
skin thick and tough; flesh
juicy, solid but tender, ex-

Grapes require very

3305 Agawan. Most widely planted red variety. Berries unusually large, dark red, firm, rich in juice. Vines are very vigorous and productive. Ripen a little after Concord, but keep much longer.

Agawan Grapes

3308 Moore's Early. Could be called an Early Concord, similar in appearance, ripens two weeks earlier. Vines vigorous and productive. Bunches large. Berries purplish black, sweet flavor.

cellent flavor.

3307 Delaware. Bunches small and compact. Berries small, round, light red, thin skin, juicy, sweet, spicy and delicious. No pulp. Vines vigorous and productive. Ripens early.

3309 Niagara. Occupies the same position among the White varieties as Concord among the Black. Bunch and berries large, greenish white, changing to pale yellow when fully ripe. Skin thin, quality equal to the Concord.

Special Low Uniform Price on the above 5 Outstanding Grapes, all 2 year old Vines. Each, 25 cts.; 3 for 49 cts.; 5 for 90 cts.; 10 for \$1.65; 25 for \$3.75, postpaid.

Only 25¢

3306 Concord. Still the most profitable variety, whether for market or home use. Matures early, keeps well, ships well, and always finds ready sale. Bunches large, berries bluish black, delicious flavor.

Condon's Hardy Northern Grown Strawberries

Grow your own strawberries at a cost of less than 1c a quart. See Color Painting of Strawberries Plant strawberries early. Some varieties make too many runners. Let only enough runners set to make 4 to 6 new plants to the square foot. This way you will get more and larger berries. Our strawberries are grown only for the plants and not for fruit. This means you get only young, healthy, vigorous plants: For home garden planting set in rows or hills 18 inches apart each way. 100 plants about right number for the average family. Strawberries Are Acknowledged as America's Most Popular Fruit. Everbearing Varieties Will Give you 3 Full Crops in 18 Months. 3 Big Profits \$500.00 per nerg not Uncommon in 18 Months. 3 Big Profits \$500.00 per acre not Uncommon.

3507 Condon's Giant Everbearing Mastodon

The Most Delicious Large Sweet Tasty Berry in Cultivation. Produces Fresh Luscious Berries from June to November

Mastodon succeeds under practically all climatic and soil conditions, even producing large crops in dry climates. Our thrifty plants set in the spring will produce a crop of berries in 90 days and continue through summer and fall until stopped by freezing

Eighteen or twenty berries will often fill a quart box. They are rich, glossy red, of firm and solid texture, and delicious in flavor. A small planting will keep the home table supplied with berries throughout the summer and fall. A large planting will reap hundreds of dollars profit for the farmer. 25 Plants, 65 cts.; 50 for \$1.15; 100 for \$1.95; 500 for \$6.85; 1000 for \$12.75, prepaid.

3510 Dorsett. Starts to ripen with Premier. Is an especially healthy, vigoro'us grower, with big strong fruit stalks holding the fruit off the ground. It produces tremendous crops of great big, bright red berries which are firm and stay solid longer than other and stay solid longer than other sorts. Rich flavor. 25 Plants, 50 cts.; 50 for 80 cts.; 100 for \$1.25; 500 for \$4.25; 1000 for \$7.75, prepaid.

3509 Senator Dunlap. old standby. A mid-season variety that grows on all types of soil and in all climates. Flesh is meaty, firm, berries are a beautiful bright red color, unusually productive, a good canner, a splendid keeper and shipper and of sugary flavor. 25 Plants for 45 cts.; 50 for 70 cts.; 100 for \$1.20; 500 for \$3.85; 1000 for \$6.95, prepaid.

3501 Blakemore. An early variety which has been thoroughly tested in all parts of the country. Dark, red fruits of good quality and fine flavor. Because of its excellent keeping and shipping qualvariety in the South to ship to the early Northern markets. 25 Plants, 47 ets.; 50 for 70 cts.; 100 for \$1.15; 500 for \$3.85; 1000 for \$6.75, prepaid.

3501

Blakemore

outstanding introduction of the Everbearing type since Mastodon. Fruits are uniformly large and well shaped. Color is a sparkling red, flavor is sweet and rich. The firmness and keeping quality of the fruit permits it to be handled for long distance shipping even during warm long distance shipping even during warm weather. The plants are so sturdy that it is not necessary to remove the first blooms. Plant this spring and you will be picking these luscious berries in just a few weeks and up until late in the fall. 25 Plants, 65 cts.; 50 for \$1.15; 100 for \$1.95; 500 for \$6.85; 1000 for \$12.75, prepaid.

on Back Cover

3508 Premier. Frost Resistant Variety. A valuable extra early Strawberry. A large berry of uniform shape and size, excellent quality, rich color and highly resistant to frost. These qualities make Premier a profitable market variety. 25 Plants for 49 cts.; 50 for 77 cts.; 100 for \$1.19; 500 for \$4.17; 1000 for \$7.65, prepaid.

3508

Premier

3512 Fairfax

3512 Fairfax Extra Early. Experienced Strawberry growers who have tested Fairfax have placed it at the very top of the list for quality. It is extra early, having the same bearing season as Prehaving the same bearing season as Premier, but is a much heavier bearer. The early blooms do not show serious frost damage, and the fruiting season extends over a long period. Flavor rich and sweet, bright red in color. Holds up well as a market variety and stands long-distance shipping. 25 Plants, 50 ets.; 50 for 78 cts.; 100 for \$1.19; 500 for \$4.17; 1000 for \$7.65, prepaid.

3511 Home Garden Collection.25 Plants each of Condon's Mastodon Everbearing, Senator Dunlap and New Dorsett. Three of the o'utstanding varieties. Regular Value \$1.60. For Only \$1.25, Postpaid.

3012 Princess Van Orange

Orange Scarlet (Climber). (Plant Patent No. 106.) A sport of Gloria Mundi. Strong grower and very free bloomer. The plant is literally covered with double brilliant orange-scarlet flowers in June, and many flowers thereafter. Each, \$1.00; 3 for \$2.50, post-paid.

Remember

New Patented Roses are not Genuine without Patent Tag attached. Ours have it.

3021 Gloaming

Brilliant | Orange |

Searlet

Satiny Pink — Hybrid Tea. (Plant Patent No. 137.) This is a vigorous growing rose producing its long-lasting flowers on extra long stems making it ideal for cut flowers. Buds and flowers are large and well formed. Color satiny pink, tinged golden salmon. Each, \$1.50; 3 for \$3.75, postpaid.

3043 Alezane Apricot Sorrel

Hybrid Tea. (Plant Patent No. 116.) A color that is really different. The urn-shaped buds are brown, opening to a striking apricot sorrel color.

This is the rose that attracts the attention of everyone seeing it. Each, \$1.50; 3 for \$3.75, post-paid.

3028 Amelia Earhart Yellow Blushed Cream Hybrid Tea

(Plant Patent No. 63.) A new yellow rose. The immense flowers are very full. Color a deep yellow center graduating to creamy yellow petals with a blush overtone. Very free flowering and strong grower. Each, \$1.25; 3 for \$3.15, postpaid.

3010 The New Dawn Delicate Pink Climber

(Plant Patent No. 1.) The first patented rose and the first everblooming climber. A sport from Dr. Van Fleet having same habit of growth. Produces hundreds of large finely formed, delicate pink, fragrant flowers on long stems during the summer and fall, making it ideal for cut flowers. The dark green glossy foliage is practically immune to insects and diseases. Each, \$1.50; 3 for \$3.75, postpaid.

3039 Blaze Scarlet Climber

(Plant Patent No. 10.) The Everblooming Scarlet Climber that is as hardy as Paul's Scarlet. When first introduced it was over-propagated on account of the demand and some of the plants did not bloom as freely as they should. It requires one or two years for this rose to be come established before it really blooms like it should. The double blooms are often four inches in diameter. Color scarlet-red. Each, \$1.00; 3 for \$2.50, post-paid.

Yellow Climbing Roses

\$5.00 Invested in Roses will Add Beauty and Refinement Around Your Home.

Condon's Hardy Everblooming Climbing Roses

Its name is somewhat misleading, but it is one of the best climbing Roses; a strong healthy vigorous grower, frequently making shoots from 10 to 12 feet long, and good sized flowers for a climbing Rose that blooms so freely, color rich rosy crimson, of splendid form and good substance. Hardy and as sturdy as an oak in all localities. For single specimens trailing over verandas, for trellises, anywhere and everywhere, this Rose will give the greatest satisfaction.

3008 New Talisman
Golden Yellow Tri-Color
Most Beautiful Climbing Rose
Ever Introduced. A Dazzling
Combination of Color—Sensation of the Year. Be Sure to
Include in Your Order This

Like its namesake "Talisman', in the Hybrid Tea class, Climbing Talisman is a sturdy, healthy grower, rather resistant to insects and unfavorable weather conditions. The multicolored blooms and vigor of this new everblooming rose has made it one of the outstanding climbers. The outside of the petals is bright yellow, gold and pink; as the flowers unfold the petals show a remarkable combination, and blending of shades of bright Apricot, deep rose, pink, pure scarlet and gold.

3006 Paul's Scarlet Climber Vivid Scarlet SemiDouble Flowers

Its intense scarlet red flowers of fine shape are borne in clusters making it stand by itself away from other climbers that are merely red. Paul's Scarlet Climber is an ideal pillar Rose. We can truthfully say that a rose garden without this is not complete. Be sure to include in your plantings this season.

All Roses on This Page Each, 38 cts.; 3 for \$1.00; 6 for \$1.75; 12 for \$3.35.

3001 Crimson Rambler America's Favorite Rich Glowing Crimson. One of the most popular of the climbers. A rapid grower and perfectly hardy; flowers in rich clusters of vivid crimson. One year plants will attain a height of 10 to 20 feet in a single season and the second year they will produce a marvelous profusion of their rich glowing crimson flowers.

3005 Primrose Double Bright Yellow. Buds bright yellow, opening double flowers of cream color; incurving towards evening to the shape and color of a Primrose, hence its name.

3002 Dorothy Perkins World's Favorite Pink. Beautiful shell-pink, which hold for a long time, shading to a lovely deep rose. Very sweetly scented, hardy and a strong grower.

3003 Dr. W. Van Fleet Delicate Flesh Pink—Large Blooms. This new Rose has a great future. In flower and foliage it is all that could be expected of a climbing Rose. Blossoms extra large, resembling the tender Hybrid Tea Roses in shape and size. Its strong stems are 12 to 18 inches long, making it valuable for cutting. In color a delicate flesh-pink changing when full blown to a flesh-white shade.

3007 Silver Moon Semi-Double—Pure White. Different from all other Roses, with beautiful semi-double flowers four and a half inches and over in diameter; pure white in color, petals of great substance, beautifully cupped, forming a Clematis-like flower.

3004 Excelsa or Red Dorothy Perkins Double Crimson Scarlet—Very Hardy. Intense crimson-scarlet. Double flowers in brilliant clusters set in glossy green foliage. Extremely vigorous and one of the handsomest of all climbers.

Hybrid Perpetual Roses Extra Hardy

They are distinguished for their hardiness and for this reason are largely planted in the North. While the main crop of flowers is borne in early summer, occasional blooms are produced late in the season.

3015 Paul Neyron. Beautiful Fragrant Pink. One of the best for outdoor culture; probably the largest Rose in commerce, the flowers sometimes being six inches in diameter. Fragrant, clear pink blooms.

3017 White American Beauty (Frau Karl Druschki). This brilliant white type Rose has become renowned as the very highest type of its class and the best snow-white Rose ever introduced. It is an extraordinarily strong grower.

3016 Prince Camille de Rohan Richest Dark Crimson. Dark velvety purple-crimson, and doubtless the nearest "black" Rose in commerce.

3014 Gen. Jacqueminot Brilliant Crimson. The popular hardy crimson "Jack" Rose. It is a strong, vigorous grower, entirely hardy; an early and abundant bloomer. Its brilliant crimson is the standard of color by which other Roses are judged; flowers full and fragrant.

3013 American Beauty Brilliant Rosy Carmine. A hardy Rose of the largest size, having the ever-blooming qualities of the Tea Rose, with the delicious odor of the Damask Rose, consequently equally valuable for winter or summer flowering. In color, it is a deep, brilliant rosy-carmine, shaded toward the center with rich carmine-crimson.

All Two Year Old Field Grown Plants Guaranteed to Please At New Low Postpaid Prices

Many are Illustrated in Color on Opposite Page

- 3036 Mrs. Erskine Pembroke Thom. Rich Golden Yellow. Full Golden Yellow scented bloom, deeper in center with orange splashings on back of petals. Blooms borne on long rigid stems. Flowers large perfect form. Rich green foliage.
- 3042 Sunburst. A Dazzling Color. Apricot-yellow with orange center. Buds are long and pointed and borne singly on long stems. Open blooms are beautifully formed.
- 3030 E. G. Hill. A Brilliant Red Rose. A rich, deep velvety crimson of very large type, beautiful in bud and in the large double flowers. Strong vigorous grower.
- 3048 Etoile de Hollande. The Finest Dark Red Rose, perfect in its long pointed bud as well as in the fully developed, sweetly scented, double flower. A strong, vigorous grower that is particularly brilliant late in the autumn.
- 3026 Los Angeles. One of the Most Beautiful Pink Roses. The long-stemmed flowers are of a luminous flame-pink, toned with coral, and shaded with translucent gold at the base of the petals. The buds are long and pointed and expand to flowers of large proportion and of rich fragrance.
- 3040 Souvenir De Claudius Pernet. Sunflower Yellow. A most vigorous grower of erect branching habit, brilliant green foliage, long pointed buds of exquisite shape, carried on long, stiff stems. Very large, beautifully formed bloom.
- 3047 Joanna Hill. Bright Golden Yellow. Distinctly new Grand Rose. Very double blooms with Indian yellow center surrounded by bold buff petals. Be sure to include in your garden.
- 3024 Columbia. A Most Pleasing Shade of Rose-Pink. Of strong vigorous habit, and very free blooming. Color a true deep rose-pink which is enduring. Very fragrant.
- 3041 Souvenir De Georges Pernet. Oriental Red. Unequaled in color by any other variety; its long pointed buds of rich Oriental-red tipped with carmine and suffused with a rich golden sheen expand to full double flowers of elegant form.

- 3029 Gruss An Teplitz. This is a rose for everybody, being the most profuse blooming crimson rose in existence. The color is of the richest scarlet, shading to a velvety crimson; very fragrant.
- 3035 Madame Butterfly. Bright Pink. Petals are extra large, borne in great numbers on stiff stems. The tight buds are a lovely shade of Indian oak, yellow at the base; the opening flowers are perfect in form and texture.
- 3037 Radiance Carmine Pink. An Ideal Bedding Rose. The flowers, which are of splendid form, are large and full type. The buds are particularly handsome in form, the full blooms large and double, are highly perfumed. Radiance is rightly considered a leading Rose of the garden for cutting.
- 3027 Kaiserin Augusta Victoria. Hardy White Rose. This marvelous Rose has had many rivals for the place it still retains as the greatest white Rose in existence. Strong, sturdy grower, flowering with the utmost freedom.
- 3038 Red Radiance. The Greatest Red Garden Rose. The color is an even shade of clear red, without a trace of any other color, retaining its vividness for an unusually long time after being cut. It is a remarkable bloomer.
- 3025 Etoile de France. Blackish Crimson. A big, strong-growing variety, robust and rugged in every characteristic. The growth is heavy and the flower stems are strong and heavy. It is free-growing and free-flowering, and the blooms are truly big and double, and, in color, a rich, velvety crimson.
- 3023 Talisman. The startling combination of colors of this new rose has created a sensation wherever exhibited. At the International Flower Show at New York, it was awarded the Gold Medal. It is the highest colored rose yet produced. The outside of the petals is bright yellow, gold and pink; as the flower unfolds, the petals show a remarkable combination and blending of shades of bright apricot, deep rose, pink, pure scarlet and gold.
- 3034 Golden Dawn. (New.) Buds rich straw yellow flushed old rose; flower double sunflower yellow, passing to lemon yellow with age.

Large 2 yr. old Field Grown Bushy Plants, Each 44 cts.; 3 for \$1.21; 6 for \$2.24; Doz. \$4.25, postpaid

POLYANTHA OR BABY ROSES

A type of Hardy Bush Rose which is very popular for bedding purposes. They form shapely, compact, bushy specimens about 18 inches high, producing in great profusion from early in the season until severe frost immense trusses of small flowers.

- 3050 Else Poulsen. One of the new taller growing kinds. A continuous all season bloomer with immense clusters of large, semi-double blooms of two-tone rose pink.
- 3049 Miss Edith Cavell. Brilliant scarlet overlaid velvety crimson, with white eye. One of the best bloomers.

RUGOSA HARDY GARDEN ROSES

These Roses are absolutely hardy, and grow in bush form, some of them being called the Old-Fashioned Roses. Rugosas are especially suitable for hedges.

- 3054 F. J. Grootendorst. Large clusters of oversized, fairly double red flowers resembling the Crimson Baby Rambler. Beautiful.
- 3055 Sir Thomas Lipton. Flowers perfectly double, pure snow white. Very fragrant. A strong and vigorous grower.
